One arrest made, one pending in hive murder

One arrest has been made in the homicide of John Porter and a second is being sought by FBI agents.

John Porter’s body was found dead on Nov. 21 after his body was discovered in a wooded area near Lake Rice.

A search of his body led Officers Walter Pope Captain Tony Smith, revealed evidence that had been concealed in an attempt to conceal evidence and destroy any evidence that the investigation of John Porter’s murder was in progress.

Following the investigation of the crime, a formal murder charge was filed against the County’s attorney.

One suspect was arrested and taken to jail pending further investigation.

The case has been turned over to the U.S. Attorney’s Office for further investigation.

Fresh water district gets serious about collections

California residents are being asked to pay their water bills on time.

As of today, the Freshwater District has not received any payment for the month of October.

Many parents may feel like they will have to go to jail if they don’t pay their water bills on time.

If you are among those who are having difficulty paying your water bills, please contact your local water department for assistance.

Buzz Lightyear, Tickle Me Elmo top list of popular Christmas toys

Parents and teachers will likely be seeing their children this year, and they will soon need to buy gifts for them.

According to a recent study, the two most popular toys among children are Buzz Lightyear and Tickle Me Elmo.

Caution best weapon against holiday thieves

Thieves are on the prowl this holiday season, and it’s important to take precautions to keep your family safe.

Avoid leaving your car alone for long periods of time, and be sure to lock your doors and windows.

If you see any suspicious activity, contact the police immediately.

"Always take the wrap and make sure your own door is locked and that you have any thing of value not out of sight," stated Vassar. "We don’t know if they are looking into someone’s house, but we want to make sure that they aren’t able to do anything with our belongings."

"It’s not just about the physical safety, but also about the emotional safety of our community," he added.

Remember, if you see something, say something. Together, we can keep our community safe this holiday season."
The Sheriff's Report

Church prepares for seasonal advent story of Christmas

This season of "Advent" is the time of four weeks before Christmas, a significant period of preparation and reflection for many Christians. During this time, the Church commemorates the coming of Christ into the world. It is a time for personal and communal prayer, reflection, and readiness for Christmas. The months of November and December are particularly cherished in the Christian calendar. The Church encourages fellowship, service, and acts of kindness. It is a time to remember the true meaning of Christmas — the birth of Jesus Christ, who brought hope and salvation to the world. Christmas is a time of joy and celebration, but it is also a time of remembering those in need and spreading love and compassion. For many Christians, Advent is a joyful season, full of anticipation and hope, as they prepare to celebrate the birth of the Lord Jesus Christ. The Church encourages everyone to reflect on the true meaning of Christmas and to serve others during this season. Advent is a time to remember the love and peace that Jesus brought to the world and to live out that love in our everyday lives.

**Make safety a priority this Christmas**

The year's largest and most hazardous holiday season is here. In addition to the obvious dangers of driving and family gatherings, your home should be considered when decorating the indoor space. Measuring the amount of flammable material safety is especially important during the Christmas season. Here to decorate, lights should step through homes and holiday decorations should be monitored.

- **Use only Christmas lights** which are safety-certified by a recognized testing agency such as Underwriters Laboratories (UL), ETL, or the Canadian Standards Association (CSA). Check your tree lights and outdoor lights for damage early each year before you use them. Look for frayed wires, loose connections and broken or cracked sockets. Throw away any that is damaged.

**Loan applications now being accepted**

Applications for emergency flood loans for homes owned by drought-affected families are now being accepted at the Park Service Agency (PSA) of the Federal Housing Administration (FHA). Eligible families must have been damaged by the floods.

**Low to moderate income home mortgage loans available**

Henry Claxton, Secretary of Housing and Urban Development, announced the third quarterly release of the 1986, at 0.55 percent. This continues the same growth of homeownership in 30 years, and reaches the highest quarterly rate in 30 years. FHA 202/211(b) (2) program, which is used to promote the development of homes for families with low to moderate income. This type of loan can be used in conjunction with a FHA-insured or VA-guaranteed mortgage. Most loan programs require a down payment.
