MATH 1314	MATH 2412/2413	

FINANCIAL AID FOR SWIFT TRANSFER (FAST) PROGRAM

Panola College participates in the FAST program which provides funding to participating public institutions of higher education so that they can offer dual credit courses to educationally disadvantaged students at no cost to these students. The Texas Education Code defines "educationally disadvantaged" as those students eligible for the national free/reduced-price lunch program. A student who meets this requirement in the current school year or any of the four school years prior to the academic year in which the student is enrolled in the eligible dual credit course may be eligible for the FAST program. Graduating high school seniors who enroll in May Term or subsequent summer terms will be registered as regular college students and will be subject to standard college admissions, registration procedures, tuition, and fee schedules.
