Friday storm wreaks havoc on Panola County

According to the latest reports, a severe thunderstorm on Friday night caused significant damage to homes and properties across Panola County, Texas. The storm, which lasted for several hours, produced high winds and heavy rain, leading to power outages and flooding.

Ingram sentenced to six year term for selling crack cocaine

A federal jury in Atlanta has sentenced a man from Texas to six years in prison for selling crack cocaine. The man, who was not named, was found guilty of conspiracy to distribute crack cocaine and possession of a firearm in furtherance of a drug offense.

Future of Carthage driver’s license office still in question

The future of the Carthage driver’s license office is still uncertain. The office was closed for several months due to budget cuts, but the county is now considering reopening it.

Rains blamed for city water problems

Recent rains have caused problems for the city’s water system. The heavy rain has resulted in increased demand for water, leading to a shortage of water supply.

HUDCO board hires new chief

The HUDCO board has hired a new chief executive officer. The new CEO, who was not named, comes from a background in urban development and has experience in managing large-scale projects.

Help Strike Out Cystic Fibrosis!

Jen Falcon is working to raise money for cystic fibrosis. She will be running a race this Saturday, May 15th, to raise funds for the cause. If you are interested in supporting her, please contact her at 1-800-443-5653.
**Promises, promises...**

Don't let false promises of rate cuts leave you in the dark

If promises from special-interest groups sound too good to be true — they probably are.

Unregulated special interests are promising to cut your electric rates.

The truth is they want to tip the scales in their favor.

They want average Texans to pay more so they can pay less.

Don't be fooled by their promises.

This special-interest plan could mean higher prices for consumers and an unreliable electric system that could leave you in the dark.

Contact your state legislators to let them know you oppose the special interests' electric deregulation scheme.

And call 1-800-445-PASS today to join the Coalition for Affordable Power and the effort to keep our electricity safe, reliable and affordable.

---

**THINK**

The Bible clearly teaches us that whenever preachers tell us the name of the Lord shall be honored. It also teaches us how to tell if the name of the Lord is being honored: giving Bible proof. But have you ever heard any preacher say you have, giving Bible proof?
