Stanley completes basics

Markus Pei, David L. Shade, and Peter W. Hunter completed the basics of the Stanley course at Stanley Chiropractic College in San Antonio.

In addition to the four hands-on techniques, the course also included instruction in the use of the Stanley instrument, as well as a review of the anatomical and physiological principles underlying the technique.

The course is designed to provide chiropractors with the knowledge and skills necessary to effectively use the Stanley technique in their practice.

Do You Favor or Oppose Drug and Weapon Free School Zones?

Today, it’s obvious that education is the key to solving many of today’s problems. But is education the key to solving the drug and weapon problems that we face in our schools today? As your state representative, I am taking the challenge to improve the way we fight and win our schools and the way we protect our children in them.

Lecturer: John C. Johnson

I worked alongside Governor Bush for critical education reform as we sought to give parents more control over their children’s education.

The next several months are going to be very important as we work to make our schools safer and our children’s education better for all of us.

Jerry Johnson Voted NO on Drug and Weapon Free School Zones.

Zoe’s Recipe Box

By Algeria Shaddox

Here’s the plan for your kids to make. It’s a fun and healthy snack that’s perfect for lunch boxes!

Ingredients:
- 1 cup granola
- 1 cup mixed nuts
- 1 cup dried fruit
- 1 cup seeds
- 1 cup chocolate chips

Instructions:
1. Preheat the oven to 350°F.
2. In a large mixing bowl, combine all the ingredients.
3. Spread the mixture evenly on a baking sheet lined with parchment paper.
4. Bake for 20 minutes, stirring halfway through.
5. Remove from the oven and let cool completely.
6. Break into small pieces and store in an airtight container.

Serve Zoe’s Granola Bites on its own or use them as a topping for yogurt or oatmeal.

SCOLIOSIS CURVATURE OF THE SPINE

BY DR. JOEL HILL CHIROPRACTOR

It is often observed in growing children to observe the presence of a gentle curve in the vertebrae of the spinal column, which at times may be so pronounced as to cause the child to become humpbacked and to suffer inconvenience from the difficulty of maintaining the correct posture while standing.

The treatment consists in the performance of exercises, which are intended to strengthen the muscles of the back, and prevent the vertebrae from moving out of their normal position.

The importance of treating scoliosis as early detection is also noted.

The Sheriff's Report

Sheriff Jack Elliott

Halloween is upon us once again, and with it comes the usual problems. In our community, we have seen an increase in break-ins and burglary incidents. As always, we encourage all citizens to remain vigilant and report any suspicious activity to us immediately.

A recent incident in our community has involved a group of teenagers who have been causing trouble in the area. They have been seen loitering and engaging in inappropriate behavior in public places. We are currently investigating this matter and will take appropriate action against those responsible.

The school board has been notified of this incident, and we encourage them to take further action against these individuals. We urge the public to report any information they may have to help us solve this case.

The last incident in our community involved a carjacking in the area. We are still investigating this matter and ask anyone who may have witnessed the incident to come forward.

Please continue to support your local law enforcement and report any criminal activities to us immediately.

Dear Briarcliff Employees,

My parents (deceased Feb 96) chose Briarcliff because they wanted my grandmother to receive the best care with dignity and respect.

I appreciate that you always respond to my concerns regarding my grandmother.

Sincerely,
Connie Smith

Dear Street Fair Committee,

I would like to commment Briarcliff for being a clean and well-run health care center.

I am grateful to the staff for the good job they are doing. They are as hard to work such a tender field.

I am very pleased to have my brother there.

Sincerely,
Katharine Gag

I would like to take this opportunity to make some positive statements about Briarcliff Health Center here in Carthage.

My mother, Mrs. Jack Bagley, has been a resident in your facility since 12/7/93. I have found the management and staff are always courteous and helpful. They have responded to any request that I have had about my mother in a very timely and efficient manner. All person taking care of my mother's needs from the administration, nurses and maintenance personnel seem to be genuinely concerned about the resident.

My family has been very satisfied with Briarcliff Health Center and the care they have given Mr. Bagley.

Sincerely,
Shirley Keen
(daughter of Jack Bagley)
