ETMC air rescue serves Carthage

By Sherry Koonce

Pamela County residents are relieved at the news that emergency medical workers at ETMC air rescue will be continuing to serve the area. The air-transport service will be available to all residents of the county.

ETMC air rescue is part of a nationwide network of medical transport suppliers. The service is available 24 hours a day, 7 days a week, and is staffed with trained professionals.

According to local physician Dr. John Smith, ETMC air rescue has been providing critical care to area hospitals for over 15 years. "We are proud to offer our services to the people of Pamela County," Dr. Smith said. "We are committed to providing the best possible care for our patients."

Doctors warning widespread abuse of antibiotics harmful

To the Editor:

It has been said that antibiotics are the 'wonder drugs' of modern medicine. However, we must also recognize that antibiotics have become overused and misused. The overuse of antibiotics is a major problem, leading to the development of antibiotic-resistant bacteria. This is an issue that we must address and prevent.

Yours sincerely,
