Panola College approves new volleyball program

By Daniel Humphries

Panola College will add a volleyball program for the 1999-2000 season.

The program will be under the direction of head coach Dee Morrow, who recently resigned from his position at Chisholm Trail College. Morrow will be responsible for all aspects of the program, including recruiting, coaching and academic advising.

Panola College has had a men's basketball program since 1972, and a women's basketball program since 1994. The volleyball program will be the college's first women's team sport.

Morrow said he is excited about the opportunity to start a new program.

"I am very happy to be here," Morrow said. "I have always wanted to coach volleyball, and I am looking forward to building a strong program here at Panola College."

Panola College's athletic department has been working on adding a women's volleyball program for several years. The college has been waiting for the right coach to come along.

Morrow said he hopes to have his team ready for the 1999 season.

"I plan to start recruiting this summer," Morrow said. "I will be looking for players who are serious about volleyball and who are willing to work hard."

Morrow said he expects the program to be successful.

"I believe we can have a strong team in the next few years," Morrow said. "I have a lot of ideas for bringing in good players and developing them."

Panola College's athletic department is looking forward to the addition of the volleyball program.

"This is a big step forward for Panola College," said athletic director Gary Edwards. "We are excited to have volleyball as a women's team sport."

Santa letter etiquette practiced by class

Mrs. Laura Jones writes a column for "The Parent with Children's" which is a local community newspaper. She recently wrote about the importance of proper etiquette when writing letters to Santa. Below is an excerpt from her column:

"The letter to Santa is an important tradition in many families. It's a way for children to express their holiday wishes and connect with their imaginations. As parents, we have the opportunity to teach our children about the proper etiquette when writing to Santa. Here are some tips to consider:

1. Start with a greeting. Use terms like 'Dear Santa' or 'Santa Claus.'
2. Be clear and specific. Mention the gifts you would like to see under the tree.
3. Sign your name. Remember to sign your real name, not a nickname or a made-up name.
4. Keep it brief. Santa is busy, so keep your letter short and to the point.

By following these tips, we can help our children learn about the importance of good manners and the joy of letter writing."
