Sustainers Group

~ A Rising Tide Lifts All Boats ~

The art work on the front of this brochure was created by Mr. Q. M. Martin, one of Panola College's founding fathers and its fourth president. Mr. Martin knew how important it was to educate our youth so they would be prepared to compete in the work place. Toward that end, he initiated the movement to organize a junior college for Panola County. On June 14, 1947, the voters overwhelmingly approved the creation of Panola College.

Mr. Martin's concern for our children and the citizens of Panola County is as relevant today as it was then. That is why the Panola College Foundation created the Sustainers Group. The Sustainers Group is comprised of citizens who want to ensure that affordable and accessible education continues to be available in our community.

Please consider this your invitation to become a Sustaining member. By joining you will be contributing directly to the success of Panola College and the citizens it serves. Half of all monies raised will be added to the Foundation's endowment, and the balance will be used to meet the immediate needs of Panola College.
