**BACTERIAL MENINGITIS VACCINATIONS are REQUIRED for all entering students UNDER THE AGE OF 22.**

The Texas Higher Education Coordinating Board adopted amendments to the Texas Education Code, Chapter 54, Subchapter A, §54.0065, on an emergency basis, that requires entering students<sup>1</sup>, at institutions of higher education, to have an initial bacterial meningitis vaccination, or booster dose, during the five-year period preceding, or at least 10 days prior to the first day of, the first semester in which the student initially enrolls at an institution.

Evidence of the student having received the vaccination from an appropriate health practitioner<sup>2</sup> must be received by the Admissions Office. Acceptable evidence of vaccination or receiving a booster dose includes:

- The signature or stamp of a physician or his/her designee, or public health personnel on a form which shows the month, day, and year the vaccination dose or booster was administered
- An official immunization record generated from a state or local health authority.
- An Official record received from school officials, including a record from another state.

This information shall be maintained in accordance with Family Education Rights and Privacy Act Regulations, and with Health Insurance Portability and Accountability Act.

Exceptions

A student is not required to submit evidence of receiving the vaccination against bacterial meningitis or evidence of receiving a booster dose if the student is 22 years of age. A student, or parent or guardian of a student, is not required to submit evidence of receiving the vaccination against bacterial meningitis if the student, or a parent or guardian of a student, submits to the institution:

- An affidavit or a certificate signed by a physician who is duly registered and licensed to practice medicine in the United States, in which it is stated that, in the physician's opinion, the vaccination required would be injurious to the health and well-being of the student; OR
- An affidavit signed by the student stating that the student declines the vaccination for bacterial meningitis for reasons of conscience, including a religious belief. A conscientious exemption form from the Texas Department of State Health Services must be used. For information about obtaining this form, call 1-800-252-9152 or go to: <https://corequest.dshs.texas.gov/>

**Contact your health care provider for information on receiving the vaccination.**

**\*\*Repeat Course Fees.** The Texas Legislature has mandated that a course repeated by a student more than twice at a public institution of higher education may not be reported for state funding. As a result, the institution must either pass the non-funded portion to all students or charge a supplementary fee to the student who is repeating the course. Consequently, Panola College has chosen to assess a supplementary fee to only those students repeating the course more than twice, beginning with the Fall 2006 semester. Courses in Developmental Studies and English as a Second Language (ESL) are not affected by the supplementary fee. For a course being “three-peated” (being taken for a third time), students will be charged \$75 per semester credit hour (\$225 for a 3 hour course) in addition to tuition and required fees associated with the course. Students will be notified at the time they register for a course that it has been taken twice at Panola College and is subject to the supplementary fee.

**THINK BEFORE YOU DROP! PLEASE READ ABOUT SB1231 (6 COURSE DROP RULE)  
BEFORE WITHDRAWING FROM A CLASS.**

**SB1231 (6 COURSE DROP RULE)**

SB 1231 enacted by the Texas Legislature limits the number of classes a student may drop. Under section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This statute was enacted by the State of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as first-time freshmen in fall 2007 or later. Courses affected include courses which students are enrolled in after the official reporting date for the institution with the exception of the following which are not included in the six drop limit:

1. Courses taken by students while still enrolled in high school-whether for dual credit or early college credit, or college credit alone.
2. Courses dropped at private or out-of-state institutions
3. Other courses exempted by Panola College which include developmental courses and workforce education courses which do not lead to a degree
4. Courses dropped by the student to withdraw from the institution

Panola College has adopted a policy under which exceptions can be made under certain circumstances. If the student can show good cause (as outlined below) for dropping a course, that drop will not be used in the drop count against the student.

- A. A severe illness or other debilitating condition that affects the student’s ability to satisfactorily complete the course;
- B. The student’s responsibility for the care of a sick, injured or needy person if the provision of that care affects the student’s ability to satisfactorily complete the course;
- C. The death of a person who is considered to be a member of the student’s family or who is otherwise considered to have a sufficiently close relationship to the student that the person’s death is considered to be a showing of good cause;
- D. The active duty service as a member of the Texas National Guard or the armed forces of the United States of either the student or a person who is considered to have a sufficiently close relationship to the student that the person’s active military service is considered to be a showing of good cause;
- E. The change of a student’s work schedule that is beyond the control of the student, and that affects the student’s ability to satisfactorily complete the course.
