On farms, newspapers

Blackbird thoughts

By Vic Parker

Every occupation has its pride of glory and its point of anguish, with farmers' pride based on the harvest, and the anguish of a losing crop. There were times when I knew that my paper would be read and used as the best tool of all to bring the facts of the world to those who held the land. Whatever else I might have done, I knew I was a part of the working world, and that is why I stood for the newspaper.

FILLIES DROP CRUCIAL MATCH TO TYLER

BY KYLE HARGROVE

The Fillies needed a win. They were playing in a crucial match that could determine the outcome of their season. The game was against Tyler, and they knew it was going to be tough. The Fillies were trailing early, but they fought back and managed to tie the game. However, Tyler pulled ahead in the second half and held on to win, 52-48. The Fillies will need to regroup and prepare for their next match against Waco. The game was held at Fillies Stadium, and the crowd was electric. The Fillies need to improve their defense and focus on their passing game if they want to have a chance against Waco.
