Don't let undetected breast cancer steal precious time from you or the people who depend on you.

The best protection against the risk of breast cancer is early detection. And a mammogram can detect cancer years before it could be felt by you or your doctor.

If you're a woman 40 or older, and you're not having a mammogram every year, now is the time to have one. It's for your good.

Candlight ceremony marks vigil for abused children in county, nation

By Ann Weatherford

Child Abuse Prevention poster contest winners representing Carthage, Street and Clay counties.

The first annual Candlight Ceremony to remember children who have suffered abuse and neglect was held in Carthage last night.

The ceremony was organized by the Child Abuse Prevention Committee of the Carthage Community. The event featured a candlelight vigil, a prayer, and speeches honoring those who have lost their lives too soon.

The ceremony began with the national anthem, followed by a moment of silence. Then, the names of the children who have been victims of abuse were read aloud.

"We remember each of these children with love and respect," said Diana Johnson, Chair of the Carthage Community Child Abuse Prevention Committee. "Their memories will live on in our hearts, and we will continue to work towards a world where children are safe and loved."
