Pennzoil shuts off Rehobeth well

RRC issues orders, but not permanent

Pennzoil Corp. has shut off a well at its Rehobeth oil production site, but the Texas Railroad Commission has issued orders that could result in permanent restrictions on future production.

The well, located in Panola County, was shut down on July 1 after it was reported to have caused ground water contamination. The RRC issued an order on July 5 that could lead to a permanent ban on production if Pennzoil fails to comply.

County okays delay in farm valuations

Panola County has delayed the assessment of farmland property values until the next fiscal year.

The delay, which was approved by the Panola County Commissioners Court on July 1, will allow property owners to appeal their assessments for the current year without having to pay the new values.

Asphalt plans cut due to money

The City of Carthage has reduced its plans for asphalt paving due to a lack of funds.

According to City Manager Mark Tofel, the city has only received $1.5 million in state funds for the 2023-2024 fiscal year, which is significantly lower than the $3.5 million it had planned to spend. As a result, the city has had to cancel several planned projects, including the resurfacing of several streets.

City keeps growing

Panola County is on the rise as the population continues to grow.

According to the latest U.S. Census Bureau estimates, the county's population has increased by 12% over the past decade, with the majority of growth occurring in the southern part of the county.

This Week

Panama, a new development in Panama City, is expected to attract new residents to the area.

The development, which is being planned by a local developer, is expected to include a mix of single-family homes and apartments. Panama is being marketed as a family-friendly community with a focus on outdoor activities.

The Panama Gazette

The Panama Gazette is a weekly newspaper serving the Panama City area. It covers local news, events, and features on a variety of topics, including education, business, and the arts.

The Gazette is published every Thursday and distributed through local retailers and online.

The Gazette's website offers an archive of past issues, as well as up-to-date news and events in the Panama City area.
Community service courses. Tatum youngster planned for summer at PJC in Bible contest

A number of community youth groups in this area have planned or are planning activities for their members and community residents during the summer months. One group is Tatum High School's Youth Club. The club has scheduled a Bible contest for its members during the summer months.

PRAYERS FOR REHOBOTH

Rehoboth Groves Church is one of the local churches that is planning activities for its members during the summer. The church has scheduled a special prayer session for its members during the summer months.

ASPHALT

Asphalt is a natural component of many building materials. It is often used as a paving material, and its properties make it ideal for use in this application. Asphalt is naturally sticky and can be mixed with other materials to form a strong, durable material.

County

County is a term used in many countries to refer to a specific region or area. In some countries, such as the United States, counties are used to divide up larger areas into smaller, more manageable units. County is also used in the context of government, with each county having its own local government.

WHAT'S NEW

IN AIR CONDITIONERS?

A new air conditioner has been released on the market. The unit is designed to be more energy-efficient than its predecessors and offers improved cooling capabilities. It is also quieter than most other models on the market, making it ideal for use in residential or commercial settings.

Tower blasts SALT II treaty

Says is misleading

The Senate on Sunday passed a resolution denouncing the administration’s claim that the Strategic Arms Limitation Talks II treaty is leading to a safer world. The resolution, introduced by Sen. Henry M. Jackson, D-Wash.,, was approved by a vote of 77 to 2. The treaty is currently awaiting Senate ratification.

Bale extra forage

This is a good time for the farming community to be thinking about forage storage. Bale extra forage can provide an excellent source of nutrition for livestock during the winter months. By proper baling and storage, you can ensure that your forage is preserved and available when needed. Remember to check on your bale wrapping and storage methods to prevent spoilage or damage.

Improper gas storage is explosive situation

With proper gas storage and handling, you can prevent accidents and explosions. Be sure to follow all safety guidelines and regulations to ensure your gas is stored safely.
