Panola County Devotional Page

I once read an old story from a Union soldier in the Civil War. He was going into battle the next morning and he wanted to write in his Bible and children to express his feelings. His brigade was greatly outnumbered and he felt sure that his chances of survival were slim. He expressed his great love for them and had no regrets for giving his life for his country. He reminded them to bring the children up in the way of the Lord and to always remember the flag.

Memorial Day is set aside to commemorate these men who gave their lives for our freedom. Let us not forget the sacrifices made by those who have served our country for the good of others. We remember that our own countrymen's lives were given, but this holiday helps remind us of those who served their country and the freedom they died for.
