Bond proposals worthwhile

In just a few more days, the county of Corpus Christi will have the opportunity to pass on bond proposals. These proposals are presented to the county by the city council and the county commissioner's court. They are designed to increase the city's ability to handle the growth of the city. The proposals include plans for new roads and streets, improvements to existing facilities, and the construction of new facilities.

The two main bond proposals are for a new hospital and a new city hall. The hospital bond proposal includes plans for a new facility that would be located on the east side of the city. The city hall bond proposal includes plans for a new building that would be located on the west side of the city. The city hall bond proposal also includes plans for a new parking garage.

The city council and the county commissioner's court have both passed the bond proposals. The voters will have the opportunity to vote on the proposals on the ballot.

Time for the business Christmas carols

It's that time of year again, the time when the business Christmas carols start. All the familiar carols come to mind, like "We Wish You a Merry Christmas," "Jingle Bells," and "Frosty the Snowman."

We must agree that the traditional Christmas carols are the best. They bring back memories of childhood and the holidays. We think that the new Christmas carols, like "The Christmas Song," are just not the same.

我们必须同意传统圣诞节歌曲是最好的。它们唤起了童年的记忆和节日的气氛。我们认为新的圣诞节歌曲，如"The Christmas Song"，就不一样了。
