County Okays JP, Constable Precinct Changes

A change in the Office of the County Attorney and the creation of a new Precinct Constable Office were approved by the County Commissioners Court on Tuesday. The changes will take effect next month.

The Commissioners Court approved the appointment ofJames F. Riley as the new Precinct Constable for Precinct 4. Riley, who currently serves as a Justice of the Peace for Precinct 4, will now have the additional responsibility of overseeing law enforcement in his district.

The Court also approved the creation of Precinct 4, which will be located in the eastern part of the county. The new Precinct will be responsible for providing law enforcement services in that area.

In other business, the Court approved the purchase of a new police cruiser for the Sheriff's Office, which is expected to be delivered in late May.

Elysian Fields Students Honored

By National Organizations

On May 1st, Elysian Fields High School held a special assembly to honor its students who had achieved outstanding academic and extracurricular accomplishments. The assembly was attended by representatives from various national organizations who presented awards to the students. The students were recognized for their hard work and dedication to their studies and community service. The event was a testament to the school's commitment to providing a well-rounded education to its students.

Headache Haunts Victims

Headache is one of the most common complaints of a general practitioner. It is a disorder that affects every individual at some point in their lifetime. The headache can be caused by various factors such as stress, poor posture, and poor nutrition. The medical community has been making strides in understanding the causes and treatment of headache. Recent studies have shown that lifestyle changes such as regular exercise and a healthy diet can help alleviate headache.
