## **DRUG AND ALCOHOL ABUSE**

### **Panola College Policy Statement on Drug and Alcohol Use and Abuse**

It is Panola College's desire to provide a drug-free, healthy, and safe workplace. To promote this goal, employees are required to report to work in appropriate mental and physical condition to perform their jobs in a satisfactory manner.

While on Panola College premises, including off-site locations, and while conducting business-related activities off Panola College premises, no employee may use, possess, distribute, sell, or be under the influence of alcohol or illegal drugs. The legal use of prescribed drugs is permitted on the job only if it does not impair an employee's ability to perform the essential functions of the job effectively and in a safe manner that does not endanger other individuals in the workplace.

Violations of this policy may lead to disciplinary action, up to and including immediate termination of employment, and/or voluntary participation in a substance abuse rehabilitation or treatment program. Such violations may also have legal consequences.

To inform employees about important provisions of this policy, Panola College has a drug-free awareness program. The program provides information on the dangers and effects of substance abuse in the workplace, resources available to employees, and consequences for violations of this policy.

Employees with questions or concerns about substance dependency or abuse are encouraged to use the resources of an Employee Assistance Program. They may also wish to discuss these matters with their supervisors or with Human Resources to receive assistance or referrals to appropriate resources.

Employees with drug or alcohol problems that have not resulted in, and are not the immediate subject of, disciplinary action may request approval to take sick leave or unpaid time off to participate in a rehabilitation or treatment program through Panola College's health insurance benefit coverage. Leave may be granted if the employee agrees to abstain from use of the problem substance; abides by all College policies, rules, and prohibitions relating to conduct in the workplace; and if granting the leave will not cause the College any undue hardship.

Under the *Drug-Free Workplace Act*, an employee of Panola College must report any criminal conviction for drug-related activity occurring in the workplace. The report must be made within five days of the conviction.

Employees with questions on this policy or issues related to drug or alcohol use in the workplace should raise their concerns with their supervisor or with the Director of Human Resources without fear of reprisal.

Click the following links to access Panola College Board policies with respect to drug and alcohol use: [DHB LOCAL](#), [DHB LEGAL](#), [DH LOCAL](#), and [DH LEGAL](#).

**Drug testing.** Panola College is committed to providing a safe, efficient, and productive work environment for all employees. Using or being under the influence of drugs or alcohol on the job poses serious safety and health risks.

An Employee Assistance Program (EAP) provides confidential counseling and referral services to employees for assistance with such problems as drug and/or alcohol abuse or addiction. It is the employee's responsibility to seek assistance from an EAP prior to reaching a point where his or her judgment, performance, or behavior has led to imminent disciplinary action. Participation in an EAP after the disciplinary process has begun may not preclude disciplinary action, up to and including termination of employment.

Copies of the drug testing policy will be provided to all employees. Employees will be asked to sign an acknowledgment form indicating that they have received a copy of the drug testing policy. Questions concerning this policy or its administration should be directed to Human Resources.

**Legal sanctions.** The most common legal violations and their consequences are listed in [Appendix A](#). The list does not imply a limitation on the number of controlled substances as defined in state and federal law.

## **ELECTRONIC COMMUNICATIONS POLICY**

Panola College advises its employees that all data/information kept on college e-mail, voice mail, or computer is property of the College and subject to access at any time. There should be no expectation of privacy. Employees' access to the Internet, telephone system, and the sending and receiving of profane e-mails can be monitored and restricted to avoid violation of the College's anti-harassment policy.

In case of emergencies such as fire, theft, or loss of property, call 911, Campus Police, and then notify the Vice President of Fiscal Services.

**Bomb threats.** In case of a bomb threat made over the telephone, follow the [Crisis Management Plan](#). Administrators on duty shall be responsible for the orderly dismissal of classes and the clearing of buildings. Classes will resume only when the building has been properly inspected and the College President or his designated representative permits the students, teachers, and staff members to re-enter the building.

**Campus disturbances.** Firm and prompt action will be taken in case of any disturbance on campus. The safety of individuals and the protection of college property are prime concerns. Campus police are empowered to maintain order or call for external police assistance.

**Computer lab safety.** All computer labs must be designed and implemented with safety in mind. All desks and tables in computer labs need to be equipped with wire trays so that wiring will not hang down and present a trip hazard. Wiring should not lie on the floor across an aisle. If it must, then it must be enclosed in appropriate floor molding. ## EMPLOYEE RIGHTS

See DG of the *Board Policy Manual*.

## ENGLISH LANGUAGE PROFICIENCY POLICY FOR INSTRUCTIONAL PERSONNEL

In accordance with House Bill 638, enacted by the 70th Legislature, Panola College affirms that all courses will be taught in the English language. Excluded from this requirement are foreign language courses designed to be taught in a foreign language or similar types of courses such as bilingual education courses taught in more than one language. House Bill 638 requires that each public institution of higher education in Texas establish a program of assessment and assistance for faculty and teaching personnel whose primary language is not English.

The following procedures are designed to comply with that law:

**Identification.** All faculty members who can demonstrate (on the basis of country of origin, academic training, length of residence in an English-speaking country, or other credible evidence) that their primary language is English are excluded from the requirements of HB 638. The academic Deans are responsible for identifying to the Vice President of Instruction any instructional personnel whose primary language is not English. Such faculty will be required to take the *Test of Spoken English*.

**Testing.** All instructional personnel who require oral English proficiency testing will take the *Test of Spoken English*. The costs for this assessment instrument will be paid for by the college. If a score of 220 or higher is achieved, the individual's spoken English skills will be considered adequate for instruction. If the score is below 220, the individual will be required to obtain English language assistance.

**Assistance.** All instructional personnel who are required to undergo English language assistance will have the option of employing a private tutor or of entering an English program for non-native-born speakers. In either case, the individual faculty member is required to pay for the assistance. Following successful completion of the program, the faculty member must score 220 or higher on the *Test of Spoken English* in order to continue in an instructional position at Panola College. A faculty member will be given one year in which to demonstrate oral English proficiency.

## EXPRESS BREAST MILK FOR NURSING MOTHERS

Panola College supports the practice of expressing breast milk and will make reasonable accommodation to employees who are nursing mothers. A reasonable amount of break time will be provided each time the employee has the need to express breast milk. The College will provide a place, other than a multiple user restroom, that is shielded from view and free from intrusion. Panola College may not suspend or terminate the employment of or otherwise discriminate against any employee that has asserted her rights under this policy. ([DG LEGAL](#))

## **FACE COVERING POLICIES AND PROCEDURES**

The following face covering policy will be in effect for Panola College faculty **effective 7/23/20 until further notice**.

### **Face Covering Requirements**

Panola College seeks to provide a workplace and learning environment that is healthy and safe for students, faculty, and staff. Considering CDC guidelines and Governor Abbott's executive order (dated July 2, 2020), face coverings must be worn by all individuals (faculty, staff, students, and visitors) on campus while

- Inside any public building (e.g., classrooms, shared lab spaces, lobbies, restrooms, elevators, stairwells, common spaces in residence halls, conference rooms, break rooms, library, College Store, and all common areas within college-owned and leased buildings).
- In outdoor spaces when social distancing of at least 6 (six) feet is difficult to reliably maintain.

Students may not be allowed to remain in any classroom, laboratory, or other campus location if found in non-compliance. Faculty may enforce the face covering requirement in the classroom and may report a non-complying student through the student disciplinary process outlined in the *Pathfinder Student Handbook*. As an alternative to complying with the face covering requirement, a student may register before the beginning of the semester for online courses or be transferred to online learning when feasible with the student's agreement.

Employees may not be allowed to work or remain at work if found in noncompliance. Continued non-compliance may subject the employee to disciplinary action, unless a legitimate reason exists for non-compliance with this procedure as determined by the College.

### **Face Covering Definition, Care, and Maintenance**

A *mask* is defined in this policy as a face covering that is generally a piece of material used to completely cover the nose and mouth. It does not need to be medical grade, but may include manufactured disposable masks, manufactured or homemade cloth masks, scarves, bandanas, or neck gaiters.

Proper use, care, and maintenance of face coverings are the responsibility of each community member. According to CDC guidelines, a face-covering should cover the user's face from the bridge of the nose to under the chin, completely covering the nose and mouth. It should fit snugly against the sides of the face but allow the user to breathe easily. It should be loose-fitting but still secure enough to stay in place. Face coverings should not be placed around the neck or up on the forehead. Face coverings should not be touched without first washing your hands or using hand sanitizer to disinfect.

Individuals should consider having more than one face covering to allow for proper washing and drying after every use. A disposable mask should be properly discarded promptly after use in a trash receptacle; do not place it into your pocket, backpack or where it may contaminate your belongings.

## **Exemptions**

Students and employees may be exempt from wearing a face covering if they meet any of the following:

- Any person younger than 10 years of age
- Any person with a medical condition or disability that prevents wearing a face covering
- Any person while the person is consuming food or drink, or is seated at a restaurant to eat or drink
- Any person while the person is exercising outdoors or engaging in physical activity outdoors, and maintaining a safe distance from other people not in the same household
- Any person while the person is giving a speech to an audience
- While in a building or participating in an activity that requires security surveillance, screening, or identification
- An employee working alone in his or her assigned office and does not have visitors in the office

Requests for accommodations and exemptions will be made on a case-by-case basis. Documentation from a medical professional may be required to assist with determining whether reasonable accommodations can be provided, such as wearing a face shield in lieu of a face covering. Students who cannot wear a face covering for medical or other reasons should complete the [Student Face Covering Accommodation Request Form](#) and visit the disability services office to be considered for a waiver. Employees, contractors, and visitors who cannot wear a face covering for medical or other reasons should complete the [Face Covering Accommodation Request Form](#) and visit the human resources office to be considered for a waiver.

## **Face Covering Designs**

Face coverings utilized on college property are prohibited from displaying discriminatory, vulgar, offensive, or harassing language, art, or symbols. Any violations of this guideline are subject to employee or student discipline and the item in question may be ordered off campus property immediately.

## **Harassment**

Harassment, discrimination, bullying, or retaliatory behavior towards those who are or are not wearing a face covering is strictly prohibited. College officials or their agents shall investigate all allegations and officials shall take prompt and appropriate disciplinary action against employees or students found to engage in these behaviors.

## **FACULTY SCHOLARSHIPS**

Panola College Board policy allows for the tuition for all full-time employees and their dependents to be paid through college funds. The employee or qualified dependents may be required to pay certain fees, such as those normally charged for applied music and various physical education classes. Textbooks may be loaned to qualified individuals for the duration of the course and may be purchased at a reduced rate upon completion of the course. The College

Faculty developmental leave may be granted by the College President with the approval of the Board of Trustees. Such leaves are generally granted without salary for a period of not less than one semester or more than two years. A faculty development leave will be granted only if a suitable temporary replacement can be found for the faculty member requesting the leave.

([DEC LOCAL](#) and [DEC LEGAL](#))

## **LEAVE (EXCLUSION FROM WORK)**

An employee may be excluded from work if the College President or designee, in accordance with this procedure, determines that the employee poses a risk of contagion to other employees or students, the employee poses a threat to his or her own health by remaining on the job, or the employee's physical and/or mental condition interferes with the performance of regular duties.

## **LEAVE (FAMILY AND MEDICAL LEAVE ACT)**

Under the *Family and Medical Leave Act of 1993*, employees who have worked for a covered employer for at least 12 months may under certain circumstances be given at least 30 days of advance notice and receive up to 12 weeks of family or medical leave without pay. Any employee who needs such leave should consult with Human Resources.

## **LEAVE (PERSONAL)**

Two days per year are deemed to be personal days and the faculty member may request in advance to be absent from duty for personal reasons. The request for a personal day should include a plan for meeting the instructor's teaching duties on the day of absence. For purposes of record, a personal day is counted as one of the days allowed for sick leave in a year.

## **LEAVE (SICK)**

Full-time faculty are eligible to accrue sick leave at a rate of nine days per contract year for 9-month faculty, ten days for 10-month faculty, ten and one-half days for 10.5-month faculty, eleven days for 11-month faculty, and twelve days for 12-month faculty. Unused sick leave may be accrued up to a maximum of 90 days.

Depending on the circumstances, faculty members should complete a [Personal Leave of Absence Report](#) prior to an absence when possible or on the day the faculty member returns to work. A record of faculty absences is kept on file in the Vice President of Instruction's office as well as the Human Resources office. Employees should check these records annually to assure their accuracy.

Faculty members are encouraged to schedule medical or dental appointments after working hours whenever possible. For lengthy absences (3 days or more), the faculty member may be asked to furnish documentation of illness, injury, or medical or dental appointment.

Accumulated sick leave does not constitute a claim for reimbursement when the faculty resigns or retires.

A faculty member who exceeds the total of sick leave days for a year as well as the total of sick leave accrued in previous years shall have his or her pay reduced by the value of one day's portion of his or her total contract figure for each day missed in excess of sick leave benefits.

### **LEAVE (TERMINATION OF EMPLOYMENT)**

Employees who are excluded from the workplace in accordance with the procedure will have their employment terminated when any leave time or temporary disability leave to which they are entitled has expired, and/or the amount of time off from the workplace exceeds six months, in accordance with appropriate policies and disability discrimination restrictions.

### **LEAVE (VACATION)**

Vacation time will only be granted to those faculty members with 12-month contracts. Faculty members on 12-month contracts will work the same number of days as all other 12-month employees.

A request for vacation time should be submitted to the appropriate instructional Dean for approval.

Vacation time may accrue to a total of 60 days. A record of faculty vacation time taken and accrued is kept on file by Human Resources. Each employee should check this record annually to assure its accuracy. Vacations will normally be scheduled when students are not on campus. Reference [DEC LOCAL](#) in the *Board Policy Manual* for a complete description of the vacation policy.

### **LENGTH OF SERVICE**

Length of service at Panola College is determined by the following:

1. If all service has been continuous except sick leave, authorized absences, or temporary interruptions of fewer than six months, the length of service shall be counted from the initial date of employment.
2. If an employee is rehired following an earlier termination, the individual's length of service with the college is counted from the date of the renewed employment.
3. In the event that an employee transfers or is promoted from one classification to another within the College, service is continued to be counted from the original date of employment.

### **OUTSIDE EMPLOYMENT**

The primary employment responsibility of a Panola College faculty member is to the College. Prior to acceptance of outside employment for pay, a faculty member must submit a written request through the appropriate Dean to the Vice President of Instruction. This policy does not apply to work performed during holidays or vacation periods.

### **PERSONNEL BENEFITS**

Basic term life insurance (a minimal amount) is provided for each employee who qualifies for health insurance provided by the College. The College pays the full amount of the premium.

Generally, coverage is effective within thirty days from the initial date of employment. This policy is subject to change according to the conditions imposed by the insurance carrier.

Prior to termination, employees should contact Human Resources and complete any necessary paperwork. If an employee leaves after the first of a month, coverage will generally continue through the end of the month of termination. Under federal law, the college must make medical insurance available to employees for at least eighteen (18) months after termination unless the reason for termination is gross misconduct. Under these COBRA provisions, the employee must pay the monthly premiums. See Human Resources for details.

It is the responsibility of each employee to keep Human Resources informed of any changes which might affect his or her coverage (address, newborns, etc.).

**Definition of personnel benefits.** “Faculty Member” means a person who is employed by the college on a full-time basis in any of the following positions:

1. A member of the faculty whose duties include teaching or research.
2. An administrator responsible for teaching or research.
3. A professional librarian, president, vice president, or other professional staff person whose national mobility requirements are similar to those of faculty members and who fills a position that is the subject of a nationwide search in the academic community.

## **PERSONNEL FILE**

All information contained in the personnel file of a faculty member is available to that person or the designated representative of that person, except as otherwise required by law. Records for faculty members may be obtained from Human Resources.

## **RESIGNATION**

A faculty member may relinquish his or her position and leave the employment of the College at the end of contract term without penalty, provided he or she submits a written resignation prior to May 1 of the school year in which the employee resigns. A prepaid certified or registered letter of resignation is considered submitted upon mailing.

The faculty member may resign with the consent of the Board of Trustees at any time mutually agreeable.

The College President has the authority to accept resignations. Exceptions to the deadline requirement may be granted in extenuating circumstances.

## **RETIREMENT CEREMONY**

Panola College has one official retirement ceremony per calendar year. All employees who are retiring during the calendar year will be officially honored on that occasion. The ceremony is held during the spring semester each year. Any employee who retires during the course of the year will be recognized at the spring ceremony.

In order to qualify for official retirement from Panola College, a faculty member must meet the necessary requirements of the Teacher Retirement System (TRS) or an optional retirement program (ORP).

To be eligible for a retirement ceremony, a person must be at least 55 years of age and have been employed for at least ten years with the College District.

## **RETIREMENT PLAN**

All faculty members are required to participate in a retirement program. All professional level employees (instructors, administrators, and counselors) may elect to participate in the Teacher Retirement System of Texas (TRS) or the Optional Retirement Program (ORP).

The office of Human Resources will assist new faculty members in securing information on the two programs, but each new faculty or professional staff member is responsible for making this significant decision for himself or herself. The faculty member should receive written information from Human Resources prior to the beginning of the 90-day period in which the new person must make this choice.

A faculty member may exercise the choice to participate in the optional retirement program only once. Election to participate in the optional retirement program must be made before the ninety-first day after becoming eligible. A faculty member who fails to elect the ORP during the 90-day period shall remain in the Teacher Retirement System for the remainder of employment in Texas higher public education.

*Selection of the ORP in lieu of TRS entails certain responsibilities for the employee, including selection and monitoring of vendors and investments. Panola College has no fiduciary responsibility for the market value of participants' investments or for the financial stability of the vendors chosen by the participants.*

## **SEXUAL ASSAULT POLICY**

Panola College is committed to providing a safe educational and working environment for its students, faculty, and staff. The [Sexual Assault Policy](#) is available on the [Campus Police](#) web page.

## **SEXUAL HARRASSMENT POLICY**

See [DIAA LOCAL](#) and [DIAA LEGAL](#) of the *Board Policy Manual*.

## **SOCIAL SECURITY**

All College employees are covered by Social Security. The necessary salary deductions are made on a monthly basis and members may be entitled to all benefits of the plan.

## **TAX-DEFERRED ANNUITY**

Under the provision of public law, an employee of the college may elect to purchase a tax-deferred retirement annuity. While the annuity is being purchased, the employee does not pay current federal income taxes on the amount deducted from his or her salary for the annuity premium. Taxes will be paid on the deferred annuity at retirement or whenever the individual elects to withdraw funds from the account.

In the event that an employee signs a contract for a tax-deferred annuity, his or her current salary will be reduced by the annual contractual amount. This procedure is defined as a reduction rather than a deduction to comply with current tax regulations.

Interested faculty may obtain information on tax-deferred annuity programs in the office of Human Resources or by visiting the [Human Resources](#) web page.

## **TRAVEL**

The College reimburses faculty and administrators for expenses incurred on approved institutional travel or for student instructional purposes. Such travel is subject to the limitations of the annual department operating budget. Official out-of-town travel must be approved two weeks in advance by the appropriate administrator and by the College President.

**Meals.** The per diem allowances for meal expenses are reimbursable at a rate not to exceed \$35 per day. Meal receipts must be turned in for reimbursement. Meals will not be reimbursed for trips that do not require an overnight stay.

**Mileage.** Reimbursement for personal vehicles used in school travel is made at the state rate. When traveling in a rental vehicle or college owned vehicle, employees must use College issued credit cards for fuel purchases. These cards are issued by the Business Office.

**Lodging.** Receipts for such expenses are necessary to secure reimbursement for lodging expenses. Use the [Texas Hotel Occupancy Tax Exemption Certificate](#) (available online) for hotels (accepted by all Texas hotels and some in other states). State tax in Texas hotels will not be reimbursed.

Individuals traveling within the four-county service area do not need to seek prior approval for travel plans. All other trips are authorized by the completion of the [Request for Approval of Travel](#) form. This form is located on the Panola College website.

## **WORKERS' COMPENSATION**

An individual injured in the performance of official duties must promptly report the incident to the appropriate administrator and the office of Human Resources. Failure to report promptly and officially may result in a liability for the employee and/or the College.

## **ACADEMIC ADVISING**

The primary function of the advising program is to help students adjust to the college environment as well as to provide academic, career and technical advising. The Student Success Center provides a variety of quality services including career services, advising and guidance, services for students with disabilities, new student orientation and study skills workshops. Students can receive academic advisement and career guidance from the advisors in the Student Success Center, Deans, and faculty advisors. In addition, faculty are encouraged to use the First Alert program to identify students' class deficiencies early in the semester to help them succeed in achieving their academic and/or technical program goals (for more information, contact Student Success). To take advantage of these services, direct students to the Student Success Center located on the second floor of the Charles C. Matthews Student Center.

## **ACADEMIC AND DISCIPLINARY COMPLAINTS AND APPEALS**

The comprehensive Board Policy concerning academic and disciplinary complaints and appeals can be found in [FM](#), [FMA](#), [FLD](#), and [FLDB LOCAL](#). Academic complaints/appeals apply to any grade or classroom-related issue including cheating and plagiarism. Disciplinary complaints/appeals also apply to any student conduct violation and sanction applied.

Exceptions: This policy shall not apply to:

1. Complaints alleging discrimination or harassment based on race, color, gender, national origin, disability, or religion. ([FFDA LOCAL](#) and [FFDB LOCAL](#))
2. Complaints concerning retaliation relating to discrimination and harassment. ([FFDA LOCAL](#) and [FFDB LOCAL](#))
3. Complaints concerning a commissioned peace officer who is an employee of the College District. ([CHA LOCAL](#))
4. Complaints concerning the withdrawal of consent to remain on campus. ([GDA LOCAL](#))

## **Informal Process**

The College District requires students to discuss their concerns with the appropriate instructor or other campus administrator who has the authority to address the concerns.

A chart depicting how faculty should address both informal and formal complaints is provided in [Appendix H](#). Student concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level. If an informal conference regarding a complaint fails to reach the outcome requested by the student, the student may initiate the formal process within 5 days of the complaint (described in the next section).

## **Formal Complaint/Appeals Process**

A student may initiate the formal process described below by timely filing a written Student Complaint/Appeal form located in *The Pathfinder*. Complaint forms and appeal notices shall be filed electronically. Filings submitted by electronic communication shall be timely filed if they

are received by the close of business on the deadline, as indicated by the date/time shown on the electronic communication.

### **LEVEL 1: FILE A FORMAL COMPLAINT OR APPEAL WITH THE EMPLOYEE/INSTRUCTOR**

A student wishing to file a formal academic or disciplinary complaint or appeal shall use the form provided by the College District ([Student Complaint/Appeal Form](#)). The form shall be filed with the lowest level administrator who has authority to remedy the problem no later than five (5) days after the complaint or receipt of the disputed grade or discipline. The administrator will schedule a conference with the student to hear the appeal within three business days. The administrator may uphold or deny the complaint.

### **LEVEL 2: APPEAL TO DEAN OR VICE PRESIDENT OF STUDENT SERVICES**

If the student is not satisfied with the disposition of the matter, he or she may appeal within three days to the appropriate Director, Dean (academic appeal), or Vice President of Student Services (disciplinary appeal) using the appeal form from Level 1. The student may remain in class until the appeal process is completed. If there is a question of patient or student safety, the student shall only observe. The Level 2 administrator will provide a written response upholding or denying the complaint within three days of holding the conference.

### **LEVEL 3: APPEAL TO APPEALS COMMITTEE**

A student not satisfied with the Level 2 decision may proceed to Level 3. Within three days of the Level 2 decision, the student may request from the Vice President of Instruction that an academic appeals and student complaint committee be called. The original complaint form and additional documentation will be forwarded from Level 1 and Level 2 to be used in the appeals process. The Vice President shall set the date for the Appeals Committee within three working days of the request.

The Appeals Committee shall consist of three instructors, one from each of the following areas (Academic, Technical, and Health Science), appointed biennially by the Vice President of Instruction, one administrator appointed by the College President, and one student appointed by the Vice President of Student Services. The chair of the appeals committee shall be given the written appeal from Level 1/Level 2 and shall set the time for the committee to hear the appeal. The hearing shall be conducted on the College District campus and attended only by those persons authorized by the chair of the appeals committee.

**Notice:** The chair of the appeals committee shall notify the student of the date, time, and place for the hearing. The notification shall advise the student of his/her rights:

1. To have an advisor present at the hearing (the person may not present the case, question witnesses, or address the committee)
2. To request copies of evidence
3. To have the hearing tape recorded
4. To ask questions of each witness
5. In the case of disciplinary appeal:
  - a. To have the complaint described in sufficient detail to enable the student to prepare a defense
  - b. To have the disciplinary sanction restated.

**Procedure:** The appeals hearing shall proceed as follows:

1. The chair shall inform the student of his/her rights.
2. The chair shall read the student's request for formal review.
3. The designated official(s) shall present the College District's case.
4. The student shall present his or her appeal. No additional documents may be presented other than those used at Level 1 and Level 2 unless the student did not know they existed.
5. Either side may offer rebuttal and any member of the committee may ask questions
6. The appeals committee will take the matter under advisement in closed session (without student or officials present).
7. The committee shall decide whether an error was made in calculating a grade or whether the student is guilty or innocent of a charge (such as cheating, or possession of drugs). The decision shall be determined by a majority vote of the committee and they may take the matter under advisement for 24 hours before rendering a decision.
8. The chair of the academic appeals committee shall inform the student and the appropriate Vice President in writing as to the decision of the committee. The Vice President will inform the involved employees of the decision.

**Evidence:** Evidence shall be handled according to the following:

1. Legal rules of evidence do not apply; the committee chair may admit evidence that is commonly accepted by reasonable persons in the conduct of their affairs. The chair may exclude irrelevant, immaterial, and unduly repetitious evidence.
2. At the hearing, the College district shall be required to prove by a preponderance of the evidence that the charges are true. This is known as the greater weight of the credible evidence, not reasonable doubt as in criminal cases.
3. A student shall not be compelled to testify.
4. The appeals committee shall decide the issue of guilt or innocence solely on the basis of the evidence presented at the hearing.
5. A tape recording shall be made of the hearing. If needed for an appeal, transcripts will be made at the written request of the student or the College. The cost shall be borne by the one requesting the transcript.

#### **LEVEL 4: APPEAL TO THE COLLEGE PRESIDENT**

If a student is not satisfied with the decision of the committee, within three working days of the committee's decision he or she may petition the College President to review the decision. The President may act to affirm, modify, remand, or reverse the decision. If no action is taken within three business days, the committee's decision shall thereby be affirmed and final.

#### **ACADEMIC FREEDOM AND RESPONSIBILITIES**

The College is committed to the principle of academic freedom. This principle is acknowledged through the right of a faculty member to explore fully within the field of his or her assignment and give the classroom and elsewhere such exposition of his or her subject, as he or she believes to represent the truth. This principle also includes the right of a member of the faculty to exercise in speaking, writing, and action outside the College the ordinary rights of an

American citizen, but it does not decrease the responsibility, which the faculty member bears to the College, the state, and the nation.

The concept of academic freedom shall be accompanied by an equally demanding concept of responsibility shared by the Board, administrators, and instructor/counselors.

To fulfill this responsibility on the part of instructor/counselors, instructional personnel shall maintain competence as scholars in their fields of specialization; exhibit competence as instructor/counselors; maintain professional integrity as demonstrated through lectures, discussions, student relations, and/or publications; and carry out all instructional functions, policies, and procedures of the institution.

## **ACCOMMODATING STUDENTS WITH DISABILITIES**

The *Americans with Disabilities Act (ADA)*, which became effective January 26, 1992, requires that individuals with disabilities be afforded equal opportunity in the areas of public services and programs, employment, transportation, and communications. Under the ADA, a disability is defined as a physical or mental impairment that substantially limits one or more major life activities.

Section 504 of the *Rehabilitation Act of 1973* and the ADA have greatly facilitated the expansion of services for individuals with disabilities in postsecondary educational settings. Section 504 provides that “no otherwise qualified handicapped individual in the United States...shall solely by reason of his/her handicap be excluded in the participation in, be denied the benefit of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

The ADA, which uses the term “disability” instead of “handicap,” extends civil rights protection to people with disabilities. Neither Section 504 nor the ADA is meant to protect individuals with disabilities from the consequences of their behavior or to make available to them programs and services for which they are not otherwise qualified. These legislative acts are meant to aid in the removal of physical, attitudinal, and programmatic barriers to services and education for individuals with disabilities.

Faculty members play a critical role in helping students with disabilities succeed in college. If you are unsure about how to approach a situation, it is best to seek counsel from your Dean or Director or the office of [Disability Support Services \(DSS\)](#).

*Faculty members may*

- Encourage students to self-disclose their disability or disabilities in an appropriate and confidential time and place.
- Check on the legitimacy of a student’s claim of a disability by contacting DSS.
- Make suggestions for appropriate academic accommodations.
- Help students whom they suspect have a learning disability by suggesting that the student seek support from appropriate campus service providers.

### *Faculty members may not*

- See a student's documentation of a disability unless given written consent by the student. Likewise, faculty members cannot request information about the student's disability from the campus service providers.
- Set a limit for the number or amount of accommodations provided during a semester or the number of students with disabilities in his or her classes.
- Allow the right to academic freedom to impact the types of accommodations permitted in the classroom.
- Refuse a request for an academic accommodation. If an issue arises, such as a safety issue, the faculty member should contact DSS to discuss the request for accommodation.
- Ask a student if he or she has a learning disability if the student is experiencing difficulty in class. The faculty member can suggest that the student seek support services.

### *Faculty members are responsible for*

- Accommodating only students with an Individual Accommodation Plan (IAP); the instructor is under no obligation to provide accommodations retroactively.
- Maintaining students' confidentiality at all times. Do not single out students in class or mention any test accommodation to them in front of their peers. These actions breach confidentiality.
- Providing for the academic accommodation(s) requested.
- Maintaining the integrity of academic standards in the course.

Faculty members are strongly encouraged to include a student with disabilities statement in the course syllabus and make the class aware of it at the beginning of each semester. This will help make sure that students requesting accommodations for a disability do so early and through the DSS office.

## **ADJUNCT INSTRUCTORS**

Panola College will select adjunct instructors and assign each instructor a maximum teaching load of 9 semester credit hours. All adjunct instructors of academic courses must have a Master's degree in the field or a Master's degree and 18 hours in the field. All adjunct technical instructors must meet the criteria for faculty required by Panola College. Panola College will supervise and evaluate adjunct instructors using the same or comparable procedures used for full-time faculty. Instructors are evaluated annually by the appropriate Dean. Panola College will ensure that adjunct instruction and full-time instruction are equivalent in regard to material taught and achievement of student outcomes.

All adjunct instructors must adhere to the following procedures:

1. Adjunct instructors must follow syllabi as outlined by individual departments.
2. Adjunct instructors will promote student learning in accordance with the goals established by departmental faculty for the course and outlined in the syllabus.

3. Adjunct instructors must use approved textbooks and/or materials adopted by Panola College full-time faculty and listed in the departmental syllabus.
4. Grading will be according to departmental standards and letter grades will be awarded for credit earned.
5. Adjunct instructors are expected to engage in specific assessment activities that provide documentation of student learning outcomes as outlined by Panola College. Instructors should be prepared to produce samples of student work including final exams upon request.
6. All courses will meet the contact hours required by the Texas Higher Education Coordinating Board. Therefore, dismissal of classes and early release (except in emergency) are in violation of the contract between the dual credit instructor, the College, and the Texas Higher Education Coordinating Board.
7. Adjunct instructors will maintain attendance records and assign each student a letter grade at mid-semester (only D and Fs must be reported) and at the end of the semester. Instructors will post all final grades and last day of attendance (for students failing the course) electronically in Panola College's grade entry system.
8. Adjunct instructors will send electronic attendance and grade sheets to his or her respective Dean at the end of the semester.
9. Adjunct faculty are required to participate in orientation and be enrolled in the Faculty Resources Course upon hire.
10. Adjunct instructors teaching online or hybrid courses must use Panola College's Learning Management System (LMS).

### **CHEATING AND PLAGIARISM**

The instructor should resolve incidents of cheating or plagiarism. Instructors should take precautions against cheating and plagiarism by clearly stating guidelines in the syllabus and by carefully proctoring examinations. Plagiarism should be treated as severely as an incident of cheating.

The instructor has the authority to deal with a cheating incident directly and may use his or her discretion. Penalties may include (but are not limited to) a failing grade on an assignment, a failing grade in the course, dismissal from a program, or suspension from the college. The instructor is encouraged to discuss the incident with his or her immediate supervisor prior to assessing the penalty. If the instructor elects to assess a penalty, a written report should outline the incident citing proof of the charge and documentation must be sent to the appropriate Dean. Caution: Instructors must never accuse a student of cheating or plagiarism unless there is firsthand proof of the infraction.

All scholastic dishonesty actions shall first be considered and reviewed by the faculty member. If the student does not accept the decision of the faculty member, he or she may follow the appeal procedures outlined in [The Pathfinder](#) (student handbook) and also in this document. If the student denies the charges against him or her and pursues the appeal process, he or she

shall not be suspended from class or from the college before receiving substantive and procedural due process. Due to safety concerns students may only be allowed to observe in clinical experiences.

### **CHILDREN ON CAMPUS**

Panola College occasionally offers classes and activities for children. At all other times children may not remain unattended on campus, nor may children attend classes.

### **CLASS ASSIGNMENTS**

Faculty members are subject to assignment to both face-to-face classes (day, evening, on campus, or off campus) and/or online classes.

### **COMMITTEE ASSIGNMENTS**

Faculty members may be assigned to various committees. Committee assignments are considered to be an integral part of the instructor's workload and a professional responsibility. No reduction is made in teaching load for committee assignments.

### **COUNSELING STUDENTS**

Counseling can benefit students in need of guidance due to class performance, disability, workload, irregular attendance, time management and/or other reasons that may warrant the need for assistance to improve their academic success. Students dealing with emotional, personal or behavioral issues may benefit from personal counseling and could be referred to a licensed professional counselor. Faculty may refer students to the Student Success Center located in the Charles C. Matthews Student Center for counseling options.

### **COURSE DEVELOPMENT**

Full-time faculty members are responsible for the integrity of their programs by staying current with state and national curriculum changes and making adjustments in a timely manner. These responsibilities include revising courses, developing new courses, revising syllabi, and assisting with revision of the core curriculum.

The Curriculum & Instruction Committee will approve any addition or deletion to the curriculum. The committee also must approve any new program, degree or certificate, or core curricula addition/revision to be offered by the College, confirming that the change supports the mission of the College.

The Virtual College of Texas (VCT) course schedule is available each semester to provide courses not offered online by Panola College. Requests for enrollment should be submitted to the VCT Coordinator in the Distance & Digital Learning Department. Enrollment must be approved by the appropriate Dean after review of course materials to assess equivalency with Panola College course requirements.

### **COURSE SYLLABI**

All instructors must use the departmental syllabus for each course taught and competencies for each course must be stressed. Syllabi are reviewed and updated each year and are approved by the appropriate Chair or Dean. Assignments should be planned so that students with average

capacity, adequate prerequisites, and good study habits may complete the preparation in the allotted time. Approved departmental syllabi for each course can be found online. All faculty will assist in developing course syllabi with appropriate outcomes and will also participate in assessment activities necessary to evaluate student success. Faculty will also develop strategies to improve outcomes upon assessment results.

## **CREDENTIALS**

Faculty teaching academic transfer courses are required to have a master's degree and 18 graduate hours in the field of teaching or an Interdisciplinary master's degree that includes graduate hours in multiple disciplines for which an accredited university has certified master's status for all parts of the academic degree combination. Faculty teaching preparatory studies (developmental/remedial courses) are required to have a bachelor's degree in the discipline related to the teaching assignment and either teaching experience in a related discipline or graduate training in remedial education.

Technical studies/degree faculty must have a degree at least equivalent to the level at which they teach, and industry verified experience and training/certification that demonstrate their expertise in the discipline or field in which they teach.

All health science instructors (Associate Degree Nursing, Vocational Nursing, Occupational Therapy Assistant, Emergency Medical Services, Health Information Technology, Medical Laboratory Technician, and Medical Assisting) must have the certification for teaching required by their respective state/national boards.

The Hiring Practices and Employment Procedures Guide includes the credential requirements as listed above. This guide also includes procedures that ensure credentials presented by the candidate for employment are official, evaluated by Human Resources based on SACSCOC and Panola College requirements, and are ultimately evaluated, verified, and approved by the Vice President of Instruction.

The Kinesiology department will use the rubric on the next page when identifying qualified faculty.

### **DEFINITION OF FACULTY TITLES**

**Full-Time Faculty** - A full-time faculty member is defined as one having a 9-, 10-, 11-, or 12-month contract that includes a 30 semester credit hour courseload and/or a 35-hour workweek.

**Part-Time Faculty** – A part-time faculty member is defined as an adjunct faculty member meeting the same qualifications as a full-time faculty member but teaching a maximum of 9 semester credits per long semester.

Faculty members are classified by two titles, Instructor and Professor. These titles have significance in regard to the faculty member's credentials. The following explanation identifies the title structure:

“Instructor” are those faculty who have earned a minimum of a Certificate, an Associate’s degree, or Bachelor degree. “Professor” are faculty who have earned a minimum of a Master’s degree or a Doctoral degree.

“Adjunct” are part-time faculty with required credentials who may provide instruction in either didactic or clinical settings as needed per semester based on student enrollments.

### **DUAL CREDIT COURSES – FACULTY SELECTION, SUPERVISION, AND EVALUATION**

Panola College will select instructors of dual credit courses. Instructors are employees of Panola College and may be full-time or adjunct. All academic instructors must have a Master’s degree in the field or a Master’s degree and 18 hours in the field. Technical instructors must meet the criteria for faculty required by Panola College. Panola College will supervise and evaluate instructors for courses which result in awarding dual credit using the same or comparable procedures used for faculty at the main campus. Instructors are evaluated yearly by classroom observation by the appropriate Chair, Dean, or designee. Panola College will ensure that dual credit courses and their corresponding course offerings at the main campus are equivalent.

In addition to requirements from the ISD, all dual credit instructors must adhere to the following procedures:

1. All dual credit instructors must follow syllabi as outlined by individual departments.
2. Dual credit instructors must use approved textbooks and/or materials adopted by Panola College full-time faculty and listed in the departmental syllabus.
3. Grading will be according to the departmental syllabus and letter grades will be awarded for credit earned.
4. Dual credit instructors are expected to engage in established assessment activities that provide documentation of student learning outcomes.
5. All courses will meet the contact hours required by the Texas Higher Education Coordinating Board. Therefore, dismissal of classes and early release (except in emergency) are in violation of the contract between the dual credit instructor, the College, and the Texas Higher Education Coordinating Board.
6. Dual credit instructors will maintain attendance records and assign each student a letter grade at mid-semester (only D and Fs must be reported) and at the end of the semester. Instructors will post all final grades and last day of attendance (for students failing the course) electronically in Panola College’s grade entry system.
7. Dual credit instructors will send electronic attendance and grade reports to his or her respective Dean at the end of the semester.
8. Dual credit instructors teaching online or hybrid courses must use Panola College’s Learning Management System.
9. Dual credit instructors must participate in adjunct orientation once per year and be enrolled in the Faculty Resources Course.

For the correlation between college English classes and TEKS requirements, dual credit English instructors should see Appendix E.

## EVALUATION OF INSTRUCTION

Evaluation of instruction is used to assess strengths and weaknesses of faculty members in the classroom. In addition, evaluation of instruction is one determinant used for renewal of contracts. Faculty members can expect an evaluation of professional performance on four elements (adjunct instructors only receive the first two evaluations).

1. **Student Evaluation of Instruction** – The instructor’s Chair or Dean will select one or two classes to be evaluated by students. The online surveys will be distributed each fall and spring (half of the faculty each semester) and returned to the appropriate supervisor. Each instructor will receive an analysis of the student responses along with student comments. Faculty members are required to respond in writing to the student evaluations (see [Response to Faculty Evaluation](#) form).
2. **Chair’s or Dean’s Observation of Instruction** – Each instructor will be observed by his or her Chair, Dean, or designee at any time with or without notice (see the [Classroom Instructional Evaluation](#) form online).
3. **Professional Development Plan** – Faculty members are required to examine their performance in writing and plan activities to promote professional development in their instructor role (see [Faculty Professional Development Summary](#)).
4. **Portfolio of Professional Development** – Each instructor will maintain a portfolio of professional development activities and will evaluate those experiences in writing (see [Faculty Professional Development Summary](#)).

All evaluation and portfolio documents for each instructor will be collected by the Chair and submitted to administration. The Chair will verify completion of the four evaluation elements for each faculty member.

Satisfactory evaluations consist of the following:

- Mean scores on the student evaluation of instruction are above 3.5.
- The classroom performance appraisal by the appropriate Chair, Dean, or designee is deemed satisfactory or excellent.
- The response to the student evaluation of instruction from the previous semester is complete and taken seriously.

### **Unsatisfactory Evaluation of Faculty**

**LEVEL I:** Chairs are expected to discuss unsatisfactory results of any of the four evaluation elements with a faculty member so he or she will be informed and can demonstrate improvement in subsequent evaluations. Documentation of discussions should be attached to the evaluation (student, classroom, etc.) and be placed in the faculty member’s personnel file.

**LEVEL II:** If evaluations show declining results over time, serious unsatisfactory results in a year, or a critical incident related to faculty responsibilities, the Chair will collect all documentation to present to the appropriate Dean and decide if a Performance Improvement Plan is needed.

The Performance Improvement Plan (PIP) is designed to facilitate constructive discussion between a faculty member and his or her Chair and to clarify the work performance to be improved (see [Performance Improvement Plan](#)).

The Office of Human Resources should review the plan before implementation to ensure consistent and fair treatment of employees across the institution.

- a. The PIP should be completed with specific outcomes
- b. The PIP should be completed with specific dates to review progress

Once signed by the employee and supervisor, the PIP should be filed in the employee's personnel file.

**LEVEL III:** If the PIP is not met, the Chair and Dean should forward the information to the Vice President of Instruction for review. Based on evidence, the VP of Instruction may choose to:

- a. Meet with the Dean and faculty member for additional information.
- b. Provide an additional plan for improvement.
- c. Recommend non-renewal of contract.

## **EXAMINATION POLICY**

The instructor is responsible for the frequency and content of examinations to determine student achievement. On the first day of class, the instructor will distribute a syllabus outlining examination and grading policies for the semester. All examinations with the exception of the final examination are scheduled by the instructor.

Final examinations are scheduled by the institution and published in the final exam schedule on the Panola College website. Changes to the published examination schedule are not permitted unless first approved by the instructor's Department Chair and Dean. An instructor who encounters circumstances that will not allow him or her or a student to adhere to the schedule (medical/health issue, death in the family, etc.) may request a change in the time and/or location of the final exam. To approve a student's request for exam change, an instructor will sign the [Student Request to Change Final Exam](#) form and send a copy to his or her Department Chair who will submit the form to the appropriate Dean for approval.

Instructors are encouraged to complete final exams for online classes by the end of the third day of final exams.

Instructors are cautioned about posting examination results or grades, being certain not to use names or social security numbers. The best policy is to inform students of their course standing privately and/or through the Learning Management System.

## **FACE COVERING POLICIES AND PROCEDURES**

See [page 14](#).

## **GRADE BOOKS AND ATTENDANCE RECORDS**

The following guidelines must be followed for grade books:

1. Gradebooks will be maintained electronically in the current Learning Management System. Grades and attendance records for each class taught will be submitted in an electronic format to the appropriate Dean at the end of the semester.
2. All grade records for each semester must be maintained in a separate electronic file. The document and filename should clearly indicate the semester and year.

3. The full title and the number of the course being taught should be listed at the beginning of each section of the record.
4. The following must be recorded:
  - a. Attendance - Record absences and official withdrawals or drops with date—for online courses, record the last day the student participated in the course.
  - b. Grades - Identify all graded assignments and exams that comprise the course grade. Record and identify final exam grades and final average for the course. Indicate the method by which the grade was obtained.

## **GRADE CHANGES**

An instructor has fifteen (15) business days to change a grade submitted in error. The grade must be changed in the Student Success Center using the appropriate form.

## **GRADE REPORTS**

Official grades are posted through links on the College's website. (Contact Information Technology personnel for training in grade reporting online.) No grades may be processed until all grades are turned in by instructors. Grades for a particular section should be turned in to the Admissions/Records Office no later than 24 hours after the final examination is given. **This deadline must be met.** See [Appendix B](#).

The instructor will report mid-term grades through CampusConnect. An adequate number of assignments must be reviewed by the instructor to effectively assess performance. (Contact Information Technology personnel for training in grade reporting online.)

The instructor will make mid-semester grades available to all students in a timely manner so that students can make decisions as to whether or not to drop a course before the deadline.

## **GRADES**

Each faculty member is expected to maintain a defined evaluation procedure, which is included in the syllabus. Examination papers and assignments should be returned to students in a timely manner. Departmental guidelines should provide some consistency of grading within a discipline and should be reflected in each course syllabus. Grade determination and weighting must be included in the syllabus.

Each instructor must submit proper grade reports online for those students who are officially enrolled. These grades must be reported in accordance with the schedule established by the Admissions/Records Office. Grades remain as recorded and may be changed only by the instructor.

## **GRADING SYSTEM**

Instructors may use a variety of grading methods as long as each teacher's system is based on sound and fair academic procedure and procedures adopted by the department. Letter grades should indicate the following levels of achievement:

A – Excellent work  
B – Above average work  
C – Average work  
D – Passing (not always transferable)  
F – Failure

I – Incomplete  
P – Pass (0 grade points)  
W – Withdrawn

## **GRANT WRITING AND NOTIFICATION**

Grants are an important source of outside revenue for Panola College and faculty are encouraged to seek grants that match program needs. If you decide you want to write a grant to enhance your program, locate a Request for Proposal (RFP) that matches your needs. Complete the [Grant Notification Form](#) (see online) and obtain all signatures required before you begin to write. The form should be submitted through a chain of command that includes your immediate supervisor, the Vice President of Fiscal Services, the Vice President of Instruction, and the College President for final approval. This procedure prevents duplication of effort and insures that all involved are informed about the grant. Stipends will not be allowed unless the work involved extends a person's contract. After obtaining the signatures, you may begin to officially write the grant. In most cases, grant proposals must be signed by the President before being sent to the funding agency. Allow enough time for him or her to read the proposal before signing. If there is a rush deadline, call the President's office in advance of seeking a final signature.

## **INCLEMENT WEATHER POLICY**

Panola College has scheduled its instructional program to comply with the Common Calendar of the Texas Higher Education Coordinating Board, as well as to meet instructional requirements for awarding credit hours earned. College instructors are obligated to meet all scheduled classes. If severe weather makes it necessary to cancel classes, the College Administration will notify students through emails, text messages, local television, and radio stations. If the College cancels classes, then all work is delayed until the next class meeting or until a date determined by the instructor. If a student is in an area which experiences severe weather and the College has not officially closed, it is that student's responsibility to decide whether or not to attend class. The student must then contact the instructor for information concerning make-up of work missed.

## **INCOMPLETE GRADES**

An incomplete grade may be given in special circumstances and with the approval of the appropriate Dean. The instructor should contact his or her Dean about incompletes prior to recording them. The grade of "I" should be assigned only when the student and instructor have made definite arrangements for completing the course work within six weeks.

The reason for awarding the "I" should be documented as serious illness, accident, military duty required, or death of an immediate family member. Do not award an incomplete grade because of habitual absenteeism, failure to complete assignments, or missed examinations.

The student must complete work within six weeks after the end of the semester in which the grade was issued or receive an “F” for the course.

Faculty should see the registrar to change a grade from incomplete to a letter grade after completing the work.

### **INSTITUTIONAL EFFECTIVENESS (IE)**

Panola College is guided by the philosophy of establishing "instructional excellence" and one of the ways excellence is measured at all levels is through the institutional effectiveness (IE) process. Any unit dealing with academic transfer coursework, vocational/technical training, continuing education, and developmental or remedial education along with all institutional support services are required to participate in the IE process.

Each unit develops goals for the coming year. The IE plan (which includes Unit Goals, Objectives, Actions, and plans for evaluation) is submitted prior to the beginning of the year and is integrated into the budgeting process. Academic and technical units are required to have Student Learning Outcomes (SLOs), also known as graduate assessments, or a capstone course either as part of or as a separate document from the IE plan.

Data related to the goals, objectives, and actions is collected throughout the academic year. At the end of the academic year, the data is analyzed and reflected upon by each unit and results are used to make programmatic changes within the unit; this is known as “closing the loop.” All faculty members, including adjuncts, are expected to participate in the Institutional Effectiveness process from planning to reflection (including analysis and use of results).

### **INSTRUCTOR ATTENDANCE**

Instructors should meet every scheduled class. No walks shall be given in college classes. Instructors must appear in their classrooms early enough to make certain that the classroom environment is orderly and comfortable. Every class session should begin promptly and meet the scheduled length of time. Each teacher should use his or her professional judgment, but dismissing a class early after a short examination violates the school’s obligation to the students.

Emergencies will arise which occasionally necessitate an instructor’s absence. Additionally, instructors may need to be absent in the course of other professional duties. When a class session must be missed, notify the appropriate Dean or the office of the Vice President of Instruction as far in advance as possible (after normal business hours, contact Campus Police).

In emergency situations, no plans can be formulated, but in other cases make provision for alternate instructional activities. For long periods of absence due to illness, consult your Dean.

### **INTELLECTUAL PROPERTY**

The College encourages its employees to contribute to the advancement of knowledge by publishing and copyrighting, inventing, and patenting materials and objects of their own creation.

As an agent of the College District, an employee shall not have rights to work he or she creates on College District time or using College District technology resources. The College District shall

own any work or work product created by a College District employee in the course and scope of his or her employment, including the right to obtain copyrights.

If the employee obtains a patent for such work, the employee shall grant a non-exclusive, non-transferable, perpetual, royalty-free, College District-wide license to the College District for use of the patented work. A College District employee shall own any work or work product produced on his or her own time, away from his or her job and with personal equipment and materials, including the right to obtain patents or copyrights. ([CT LOCAL](#))

## **OFFICE HOURS**

Full-time instructors are expected to be on duty a minimum of 35 hours per week including class time and are required to schedule and keep a minimum of 8 office hours per week to meet with students. Individual hours will vary depending on the teacher's assignment, but faculty should attempt to allocate office hours throughout the week in order to be available to students.

Individuals who teach evening or off-campus classes as a part of their regular loads will schedule compensatory time. Time required for overload assignments for which an instructor receives an additional stipend is in addition to the required minimum time.

A weekly instructional schedule with office hours included should be submitted to the appropriate Dean, posted on the faculty member's office door, and announced to the instructor's students at the beginning of each semester. The schedule on the door may reflect only the office hours available to students.

Instructors who must be absent during class time or office hours must notify the appropriate Dean using the [Personal Leave of Absence Report](#) (see online form).

Faculty members who teach online and hybrid courses may use an off-campus computer to meet with students during virtual office hours. Instructors are allowed to schedule two hours per Internet course and one hour per hybrid course taught in their regular load (not to exceed four hours) as virtual office hours. The virtual time to work will be deducted from the 35-hour total required per week. Virtual hours must be noted on the faculty member's office hours schedule and submitted to the appropriate Dean at the beginning of each semester. Online instructors should make reasonable accommodations to address students' learning needs (e.g., face-to-face meetings, referrals to someone on campus, virtual meetings online, etc.).

## **PROFESSIONAL DEVELOPMENT**

Instructors are expected to acquire additional study in their field of instruction. Each instructor will detail plans for professional development on the Professional Development Plan at the beginning of each academic year to be approved by the appropriate Dean. Instructors are expected to maintain membership in professional organizations, attend conferences, and attend professional meetings as often as possible given their schedules and budgetary constraints. Additionally, instructors should attend and participate actively in campus professional development activities.

### **OPTION 1: Professional Development**

A minimum of 10 hours of professional development per year (or a total of 20 hours every two years for licensees) will be expected for each instructor to meet the professional development guidelines. Other types of professional development to meet the requirement should be discussed with the instructor's Dean. A portfolio of all professional development activities will be maintained each year along with an analysis of those experiences. Individuals who must meet requirements of additional, specific accrediting agencies must satisfy recertification requirements, and place documentation in the portfolio.

### **OPTION 2: Graduate Education**

Panola College's pay schedule provides incentive for graduate education beyond the master's degree. Individuals who earn at least three graduate hours every three years also meet the professional development requirement. In order to apply course work to salary schedule increments, instructors must seek approval from the appropriate Dean and complete required paperwork before enrolling in the class.

With the approval of the Vice President of Instruction and the College President, foreign travel may fulfill the requirements of three semester hours of course work if the instructor has 30 graduate hours beyond the masters or if an agreement is reached because the travel relates to the employee's teaching assignment.

### **OPTION 3: Certification**

Panola College recognizes that certain certifications are equivalent to graduate education. These discipline-specific certifications may qualify for professional development with prior approval from the instructor's Dean and the Vice President of Instruction. The certification must be of national stature and recognized by a national organization.

### **OVERLOAD PAY**

An overload is a teaching load in excess of that considered a full teaching load. Overload pay for instruction beyond a designated full load assignment will be computed as follows:

- a. A face-to-face class will have a minimum of 12 students.
- b. An online class will have a minimum of 12 students and will not exceed 65 students.
  - i. When a class reaches 45 students, the instructor will receive  $\frac{1}{2}$  overload pay.
  - ii. When a class reaches 60 students, the instructor will receive double overload pay.
- c. Low enrollment classes (allowed so students can complete their program or certificate) will be compensated as follows:
  - i. When a class has 1-4 students, the instructor will receive  $\frac{1}{3}$  overload pay.
  - ii. When a class has 5-8 students, the instructor will receive  $\frac{2}{3}$  overload pay.
  - iii. When a class has 9-12 students, the instructor will receive full overload payDetermination of offering will be based on evaluation of student need and institutional benefit.
- d. A full-time faculty member will
  - i. Teach 5 classes.
  - ii. Be allowed up to 2 extra classes as overloads.
  - iii. Be allowed more than 7 classes in an emergency with approval by the Vice President of Instruction.

- e. Kinesiology faculty will teach the same load as full-time faculty with these exceptions:
  - i. Head Coaches will teach 4 classes
  - ii. Athletic Trainer will teach 3 classes
  - iii. Rodeo Coach will teach 3 classes
- f. A department chair will
  - i. Teach 4 classes.
  - ii. Be allowed 1 extra class as an overload
  - iii. Be allowed more than 5 classes in an emergency with approval by the VP of Instruction.
- g. Payment per course overload/adjunct will be paid by course or contact hour depending on program or accrediting body requirements.
  - i. 3-hour lectures – full load
  - ii. Labs (Math, Computer, Business, Education, and Spanish) – 1/2 load
  - iii. Labs (Science & Health Science) – 2/3 load
  - iv. Clinicals – paid by contact hour based on current overload rate

Full-time instructors will be given priority consideration for assignments.

### **RECRUITMENT AND APPOINTMENT OF FACULTY**

When a vacancy occurs in the faculty, the Vice President of Instruction notifies the Human Resources office and a Notice of Vacancy is created and signed by both the Vice President of Instruction and the College President. A Notice of Vacancy is posted on the employment board and the College website.

Candidates apply for the position by requesting and completing an application, submitting a resume, and providing transcripts of college work.

A committee composed of faculty members and an administrator will be formed. The Vice President of Instruction or designee will serve as chair.

The committee reviews the applications which are on file in the Human Resources office, selecting those candidates which appear best qualified to undergo the interview process. The committee interviews qualified candidates, ranking them on the Screening Committee Interview Form. After the interviews are complete, the committee assesses the candidates and makes a recommendation to the Vice President of Instruction.

The Vice President of Instruction reports the assessment of candidates to the President.

### **SERVICE AWARDS**

Faculty members will be recognized for service to the college at the retirement ceremony held during the spring semester. Awards are presented to individuals who meet the following requirements.

Individuals are recognized for 10, 15, 20, 25, and 30 years of service.

## **STUDENT ATTENDANCE**

Course attendance policies are developed by each department and must appear in the course syllabus. Regular and punctual attendance at classes and laboratories is expected of all students.

When a student has been ill or absent from class for approved extracurricular activities, he or she should be allowed, as far as possible, to make up the work missed. When an instructor feels that a student has been absent to such a degree as to invalidate the learning experience (generally 10% of the class meetings), the instructor may recommend to the appropriate Dean the student be dropped from the course.

Students are responsible for seeing that they are officially withdrawn from class.

In accordance with Section 51.911, Texas Education Code, Panola College shall allow a student, who is absent from class in observance of a religious holy day, to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence. By the end of the second week of class, the student must notify his or her instructors of the student's intent to be absent for religious holy days that occur in the semester.

## **TEACHING LOADS**

No policy can be formulated that will equate individual workloads and eliminate judgment decisions. An individual's teaching load will be determined based upon the following guidelines. Exceptions may arise.

- The instructional Deans recommend teaching assignments to the Vice President of Instruction for approval. The Vice President of Instruction is responsible for assigning teaching loads, and with the advice of the President, for adjusting teaching loads because of atypical situations.
- Teaching loads shall normally consist of 15 semester credit hours per week in a long semester.
- Additional duties may be assigned in lieu of an instructor failing to fulfill load requirements.

If a class size does not meet Panola College requirements, teacher stipends may be prorated by the instructional Dean and recommended to the Vice President of Instruction.

## **TOBACCO USE**

The College District is a tobacco-free institution committed to providing its students and employees a safe and healthy environment. The use of all tobacco products and any electronic smoking or vapor emitting device shall be prohibited on all property owned or operated by the College District. This shall include building, grounds, sidewalks, and streets. This policy shall also apply to vehicles owned or operated by the College District. ([GDA LOCAL](#))

## APPENDIX B - GUIDELINES FOR ADMISSION/RECORDS OFFICE

---

### SCHOOL CALENDAR

The official college calendar can be found at the Calendar and Info link and in the *Panola College Catalog* located on the college's website. Refer to the calendar for information concerning registration, schedule changes, official reporting dates, refund periods, final exam days, etc.

### FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

By virtue of employment at Panola College, you may have access to records which contain certain individually identifiable information, the disclosure of which is prohibited by the *Family Educational Rights and Privacy Act of 1974*. Intentional disclosure of this information to any unauthorized person could subject you to criminal and civil penalties imposed by the law. Willful or unauthorized disclosure also violates Panola College policy and could constitute just cause for disciplinary action including termination of employment regardless of whether criminal or civil penalties are imposed.

### CLASS ROSTERS, CERTIFIED ROLLS, GRADE SHEETS

Each professor will keep an accurate grade book reflecting dates of absences, grades assigned, date and grade at time of withdrawal--everything necessary to reflect an accurate picture of each student's performance from the initial day of registration. Grade books, certified rolls, grade sheets, etc., may be used by the state auditor if an audit occurs. It is very important that instructions be followed exactly and that reports be turned in to Admissions/Records Office on the dates indicated. Note: During the summer sessions the **fourth** class day corresponds to the twelfth class day of the fall and spring semesters.

#### 1. Class Roster and Drop/Adds Prior to 12th Class Day

- a. Class rosters may be viewed online at any time after registration begins. Faculty may be set up to use the campus online services for viewing rosters and entering grades by contacting the college's Information Technology department. Off-campus site Directors and Department Chairs should make sure that all new and adjunct professors are set-up to use the College's online system.
- b. A student who registers late or adds a class will use the student statement/schedule for an admit slip. The online roster is updated automatically.
- c. After late registration and schedule changes have been completed, faculty should carefully check their online rosters for non-attendance and correctness. Faculty should report students not attending class by email to Admissions/Records ([admissions@panola.edu](mailto:admissions@panola.edu)).
- d. After the schedule change period, students can drop a class or withdraw from school completely, but no adds are permitted except in special circumstances approved by the Vice Presidents or Deans.
- e. Professors with classes that require lecture and lab should check their rolls carefully to make sure that students are registered for both lecture and lab.

## **2. Certified Class Roll as of 12<sup>th</sup> Class Day**

- a. At the end of the 12th class day instructors will receive notification to do a final check of their class enrollments via Faculty Access. The census day class roll should include the name of every student who signed up for the class and did not officially withdraw prior to the 12th class day. This roll is an official document certifying that each student has been accounted for by the instructor. After all problems have been resolved, instructors should submit the rosters as certified. The certified roll allows faculty to mark students who are not attending class or who have not logged in or participated in an online class.
- b. Rosters should be certified and submitted by the indicated deadline.

## **3. Withdrawal After the 12<sup>th</sup> Class Day**

- a. If a student wishes to withdraw from a class after the 12<sup>th</sup> class day, the student must come to Admissions/Records and fill out a drop form.
- b. The student is then instructed to take the form to his or her professor, financial aid (if applicable), and a counselor for signatures.
- c. After all signatures have been received, the student returns the form to Admissions/Records for final processing. The student is not withdrawn from the class unless the form is returned to the Admissions/Records Office.
- d. After processing, professors, financial aid, directors, and scholarship grantors are notified by email of student withdrawal.
- e. At that time the instructor should note a "W" in his or her grade book and that date of withdrawal.
- f. Students withdrawing completely from school will not be sent to their professors for signatures, but the professors will be notified of the withdrawal so the "W" and date of withdrawal can be entered in their grade books.

## **4. Absentee Reports**

- a. Classifying excused and unexcused absences is the responsibility of the professor. The absentee policy should be explained very clearly at the beginning of the semester.
- b. When the professor wishes to warn a student concerning excessive absences, an ABSENCE REPORT should be completed and returned to the Admissions/Records Office for mailing.

## **5. Mid-Semester Grades**

- a. Professors will provide notification to those students who have a grade of "D" or "F" at mid-semester. Mid-term grades are entered through the College's online grading system.
- b. Professors will make mid-semester grades available to all students. Procedures to be used will be provided by the instructional Dean. Only mid-semester grades of "D" or "F" will be entered into the online system for distribution to students.

## **6. Final Grades**

- a. Prior to final exams, Admissions/Records will send professors information and dates for final grade submission. Professors should adhere to the "Grades Due Schedule" in order that grade processing can be completed in a timely manner.

- b. Professors will enter grades through the College's online system. Electronic grade sheets are considered official documents and are placed on permanent file.
- c. Record letter grades on the electronic grade sheet. Answer "YES" when submitting final grades.
- d. If an error is made in recording a grade, the instructor should come to the Admissions/Records Office and make the change on the printed grade sheet.

**7. Incomplete Grades**

- a. The grade of "I" should be assigned only when the student and instructor have made definite arrangements for completing the course work within a reasonable time frame. The instructional Dean must grant permission for faculty members to assign an "I".
- b. The student must complete work within 6 weeks after the end of the semester in which the grade was issued or receive an "F" for the course.

**8. Changing Grades**

- a. A grade recorded in the Admissions/Records Office may be changed only by the instructor of the course, and only upon written acknowledgment by the instructor that an error was made in calculating the incorrect grade.
- b. The grade change form will be used by the instructor for making a grade change.
- c. A grade may not be challenged or changed after one year has elapsed since the grade was recorded.

**9. Auditing**

- a. An application for audit may be requested in the Admissions/Records Office only after regular registration and on a space available basis. Tuition and fees are the same as those charged to a student enrolled in the course.
- b. An audit "add" for persons auditing will be sent to the instructor; however, the name will not be entered on the class or registration records.
- c. Physical education activity classes and applied music classes may not be audited.
- d. Faculty scholarships may not be used for classes being audited.

**GRADE REPORTS**

Panola College no longer mails grade reports. Students should access their grades through the college's online system (revised 5/12/2010).

## APPENDIX C - INSTRUCTOR JOB DUTIES AND RESPONSIBILITIES

---

No job description can specify every professional responsibility of the faculty member. When an individual accepts a full-time teaching assignment, he or she assumes the responsibility of meeting the needs of students and of actively assisting the College as it strives to fulfill its goals and objectives. These responsibilities may therefore require the faculty member to undertake professional duties not specifically mentioned in the job description. The faculty member may be asked to do the following:

- Provide quality instruction aimed at achieving the specific goals and objectives stated in the syllabi of the assigned courses.
- Create a wholesome, meaningful environment for learning in the classroom.
- Use an official Panola College syllabus for each course taught.
- Advise students on their progress.
- Aid in planning instructional programs and policies.
- Revise courses keeping them up-to-date with state and national curriculum changes.
- Develop new courses.
- Revise syllabi.
- Assist in revision of the core curriculum.
- Be on time for class and promptly notify the appropriate administrator in case of absence.
