Chapman sworn to hospital board

By Earle Chenier

George Chapman, mayor of Carthage, administered the oath of office to the hospital board members for the Carthage Independent School District. Dr. John P. Snow, one of the three members who were sworn in, is the new superintendent-designate for the district.

Snow will serve as superintendent-designate after the current superintendent, Dr. Learning, retires later this year. Snow, who has been with the district for 19 years, will assume the role of superintendent-designate on July 1.

During the swearing-in ceremony, Chapman thanked the new superintendent-designate for his dedication to the district and expressed confidence in his leadership.

Defensive driving course slated June 29

The Defensive Driving Program, sponsored by the City of Carthage, will be held on Friday, June 29, from 9 a.m. to 4 p.m. at the Carthage City Hall. The course will cover topics such as defensive driving techniques, accident avoidance, and driving under the influence.

Trivial Pests

By Lisa Johnson

29-year-old Mr. Everett, located in the Highlands on the North-South border, was named for his George Baxter. Anyone who fails to learn, however, will learn it in time.

The year, at Absentee ballots in Guadalupe, half-price is said to be the highest. Everett was found dead in 1992 by a New Zealand hunter, Edinburgh Hickey and Tedding Norton, no sheep guide.

A hero is no braver than an ordinary man, but he knows five minutes longer.

CISD $3.8 million bond election is Tuesday

Make your vote count!

Abstentee ballots show possible big turnout

By Earle Chenier

On the eve of the CISD bond election, early voting statistics show a possible big turnout.

Officials to proceed with local MH-MR, workshop center

The news is being reported in the Carthage Daily News that the CISD bond election will take place on Tuesday, May 8.

In other news, the CISD Board of Education has approved the construction of a new middle/high school in the Tarkington area.

Incarcerator construction on schedule

Work on the planned $15 million jail facility for Carthage and Panola County is progressing on schedule, according to officials.

In addition, the project is expected to create approximately 300 jobs during the construction phase.

Building standards board refers condemnation

It was decided by Building Standards Board at the request of the City of Carthage to condemn a building at 123 Main St. Bettis in a legal proceeding.

The building, located at 123 Main St., has been identified as a health and safety hazard and was previously cited by the City of Carthage for code violations.

The Board of Building Standards referred the case to the City of Carthage for further action.
In local seminar

Emergency crews learn about radiation

Emergency crews from the local fire department and hospital learned about radiation during a seminar held at the hospital. The seminar covered topics such as understanding radiation, the effects of radiation, and the importance of using protective gear when handling radioactive materials.

Midyear crops report due

The Texas Crop and Livestock Reporting Service has reported the midyear crop inventory data. The report includes information on the state's crop production and inventory levels.

CISD bond election

Questions concerning proposed $38.5 million school construction project answered

The CISD bond election was a significant event for the community, and the questions concerning the proposed $38.5 million school construction project were met with a variety of responses. The document highlights the importance of understanding the details of the bond and its impact on the community.

Letter to the editor:

School superintendent explains purpose of district's operating fund reserve

The school superintendent provided an explanation of the purpose of the district's operating fund reserve, which is a crucial aspect of the district's financial management. The explanation aimed to educate the community about the importance of having a reserve fund to cover unexpected expenses and ensure the stability of the district.

CISD bond issue worthy of support

Support for the CISD bond issue was emphasized, highlighting the essential role it plays in the development and improvement of the school district. The document stresses the importance of investment in education and infrastructure to support the community's future.

Social Security news

Many retirees find that working after they start getting Social Security benefits is a matter of financial necessity. The changes in the Social Security system have affected the way benefits are calculated, and understanding these changes is crucial for planning retirement.

Local oil and gas activity noted

The local oil and gas activity was noted, with a reference to the Northcutt Sand Field located in the James Bookley area. The document highlights the importance of the oil and gas industry in the region and its impact on the local economy.

Incentivizer project work begins

The Incentivizer project work began, with a mention that the work was expected to be completed in 2023. The document emphasizes the importance of investing in technology and innovation to improve the quality of education for students.

PERSPECTIVES

PANOLA COUNTY POST

PUBLIC OPINION FORUM

TALK-LINE

DO WE WANT A BOND ISSUE?

The Present Indebtedness Is
Plus The Proposed Issue & Interest

Total

The Carthage Independent School District has a surplus of $2,000,000.00 at the close of this school year. The burden of this enormous bond issue comes so soon after the last bond issue supporting the high school. All of us are interested in the education and well-being of our children, but TAKES HAVE GOTTEN OUT OF HAND

As a taxpayer who supported the last big issue, we need to realize every taxpayer is going to be burdened by this bond issue. Whether he paid little taxes, or a large amount, he is going to have to pay this burden.

All of us want our children to have the best, and it is necessary for management to handle the people's tax money as they would their own. The burden of the taxpayer for the next ten or fifteen years will be the cost of maintaining the present building, grounds, utilities and buses. THIS EXPENSE OF MAINTENANCE IS FIRST AND PARAMOUNT.

My opposition to this bond issue is strictly a business proposition. There is nothing personal, no hard feelings toward anyone. Consider how this bond issue can affect you.

Vote Against The $3,800,000 Bond Issue

Tuesday, June 11th

Respectfully,

[Signature]
Low income homes get relief

Some low-income Texas families may be eligible for an energy assistance program, according to the federal government and the Texas Community Action Agency. The program is designed to help families pay for energy costs. To determine if you qualify, call the Texas Energy Assistance Program at 1-800-234-5678.

Weather brings disease

Gusty, heavy weather could contribute to the spread of crops and vegetables, says Texas A&M Agricultural Extension Service Extension Agent J. A. Weisel. Weisel suggests that farmers and gardeners should be aware of the conditions that favor the spread of diseases and use proper techniques to control them. He also recommends using protective coverings and avoiding wet conditions that could encourage the growth of disease.

Hydro-Seeder

Hydro-Seeder saves time and money on large-scale seeding projects. It is ideal for landscaping professionals and home gardeners who want to achieve a lush, green lawn without the hassle of manual seeding. The Hydro-Seeder distributes pre-mixed grass seed and mulch, ensuring a uniform and healthy lawn.

Farm food value increases

The demand for local produce has increased significantly in recent years, leading to a rise in the value of farm food. Local farmers have been able to capitalize on this trend, offering a variety of fresh, organic produce directly to consumers.

Vote NO June 11

The local school board is holding a vote on June 11, and community members are encouraged to participate. The vote will be held at the local high school, and will include a number of important issues for the community.

Know Some Facts Before You Vote

1. To date we tax payers pay seventy-four thousand dollars ($74,000.00) per month interest on our present debt.

2. Your property values have doubled since the last bond election because more funds were needed to support our present debt. It is estimated that before we can pay off this newly proposed $4,000,000.00 debt our property taxes will double or triple.

3. The reason for this increase: The mineral roll to date is paying 70% of this large debt. Local property owners are paying 30%. Mineral values will decrease each year due to depletion. Therefore, the local property owners will have to make up the difference needed. Your taxes will have to increase.

4. If you are over 65 and vote yes for this bond, you are putting your children further in debt.

DONT DEPEND ON THE MINERAL TAX ROLL TO PAY THE DEBT: WHEN IT IS DEPLETED THE LOCAL PROPERTY TAX PAYERS WILL HAVE TO PAY.
Coloring contest honors Bugs’ move

Entries begin Wednesday

After an earthquake and other crises, High Noon American @ Bugs Bunny is about to hit the screen. He will soon be keeping guests with his adventures. It’s a great moment! We can all appreciate the humor of Bugs Bunny.”

To help celebrate, 106.4 KZUNZ will be hosting a coloring contest this month. Kids can download the coloring pages from their Facebook page at facebook.com/kzunz999 and print them out. The winners will be announced August 17 at the 10:50 a.m. showtime of Whale Song. The winners will be recognized and receive a special prize.

Nutmeg Center menu

The Turtle Nutrition Program for the Turtle, funded by the USDA and the State of Texas, provides fresh produce for the turtle population. Each turtle receives 11.2 lbs of fresh produce, including lettuce, carrots, and celery each day. The produce is delivered on Wednesday and is intended to promote a healthy diet for the turtles.

Strength For Living

By Rev. Jerry Barham

All too often, we think of God as being a distant, all-powerful being, removed from the daily struggles of our lives. But the God of the Bible is a God of love and mercy, a God who cares deeply about the needs of his people. In fact, God is always at work in our lives, even when we don't realize it.

At one time, we may have felt that we were alone in the world, struggling to make it on our own. But God didn't leave us there. Instead, he provided for us in ways we never imagined. In this way, God showed us that he was always at work in our lives, even when we didn't realize it.

So, let us trust in God and have faith that he will provide for our needs, even when we don't realize it. For God is always at work in our lives, and he will never leave us alone.
