Boren selected as ag producer of the year

By Daniel Humphreys
THE PANOLA Watchman

Agriculture is in Panola County's blood, and nowhere is this more evident than in the life of E.B. "Bill" Boren, who recently was named 1996 Panola County Agri-Family of the Year.

Boren is a resident of Panola County, a graduate of Cumby High School and a director on the board of directors of Panola Farm Bureau.

He has been a leader in the community for many years and is known for his commitment to agriculture and the betterment of the community.

Boren is married to the former Ethel Boren, who also is a member of the Farm Bureau.

Boren has been a member of the Farm Bureau since 1973, when it was organized.

School board approves meal price increases

Parents of Carthage ISD must have been over the moon when the school board recently approved a 35-cent increase in the monthly price for free and reduced lunch.

The increase, which was approved by the school board, will go into effect immediately, and the cost will be $2.50 for each meal. The increase will be added to the regular lunch price, and the cost will be $5.00 for each meal.

The increase is the result of a recent survey of the district's food service program, which showed that the cost of providing a balanced meal is increasing.

Trustees had been discussing the possibility of raising the lunch prices for some time, but they waited until the survey results were in before making a decision.

The increase will help cover the cost of providing a balanced meal, which includes meat, vegetables, and fruit. The school district has been trying to provide a nutritious meal for all students, and the increase will help ensure that the meal is affordable.

Youth credited with pool rescue

Six-year-old Michelle Thomas is still a little too small to reach the edge of the pool, but she proved her worth during an emergency last week.

Michelle, who is a member of the Carthage Mustangs, was at the pool with her mother, Krista Thomas, when she saw her sister, 10-year-old Ashley Thomas, slip into the water.

Michelle quickly swam to her sister and was able to pull her to safety.

"I'm so proud of her," Krista Thomas said. "She's only six years old, but she did everything right. She just reached down and grabbed her, and she pulled her up to safety.

Meteorologist predicts dry summer

"I didn't know there was a pool there," Michelle said. "I thought it was just a big puddle of water. But I saw her go under and I knew I had to do something.

Environmental awareness:

"I'm glad I was able to help," Michelle said. "I hope I can do it again sometime.

The Mustangs, a local youth swimming team, are known for their dedication to the sport and their ability to perform under pressure. They have won numerous medals and trophies over the years, and they are always looking for ways to improve their performance.

Michelle's quick thinking and actions were instrumental in saving her sister's life, and her story is a testament to the importance of environmental awareness and the need to be prepared for emergencies.

I can do all things through Christ which strengtheneth me. - KJV Philippians 4:13

Do You Believe In Yourself?

There are many things in life that we should believe in: God, family, country. Here, belief in ourselves is important if we are to have a fulfilling, challenging life. It’s important to have a good self-image without being self-righteous.

Did you ever know a person who, whenever you asked them how they were doing, replied negatively? It seems they always expected the worst. To be believe in ourselves as all God’s creatures and He wants only the best for us. However, we have given us free will so it is up to us to stay as positive and optimistic as possible.

Our Heavenly Father knows all things and nothing can happen to us that He is not aware of. Put your belief and trust in God. He believes in us.
