

PHARMACY TECHNICIAN BACKGROUND CHECK

I give Panola College permission to perform a background search from the following websites **prior** to registering for the Pharmacy Technician program:

1. Public Data
2. Texas Department of Public Safety – Criminal History background

If I am married or have been married and divorced, I also give Panola College permission to perform a Criminal Background check on my maiden name as well as my married name(s).

My admission into the Pharmacy Technician program is ultimately determined by the findings of the above searches and those findings will be final.

I give the Panola College Pharmacy Technician program permission to give copies of the results of my criminal background check to the Clinical Supervisor, Director of Nursing or Clinical Human Resource Department at the site I am attending, when requested.
