Summer term begins
School participation gained

By Delia Givens

Our school's Band Director, Robert Cooks, feels that the band, which has held its place at the top of the school rankings, has realized significant gains due to the dedicated efforts of the students and their teachers.

The band has seen a noticeable increase in the number of students participating, with more than 70 students currently enrolled. This growth is attributed to the high-quality instruction provided by Mr. Cooks and the band staff.

The band's performance at the upcoming concert will showcase the students' hard work and commitment to music. Students are encouraged to attend and support their fellow band members in this important event.

City pool burglarized

The city swimming pool at Beckville was burglarized sometime between 8 p.m. June 21 and 11 p.m. June 22. An unknown person entered the pool area through the fence and broke into the equipment room.

Officers, Deputy Sneed and Deputy Smith, discovered the pool's corner signages broken and the equipment room door open, indicating a break-in.

The insurance company, according to Officer Sneed, will be called to the scene to assess the damage. The pool is closed to the public until further notice.

Preliminary autopsy shows no foul play

Yesterday morning reports were received that a body, appearing to have been the remains of a young man, was found on the banks of the Trans-Pecos River in the area of the Beckville Dam.

The man appeared to have drowned, but the cause of death is currently under investigation. The body was recovered and taken to the medical examiner's office for an autopsy.

Sales taxes increase.

The sales tax on most goods and services in Texas increased on Sept. 1, 1960, but in the towns of the Cross Plains Area, only a few retailers increased their sales tax rates. The personal exemption allowance for the new rates was $4,000 for a family of four, $2,000 for a family of two. A 4% tax rate is effective for the first time in the Cross Plains area. County-wide, the personal exemption allowance for most goods and services is $4,000 for a family of four, $2,000 for a family of two. A 4% tax rate is effective for the first time in the Cross Plains area.

Panola People

Like father, like son.

Family ties carry over into everyday business for some locals, benefits said plentiful.

By Delores Gruenewald

and Ed B. Mees

A boy for most and granddaughters for any little ones, the family is all about the family. It is a day to honor the family and the family's contributions to society.

Along those lines, Mary and John Leach have been active in the community for many years. They have been involved in various organizations and have served on several boards. Mary is a member of the Cross Plains School Board and John is active in the Cross Plains Chamber of Commerce. They have also been involved in the local church and community events. Their family has always been an important part of their lives. Even though the family is not as large as it once was, they still enjoy spending time together. They hope that their children and grandchildren will continue the family tradition of giving back to the community.
