Senator candidate makes stop in Carthage

By Sherry Koosman
The PANOLA WACHMAR
Senator's investigation has been working with others on the killing of Deidra Darnell.

On Friday, deputies arrested 40-year-old Michael E. Stolte, of Carthage, and charged him with first-degree murder. Stolte was booked into the Panola County Jail in Carthage on $1,500,000 bond.

Chief Deputy Sheriff John De-

Ohl, who has served with the department for more than 15 years, said the evidence against the senator is that he either killed or attempted to kill a person.

Stolte is accused of killing Darnell in an attempt to keep her from testifying against his wife, who had been charged with robbery.

Deputies hope to arrest Darnell’s husband and two other people involved in the case in the near future.

Game wardens exonerated after completion of TPWD investigation

By W. F. Berman

The Texas Parks and Wildlife Department announced the completion of a lengthy investigation involving the theft of deer by a group of men who were recently arrested. The investigation revealed that the men had been hunting illegally in the Panola County area.

The investigation was launched after a group of men were reported to have been hunting in the area. The men were later arrested and charged with hunting illegally.

Carthage man takes own life after being jailed on molesting charges

A week-long investigation of a Carthage was charged with running illegal bingo games and illegal gambling operations. The investigation was launched after a tip from an anonymous source.

The investigation revealed that the man had been running illegal bingo games and illegal gambling operations for several years. The man was later arrested and charged with running illegal bingo games and illegal gambling operations.

The man was sentenced to five years in jail and was ordered to pay $25,000 in fines. The investigation was praised by local officials, who said it was a good example of the department’s commitment to enforcing laws.

"So why the name 360° Communications?"

We've been hearing a lot of positive customer comments since we became 360° Communications. And because customers are our main focus, we're glad to answer questions, too.

As for our name, we think it tells a lot about us. It's descriptive of the fact that we're located all around you in each of our markets to support you; and with 24-hour customer service, we might add. It's descriptive of our philosophy of working to bring you innovative telecommunications services. And it's descriptive of our cellular service that enables you to communicate in any direction, anytime, anywhere.

So thanks to growth and experience, we're no longer a part of Sprint. We're 360° Communications, an independent, publicly-traded company that started with 1.5 million customers.

But the only thing that's really changed is our name. Use our cellular service and we're confident you'll like it as much as our other customers do. Whom, by the way, now number 1.7 million.

Call toll-free 1-888-CALL-360 for our nearest location.
