## 2022 UIL Regional Academic Meet Region III Conference AA

### A Letter from Our President

Dear UIL Participants:

Welcome to Panola College! Congratulations on your UIL accomplishments that made it possible for you to be here today. We are happy to have you on our campus. I hope that while you are here you will be able to tour some of our new facilities.

Over the past few years, we saw the opening of the new Charles C. Matthews Foundation Student Center (located directly behind the Frances B. Ross Millennium Clock Tower), the new state-of-the-art Health and Natural Sciences Building (take a look at the new Floating Granite Fountain located just outside the building), . Monk Hall was renovated for five computer labs, classroom space, and a tiered lecture hall ,and the renovated Arthur Johnson Gymnasium. We are very pleased that this January, our new Music Building, The Francis B. Ross opened. Maybe you will have time for a specialty coffee at Charlie's Bistro located just inside the foyer of the gymnasium

As a college serving both commuter and residential students, Panola College provides the advantages of attending a major university on a small college campus at a fraction of the cost. We offer a variety of academic transfer classes leading to a bachelor's degree and technical/health care career program of studies leading to employment upon graduation. We pride ourselves on our commitment of being student centered.

Panola College is proud of our strong support for teaching and learning, fine and performing arts, and intercollegiate athletics. Panola College offers an exceptional education at an affordable price and our graduates succeed!

Again, welcome to our campus and best wishes with your UIL Regional Spring Meet.

Sincerely,

Dr. Gregory S. Powell

### Panola College – Carthage

Panola College is a thriving and award-winning community college located in Carthage, Texas. The name derives from Panola County, Texas, of which Carthage is the county seat.

In just more than 65 years, Panola College has grown in both size and in the scope of its services offered to its students and its community. The school, which was established in 1947, was created to provide young people with the opportunity to earn the first two years of a traditional baccalaureate. The services the College offers have expanded greatly to meet community needs, providing a wide range of educational and training opportunities to citizens of all ages.

The College began operating temporary buildings before the first two permanent buildings were erected in 1949. A 35-acre campus at the junction of Texas state Highway 315 and U.S. 79 in Carthage has been the school's home since its inception. There are now nineteen permanent buildings with more than 135 acres available for expansion in the coming century.

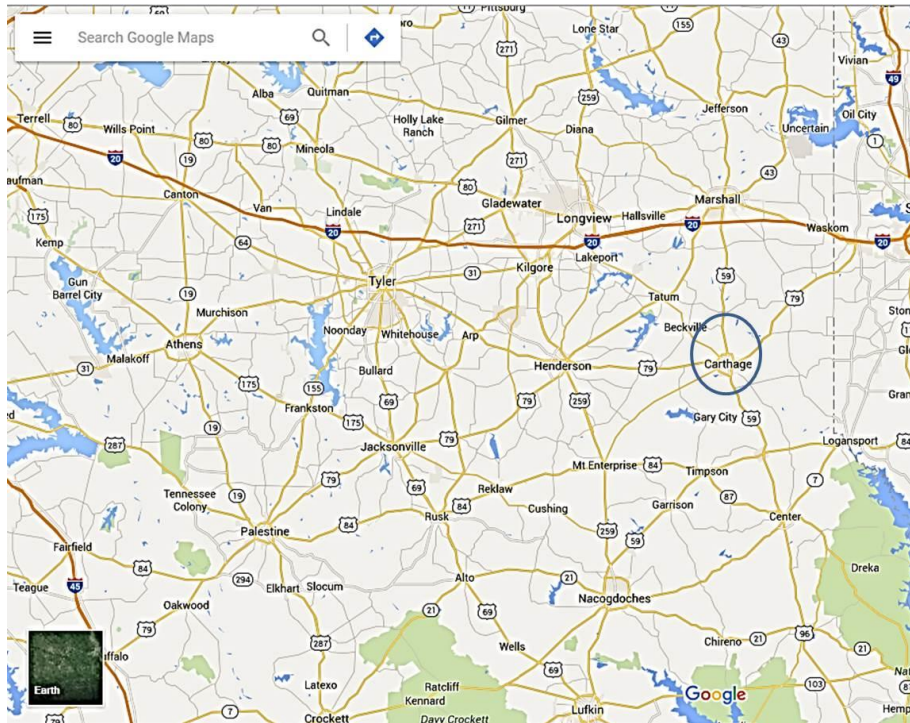

In addition to a comprehensive community college in Carthage, the school offers a variety of instructional opportunities in a four-county service area including Harrison, Marion, and Shelby counties.

These three counties became part of the college's official service area by legislative act in 1995. Enrollment at the College has grown from fewer than 100 students at the first registration in January of 1948 to over 2,600. The College provides many services, which enrich the lives of individuals in the region.

In 1998 Panola College requested authority to offer distance learning classes and presently offers several distance learning degrees.
