Defense expensive but vital

The defense and security of our country is a critical issue in today's world. The cost of maintaining a strong military is significant, but the alternative of being vulnerable to potential threats is even more expensive. The defense budget is a necessary investment in protecting our nation's interests and ensuring the safety of our citizens.

Moving is adventure

By Vic Parker

Just about all the adventure in life is in the moving. Moving to a new apartment or house can be a great experience. It's like starting over and getting to know new people and places. Whether you're moving across the country or just down the street, the excitement of exploring new surroundings is hard to resist. Moving can be stressful, but with the right attitude, it can be an adventure to remember.

LETTERS

Being short ain't all bad

There are those of us in the world who are short and struggle with their own insecurities. But there are also those of us who embrace our height and enjoy the benefits that come with being short. In this letter, we share our thoughts on being short and how we've learned to love our height.

Fishing with Phillips’

Sig Phillips

Wanda Phillips

The Phillipses of Longview have a nice boat that scores quite well, but their son, Sig Phillips, really scores. He’s a good 16-year-old angler who has been fishing for many years and has his own boat. Sig is quite a good angler, and he and his family are always happy to share their knowledge of fishing.

What if...

Down in the valley, a small stream flows gently among the rocks. The water is clear and cold, and the air is fresh with the smell of pine. The sun shines brightly, casting a warm glow on the scene.

Suddenly, a large fish jumps out of the water,对其进行了打击。The fish is almost as big as the boy. Sig struggles to keep the fish on his line, his muscles straining. Finally, the fish is in his net, and Sig grins. He’s caught a big one. Sig is thrilled, and his family is proud.

The Phillipses are a close-knit family, and they enjoy spending time together. Sig is their favorite son, and they are always proud of him. They are a happy family, and their love for each other is evident in everything they do.

TSTA hears Austin report

By CLYDE BENTON

AUSTIN (AP) - Texas State Teachers Association President John W. Kelliher, Jr., presented a report on teacher salaries in Texas schools to the Texas Education Agency in Austin the other day. The report showed that in 1964-65, Texas teachers earned an average of $3,800, compared to $4,300 in 1963-64. This is an increase of 15% over the previous year. The report also indicated that the average salary in Texas is now $4,200, which is still below the national average of $4,500. Kelliher said the TSTA is working to increase salaries and improve working conditions for Texas teachers.

RRC sets production

The Railroad Commission set the Texas oil production rate for November 1971 at the market demand factor of 1.5 percent for the 15th month in a row and the 12th time since the Commission first went to the sales level in April 1971.

Chairman Jim Hight and Commissioner Mark Wallace directed the continuation of the maximum production levels at the time.

The latest review of the market was that the market would rise to 70 percent by January 1972.

The market was set for November 1971 at 15 percent by the market demand factor of 1.5 percent.

The market demand factor of 1.5 percent will be held for the remainder of the year.
