

## **Transferring from other colleges:**

### **Who needs a "letter of good standing"?**

If you attended another professional (RN or VN) nursing program, and did not complete the program for any reason, you will need to have the Director of that Program send a letter of good standing to the Chair of Nursing at Panola College (1109 W. Panola St., Carthage, TX 75633) to be placed with your application.

### **What if I have failed out of another nursing program?**

If you failed two nursing classes at ANY nursing program, you must wait three years and earn an LVN or related degree before you can apply to the nursing program at Panola College.

### **What courses transfer from other colleges?**

In Texas, all community colleges have a common course numbering plan, so the prerequisite course numbers will be identical. If you have not failed any nursing courses and wish to transfer into the nursing program, you will need to contact the Chair of Nursing to review your courses.
