Cars stolen in Dallas are turning up in county

STOLEN CAR recovered in Panola County is dented for fingerprints by Chief Deputy Jack Elliot. The car is owned by a Dallas man and is one of three stolen from there and recovered in Panola County in recent weeks.

Insurance proof now required

Drivers who are stopped in Car- nage will be asked to provide their auto insurance proof under a new state law. The state Department of Public Safety has decided to issue only warning tickets for six months after the law goes into effect. The first offenses will be cited.

Looking back

Occasionally, the number of pictures available to the reader, particularly during the summer months, is small. This is not unusual. The project should not be used as a substitute for your local newspaper. The only way to satisfy all interests is to publish all the pictures, no matter how small they may be. However, we encourage you to submit them as quickly as possible.
