Condition your plants

In order to ensure healthy plant growth, it is recommended to condition your plants regularly. Proper conditioning involves the application of appropriate nutrients and the provision of suitable growing conditions. This can be achieved by encouraging natural pest control mechanisms, monitoring plant health, and adjusting environmental factors as necessary.

Corps plans project end

By NURSING

Bowl TIME

The United States Army Corps of Engineers, South Central District, has released plans to complete the new Reservist's Housing area at the John L. Yarbrough Lake (Lake Longview) retirement community. The project is the result of years of work and planning, and is expected to be completed by the end of the year. The area will provide much-needed facilities for the many residents of the community, offering a variety of amenities designed to enhance their quality of life. The Corps of Engineers is committed to ensuring that the project is completed on time and to the satisfaction of the residents. They will continue to work closely with the community to ensure that the project meets the needs of the residents and that it is completed to the highest standards. This is a significant milestone in the development of the community, and the Corps of Engineers is proud to be a part of this important project.

'Dogs go for title share

By PAMELA WATKINS

Waterloo Sports Editor

The Polk College Fords, who技术和手提箱

Dogs, who技术和手提箱

Dogs, will go for a share of the title in the Florida State Women's Basketball Tournament. The tournament, which is sponsored by the Florida State Women's Basketball Association, will be held in Tallahassee, Florida, on March 14-16.

The Fords, led by head coach Tanya Shepherd, have made it to the semifinals of the tournament. They will play the winner of the game between the University of Florida and Florida State University in the semifinals on March 14. The Fords are currently in second place in the tournament, behind the University of Florida.

The Fords have been impressive in their games, with a record of 14-7. They have been led by their strong defense, which has allowed them to hold their opponents to an average of 54.2 points per game. The Fords have also been strong on the offensive end, averaging 71.8 points per game.

On the other hand, the University of Florida has made it to the finals of the tournament. They will play the winner of the game between the University of Florida and Florida State University in the finals on March 15. The University of Florida is currently in first place in the tournament, with a record of 18-3.

The University of Florida has been led by their strong offense, which has allowed them to average 80.1 points per game. The University of Florida has also been strong on the defensive end, holding their opponents to an average of 61.5 points per game.

The final game of the tournament will be played on March 16, and the winner will be crowned as the champion of the Florida State Women's Basketball Tournament.

**Reynolds satisfied with UIL redistricting**

State Representative Jim Reynolds said he was satisfied with the new UIL district boundaries.

Reynolds, who represents District 11 in the Texas House of Representatives, said the new boundaries will help ensure fair representation for all students.

"I'm pleased with the new UIL district boundaries," Reynolds said. "This will help ensure that all students have an equal opportunity to compete in the UIL."
