The proposed rule would limit the amount of wastewater treatment that can be discharged into local water bodies. This would have a direct impact on local municipalities and could potentially affect the local economy.

Welcome the Lord!
We Can Always Learn

I once worked for an automobile dealership and it occurred to me that I was always going to classes and seminars. The owner of the dealership held and wanted to hear as much as I could, and someday perhaps I'd realize how little I knew. He didn't mean this in a derogatory way, just wanted me to realize that there was so much to understand and learn in this world.

In the Bible, the Lord appeared to Solomon in a dream, and asked him "what would you like me to give you?" Instead of asking for wealth or long life, Solomon asked for wisdom. The Lord was so pleased that He gave Solomon not only wisdom and understanding, but also wealth, honor, and long life. Just as important as being educated in our chosen occupation, we should also be knowledgeable about our faith. A wise person will walk in the ways of the Lord, and reading God's word, the Bible, will help us learn and gain wisdom.

For the Lord gives wisdom; from His mouth come knowledge and understanding. - Proverbs 1.7
