Accommodations for Students with Disabilities

The EMS Program is dedicated to providing the least restrictive learning environment for all students. Therefore, support services for students with disabilities are provided on an individual basis, upon request. Any student who has a disability and request for accommodation should inform the course instructor who will direct the student to the Office of Disability Services (ODS).

The ODS serves students requiring special support services due to:

- Visual/Hearing Impairment
- Learning Disability
- ADD/ADHD
- Mental/Psychological Disorders
- Neurological Disorder
- Brain Injury
- HIV/AIDS
- Chronic Illness
- Physical and Orthopedic Impairments
- Other Disabilities

Contact The Office of Disability Services (ODS) at (903) 693-1123 to schedule an intake interview.

Bring appropriate supporting documentation of the disability to the interview. "Appropriate supporting documentation" would be testing results from your high school diagnostician or licensed psychologist indicating the type of test(s) given, the test scores, and the interpretation of the test scores, and/or a letter from your medical doctor, physical/speech/occupational therapist, audiologist, ophthalmologist, or other licensed person indicating the diagnosis or type of disability.
