# **INTRODUCTORY SECTION**

903.693.2000 • panola.edu 1109 West Panola • Carthage, Texas 75633

November 21, 2017

To the taxpayers of Panola County and the citizens of the Panola College service area:

We are pleased to present the following comprehensive annual financial report (CAFR) for the Panola County Junior College District (Panola College) for the fiscal year ended August 31, 2017. The CAFR has been prepared in conformance with the financial reporting standards applicable to government entities set forth by the Governmental Accounting Standards Board (GASB) in its authoritative pronouncements, as well as the financial reporting requirements of the Government Finance Officers Association (GFOA). The report complies with the requirements of Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges as set forth by the Texas Higher Education Coordinating Board (THECB).

The College is required to undergo an annual single audit if expenditures of federal or state awards exceed \$750,000. This is in conformity with the provisions of the Single Audit Act as amended in 1996 and Title 2 U.S. Code of Federal Regulations Part 200, <u>Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards</u>, and the <u>State of Texas Single Audit Circular</u>. Information related to this single audit, including the schedules of expenditures of federal and state awards and auditor's reports on compliance and on the internal control over compliance with applicable laws, regulations and grant agreements are included in this report.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation of this report, including all disclosures, rests with the management of Panola College. To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the College. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities have been included.

The administration of the College is responsible for establishing and maintaining internal control over financial reporting designed to provide reasonable, but not absolute, assurance that the assets of the College are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The concept of reasonable assurance recognizes that the cost of controls should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by administration.

The independent accounting firm of Alexander, Lankford & Hiers, Inc. conducted the audit of the financial statements and related notes in conformance with generally accepted auditing standards, Government Auditing Standards issued by the Comptroller General of the United States, and state statutes. Their report on the MD&A, the basic financial statements, and supplementary schedules are included within the financial section of this report.

GASB Statement No. 34 requires that management provide a narrative introduction, overview and analysis to accompany the Basic Financial Statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is intended to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

Panola College is an equal opportunity institution that provides educational and employment opportunities on the basis of merit and without discrimination because of race, color, religion, sex, age, national origin, veteran status, disability or genetic information.

#### **COLLEGE PROFILE**

Panola County Junior College District was established as a public junior college in an election held in Panola County, Texas, in 1947. The District operates as a junior college district under the laws of the State of Texas. An elected, seven-member Board of Trustees governs the District.

The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

Panola College's campus is located in the city of Carthage, Panola County, Texas. Classes are offered at alternate sites in Shelby County and Harrison County. Panola College is committed to offering quality educational programs and services for the people of the College's service area at a reasonable cost. The College provides a wide range of programs, including general academic, technical-vocational, student development services, continuing education, and community service.

The Panola College Foundation was created for the sole purpose to support the mission and vision of Panola College and to support its students. The Foundation is controlled by a separate board of directors that are ratified by the Panola College Board of Trustees and is included in the financial statements of the College as an affiliated organization.

#### **BOND ELECTION**

On May 11, 2013 the College conducted a successful bond election in which the voters authorized the issuance of \$35 million of general obligation bonds for the construction of a new science/health science building, a new student life center and the renovation of several existing buildings. Additional funds (from reserves) were approved by the Panola College Board of Trustees to complete the various projects; by the end of fiscal year 2016 all related projects were completed or in the final stages of completion.

#### ECONOMIC CONDITION AND OUTLOOK

Panola College's four county service area borders Louisiana in Northeast Texas. The counties include Panola, Shelby, Marion, and Harrison. The largest cities in the service area are Carthage, Center, Jefferson and Marshall. These cities are also the county seats of their respective counties.

Panola County ranks as one of the leading natural gas producers in Texas and is located in the Cotton Valley Gas Field, which is the second largest natural gas field in the state. Timber, poultry, and cattle production also continue to contribute to the local economy. All of these activities have a positive impact on employment and the county tax base.

Panola College continues to have strong enrollment. Today approximately 2,700 credit students and 400 continuing education students are enrolled in one of 56 programs of study offered through Panola College. This growth has created a need for additional facilities to handle the increased student loads. In addition to the aforementioned bond election, the College constructed a new 64 bed residence hall in fiscal year 2013. The College can now house up to 250 resident students.

Panola College's financial condition remains strong. The largest areas of funding for the College are property taxes, tuition and fees, and state appropriated funds. Although the state appropriated funds have decreased as a percentage of the College's total funding, the overall outlook for the future remains strong due to student growth, strategic leadership and fiscal management. As part of Panola College's long-term financial plan, sufficient reserves are maintained to operate the College for between 3 and 9 months.

Panola College is an equal opportunity institution that provides educational and employment opportunities on the basis of merit and without discrimination because of race, color, religion, sex, age, national origin, veteran status, disability or genetic information.

#### **BUDGETING PROCESS**

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenses for the fiscal year beginning September 1. The annual budget process allocates resources based on the College's strategic, institutional, and long-term financial plans. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the College's Board of Trustees. Activities of the unrestricted current fund, auxiliary enterprises fund, and retirement of indebtedness fund are included in the annual appropriated budget. The College also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end. However, encumbrances are appropriated as part of the next year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the College continues to meet its responsibility for sound financial management.

#### AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (CAFR) for the fiscal year ended August 31, 2016 to Panola College for its comprehensive annual financial report. This was the twenty-second consecutive year that the College has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a College must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### ACKNOWLEDGMENTS

The preparation of the comprehensive annual financial report on a timely basis was made possible by the hard work and diligence of many College employees. Each employee who contributed to this report has our sincere appreciation. We would also like to thank the accounting firm of Alexander, Lankford & Hiers, Inc. for their assistance and timely completion of the audit.

Sincerely,

7m Can

Troy Caserta, MAcc, CPA Vice President of Fiscal Services

Panola College is an equal opportunity institution that provides educational and employment opportunities on the basis of merit and without discrimination because of race, color, religion, sex, age, national origin, veteran status, disability or genetic information.

## INDEPENDENT AUDITOR'S REPORT

Board of Trustees Panola College Carthage, Texas

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Panola College (the College) as of and for the years ended August 31, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

## **INDEPENDENT AUDITOR'S REPORT - CONTINUED**

## **Report on the Financial Statements – Continued**

## Auditor's Responsibility - Continued

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Panola College as of August 31, 2017 and 2016 and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the College's share of the net pension liability, and schedule of College contributions on pages 12 through 17 and 51 through 53 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise Panola College's basic financial statements. The introductory section, supplementary schedules, which include the schedule of expenditures of federal awards and the schedule of expenditures of state awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the *State of Texas Single Audit Circular*, and statistical supplements are presented for purposes of additional analysis, and are not a required part of the basic financial statements.

## **INDEPENDENT AUDITOR'S REPORT - CONTINUED**

## **Report on the Financial Statements – Continued**

### **Other Matters - Continued**

## Other Information - Continued

The supplementary schedules, including the schedule of expenditures of federal awards and the schedule of expenditures of state awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical supplements have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2017 on our consideration of Panola College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting are porting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Panola College's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Panola County Junior College District (College), we offer readers of the College's financial statement this narrative overview and analysis of the financial activities of the College for the year ended August 31, 2017. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found at the front of this report, and the College's financial statements and notes to the financial statements, which follow this section.

#### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the College exceeded its liabilities and deferred inflows of resources at August 31, 2017 by \$41,496,585 (net position). Of this amount, \$15,651,323 (unrestricted net position) may be used to meet the College's ongoing obligations.
- Revenue exceeded expenses by \$3,255,975, or 8.5%, for the current fiscal year end.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the College's basic financial statements. Governmental Accounting Standards Board (GASB) Statement No. 34 first required the implementation of new financial statement reporting standards for the College with the fiscal year ended August 31, 2002. The new standards required the College's financial statements to be prepared using the economic resources measurement focus and the accrual basis of accounting. The basic financial statements include: 1) the *Statement of Net Position*, 2) the *Statement of Revenues, Expenses, and Changes in Net Position*, and 3) the *Statement of Cash Flows*. The notes to the financial statements are an integral part of the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

<u>Statement of Net Position</u>. The Statement of Net Position presents all of the College's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the College is improving or deteriorating.

<u>Statement of Revenues, Expenses, and Changes in Net Position.</u> The Statement of Revenues, Expenses, and Changes in Net Position focuses on both the gross costs and the net costs of College activities, which are supported mainly by state appropriations, federal revenue, ad-valorem taxes, and tuition and fee revenues. This approach is intended to summarize and simplify the user's analysis of costs of various College services to students and the public. The statement presents information for all of the current year's revenues and expenses regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of these statements distinguish the functions of the College as being a "<u>special purpose government en-gaged only in business-type activities</u>" (BTA), as permitted in GASB 35, Par. 43. Business-type activity reporting is a category of "Proprietary" funds referred to as "Enterprise" funds (GASB 34, Par. 66 and 138) and is presented in a single column entity-wide format. Although the College is funded from sources in addition to user charges, the College meets the principal criteria for BTA reporting (GASB 34, Par. 67 & GASB 35 Par. 44).

<u>Statement of Cash Flows</u>. The Statement of Cash Flows is used to account for essentially the same functions reported in the other basic financial statements. However, unlike the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position, the Statement of Cash Flows focuses on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources at the end of the fiscal year.

#### Notes to the financial statements.

The notes to the financial statements provide additional information that is essential to a complete understanding of the data provided in the basic financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

#### Condensed Statements of Net Position as of August 31, 2017, 2016 and 2015

Cash reserves improved for the year, increasing \$2.8M over the previous year's position. Overall the 2016-17 year's activity increases Panola College's net position by \$3,255,975, an increase of 8.5%. The College's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$41,496,585 at August 31, 2017. Assets amounted to \$82,162,955 with investment in capital assets comprising \$52.4M of that total. Capital assets include land, library books, buildings and improvements, vehicles, furniture, and equipment. The College uses these capital assets to provide services to students and, consequently, these assets are not available for future spending. The College's net investment in capital assets is 51.0% of total net position. It should be noted that the capital assets themselves may not be used to liquidate liabilities. Additionally, \$4,647,309 (11.2%) of total net position is externally restricted. The remaining balance of \$15,651,323 represents unrestricted net position that may be used to meet the College's ongoing obligations. Total liabilities amounted to \$41.0M, down 3.7% from the previous year. With the implementation of GASB Statement 68 the College has allocated its proportionate share of the Texas Teacher Retirement System's net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense; decisions regarding these recorded allocations are made by the administrators of the pension plan, not by the College.

Major capital projects completed in the 2016-17 fiscal year include: W.C. Smith Building—renovations; Merle Glass—renovations; Residence halls—floor renovations; and the Shelby Regional Training Center improvement and renovation of welding department.

Operating revenues amounted to \$6,203,019 and non-operating revenues \$24,449,973 for a total of \$30,652,992. Major operating revenues include (net of discounts) \$3,263,471 in tuition and fees, \$1,509,110 in grants and contracts, and \$1,080,428 in auxiliary enterprises. Major non-operating revenues include \$5,916,453 in state appropriations, \$8,451,557 in ad-valorem taxes, and \$9,413,581 in federal revenues.

Operating expenses totaled \$26,398,765 and non-operating expenses were \$998,252 for total expenses of \$27,397,017. Instruction operating expense includes expenditures for all activities that are part of the College's instruction program. These activities include credit and noncredit courses for academic, vocational,

and developmental and tutorial instruction. Public Service includes funds expended for activities that are established primarily to provide non-instructional services beneficial to individuals and groups external to the College. Academic support expenses are used to provide support services for the College's primary missions of instruction, research, and public service. This includes library expenses, academic administration, computer services, and distance learning support. Student services include expenses for offices of records and admissions and student activities. Institutional support includes expenses related to the College's executive management, fiscal operations, personnel management, college development, administrative computing, and general institutional expenses. Operation and maintenance of plant are expenditures for the operation and maintenance of the physical plant. Scholarships and fellowships categorization includes scholarships and fellowships, as well as tuition remissions and exemptions. Auxiliary enterprises include expenditures for the college store, food service, residence halls, and athletic programs.

Please refer to footnote "8—Capital Assets" for additional information.

#### Long-term Debt

The College issued \$2.5 million, 15-year revenue bonds in March 2005. The principal balance at August 31, 2017 was \$620,000. The College issued \$6 million, 10-year revenue bonds in April 2008. The principal balance at August 31, 2017 was \$600,000. In September 2013, the College issued 25-year general obligation bonds of \$9,325,000. The principal balance at August 31, 2017 was \$6,760,000. In September 2014, the College issued 25-year general obligation bonds of \$25,155,000. The principal balance at August 31, 2017 was \$6,760,000. In September 2014, the College issued 25-year general obligation bonds of \$25,155,000. The principal balance at August 31, 2017 was \$22,590,000.

Long-term Liabilities as of August 31, 2017, 2016 and 2015

	2017	Increase (Decrease)	% Change	2016	2015
General obligation bonds	\$ 29,350,000	\$ (885,000)	(2.9%)	\$ 30,235,000	\$ 31,090,000
General obligation bonds premium	625,587	(188,596)	(23.2%)	814,183	1,026,676
Revenue bonds payable	1,220,000	(792,000)	(39.4%)	2,012,000	2,797,000
Total	\$ 31,195,587	\$ (1,865,596)	(5.6%)	\$ 33,061,183	\$ 34,913,676

On May 11, 2013, the College passed a \$35 million bond program to fund the construction of a new science/health science building, a new student life center and to renovate several existing buildings. In September 2013, in order to provide funds for architectural design, site work and other construction activities the College issued initial \$9,325,000 par value General Obligation Bonds, Series 2013. In September 2014, the College issued the final tranche of the authorized bonds in the amount of \$25,155,000. A new science/health science building and a new student life center were completed in time for the fall 2015 semester.

Additional information on the College's long-term debt can be found in footnote 9 of this report.

#### **ECONOMIC FACTORS**

Panola College is committed to excellence in instructional programs, student services, service to the community, and leadership in economic development and cultural enrichment of the area. The Board of Trustees and the citizens of the College district are committed to meeting the needs of our students today and in the future. The College is currently in a building program that will provide facilities to meet the needs of these students for years to come. The College will continue to strive to meet its mission while providing an affordable education for its students. The outlook for Panola College is positive due to its strong leadership, fiscal management and a strong economy in its service area.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, students, stakeholders and creditors with a general overview of the College's finances as well as demonstrate accountability for the funds the College receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Office of the Vice President of Fiscal Services, Panola College, 1109 West Panola, Carthage, Texas 75633.

#### 1. <u>REPORTING ENTITY</u>

Panola College was established in 1947 in accordance with the laws of the State of Texas to serve the educational needs of the Panola College service area. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state and federal sources, and must comply with the spending, reporting and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

#### 2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

#### **Reporting Guidelines**

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges.* The College is reported as a special-purpose government engaged in business-type activities in accordance with GASB Statements 34 and 35.

#### **Tuition Discounting**

#### **Texas Public Education Grants**

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. The amount set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code 56.0333). When the award for tuition is used by the student, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount.

#### Title IV, Higher Education Act (HEA) Program Funds

Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as restricted revenue. When the student is awarded and uses these funds for tuition and fees, the amounts are recorded as revenue and a corresponding amount is recorded as a tuition discount.

#### **Other Tuition Discounts**

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as tuition and fee revenue and a corresponding amount is recorded as a tuition discount.

#### **Basis of Accounting**

The financial statements of the College have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the College's policy is to apply restricted resources first.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either cancelled or appropriately provided for in the subsequent year's budget. Encumbrances outstanding at year-end that are provided for in the subsequent year's budget are reported as unrestricted net position since they do not constitute expenditures or liabilities.

#### **Budgetary Data**

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning.

#### **Cash and Cash Equivalents**

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

#### **Deferred Inflows and Outflows of Resources**

In addition to assets, the statements of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to one or more future periods and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statements of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time.

For the year ended August 31, 2017, the College has items that qualify for reporting as deferred outflows of resources and deferred inflows of resources. The College reports the deferred outflows and inflows related to the TRS net pension liability on the Statement of Net Position. Those items are detailed in TRS Note 14.

#### Investments

Investments are reported at fair value on a recurring basis. Fair values are based on quoted prices (level 1 of the fair value hierarchy). Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Investments in LoneStar Investment Pool are reported at amortized cost (which approximates fair value). (The governing board has designated public funds investment pools comprised of \$931 and \$925 at August 31, 2017 and 2016, respectively, to be short-term investments). Long-term investments have an original maturity of greater than one year at the time of purchase.

#### **Inventories**

Inventories consist of consumable office supplies, physical plant supplies, food service supplies, and bookstore stock. Inventories are valued at lower of cost under the "first-in, first-out" method, or market and are charged to expense as consumed.

#### **Capital Assets**

Capital assets are stated at cost. Donated capital assets are valued at their acquisition value on the date received. Panola College's capitalization policy includes real or personal property with a value equal to or greater than \$5,000 and has an estimated life of greater than 1 year. The College reports depreciation under a single-line item as a business-type unit. Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following lives are used:

Buildings	30 years
Facilities and Other Improvements	10-20 years
Furniture, Machinery, Vehicles and Other Equipment	5-10 years
<b>Telecommunications and Peripheral Equipment</b>	5 years
Library Books	15 years

#### **Collections**

The College does not maintain any capitalized collections for public exhibition, education, or research.

#### **Unearned Revenues**

Tuition, fees, and other revenues received and related to the periods after August 31, 2017 and 2016 have been reported as unearned revenues.

#### **Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Operating Revenues and Expenses and Non-Operating Revenues and Expenses**

The statement of revenues, expenses and changes in net position distinguishes between operating revenues and expenses and non-operating revenues and expenses. For this purpose, operating revenues, such as tuition and fees, result from exchange transactions associated with the principal ongoing operations of the College. Exchange transactions are those in which each party to the transactions receives or gives up essentially equal values. Non-operating revenues arise from exchange transactions not associated with the College's principal activities (such as investment income and state allocations) and from all non-exchange transactions (such as property taxes and Title IV grants). Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Non–operating expenses are comprised of interest on long-term debt and bond issuance costs.

#### Net Position

The College reports its net position in three components. Net investment in capital assets is equal to amounts reported for capital assets net of accumulated depreciation and net of related debt. Restricted net position is reported when assets (net of related debt) can only be used for a specified purpose that is established by grantors, contributors, or laws or regulations governing the College. Unrestricted net position is comprised of all other College assets net of related depreciation and debt that do not meet the definitions of invested in capital assets or restricted.

#### Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined based on the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability: deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, and liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

#### 3. <u>COMPONENT UNIT (AFFILIATED ORGANIZATION)</u>

Governmental Accounting Standards Board (GASB) Statement 39 amends GASB Statement 14 regarding the inclusion of annual financial statements of certain non-profit organizations in the primary government's annual report. The Panola College Foundation (the Foundation) is a non-profit corporation organized under the Texas Non Profit Corporation Act. The Foundation is not a governmental entity. The Foundation is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code. The sole purpose of the Foundation is to strengthen the educational resources of Panola College by encouraging a program of benefactions to the College. Appointments to the board of trustees are ratified by the Panola College board of trustees, and two members of the College's board serve on the Foundation's board. The College discretely presents the financial activity of the Foundation in the College's annual financial report as an affiliated organization. Separate financial statements of the Foundation are normally not issued.

Financial transactions in the form of support from the Foundation to the College for the years ended August 31, 2017 and 2016 amounted to approximately \$103,313 and \$158,497 respectively.

Deposits were fully covered by FDIC insurance at August 31, 2017 and 2016, and consisted of deposits in bank, certificates of deposit and money market funds. Investments in mutual funds and annuities are valued at fair value based on quoted market values (level 1 of the fair value hierarchy) obtained from the various investment brokers. The Foundation's investments in mutual funds are all rated "\*\*\*" or better by Morningstar Rating Services, except for the investment in TPF Balanced Fund which is unrated.

#### 4. <u>AUTHORIZED INVESTMENTS</u>

Panola College is authorized to invest in obligations and instruments as defined in the Public Funds Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. The investments of the College are in compliance with these investment policies.

#### 5. <u>DEPOSITS AND SHORT-TERM INVESTMENTS</u>

During the 2017 and 2016 fiscal years, deposits and investments were comprised of cash on hand, bank demand deposits, bank time deposits, investments with the Lonestar Investment Pool, and mutual funds administered by American Funds Distributors.

Deposits on account with financial institutions were insured by federal depository insurance and collateralized by pledged securities. The pledged securities are held by the depository bank's agent bank in the name of the College. Such securities cannot be released without the express written permission of the Board of Trustees of the College.

The College's temporary investments consist of balances held by Lonestar Investment Pool (Government Overnight Fund) and Lincoln Financial Advisors. The Lonestar Investment Pool is a public fund investment pool created to provide a safe environment for the placement of local government funds in short-term investments. The Government Overnight Fund is regulated by the Securities and Exchange Act and seeks to maintain a net asset value of one dollar, and its dollar weighted average maturity is 60 days or fewer.

Lonestar Investment Pool is administered by First Public. Lonestar Investment Pool has a rating of AAAm by Standard & Poor's.

The fair value of the investment in Lonestar Investment Pool was the same as its carrying value of \$931 and \$925 for the years ending August 31, 2017 and 2016, respectively.

Lincoln Financial Advisors is the broker for the College's investment in five mutual funds within the American Funds Family. Each of the five funds were rated "\*\*\*" or better by Morningstar Rating Services. The fair value of the mutual fund investments was the same as its carrying value of \$316,102 and \$271,536 for the years ending August 31, 2017 and 2016, respectively.

Details of the composition of the deposit balances and categorization as presented in the Statement of Net Position at Exhibit 1 are summarized below:

#### **Composition of Cash, Deposits and Investments**

	August 31, 2017		August 31, 2016		
Cash and Deposits

Total Cash, Deposits and Investments	\$ 24,359,969	\$	21,868,263		

### **Policies Governing Deposits and Investments**

In compliance with the *Public Funds Investment Act*, the College has adopted a deposit and investment policy. Specific policies applicable to deposits and investments of the College and the risks of such are described below.

- a. Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's investment policy does not limit investments based on credit ratings. The credit ratings for the College's investments are indicated in the preceding paragraphs.
- b. Custodial Credit Risk Deposits: This is the risk that, in the event of a bank failure, the College's deposits may not be returned to it. The College's policy with respect to custodial credit risk complies with State law. At August 31, 2017 and 2016, the bank balances of the College's deposits were \$24,344,341 and \$22,001,142, respectively. Of these balances, the amounts covered by FDIC insurance were \$4,023,364 and \$814,655 at August 31, 2017 and 2016, respectively. The remaining balance at August 31, 2017 and 2016 of \$20,320,977 and \$21,186,487, respectively, were entirely covered by pledged collateral held by the pledging financial institution's agent bank in the College's name. Therefore, the College was not exposed to custodial credit risk at August 31, 2017 and 2016.
- c. Concentration of Credit Risk: This is the risk of loss that occurs due to a lack of diversification. The College's investment policy does not limit the amount that may be invested in any one issuer. At August 31, 2017 and 2016, more than five percent of the College's investments, excluding certificates of deposit, were in the following:

Issuer	<u>% of</u>	Investments
Mutual Funds	8/31/17	8/31/16
The Growth Fund of America	17.43%	<u>16.96%</u>
New Perspective Fund	12.63%	12.17%
Capital Income Builder	19.40%	20.72%
Washington Mutual Investors Fund	16.19%	16.32%
American Balanced Fund	34.05%	33.50%

## 6. <u>DERIVATIVES</u>

Derivatives are investment products which may be a security or contract which derives its value from another security, currency, commodity or index, regardless of the source of funds used. Panola College did not invest in any derivative products during the year.

## 7. <u>ENDOWMENTS</u>

The investment policy of the Board of Trustees is reviewed and adopted annually. Within that investment policy, the investment objective for the endowment fund is to preserve the real purchasing power of the principal and to provide a stable source of perpetual financial support to scholarships in accordance with the endowment spending policy. The brokerage firm or other endowment manager is also adopted annually by the Board of Trustees and is required to certify familiarity with and compliance with the Public Funds

Investment Act of the State of Texas and the Investment Policy of the College. Endowment funds are subject to the provisions of the "Uniform Prudent Management of Institutional Funds Act" in Chapter 163 of the Texas Property Code.

Distributions from endowment investments are required to be spent for the purposes for which the endowment was established. Scholarship distributions are made pursuant to the investment policy. For the years ended August 31, 2017 and 2016, endowment interest, dividend earnings, and capital gains totaled \$26,373 and \$18,850 respectively. Gifts to endowments totaled \$78,657 and \$55,081 for the fiscal years ended August 31, 2017 and 2016, respectively. Unrealized gains and losses for the years ended August 31, 2017 and 2016, respectively. Endowment net position is classified as restricted nonexpendable student aid in the Statement of Net Position.

## 8. <u>CAPITAL ASSETS</u>

Capital assets activity for the year ended August 31, 2017 was as follows:

Description	Balance September 1, 2016	Increases	Decreases	Balance August 31, 2017
Capital assets not being				
depreciated:

### **Revenue Bonds Pavable**

The College issues bonds where the College pledges income derived from the acquired or constructed assets to pay debt service.

The College issued \$2,500,000 in revenue bonds in fiscal year 2005 to finance construction of student housing apartment complexes and additional improvements to the physical plant. In accordance with Section 130.123 of the Texas Education Code, the Series 2005 revenue bonds are to be paid by the assessment of a dorm fee to all students occupying residence halls at the College. Such fees assessed are pledged toward repayment of the bonds along with other pledged revenues of the College sufficient for payment of principal and interest on the bonds. The Series 2005 bonds mature in the year ending August 31, 2020. The remaining principal and interest to be paid was \$669,369 and \$893,361 at August 31, 2017 and 2016, respectively. Principal and interest paid during the years ended August 31, 2017 and 2016 was \$223,993 and \$224,282 respectively. Total dorm fee revenue for August 31, 2017 and 2016 was \$1,221,120 and \$1,204,345, respectively.

In fiscal year 2008, the College issued \$6,000,000 in revenue bonds to finance the expansion and renovation of the existing library. In accordance with Section 130.123 of the Texas Education Code, the Series 2008 revenue bonds are to be paid by the collection of a general use fee. Such fees assessed are pledged toward repayment of the bonds along with other pledged revenues of the College sufficient for payment of principal and interest on the bonds. The final maturity of the bonds is in the year ending August 31, 2018. The remaining principal and interest to be paid was \$617,280 and \$1,251,840 at August 31, 2017 and 2016, respectively. Principal and interest paid during the years ended August 31, 2017 and 2016 was \$634,560 and \$651,840 respectively. Total general use fee revenue for August 31, 2017 and 2016 was \$3,081,952 and \$2,845,928 respectively.

Bonds currently outstanding are as follows:

<u>Issue</u>	Purpose	Interest Rates	Amount
Series 2005	Student housing	3.94%	\$ 620,000
Series 2008	Library expansion	2.88%	600,000
tal outstanding	revenue bonds		<u>\$ 1,220,000</u>

Total outstanding revenue bonds

Interest expense on the bonds amounted to \$57,236 and \$81,909 for the years ended August 31, 2017 and 2016, respectively. Accrued interest on the bonds at August 31, 2017 and 2016 amounted to approximately \$15,640 and \$24,957 respectively, and is included in the financial statements.

Annual debt service requirements associated with the revenue bonds are summarized below.

Year	_			2017					2016	
Ending					Total					Total
August 31,	-	Interest	_	Principal	Requirement	_	Interest	_	Principal	 Requirement
2017	\$	-	\$	-	\$ -	\$	66,553	\$	792,000	\$ 858,553
2018		41,708		800,000	841,708		41,708		800,000	841,708
2019		16,548		207,000	223,548		16,548		207,000	223,548
2020	-	8,392	_	213,000	221,392	_	8,392	_	213,000	 221,392
Total	\$	66,648	\$	1,220,000	\$ 1,286,648	\$	133,201	\$	2,012,000	\$ 2,145,201

### **General Obligation Bonds Payable**

General Obligation bonds are authorized by the Board of Trustees and approved by the voters of the College's taxing district and secured by an ad valorem tax rate Interest & Sinking portion to cover the debt service of the bonds.

On September 26, 2013 the College issued \$9,325,000 in general obligation bonds approved by the voters in the May 2013 \$35 million bond election to finance construction and equipping of buildings and the renovation of current buildings. On September 25, 2014 the College issued the remaining \$25,155,000 in general obligation bonds approved by the voters in the May 2013 \$35 million bond election. The bonds were sold in \$5,000 increments with interest rates varying from 2% to 5% and maturity dates from February 15, 2014 to February 15, 2038. A call option can be exercised for maturities after February 15, 2024. The bonds are issued pursuant to the provisions of the Constitution and the laws of the State of Texas.

The remaining principal and interest to be paid is \$42,352,714 and \$44,367,825 at August 31, 2017 and 2016, respectively. Principal and interest paid during the years ended August 31, 2017 and 2016 was \$2,015,612 and \$2,016,888, respectively.

Bonds currently outstanding are as follows:

Issue	Purpose	Interest Rates	<b>Amount</b>
Series 2013	Construction, renovation	2.00-5.00%	\$ 6,760,000
Series 2014	Construction, renovation	2.00-5.00%	22,590,000

Total outstanding general obligation bonds

Interest expense on the bonds amounted to \$1,129,112 and \$1,161,029 for the year ended August 31, 2017 and 2016, respectively. Accrued interest on the bonds at August 31, 2017 and 2016 amounted to approximately \$50,105 and \$51,605 respectively, and is included in the financial statements. Interest capitalized into construction in progress amounted to 860,838 for the year ended August 31, 2016.

\$29.350.000

The original premiums associated with the bonds were \$944,171 and \$367,808 for the Series 2014 and Series 2013, respectively. Amortization amounted to \$188,596 and \$212,493 for the years ended August 31, 2017 and 2016.

Annual debt service requirements associated with the general obligation bonds are summarized below.

Year	_		2017		_		2016	
Ending	_			Total	_			Total
August 31,		Interest	Principal	Requirement		Interest	Principal	Requirement
2017	\$	-	\$ -	\$ -	\$	1,130,112	\$ 885,000	\$ 2,015,112

Interest Receivable		65,485		-	65,485		49,531		-		49,531			
Other Receivables		3,256		-	3,256		3,246		-		3,246			
TOTAL	\$	4,536,942	\$	600,505	\$ 3,936,437	\$	4,187,927	\$	455,954	\$	3,731,973			

#### **Payables**

Payables at August 31, 2017 and 2016 were as follows:

	 2017	 2016
Vendors Payable	\$ 485,597	\$ 675,837
Salaries and Benefits Payable	533,805	456,659
Students Payable	199,640	147,117
Accrued Interest	65,745	76,563
Other Payables	481,600	351,360
TOTAL	\$ 1,766,387	\$ 1,707,536

### 11. CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the AICPA. Contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements.

### 12. <u>PROPERTY TAXES</u>

Property taxes are levied each October 1 in conformity with Subtitle E, Texas Property Tax Code. The levy is based on the assessed value as of the prior January 1 for all real and personal property located in the College's district. The taxes become due January 1 of the following year. A discount of up to 3% is allowed for taxes paid between October 1 and December 31. Taxes become past due February 1 and become delinquent on June 30. A tax lien attaches to property on January 1 of each year to secure the payment of all taxes, penalties, and interest ultimately imposed. Taxes receivable as reflected on the balance sheet are net of an allowance for doubtful accounts. The allowance is based upon historical experience in collecting property taxes.

Taxes levied for current year operations are summarized below:

	 2017		2016
Original tax levy	\$ 8,600,726	\$	9,229,735
Supplemental levy and adjustments	118,839		146,288
Adjusted levy	 8,719,565		9,376,023
Penalty and interest assessments	 134,566	. <u></u>	125,585
Total Levy	\$ 8,584,999	\$	9,250,438

Tax collections for the years ended August 31, 2017 and 2016, including delinquent collections, exceeded 96% of the levy for both years.

A summary of tax data is presented as follows:

### 13. <u>UNEARNED REVENUES</u>

Revenues, primarily consisting of tuition, fees and housing charges, related to academic terms in the next fiscal year are recorded in the statement of net position as unearned revenues in the current fiscal year.

A summary of unearned revenues follows:

		2016		
Tuition and Fees	\$	3,949,169	\$	3,826,217
Housing and Residential Life		668,275		679,040
Other		269,709		293,760
Total	\$	4,887,153	\$	4,799,017

## 14. <u>EMPLOYEE RETIREMENT PLANS</u>

The State of Texas has joint contributory retirement plans for almost all its employees.

### **Teacher Retirement System of Texas (TRS)**

*Plan Description.* Panola College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The TRS pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms. All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

*Pension Plan Fiduciary Net Position.* Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at http://www.trs.texas.gov/TRS%20Documents/cafr\_2016.pdf; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

*Benefits Provided.* TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

*Contributions.* Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution, which requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular

action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 through 2017. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2016 and 2017.

Contribution Rates		
	<u>2016</u>	<u>2017</u>
Member	7.2%	7.7%
Non-Employer Contributing Entity (NECE - State)	6.8%	6.8%
Employers	6.8%	6.8%
College's Employer Contributions	\$257,395	\$274,803
College's Member Contributions	\$484,281	\$545,520
NECE On-behalf Contributions	\$200,303	\$207,293

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to:

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- When a school district or charter school does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the applicable salary.

Actuarial Assumptions. The total pension liability in the August 31, 2016, actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2016
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	8.00%
Long-term expected Investment Rate of Return	8.00%
Inflation	2.50%
<ul> <li>Salary Increases including Inflation</li> </ul>	3.50% to 9.50%
Payroll Growth Rate	2.50%
<ul> <li>Benefit Changes during the Year</li> </ul>	None
Ad Hoc Post-Employment Benefit Changes	None

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2014, and adopted on September 24, 2015.

*Discount Rate.* The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the nonemployer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2016, are summarized below:

### Teacher Retirement System of Texas Asset Allocation and Long-Term Expected Real Rate of Return As of August 31, 2016

	no or mugust.	51, 2010

\*The Expected Contribution to Returns incorporates the volatility drag resulting from the conversion between Arithmetic and Geometric mean returns.

*Discount Rate Sensitivity Analysis.* The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (8%) in measuring the 2015 Net Pension Liability.

	1% Decrease in Discount Rate (7.0%)	Discount Rate (8.0%)	1% Increase in Discount Rate (9.0%)
Panola College's proportionate share of the net pension liability:	\$4,737,885	\$3,061,316	\$1,639,245

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2017, Panola College reported a liability of \$3,061,316 for its proportionate share of the TRS' net pension liability. This liability reflects a reduction for State pension support provided to Panola College. The amount recognized by Panola College as its proportionate share of

the net pension liability, the related State support, and the total portion of the net pension liability that was associated with Panola College were as follows:

Panola College's proportionate share of the collective net pension liability	\$3,061,316
State's proportionate share that is associated with Panola College	<u>2,412,436</u>
Total	\$5,473,752

The net pension liability was measured as of August 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on the College's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2015, through August 31, 2016.

At August 31, 2016, the employer's proportion of the collective net pension liability was 0.0081012%, which was an increase (decrease) of (0.000247)% from its proportion measured as of August 31, 2015.

*Changes Since the Prior Actuarial Valuation.* There were no changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2017, Panola College recognized pension expense of \$250,353 and revenue of \$250,353 for support provided by the State. The College also recognized their proportionate share of pension expense of \$338,525.

At August 31, 2017, Panola College reported its proportionate share of the TRS' deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows Of Resources	Deferred Inflows Of Resources
Differences between expected and actual economic experience	\$ 48,001	\$ 91,409
Change in actuarial assumptions	\$ 93,303	\$ 84,856
Difference between projected and actual investment earnings	\$ 259,226	\$ -
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	\$ -	\$ 171,078
Contributions paid to TRS subsequent to the measurement date (calculated by employer)	\$ 274,803	\$ -
Total	\$ 675,333	\$ 347,343

The net amounts of the College's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Plan (Fiscal) Year ended	Pension Expense Amount
August 31	
2017 (2018)	\$ (8,555)
2018 (2019)	\$ (8,555)
2019 (2020)	\$ 156,792
2020 (2021)	\$ (21,256)
2021 (2022)	\$ (6,641)
Thereafter	\$ (58,598)

### **Optional Retirement Program**

*Plan Description.* Participation in the Optional Retirement Program, a defined contribution plan, is in lieu of participation in the Teacher Retirement System of Texas. The optional retirement program provides for the purchase of annuity contracts or mutual funds and operates under the provisions of the Texas Constitution, Article XVI, Sec 67, and the Texas Government Code, Title 8, Subtitle C.

*Funding Policy.* Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries contributed by the state and each participant are 3.30 and 6.65 respectively for fiscal years 2017, 2016 and 2015. The College contributed 5.20 percent for fiscal years 2017, 2016 and 2015 for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual contracts, the state has no additional or unfunded liability for the program.

The on behalf amounts have been reflected in the financial statements as revenue and expense. Actual contributions to ORP, which were equal to the required contributions each year, are shown below:

Year Ended	On Behalf State	Panola College	Participant	Total	Covered
August 31,	<u>Contribution</u>	<u>Contribution</u>	<u>Contributions</u>	<u>Contributions</u>	Payroll
2017	\$54,711	\$73,696	\$110,251	\$238,658	\$1,657,905
2016	59,945	80,402	120,798	261,145	1,816,506
2015	59,355	78,838	119,609	257,802	1,798,628

### 15. <u>DEFERRED COMPENSATION PROGRAM</u>

State employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. As of August 31, 2017 and 2016, the College had twenty-three and twenty-six respectively, employees participating in the tax sheltered annuity program. A total of \$135,484 and \$158,638 in payroll deductions was invested in approved plans during the years ending August 31, 2017 and 2016, respectively.

### 16. <u>COMPENSATED ABSENCES</u>

Upon retirement, termination, or death of full time employees, the College pays employees for unused vacation leave. The College recognized the accrued liability for the unpaid annual leave in the financial statements. Sick leave is not paid to an employee upon death, termination, or retirement; therefore, there is no liability shown in the financial statements.

Vacation is earned at the rate of one day per month up to a maximum of ten days per year for 12 month employees only. Employees accrue vacation during the first six months of employment but are not eligible to take vacation until after six months of continuous employment. Sick leave is also earned at the rate of one day per month up to ten days per year. In addition, two personal days are earned each year.

Total accrued compensated absences representing unused vacation leave amounted to approximately \$300,779 at August 31, 2017 and \$295,062 at August 31, 2016. The liability is shown in the statement of net position split between current and noncurrent in the amounts of \$124,234 and \$176,545 respectively for August 31, 2017 and \$120,340 and \$174,722 respectively for August 31, 2016.

### 17. <u>HEALTH CARE AND LIFE INSURANCE COVERAGE</u>

Employees of Panola College were covered by a health and life insurance plan (the Plan). The Plan is funded by the State. The State paid premiums of \$617 and \$577 per month per employee to the Plan for the years ending August 31, 2017 and 2016, respectively. Employees, at their option, authorized payroll withholdings to pay premiums for dependents. All premiums were paid to a licensed insurer. The Plan was authorized by Article 3.51.2, Texas Insurance Code.

The College supplements the cost of the plan from local sources for active employees and board members due to the state not fully funding this benefit plan. Cost and employees covered under the plan are summarized below.

Fiscal Year Ended	Average Number Employees	Board Members	On Behalf State	College
August 31,	Covered	Covered	Contributions	Contributions
2017	151	6	\$ 631,263	\$ 795,496
2016	152	6	626,705	861,655
2015	144	6	558,921	713,744

### 18. HEALTH CARE AND LIFE INSURANCE BENEFITS

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee was \$617 per month for the year ended August 31, 2017 and \$577 per month for the year ended August 31, 2017 and \$909,806 for the year ended August 31, 2016. The cost of providing those benefits for 72 retirees in the year ended August 31, 2016. For 151 active employees, the cost was \$631,263 for the year ended August 31, 2017 and active employee benefits for 152 employees cost \$626,705 for the year ended August 31, 2016. SB 1812, effective September 1, 2013, limits the amount of the state's contribution to 50 percent of eligible employees in the reporting district.

Panola College as allowed, but not required by state statutes, presently reimburses retired employees for the cost of continuation of dental insurance. This is the same amount provided to active employees employed prior to May 26, 1998 who participate in the dental plan.

Additionally, the College in accordance with state statutes, funds the costs of health insurance of retired employees who formerly worked in auxiliary departments of the College. Shown below are costs and coverages associated with the dental and health insurance plans.

	Average	Average		Average
Year	Number	Monthly	Retired	Monthly
Ended	Retirees	Dental	Auxiliary	Health Insurance
August 31,	Covered	Premium	Employees	Premium
2017	48	\$ 20.00	2	\$ 617
2016	50	20.00	2	577
2015	52	20.00	2	538

### 19. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. The College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employee Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at <a href="http://www.ers.state.tx.us/">http://www.ers.state.tx.us/</a>.

Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB Statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years.

Beginning September 1, 2013, SB 1812 limited the state's contribution to 50 percent of eligible employees for community colleges.

The College's contributions to SRHP for the years ended August 31, 2017, 2016, and 2015 were \$795,496, \$861,655, \$713,744, respectively, which equaled the required contributions each year.

### 20. <u>RELATED PARTIES</u>

Panola College Foundation is a nonprofit organization with the sole purpose of supporting the educational and other activities of the College. The Foundation accepts donations and acts as coordinator of gifts made by other parties. Other details regarding activities of the Foundation are presented in Note 3.

### 21. <u>FUNDS HELD IN TRUST BY OTHERS</u>

The balances and transactions of funds held in trust by others on behalf of Panola College are not reflected in the financial statements. At August 31, 2017 and 2016 there were four such funds for the benefit of the College. The Lawrence R. and Debbie H. Sharp Endowment Scholarship Trust, the Quintin M. Martin Trust No. 2, the Daniel Scholarship Fund Trust, and the Jacke Daniel Davis Memorial Scholarship Fund Trust are held in trust by First State Bank and Trust Company of Carthage, Texas. Funds held in trust in these amounted to \$276,338 at August 31, 2017 and \$277,752 at August 31, 2016.

## 22. <u>RISK MANAGEMENT</u>

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the College. At no time during the last three fiscal years have claims exceeded commercial coverage.

### 23. <u>NON-MONETARY TRANSACTIONS</u>

The College receives the benefit from the use of certain facilities at its off campus sites at no cost or costs below prevailing market rates that the College would have to pay in an exchange transaction. Included in operating revenues is approximately \$229,271 and \$229,271 in non-monetary transactions representing the value of the use of the facilities for the years ended August 31, 2017 and 2016, respectively. A corresponding amount is also included in operating expenses.

### 24. <u>PENDING CLAIMS</u>

The administration of the College and its legal counsel are not aware of any pending lawsuits against the College.

### 25. <u>OTHER DISCLOSURES</u>

Panola College had no transactions related to advance refunding bonds or defeased bonds outstanding during the periods.

The College is exempt from income taxes under Internal Revenue Code Section 115, <u>Income of States</u>, <u>Municipalities</u>, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), <u>Imposition of Tax on Unrelated Income of Charitable</u>, Etc. <u>Organizations</u>. The College had no unrelated business income tax liability for the year ended August 31, 2017 or 2016.

Add: Federal Revenue, Non-Operating – Schedule C		9,413,581
Less: Refund	_	(773)
Total Federal Awards – Schedule F	\$	9,978,395

### **Basis of Presentation**

The accompanying schedules of expenditures of federal and state awards include the federal and state award activity of the College. The information in these schedules are presented in accordance with Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, (Uniform Guidance) and the *State of Texas Single Audit Circular* (TSAC).

### Significant Accounting Policies Used in Preparing the Schedules

The expenditures included in the schedules are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and the TSAC. The expenditures reported on Schedule F and Schedule G represent funds which have been expended by the College for the purposes of the award. The expenditures reported in the schedules may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedules may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedules.

## **Relationship to Federal and State Financial Reports**

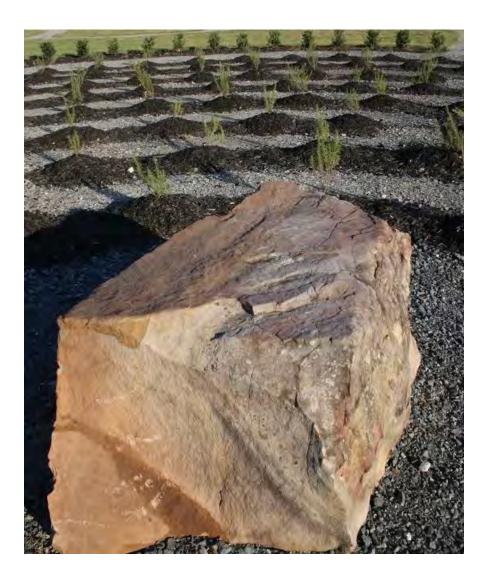

Amounts reflected in the financial reports filed with grantor agencies for the programs and in the schedules of expenditures of federal and state awards may be different because of program year ends and accruals that will be reflected in the next report filed with the agencies.

### **Indirect Cost Rate**

If the College had need, Panola College elected to use the 10% de minimis cost rate as allowed under the Uniform Guidance; the use of this rate was not necessary during the reported fiscal year.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees Panola College Carthage, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Panola College as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise Panola College's basic financial statements and have issued our report thereon dated November 21, 2017.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Panola College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Panola College's internal control. Accordingly, we do not express an opinion on the effectiveness of Panola College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* - CONTINUED

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Panola College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Public Funds Investment Act

We have performed tests designed to verify Panola College's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2017, no instances of noncompliance were found.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

Board of Trustees Panola College Carthage, Texas

# **Report on Compliance for Each Major Federal Program**

We have audited Panola College's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *State of Texas Single Audit Circular* that could have a direct and material effect on each of Panola College's major federal and state programs for the year ended August 31, 2017. Panola College's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

## Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Panola College's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *State of Texas Single Audit Circular*. Those standards, the Uniform Guidance and the *State of Texas Single Audit* Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Panola College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR - CONTINUED

### **Report on Compliance for Each Major Federal Program - Continued**

### Auditor's Responsibility - Continued

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Panola College's compliance.

### **Opinion on Each Major Federal and State Program**

In our opinion, Panola College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2017.

### **Report on Internal Control Over Compliance**

Management of Panola College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered Panola College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State of Texas Single Audit Circular*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Panola College's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR - CONTINUED

### **Report on Internal Control Over Compliance - Continued**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State of Texas Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.
