Republicans question White's tax position

As Leland Williams heads west toward Austin, the House races are heating up. But it's a long way back to '82, to a Texas where White was the man to beat. Back in 1982, when White was running for Congress, the Republican field was open, and White was the man to beat. Back then, when White was running for Congress, the Republican field was open, and White was the man to beat.

White now faces a tough challenge from state Sen. Jerry Patterson, a Tea Party candidate with strong backing from teh Texas GOP. Patterson has been critical of White's record on taxes, calling him a "tax cheat." White has denied the charge, saying he has paid his fair share of taxes.

Meanwhile, in Texas, the state's economy is growing, and White is likely to have an easier time winning re-election this year. But the 3rd District is a tough one to win, and White will have to work hard to defend his seat.

Republicans are also concerned about White's support for the Affordable Care Act, which they say is a job-destroying tax.

This isn't the first time White has faced a tough challenge. Back in 2010, he faced a strong challenge from state Sen. Dan Patrick, who is now the lieutenant governor of Texas. White won that race by just 3 percentage points.

Italian Texan

Gobbledy is the best place to begin the story of Italian in Texas. It is a town of two square miles with a population of 2,500. It is located in the heart of the Panhandle, about halfway between Amarillo and Lubbock.

The Italian community was founded in the late 1800s by a group of Italian immigrants who came to the area to work in the oil fields. The community grew quickly and by the early 1900s, it had become a bustling center of Italian culture.

The town has a rich history and is home to several important landmarks, including the Italian American Historical Society and the Italian Heritage Museum. In addition, the town hosts a number of annual events, including the Italian Festival, which attracts visitors from all over the state.

The Italian community in Texas is a testament to the resilience and perseverance of its early settlers, and it continues to thrive today as a source of pride and identity for its members.
Attending the Church of Your Choice

FAITH CHANGES A DISABILITY INTO A SOURCE OF STRENGTH

A woman in her senior years recently passed the last test in her life. After a series of expenses and illnesses, she had realized that nothing in this world would increase her wealth, but that she must turn to God. Always, perhaps as a result of her illness, she had developed a love for the church and its ceremonies. Nevertheless, at the moment of death, her spirit seemed to be at peace. In her final moments, she was comforted by the presence of her children and grandchildren, who were by her side. She passed away peacefully, surrounded by her loved ones, and was laid to rest with honor and respect. The family mourned her loss, but were comforted by their faith and the knowledge that she was in a better place. This event serves as a reminder to us all of the importance of faith and its role in our lives.

These merchants urge you to attend the church of your choice this Sunday!
