Boyté's attorneys claim injuries "accidental"

By Sherry Konoes

The Panola Watchman

Tuesday began Monday's crime, a murder, for Ronald Boyté, and the sheriff verified that the charge is murder, not suicide, as everyone had expected.

"But nobody is sure who, or why, or how," the sheriff said. "We're still investigating, and we hope to have a suspect by Thursday."

The sheriff also said that the victim had been in the area of the Panola County Courthouse when he was killed. "We believe he was headed for his car," the sheriff said. "He was shot in the chest and killed instantly."

The sheriff also confirmed that the victim was a man named George W. Jones. "He was shot in the chest and killed instantly," the sheriff said. "We believe he was headed for his car."

WHOO!!!

DON'T BE MISLED ABOUT THE SALARY INCREASE FOR THE COUNTY COURT AT LAW JUDGE!

In a recent political advertisement, I was not only my opponent for receiving a salary increase but also taking office as judge of the County Court at Law in Carthage.

- I did not seek a raise.
- I did not lobby the Texas Legislature for this salary increase.
- I did not participate in any discussion regarding this matter.
- I did not speak to anyone who might influence this decision.
- The increase in salary is not a result of my efforts but rather a response to the needs of the community.

NORTHEAST TEXAS NARCOTICS TASK FORCE

February 25, 1998

Dear Citizens of Panola County:

After picking up today's Panola Watchman (dated Wednesday, February 25, 1998), I had a wonderful opportunity to imagine my displays with a campaign ad placed by district attorney candidate Larry Fields. I am of the opinion that the ad is made up of the ad that does not understand criminal justice is also a matter of public service.

As I read Mr. Fields' campaign advertisement, I was struck by his use of the term "squalid." It was clear that the ad was intended to undermine the credibility of the district attorney candidate. The ad's message was that the candidate is not up to the challenge of the job and would be unable to properly represent the citizens of Panola County.

May 14, 1998

I am writing to thank you for your letters of support and encouragement. As I continue to campaign for the office of district attorney, I am committed to serving the citizens of Panola County with integrity and dedication.

I look forward to continuing to serve the Panola County community and to earning your vote in the upcoming election.

Our Readers Write

Dear Editor:

We are hearing many complaints, at the church, the local bar, and the local supermarket, of people who have too much power. Power is the capacity to get what you want, and power is the reason why some groups of people have too much power. They are not necessarily bad people, but the power is an illegitimate power that is based on the fact that they are the ones who have the power. We must do something about this situation, and we must do it now.

Sincerely,
