In Russia

Dear Editor:

Recent events got my mind away from Russia for a few days. I must confess I am a little disappointed. I had so much to say about the events that were unfolding in my own country. I was hoping to spend the next few days writing about the events that were occurring in Russia. But the events that took place in my own country were so significant that I had to put my thoughts on paper.

Enough said

BY TOM JONES

I returned last Sunday with the rest of the team, and the plane was already on the runway when we arrived. I was happy to see everyone again, but I was also a little bit tired. We had a long flight, and I was looking forward to some well-deserved rest.

Cotton pickin’ injury

Marshall Douglas

In Texas, there have been a few days when my hands have been feeling real bad. I can’t say for sure, but I think it might be because of the cotton picking. I’ve been doing a lot of it lately, and I’ve been feeling pretty worn out. I don’t know if it’s cotton picking or something else, but I’m starting to wonder if there might be something wrong.
