Panola College
2019-2020

WHAT’S IN THIS CATALOG?
Open this catalog and open a door to post-secondary education, a new career, or service in your community. With numerous academic choices, vocational programs, and Continuing Education offerings, we’re certain you’ll reach your goals at Panola College.
Most students who attend Panola College select courses to enhance their skills or to transfer to a four-year institution. This catalog is a guide for the individual student’s learning and success in reaching his or her desired goal.

This catalog has been prepared from existing policies and information obtained from appropriate Panola College officials. The catalog is informational in its purpose and does not constitute a contract between Panola College and any person or entity. To the extent that any content of this catalog conflicts with or is inconsistent with Panola College policies (current or as amended in the future), then College policies will control and govern. All Panola College policies may be found online in the Board Policy Manual. Additional guidance is also available in the Panola College student handbook, The Pathfinder. The content is current as of the date of publication but is subject to modification and change at any time in order to accommodate changes in educational plans, resources, policies, procedures, and administrative, state, and federal regulations. For curriculum changes and updates, refer to the catalog online at www.panola.edu.

Not all courses listed in this catalog are offered each semester. The College reserves the right to select the courses to be offered during any session. Each semester the College produces an online schedule of courses to be offered. Schedules are made public and available to students as early as possible prior to the beginning of each Fall, Winter, Spring, May, and Summer term.

This catalog goes into effect Fall 2019.
Published: July 15, 2019

Panola College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award Certificates and Associate Degrees. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Panola College.

Panola College is an Equal Opportunity Institution that provides educational and employment opportunities on the basis of merit and without discrimination because of race, color, religion, sex, age, national origin, veteran status, genetic information, or disability.

Panola College Catalog 2019-2020
Revised July 15, 2019
Welcome to Panola College!

Here at Panola College we pride ourselves on individual attention and smiling faces. We are known for an environment that is academically challenging, for our caring faculty and staff, for our commitment to bringing you the highest quality instruction, and for providing you the latest technology. Completing one of our pathway degree or certificate programs will transform your life!

Why should you attend Panola College?

- Panola College is student focused.
- Panola College offers an exceptional education at an affordable price.
- Panola College graduates succeed whether their goal is to transfer to a university or enter the job market in their chosen field.

I invite you to come to Panola College for a visit. Tour our on-campus student housing. Take a stroll through the Charles C. Matthews Foundation Student Center or the state-of-the-art Health and Natural Sciences Building. Eat a meal in the dining hall or grab a coffee or a latte in Charlie’s Bistro. Watch an intercollegiate ball game or a fine and performing arts production. Our students, faculty, and staff genuinely like studying and working at Panola College. Just ask them! I look forward to seeing you on campus.

Sincerely,

Dr. Gregory S. Powell
President
ABOUT PANOLA COLLEGE

- William Goolsby, Chair
- Hal Palmer, Vice-Chair
- Richard Thomas, Secretary
- Bobby Phillips
- Kevin Smith
- Fatha Burchette
- Brooke Lipsey

Accreditation
Panola College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees and certificates of completion. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of Panola College.

Vision Statement
Panola College is committed to excellence in instructional programs, student services, service to the community, and leadership in economic development and cultural enrichment of the region.

Mission Statement
Panola College is dedicated to providing excellence in education. The range of educational offerings includes university transfer programs, technical and workforce programs, instruction designed to increase academic proficiencies, and continuing education to enrich lives and improve skills. Our aim is to engage students to achieve success.

History of Panola College
Like many similar institutions, Panola College was founded during the post-World War II period when returning veterans and the G.I. Bill fostered the founding of junior colleges across Texas. Its original name was Panola County Junior College.

Economic conditions in Panola County were favorable because of the recent development of a vast natural gas field. Q. M. Martin, innovative superintendent of schools in Carthage, became the driving force behind the establishment of the college. Organization began in 1947. A thirty-five-acre tract was secured at the western edge of Carthage, the county seat, and registration was first held during a snowstorm on January 19, 1948. Shortly thereafter, opening classes were conducted in a structure pieced together from two buildings obtained from Camp Majors in Greenville at a cost of $205. Moving expenses considerably exceeded the purchase price. The original dormitory was purchased from Camp Fannin in Tyler for $107.50, and a quonset hut served as the first fieldhouse.

The original faculty included President Musgraves and five teachers who taught five demanding class days each week and then met in conference for half a day on Saturdays.

In the spring of 1948, fifty-five charter students enrolled in the initial courses. By the next fall, the student body numbered 185. For several years, enrollment varied and even declined to 116 in 1953. In 1958 the student body exceeded 300, and the college began to grow steadily, especially after the establishment of an occupational-technical center in 1971.

In 1985, with rapid population growth in East Texas, Panola College had an enrollment of more than 1,300 students. There were 13 buildings on the main campus, including a student union, a men’s dormitory, a library, science and fine arts buildings, and a large administration building. The college operated off-campus centers in Jefferson and Center. Panola College had 103 faculty members and 1,520 students in the fall of 1999.

The college has fostered two unique programs. In 1975 it became the only junior college in Texas to offer a one-year program to train forest technicians.
In 1980 it began offering a Texas History course with a trip; after twelve hours of lecture, participant’s journey across Texas visiting forts, missions, museums, and numerous other sites of historic interest. Since the 1960s Spanish-language classes have been taught in Mexico, and in 1984, the school began granting credit in western civilization for travel in Europe.

Panola College confers associate degrees in the arts and sciences, associate of applied science degrees, and certificates. Panola College is accredited by The Southern Association of Colleges and Schools Commission on Colleges (SACS). SACS is the regional body for the accreditation of degree-granting higher education institutions in the Southern states. It serves as the common denominator of shared values and practices among the diverse institutions in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, Latin America, and other international sites approved by the Commission on Colleges that award associate, baccalaureate, master’s, or doctoral degrees. The Commission also accepts applications from other international institutions of higher education.

During the first three years of its existence, Panola fielded a football squad and in 1949–50 the season was climaxxed by the Gas Bowl game in Carthage. Some players, under the eligibility rules of that time, played all three years. In 1949–50 the Panola Ponies were champions of the Texas Junior College Athletic Conference. Under the tutelage of Bill Griffin (1957-81) and former major-leaguer Jackie Davis (1981-1996), the Pony baseball team won a score of conference titles and, in 1969, a National Junior College Athletic Association national championship. Men's basketball teams have also had numerous playoff appearances. Women's basketball was begun under the direction of Coach Mary Otwell (1974–78), who won national NJCAA titles in 1977 and 1978.

Since 2000 enrollment at Panola College has grown by more than 89 percent. Today, more than 2,700 credit students and 1,400 Workforce and Continuing Education students are enrolled in one of 56 programs of study offered through Panola College.

During the regular meeting of the Panola College Board, the trustees, in a unanimous vote, approved calling for a bond election to be held May 11, 2013. The bond passed with an overwhelming 84 percent of voters' support.

Recently completed and ongoing construction and renovation projects include the following:
- Constructed the Health and Natural Sciences Building
- Constructed Charles C. Matthews Foundation Student Center
- Renovated Arthur Johnson Gymnasium
- Renovating the Roy Monk Building
- Demolished the Phoebe Sue Perlman Building and the Fitness Center
- Added additional parking
- Added lighting
- Added directional signage

ADMISSION POLICIES

Start your college experience with us
ADMISSION POLICIES

Entrance Requirements
Panola College has an “open door” admissions policy ensuring that all persons who can profit from post-secondary education will have the opportunity to enroll. Although assessment is required for course placement, results of the assessment are not used to determine admission to the college. Refer to the “Basis for Admission” section or contact the Admissions/Records Office for additional information.

Acceptance to the College does not imply acceptance into a particular program, nor does it imply that the accepted student is awarded any financial aid. All students applying for financial aid and scholarships should consult with the Office of Financial Aid. Requirements for the awarding of financial aid will differ greatly from requirements for entrance into the College.

Admission Application
Complete and submit the Apply Texas Application for Admission to Two-Year Institutions to the Admissions/Records Office. Refer to the Apply Texas link under Student Success at http://www.panola.edu for electronic submission.

Social Security Number (SSN)
Disclosure of a student’s Social Security Number is requested for the student records system and for compliance with Federal and State reporting requirements. Federal law requires that any student applying for financial aid must provide a SSN. Although the SSN is not required for admission to Panola College, failure to provide the number may result in delays in processing the application or in the College’s inability to match an application with transcripts, assessment scores, and other documents. Student SSNs are maintained and used by the College for financial aid, internal verification, administrative purposes, and for reports to Federal and State agencies as required by law. The privacy and confidentiality of student records is protected by law, and the College will not disclose SSNs without consent for any other purpose except as allowed by law. Upon completion of an admission application, each student will be assigned a computer-generated Student Identification Number, which will be used for student registration and other student online services.

Basis for Admission
Panola College reserves the right to refuse admission or readmission to any applicant who does not comply with admission procedures. Admission to Panola College does not guarantee admission to specific courses or programs of study. Prerequisites and co-requisites are required of some courses. Departmental admission is required prior to registration for some career/technical programs of study. The following statements outline the basis for admission to the College:

1. High School Graduates
   Graduates from an accredited high school, an unaccredited high school, or a non-traditional secondary setting must present an official transcript with proper signatures showing the date of graduation or successful completion. Proper signatures for non-traditional secondary settings would be a notarized official transcript.

2. Individual Approval
   An applicant 18 years of age or older who is not a graduate of high school and does not have a Texas Certificate of High School Equivalency (TxCHSE) certificate may be admitted on individual approval provided there is evidence that the student would be competent to benefit from a program of study offered by the institution as demonstrated by the successful completion of an approved assessment test.
3. **General Education Development Test (GED)**
   Individuals who successfully complete the GED test may apply for admission. Official test scores are required.

4. **Readmission**
   A student seeking readmission to Panola College after having missed one long semester or more should contact the Admissions/Records Office. If the student has attended another college since last being enrolled at Panola College, an official transcript from that college is required to be on file. A readmission student will not be allowed to re-enroll if the admission file was incomplete during the student's previous enrollment.

5. **Transfer From Another College**
   A. A student who is eligible to reenter the college that he or she last attended is eligible for admission to Panola College. The student on academic probation at the transfer institution will be admitted on probation at this College and must earn a GPA of 2.0 the first semester in attendance. The student on suspension from the transfer institution may petition the Vice President of Instruction for special approval to enroll.
   
   B. Official transcripts from each college in which the student has been enrolled must be filed in the Admissions/Records Office. An official transcript bears the seal of the school and the signature of the registrar of the school from which it was issued. Coursework transferred or accepted for credit toward an undergraduate degree must represent coursework relevant to the degree, with the course content and the level of instruction resulting in student competencies at least equivalent to those of students enrolled in Panola College's own undergraduate degree programs. Credit for courses passed (a grade of “D” or better) taken at a college or university accredited through one of the regional associations listed below may be transferred toward a degree at Panola College:
   - Middle States Association of Colleges and Schools/Commission on Higher Education
   - New England Association of Schools and Colleges
   - Northwest Association of Colleges and Schools
   - Southern Association of Colleges and Schools/Commission on Colleges
   - The Higher Learning Commission
   - Western Association of Schools and Colleges/Accrediting Commission for Senior Colleges
   - Western Association of Schools and Colleges/Accrediting Commission Community and Junior Colleges

   Students who have gained proficiency through completion of coursework from non-accredited institutions should consult the Vice President of Instruction regarding credit by examination or individual course evaluation.

   C. **Transcripts received for admission or evaluation purposes become the permanent property of Panola College and will not be returned to the student.** Transcripts from other institutions submitted to Panola College are not reproduced and/or mailed to other institutions, agencies, or individuals.

   D. College transfer students who will attend only during the summer may enroll regardless of their previous grade point average. Prior to registration, however, the student must furnish a current official transcript. The transfer student who has taken a TSI test is responsible for supplying test scores. Preparatory coursework is required for the student who has failed to complete the TSI requirements.

   E. Only official transcripts will be evaluated for transfer credit. Evaluations will be completed by the end of the first semester of actual enrollment.
F. Coursework accepted for transfer is posted to the student’s Panola College transcript, but the grades are not calculated into the GPA. Proper course selection and the avoidance of duplicating coursework remain the responsibility of the student.

G. Transfer Dispute Resolution. Panola College adheres to the procedures for transfer dispute resolution implemented by the Texas Higher Education Coordinating Board (THECB). All lower division academic courses shall be fully transferable among public institutions and must count toward the same degree at any public college or university in Texas.

i. The following procedures shall be followed by public institutions of higher education in the resolution of credit transfer disputes involving lower-division courses:
   a. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied. A receiving institution shall also provide written notice of the reasons for denying credit for a particular course or set of courses at the request of the sending institution.
   b. A student who receives notice as specified in this section may dispute the denial of credit by contacting a designated official at either the sending or the receiving institution.
   c. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with THECB rules and guidelines.
   d. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date on which the student received written notice of denial, the institution that denies the course for transfer shall notify the Commissioner of Higher Education of its denial and the reasons for denial.

ii. The Commissioner of Higher Education or the Commissioner’s designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

iii. The THECB shall collect data on the types of transfer disputes that are reported and the disposition of each case that is considered by the Commissioner of Higher Education or the Commissioner’s designee.

iv. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should first contact the sending institution and attempt to resolve the problem. In the event that the two institutions are unable to come to a satisfactory resolution, the receiving institution may notify the Commissioner of Higher Education, who may investigate the course. If its quality is found to be unacceptable, the THECB may discontinue funding for the course.

6. Dual Credit/Early Admission High School Enrollment
   This program offers an opportunity for high school students to earn credits toward a college degree while completing requirements for high school graduation.

   A. The student is subject to the following requirements:
      i. Provide valid, unexpired ACT, SAT, or EOC scores and be declared exempt by Panola College, or must be assessed for reading, writing, and mathematics skills and passed at least one section of a state-approved Texas Success Initiative (TSI) test.
      ii. Must have written approval of the high school official and the parent or guardian.
      iii. Be subject to the rules and regulations of the College.

   B. Prior to enrollment the following items must be on file at Panola College:
      i. Application for admission to the College.
      ii. Completed Dual Credit/Early Admission Permission Form.
iii. Official Texas Success Initiative test scores (Reading, Writing, and Math) or proof of exemption/waiver.

iv. Official high school transcript indicating high school enrollment. Students who are enrolled in non-accredited high schools or who are schooled in non-traditional settings must provide a notarized record of the school subjects completed (must be consistent with TEA minimum requirements).

v. Bacterial Meningitis Vaccination documentation.

C. College credit will be held in escrow until an official transcript showing graduation from high school is on file in the Admissions/Records Office at Panola College.

D. A permission form, listing the courses approved by the high school official, must be provided to Panola College admissions each semester. Admission to the College does not guarantee enrollment in all courses.

International Students

This school is authorized under Federal law to enroll nonimmigrant alien students. This college is SEVIS approved.

Panola College has a $50 non-refundable application fee for international students.

Application deadlines are as follows:

- To attend during Spring semester (January-May), the application deadline is November 1.
- To attend during Fall semester (August-December), the application deadline is June 1.

The following requirements must be completed and on file in the Student Success Center at least 60 days prior to the first class day of the semester for which the applicant is seeking admission. Issuance of the I-20 shall not be considered until all requirements are completed.

The following documents are needed to determine a student’s eligibility for admission to Panola College:

1. A completed application for admission, available at http://www.applytexas.org--click on Two Year/Community College application.

2. A completed Panola College supplemental application for admission.

3. A certified English translation of the transcript which includes completed courses, grades, and date of graduation. The transcript should reflect at least the equivalent of an American high school diploma.

4. Complete one of the three English Language Skills Tests below (scores must be less than 2 years old):
   a. TOEFL (Test of English as a Foreign Language) with a minimum score of 525 (paper-based), 197 (computer-based), or 71 (Internet-based) if the native language is other than English. Test results must be sent to Panola College (institution #6572) directly from the testing company. Visit www.ets.org for more information and to register for the exam.
   b. IELTS Academic with a score of 5.5 (computer-based only). Visit www.ielts.org/en-us for more information.
   c. iTEP Academic with a minimum score of 3.5 (computer-based only). Visit www.itepexam.com for more information.

The following documents are needed before an I-20 can be issued to a student:

1. Copy of biographical page of passport.

2. If the student is currently in the U.S., a copy of the current visa is required.

3. Documentation of adequate financial resources: The estimated cost for an academic year of nine months with a 12-hour academic load each semester is $14,520 USD (subject to change). This amount
includes out-of-state tuition, fees, textbooks, residence hall fees, residence hall deposit, meals, personal expenses, and insurance for a single student. Checks drafted on accounts outside of the U.S. will not be accepted. The student should complete and submit the International Student Financial Statement. The statement requires the signature of the applicant, the applicant’s sponsor and the sponsor’s bank official and must have an official seal. A bank statement, in English, from your bank and/or the sponsor’s bank should also be submitted with this form.

The following documents are required before the student will be able to enroll in classes at Panola College:

1. Immunization records
   a. Completed Panola College medical form.
   b. Beginning January 1, 2012, Texas State law requires the following: entering students under 22 years of age must provide documentation of receiving an initial bacterial meningitis vaccination dose or booster within the last 5 years. This includes all new and transfer students, as well as former students who are re-enrolling after a break in enrollment. Students must show proof of having the vaccination at least 10 days prior to the start of the semester. Students who plan to live on campus must submit documentation of a bacterial meningitis vaccination regardless of age.

2. The TSI Assessment is designed to help institutions determine whether, and at what level, incoming students are prepared to enroll and succeed in entry-level college courses, as well as offer preparatory intervention options. Scores should be sent to Panola College if the test is taken at another location. Non-U.S. citizens are liable for all TSI requirements on the same basis as U.S. citizens.

3. Submit evidence of health insurance coverage valid through the end of the academic year. If insurance coverage is not immediately available, a letter must be submitted stating that all expenses associated with health care will be assumed by the sponsor until such coverage can be obtained. Resubmit evidence for each academic year thereafter. Panola College offers no health facility on campus.

College Transfer Students

In addition to the previously listed items, note the following requirements:

1. Notify previous school/college of transfer. Secure the Transfer Clearance Form from Panola College and give it to the International Student Advisor at the previous school. The advisor must complete and return the form to Panola College.

2. Provide a copy of current I-20.

3. Transcripts – Transfer from a college/university outside the United States: coursework is considered on a case-by-case basis. The student will be required to furnish an evaluation of his/her courses by a member of NACES (National Association of Credential Evaluation Services). Please refer to the NACES website (http://www.naces.org) for a complete listing of members. Among the members, Panola College recommends using Educational Credential Evaluators, Inc., World Education Services, Inc. or Global Credential Evaluators, Inc. for evaluation of your transcript.
   a. If official transcripts indicate English proficiency, the TOEFL requirement may be waived.
   b. Official transcripts must verify that the student:
      i. Has a minimum GPA of 2.0
      ii. Was “in-status” for the semester immediately preceding this transfer.

Auditing Classes

Permission to audit a course is sometimes granted by the Vice President of Student Services. An Application for Audit may be obtained in the Admissions/Records Office. Students may register to audit a class only after regular registration is complete and only if space is available in a course. Tuition and fees are the same for
auditing as those charged for credit enrollment. No late fee is charged when an individual audits a course. Names of persons auditing will not be entered in registration records or on class rolls. No permanent records will be kept of the student’s audit experience. Physical education activity classes and applied music classes may not be audited.

Health Science Programs

Acceptance to the College does not imply acceptance into a particular program. Health Science programs have additional admission requirements and recommend early application. Consult the program of choice for specific information.

Bacterial Meningitis

Texas state law requires the following: **All entering students under 22 years of age must provide documentation of receiving an initial bacterial meningitis vaccination dose or booster within the last 5 years.** These include all new and transfer students, as well as former students who are re-enrolling after a break in enrollment. Students must show proof of having the vaccination at least 10 days prior to the start of the semester.

Immunizations

All students are encouraged to have the following immunizations or screening tests completed prior to admission: measles, mumps, rubella, tetanus, diphtheria, pertussis, polio, varicella (chicken pox), hepatitis B, bacterial meningitis, and tuberculosis skin test. Applicants who are accepted into the Health Sciences and medical technologies programs are required to complete a medical form and will be required to have updated immunizations as specified by the particular department.

Conditional Admission

Each student applying to Panola College must meet the requirements described in the section entitled Basis for Admission (at the beginning of this section of the catalog). Students who do not provide the required documents may be admitted tentatively (conditional admission) with the understanding that the appropriate documents must be on file prior to the end of the first academic semester in which the student is enrolled. Contact the Admissions/Records Office for instructions. No student will be permitted to re-enroll until admission requirements have been met.

Academic Fresh Start

An applicant for admission who is a Texas resident may seek to enter this institution pursuant to the Academic Fresh Start Statute, **Texas Education Code, 51.929.** If the applicant informs the Office of Admissions in writing of the election, the institution will not consider academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute will not receive any course credit for courses taken 10 or more years prior to enrollment.

Concurrent College or University Enrollment

Section 54.062 of the **Texas Education Code** permits an adjustment in the minimum tuition charge when a student is concurrently registered at more than one public institution of higher education. The student shall pay the full tuition charge to the first institution at which he or she is registered. If the minimum tuition at the first institution is equal to or greater than the minimum tuition at the second public institution at which the student is registered concurrently, the student shall not be required to pay the specified minimum tuition charge to the second institution, but shall pay only the hourly rates to the second institution. The student should first register at the institution having the lower minimum tuition and shall pay to the second institution only the amount equal to the difference between his total tuition charge at the second institution and his total
charge at the first institution, but in no case shall the student pay the second institution less than the hourly rates.

**Texas Success Initiative (TSI)**
The TSI Assessment is a program designed to help Panola College determine if you are ready for college-level coursework in the general areas of reading, writing, and mathematics. This program also will help determine what type of course or intervention will best meet your needs to help you become better prepared for college level coursework if you are not ready.

If you are an incoming college student in Texas, you are required to take the TSI Assessment to determine your readiness for college-level work. Based on how you perform, you may either be enrolled in a college-level course that matches your skill level or be placed in the appropriate college preparatory course or intervention to improve your skills and prepare you for success in college-level courses. TSI Assessment scores cannot be used to deny a student admission to a Texas public college or university.

**Do I have to take the TSI assessment?**
Not all incoming students need to take the TSI Assessment. There are many ways you can be exempt. Qualifying for a TSI Assessment exemption means that you can enroll in any entry-level college course without restrictions. In other words, there are no prerequisites for enrollment in college-level courses.

**You may be exempt from TSI if you:**
- Have met the minimum college readiness standard on SAT®, ACT, or a statewide high school test;
- Have successfully completed college-level English and math courses;
- Have enrolled in a Level-One certificate program (fewer than 43 semester credit hours);
- Are not seeking a degree; or
- Have been honorably discharged from military or currently on active duty.

**How does the TSI assessment work?**
If you are not exempt from taking the TSI Assessment, you will be asked by your college or university to take three tests: one in mathematics, one in reading, and one in writing. Where necessary, you may be given an additional diagnostic test in a particular subject. This test is designed to provide more detailed information regarding your academic strengths and weaknesses. These assessments include multiple-choice questions that are aligned to the Texas College and Career Readiness Standards. For the writing assessment, it’s likely that you will be asked to write an essay. The assessments are computer adaptive, which means that questions increase or decrease in difficulty level depending on how you respond. The assessments are untimed; however, it is important to allow yourself enough time to complete each test because the results are a key factor in determining the course or courses in which you can enroll. When you complete the assessment, you immediately receive information on your score and your skill or proficiency levels. There is no limit on the number of times you can take the test. TSI test scores are valid for a five-year period.

**Mandatory Pre-Assessment Activity**
Before you take the TSI Assessment, you must participate in a Pre-Assessment Activity. You will not be allowed to take the TSI Assessment until you have completed this activity.

The activity includes the following:
- An explanation of the importance of the TSI Assessment;
- Practice test questions and feedback;
- An explanation of all your college preparatory options, if you don’t meet the minimum passing standard; and
- Information on campus and community resources that will help you succeed as a college student.
Each undergraduate student who enters Panola College, a Texas public institution of higher education, must be assessed for reading, writing, and mathematics skills prior to enrolling in any college-level coursework.

Should a deficiency be revealed in any of the three skill areas, the student MUST be enrolled and participate continuously (every semester) in a college preparatory course in at least one subject area, as determined by the institution. The student who is absent beyond the established minimum number of class days or does not participate in the coursework will receive a grade of “F” for the course.

Any student failing to take a section of the test or canceling the score on a section will be held liable for a college preparatory course in the section(s) not taken and not previously passed.

**Placement Test Pass**

If a student retakes and passes the section of the TSI Assessment for which he or she is enrolled in a remedial class, he or she can complete a Placement Test Pass form.

Immediately after passing a placement test, a student will take the placement test score document and “Placement Test Pass” form from the Admissions/Records Office to the instructor; the student and instructor must select and sign an option below on the “Placement Test Pass” form and immediately return the form to the Admissions/Records Office.

**Placement Test Pass Form Options**

1. The student can elect to take the grade earned in the course, as of today, and will not be required to attend the course for the remainder of the semester; if a grade has not been recorded, the student must select another option.
2. The student can elect to take an automatic "C" in the course and will not be required to attend the course for the remainder of the semester.
3. The student can elect to remain in the course and earn a grade.
4. During the designated period, the student may withdraw from the class and receive a “W”.

**Exemptions/Waivers from Provisions of TSI**

1. State law provides for certain exemptions from the Texas Success Initiative provisions. Documentation must be on file in the Admissions/Records Office prior to enrollment. Exemptions/Exceptions are associated with actual enrollment in college. The following are exemptions and waivers of TSI:

   A. For a period of 5 years from the date of testing, a student who is tested and performs on a single administration of the test at or above the following standards that cannot be raised by institutions:
      
      i. ACT: Composite score of 23 or higher with a minimum score of 19 on both the English and mathematics tests.
      
      ii. SAT: A combined score of 1070 with a minimum of 500 on both the verbal and mathematics tests (prior to March 5, 2016).
       
       SAT: A minimum score of 480 on the Evidenced-Based Reading and Writing (EBRW) test shall be exempt for both reading and writing sections of TSI; a minimum score of 530 on the mathematics test shall be exempt for the mathematics section of TSI (after March 5, 2016). Mixing or combining scores from SAT administered prior to March 5, 2016, and the SAT administered on or after March 5, 2016, is not allowable.

   B. For a period of 5 years from the date of testing, a student who is tested and performs at or above the following standards that cannot be raised by institutions:
      
      i. On the eleventh grade exit-level Texas Assessment of Knowledge and Skills (TAKS) with a minimum scale score of 2200 on the math section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3, shall be exempt from the TSI Assessment required under this title for those corresponding sections; or
ii. STAAR end-of-course (EOC) with a minimum score of Level 2 on the English III shall be exempt from the TSI Assessment required under this title for both reading and writing, and a minimum score of Level 2 on the Algebra II EOC shall be exempt from the TSI Assessment required under this title for the mathematics sections.

C. A student who has graduated with an associate or baccalaureate degree from an institution of higher education.

D. A student who transfers to an institution from a private or independent institution of higher education or an accredited out-of-state institution of higher education and who has satisfactorily completed college-level coursework as determined by the receiving institution.

E. A student who has previously attended any institution and has been determined to have met readiness standards by that institution.

F. A student who is serving on active duty as a member of:
   i. The armed forces of the United States or
   ii. The Texas National Guard

G. A student who is serving as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment.

H. A student who on or after August 1, 1990, was honorably discharged, retired, or who was released from active duty as a member of the armed forces of the United States or of the Texas National Guard or served as a member of a reserve component of the armed forces of the United States.

I. A student who is enrolled in a certificate program of one year or less at a public junior college, a public technical institute, or a public state college.

2. Exception: An institution may exempt a non-degree seeking or non-certificate seeking student.

This information must be on file prior to enrollment. TSI exemptions and exceptions are associated with actual enrollment in college. Students interested in TSI exemptions or exceptions should contact the Office of Admissions/Records for additional information.

The complete Texas Success Initiative Plan for Panola College may be viewed online at http://www.panola.edu/student-success/texas-success-initiative.html.

Advanced Placement Credit

Any student desiring advanced placement credit must apply in the Panola College Office of Admissions and Records well in advance of initial registration. Course credits earned in this manner will not become a part of the student’s permanent record until 12 semester hours have been earned at Panola College. Complete information about the Advanced Placement Credit is available from the Office of Admissions and Records. Refer to “Credit by Examination.”

Credit by Examination

Each college and university has its own policy with respect to credit earned by examination. Any such credit allowed by one institution may not necessarily be accepted at another. Contact the Admissions/Records Office to complete the proper request form.

General Policies for Credit by Examination

- The person desiring credit by examination must be accepted for admission to Panola College.
- A student may receive credit by examination only after completing TSI requirements.
- The “Request for Credit by Examination” form must be completed and returned to the Admissions/Records Office.
- Credit based on ACT or AP scores is available to beginning freshmen only.
• The applicant is responsible for having all official scores sent to Panola College. Scores should be received in the Admissions/Records Office at least 2 weeks prior to enrollment.
• The student desiring credit based on the ACT, AP, or CLEP examinations must enroll within one year immediately following the test date or forfeit the opportunity for credit by examination.
• No credit by examination will be allowed for a course after the student has registered for the course.
• A student who has previously received a grade (A, B, C, D, F, or I) in a course may not receive credit by examination for the same course.
• The applicant must pay $20 per semester hour for any course credit granted.
• No applicant shall earn more than 12 semester hours or complete more than 4 courses through advanced placement. The applicant may not earn more semester hours than hours completed in residence at Panola College.
• Credits earned by examination will not become a part of the student’s record until 12 semester credit hours have been earned at Panola College.

ACT Scores – ENGL 1301
A letter grade, semester-hour credit, and equivalent grade points will be awarded for ENGL 1301 with the following minimum scores in the English and reading sections:

• 31 = A
• 29 = B

No credit will be awarded if the appropriate score is not achieved in both sections.

College Board’s Advanced Placement (AP) Examinations
A letter grade, semester-hour credit, and equivalent grade points will be given for the following minimum scores:

• 4 or 5 = A
• 3 = B

Panola College does not award credit for scores attained on the SAT II (achievement tests). AP tests are given by various area high schools.

### International Baccalaureate Diploma

Panola College will grant a maximum of 24 semester hours within our core curriculum to any entering freshman, who has received an International Baccalaureate diploma. Course credit is given for the IB higher level examinations passed with grades of 4, 5, 6, or 7 with proper documentation. No credit is awarded for subsidiary level courses. Applicants with the IB diploma must provide a completed IB transcript to the Admissions/Records Office prior to enrolling in order to receive credit. Students requesting credit must also complete the applicable form.

Credit for Technical Skills Testing

In some cases, academic credit may be given for applicable and validated industry experience, subject to the evaluation and approval by the Vice President of Instruction, Instructional Dean, Department Chair, and Professor. The total number of semester credit hours awarded for Credit Awards may vary depending on course semester hours. At least 25 percent of the total credits in a Panola College student’s certificate or associate degree plan must be earned through regular SCH instruction at Panola College.

To receive Credit Awards, the professor should submit a “REQUEST FOR CREDIT TECHNICAL SKILLS TESTING” to the Academic Dean for approval along with documentation of the skills necessary to award academic credit. Students must be enrolled at Panola College and have completed a minimum of 12 semester credit hours of non-college preparatory classes. A grade of A, B, or C will be assigned for any course in which Credit Awards is received. Students must score at least 75% to receive a “C” grade. This grade is computed in the student’s grade point average.

Maximum Number of Hours for Credit for Technical Skills Experience

For degree or certificate completion, at least 25% of the semester hour credit must be earned through Panola College. Payment of any fees associated with the Credit Awards program must be received before credit is posted to the student’s transcript.

**Awarding Credit for Continuing Education Units**

Awarding credit for continuing education coursework should be a transparent process that includes the assurance of applicability toward a technical degree or certificate program. Students must be at least 16 years old to participate. To that end, two issues are critical: (1) determining the comparability of the non-credit course to the credit course and (2) meeting SACS criteria.

Panola College students who have successfully completed continuing education (CEU) courses offered by Panola College Workforce and Continuing Education could be eligible for equivalent semester course credit pending appropriate Dean approval. Courses approved as workforce education courses are offered in the Workforce Education Course Manual.

- CEU coursework must be demonstrated to be substantially the same as the equivalent SCH coursework.
- SCH equivalencies for CEU courses must be fully documented to show that individual continuing education students have met the same or similar objectives, rigor, course evaluation process, and course competencies.
- Faculty qualification standards are the same as would be required in the equivalent SCH course.

In addition to the General Rules and Regulations for Credit Awards, professors must sign and submit a Continuing Education Hours (CEU) Course Equivalency Evaluation Form to the school dean of the appropriate WECM technical program in which the course(s) reside. The professor will ensure that the following required criteria are evaluated and documented prior to recommending a SCH course equivalency for CEU coursework:

1. The actual number of class/lab (contact) hours in the CEU course is comparable to the approved number of contact hours for the SCH WECM equivalent course.
2. The instructor of the CEU class holds the credentials/experience that would be required of an instructor teaching the SCH equivalent of the WECM course, as defined by the Southern Association of Colleges and Schools (SACS).

3. The course tasks, competencies, and learning outcomes for the CEU course are equivalent to those of the SCH version of the WECM course.

4. The course requirements for satisfactory completion of the CEU course are equivalent to those of the SCH version of the WECM course.

5. Students in the CEU course are evaluated/assessed comparably to students in the equivalent SCH version of the WECM course.

6. The student has received a satisfactory (passing) final grade for the CEU course.

Department directors may consider additional criteria such as results from formal certification or licensure exams taken as part of or at the conclusion of the CEU course. Appropriate documentation of any additional criteria considered by the department director must be included with the Continuing Education Hours (CEU) Course Equivalency Evaluation Form.

1. In documenting the equivalency of CEU coursework to SCH coursework, the department chair may utilize any of the following to establish sufficient justification for recommending a SCH equivalency for a CEU course.
   a. Written documentation provided by the student and/or instructor of a course syllabus, lesson plans, assignments, attendance records, test scores, and final grade.
   b. Interview with student and/or instructor of record.
   c. Written documentation of instructor credentials including official transcripts, resumes, and/or work experience for the instructor of record.
   d. Written documentation from and/or interview with the provider institution of the CEU course.

Based on the documentation and evaluation of the CEU coursework, the department director may:

1. Recommend approval of equivalent SCH course credit to the appropriate director or dean or
2. Close the request with no recommendation for approval. The department chair will notify the student promptly when the request for SCH equivalent course credit is closed with no recommendation for approval.

When a school dean receives a recommendation from a department director for equivalent SCH course credit for a CEU course, the dean may:

1. Recommend approval of equivalent SCH course credit to the Vice President of Instruction or
2. Close the request with no recommendation for approval. The school dean will notify the student promptly when the request for SCH equivalent course credit is closed with no recommendation for approval.

When the Vice President for Instruction receives a recommendation from the Dean for equivalent SCH course credit for a CEU course, the Vice President of Instruction may approve the equivalent SCH course credit or close the request with no recommendation for approval. The Vice President of Instruction will notify the student promptly when the request for SCH equivalent course credit is closed with no recommendation for approval.

When the Vice President of Instruction approves an equivalent SCH course,

1. The original approved form and related documentation are submitted to the Admissions and Records Office.
2. A copy of the approval form and related documentation is forwarded to the School Deans office and Department Director.

3. And a copy of the approval form is mailed to the student. **The student must take the approval form to the College Business Office and pay one-third the cost of enrolling in the course. After making payment, the student takes the receipt to the Student Success Center and requests personnel transcript the credit.**

**TxCHSE Testing**

Panola College is an official testing center for the General Education Development (GED) Test and administers this computerized test to individuals who are not high school graduates and who are at least 17 years of age. Those making satisfactory scores on the battery of tests will receive a Texas Certificate of High School Equivalency from the Texas Education Agency. Tests are available in English and Spanish. Complete information may be obtained from the Panola College Student Success Center; however, registration for the GED Test is done electronically at www.ged.com.
TUITION, FEES, AND FINANCIAL AID

Finance your college experience
TUITION AND FEES

Expenses
Tuition and fee costs at Panola College are reasonable, because the school is supported both by the Texas state government and by the taxpayers of the Panola College Taxing District. Tuition, which is $33 per semester hour with a minimum charge of $60, falls well below the amount established by state law. Fee charges vary according to the student's official place of residence, since a separate fee system exists for those individuals not paying property taxes to the College or for those who are not residents of the State of Texas. Fees also vary according to the courses taught as additional fees are charged for laboratory courses or may be charged for specialized courses which require additional lab fees, rental fees, clinical fees, liability insurance, and/or external achievement exams.

Residence Classification
In accordance with Texas law governing tuition charges, students who enroll at Panola College will be classified as Texas Residents, Louisiana Residents, Out-of-State Residents or International Residents. Texas residents will be classified as in-district or out-of-district residents. Tuition and fees will vary according to the residency established at the time of initial registration with the College. Individuals must be prepared to establish residency by signing an oath of residency and may be required to provide official documentation proving residency. Texas residents are those individuals living in Texas for the 12-month period immediately preceding the date of initial registration. Louisiana residents may take advantage of a reciprocity agreement which allows them to pay in-state tuition when enrolling at Panola College because of the school's proximity to the two states' common border. Out-of-state residents and international residents are individuals who have not resided in Texas for the 12-month period immediately preceding the initial date of enrollment. International (foreign, alien) students who are not permanent residents of the U.S. and have not been permitted by Congress to adopt the U.S. as their domicile while they are in this country are not granted Texas residency status.

In-District Residency
Citizens with legal residence status of the State of Texas, who are 18 years of age or older, who are financially independent from their parents or guardian and who reside within the boundaries of the Panola College taxing district for a 12-month period prior to the 12th class day of a long semester, the 4th class day of a summer session or the official census day for terms of varying length qualify for in-district residence status. Legal Texas residents under the age of 18 or Texas residents 18 years of age or older who are not financially independent from their parents or guardian are classified according to the residence status of their parents or guardian.

Legal residents who reside outside the boundaries of the Panola College taxing district, but own property within the taxing district and pay ad valorem taxes on that property, may have the difference between in-district and out-of-district tuition waived for themselves and their dependents.

Verification of property ownership shall be determined by an ad valorem tax statement or receipt issued by the tax office of the District; or by presentation of a deed, property closing statement or other appropriate evidence of ownership of property which is subject to ad valorem taxation by the District.

The following documents may be acceptable for determining in-district residency in support of the signed Oath of Residency (a minimum of two (2) documents are required):

a. Texas Driver's License
b. Texas high school transcript
c. Employer statement of date of employment
d. Texas voter registration
e. Lease agreement which includes student's name and periods covered
f. Property tax payments  
g. Canceled checks  
h. Utility bills  
i. Other as accepted by the Registrar

Notice of Excessive Undergraduate Hours
An institution of higher education may charge a higher tuition rate to an undergraduate student whose hours can no longer be submitted for formula funding. At this time, Panola College will not charge a higher tuition rate for Texas residents enrolling for courses that no longer generate formula funding.

Repeated Course Fees
The Texas Legislature has mandated that a course repeated by a student more than twice at a public institution of higher education may not be reported for state funding. As a result, the institution must either pass the non-funded portion to all students or charge a supplementary fee to the student who is repeating the course. Consequently, Panola College has chosen to assess a supplementary fee to only those students repeating the course more than twice. Courses in Preparatory Studies and English as a Second Language (ESL) are not affected by the supplementary fee.

For a course being “three-peated” (being taken for a third time), students will be charged $75 per semester credit hour ($225 for a 3-hour course) in addition to tuition and required fees associated with the course. Students will be notified at the time they register for a course that it has been taken twice at Panola College and is subject to the supplementary fee.

This schedule does not include book costs, possible rental charges, lab fees, building use fees or room and board costs. Fees at Panola College are established in consultation with student representation. Individuals may use this schedule to estimate their tuition and the fee costs based on the number of hours taken and residency status. In the first column above, find the number of hours taken. Follow the line across the page to find the appropriate tuition and fee charge.

College Store Return and Buy Back Policies

Textbook Refund Policy

NO REFUNDS OR EXCHANGES WITHOUT AN ORIGINAL RECEIPT!

- Textbooks can only be returned within ten days of the purchase date.
- Books must be returned in NEW condition for a refund; all textbooks have a 30% restocking fee. Books with writing, highlighting, earmarks, bumped corners, etc., will be refunded at USED retail price. The Panola College Store reserves the right to refuse any item for refund based on condition in which the item has been brought back.
- Books purchased shrink wrapped cannot be returned for any reason including class cancellation.
- New or used textbooks with water damage are not returnable.
- DVDs, CDs, and books with computer software or access codes that are opened are not eligible for a refund or exchange. No exceptions.
- Kits such as but not limited to Intro to A&P Online Lab Kit, CHEM 1405 Online Lab Kit, Cosmetology Kit, Art Kit, etc., are non-refundable. No exceptions.
- All shipping, handling, and late fees are non-refundable.
- ALL FALL AND SPRING TEXTBOOK PURCHASES MADE DURING THE LAST TWO WEEKS OF THE RESPECTIVE TERM ARE FINAL. NO REFUNDS WILL BE GRANTED.

General Merchandise Refund and Exchange Policy

NO REFUNDS OR EXCHANGES WITHOUT AN ORIGINAL RECEIPT!

- Clothing, supplies, and other forms of general merchandise may be refunded or exchanged within ten business days of purchase date.
- All original tags must still be attached to clothing items.
- Candy, drinks, and all health and beauty supplies are not eligible for return or exchange.
- All shipping, handling, and late fees are non-refundable.
- No refund is available for calculators, hardware, software, and assorted computer supplies.
- All laptops, tablets, and electronic items are non-refundable. Defective products must be reconciled with manufacturer according to terms of item’s warranty.

Book Loan Scholarship and Outside Scholarship

Book Loan Scholarship students must get all required textbooks needed by the 12th class day. Books must be returned or paid for when a class is dropped or at the end of the semester. Students must clear after each semester to be allowed to receive books for the next semester. For WIA, VA, and all other scholarships that pay for supplies, students must get supplies needed by the 12th class day or they will not be covered by scholarship and will have to be paid for by the student at the time of purchase.

Book Buy Back

Book buy back will take place in the Panola College Store on the days final exams are given during the fall and spring semester. Buy back can be done all other times through our online store, www.panolacollegestore.com.

Please make sure you have purchased the correct textbooks for your classes and that the classes have made before opening or marking in books.
FINANCIAL OBLIGATIONS

Deferred Payment Arrangements
Deferred payments may be made through the College’s payment plan provider. There is a per semester enrollment fee. Expenses will be set up to be deducted from a checking account, savings account, or credit/debit card (Discover, Visa, MasterCard, or American Express). With the exception of down payments, all remaining payments are deducted on the 5th of each month until the balance has been paid in full. If a credit/debit card is used, a convenience fee in addition to the enrollment fee will be assessed. All expenses can be included in this plan such as tuition, fees, books, room, and meals. These deferred payment arrangements are interest free. Access this plan at https://www.panola.edu via CampusConnect. For additional information or questions about the payment plan, please call (903) 693-2030.

Obligation to the College
Any unpaid balance could be turned over to a collection agency, and any fees incurred will be added to the student’s account. Until a student’s obligations to the College are met, he or she may be barred from future registration, and the student’s transcript of credit will not be released. A “hold” on a student’s records may be placed for any of the following reasons:
• Non-payment of tuition and fees
• Failure to compensate for the loss, destruction, or damage of College property
• Failure to supply required documentation; enrolling under false pretenses
• Failure to comply with terms of disciplinary action
• Any unpaid debt and/or collection fees owed to the College

Residence Hall Refund Policy
Residence hall charges consist of a room charge and a meal charge. Panola College follows the same refund policy as the tuition and fees refund policy set by the State listed below for the meal portion of the charge. If, for any reason, a student moves out of the residence hall before the end of the semester, no refund of the room charge will be made.

Refund Policy
The State of Texas has established a tuition and fee refund policy for Community/Junior and Technical Colleges. Panola College has no ability to vary in any degree from the established policy. Students who officially withdraw from classes will have their tuition and mandatory fees refunded according to the following schedule.

For Coordinating Board approved semester-length courses for which semester-hour credit is awarded:
1. A 100 percent refund is made for courses dropped prior to the first day of class. First day of class means the first day shown on the College calendar and not the first meeting of a particular class.
2. A 70 percent refund is made if the student withdraws during the first fifteen days of a fall or spring semester. A 25 percent refund is made if the student withdraws between the sixteenth and twentieth days of the fall or spring semester. No refund is made after the twentieth class day of the fall or spring semester.
3. A 70 percent refund is made if the student withdraws during the first eight days of an eight-week term. A 25 percent refund is made if the student withdraws on the ninth or tenth day of an eight-week term. No refund is made if the student withdraws after the tenth class day of an eight-week term.
4. A 70 percent refund is made if the student withdraws during the first five days of a five-week summer term. A 25 percent refund is made if the student withdraws on the sixth day of a five-week summer term. No refund is made if the student withdraws after the sixth class day of a five-week summer term.
NOTE: Students enrolled in semesters of alternate lengths should consult the Business Office staff for refund schedules.

**Refund Procedures.** There are no cash refunds. Refund checks or refunds to the Panola Card are processed within two- to four-weeks’ time. All check refunds are made by mail to the address on file in the Admissions/Records Office. Refunds for tuition and fee payments made by VISA, MasterCard, or Discover will be refunded by a check. “Stop Payment” orders do not cause classes to be dropped. Such orders also result in a $30 fee as with returned checks.

**Rebate Notice.** Entering freshmen may be eligible for a $1,000 tuition rebate from baccalaureate degree granting state institutions if the student completes his or her bachelor’s degree in three years (six semesters) or less.
FINANCIAL AID OPPORTUNITIES

All students are encouraged to apply for financial aid online at studentaid.ed.gov. When the Financial Aid Office (FAO) receives your application, an email will be sent to your Panola College email address explaining any other documents that are needed. Please allow plenty of processing time for your files to be completed before you register. Financial aid will cover only courses that are included on your degree plan. It is your responsibility to ensure all courses are included.

Students are encouraged to submit all necessary paperwork and have their financial aid file complete by June 1. Since supplemental funds are limited and are awarded on a first-come, first-serve basis, it is best to apply as soon as possible.

Panola College receives both state and federal funds. Because of this, the entrance requirements and satisfactory academic progress requirements for financial aid eligibility may be greater than those stated in other sections of this catalog.

Satisfactory Academic Progress

The Panola College financial aid academic award year is defined in this order: Summer II, Fall, Spring, and Summer I. Enrollment status is defined as:

- Full-time ...................... 12 or more hours
- Three-quarter time ............ 9-11 hours
- Half-time ......................... 6-8 hours
- Less than half-time ............. 3-5 hours

The United States Department of Education guidelines require the FAO at Panola College to monitor a student’s satisfactory academic progress. Satisfactory academic progress will be evaluated at the end of each fall, spring, and summer semester. SAP is measured in three different ways:

1. GPA

   0.00-1.99 Financial Aid Warning (FAW) for one semester. The cumulative GPA (CGPA) must be at 2.00 at the end of the Warning semester in order to continue to receive federal financial aid. If the CGPA is not a 2.00 at the end of the Warning period, the student will be on financial aid suspension (FAS). A student on FAS is not eligible to receive financial aid and FAS will be removed and eligibility reinstated after the following conditions have been met and the student has contacted the FAO at Panola College in writing.
   a. The student must raise his or her CGPA to a minimum 2.00.
   b. The student must have completed the appropriate number of hours with a minimum 2.00 CGPA to satisfy the minimum hour completion requirement.
   c. A waiver of financial aid suspension must be granted by the Financial Aid Director.
   d. Financial aid ineligibility decisions made by the FAO at Panola College may be appealed. The student must submit a written request explaining the reason(s) for not making satisfactory academic progress as well as an academic plan from an academic advisor. The Financial Aid Director will review appeals as needed and notify the student of his/her decision via student email. The decision of the Director is final and is not subject to further appeal. It is the student’s responsibility to request the form for the FAO to re-evaluate financial aid eligibility.

2. Minimum Hour Completion

   Students must successfully complete 75% of attempted hours at the end of each semester as indicated on the chart below. Students not successfully completing 75% of the courses attempted will be placed on financial aid warning (FAW). If the student fails to meet the 75% after the warning period is complete, he/she would then be placed on financial aid suspension.
### Semester Status

<table>
<thead>
<tr>
<th>Status</th>
<th>75% Completion Based Upon</th>

<td>6 hours</td>
<td>5</td>
</tr>
<tr>
<td>Less-than half-time</td>
<td>3 hours</td>
<td>2</td>
</tr>
</tbody>
</table>

### Maximum Time Frame

This is a quantitative measure that provides a maximum time frame to complete a degree or educational objective. Regulations specify that for an undergraduate program, the maximum time frame may not exceed 150% of the published length of the program measured in academic years, academic terms, credit hours attempted or clock hours completed, as appropriate. Panola College uses its longest program, 60 hours, as a basis for determining the 150% amount for all programs. Therefore, the maximum time frame for a student at Panola College may not exceed 90 attempted and withdrawn credit hours (60 hours x 150%). Hours attempted will be counted toward the 90-hour limit, regardless of whether financial aid was received or not. Taking extra courses may exhaust financial aid eligibility prior to the completion of a degree or certificate. A second degree or certificate does not renew the 90 attempted hours.

**Financial Aid Probation (FAP)** will allow a student to receive financial aid in the next semester. After the Probation period if the student is not making SAP, this will result in Financial Aid Suspension (FAS). A student on FAS is not eligible to receive financial aid and is not able to appeal the FAS. FAS will be removed and eligibility reinstated after the following conditions have been met and the student has contacted the FAO at Panola College in writing:

- Raise the cumulative GPA to a minimum 2.00.
- Complete the appropriate number of hours with a minimum 2.00 GPA to satisfy the minimum hour completion requirement.

It is the student’s responsibility to request the form for the FAO to re-evaluate financial aid eligibility.

### Definitions

- **Warning status** – the first semester the student does not meet the satisfactory academic progress
- **Suspension** – the semester after the warning status
- **Appeal** – a **ONE** time only written request to override financial aid suspension for one (1) semester

Note: There is no time limitation to a warning status.
TYPES OF FINANCIAL ASSISTANCE

Grants and Student Loans
All grants and student loans are awarded according to the rules and regulations of the Department of Education. The Free Application for Federal Student Aid (FAFSA) is the initial application. The student must have a complete financial aid file for awarding any and all grants and student loans. The amount awarded is governed by the terms of each grant/student loan and the qualifications of the individual student.

Pell Grant
The Pell Grant is a federally funded program based upon financial need. The grant is available only to undergraduate students who have not already received a bachelor’s degree.

Direct Student Loans
Federal Direct Student Loans low-interest loans for students and parents to help pay for the cost of a student’s education after high school. The lender is the U.S. Department of Education. All student loans will be processed through the Financial Aid Office. In order to qualify, a student must complete entrance counseling and the Loan Agreement form to be considered for a student loan. The application process is online and can be accessed through the Financial Aid Office website at https://www.panola.edu/financial-aid. Students must be taking at least 6 hours to qualify for loans.

Federal Supplemental Educational Opportunity Grant (FSEOG)
The FSEOG is awarded to qualified undergraduate applicants with exceptional need. Priority is given to Pell Grant recipients with the greatest need who have met the file complete date of June 1.

Texas Public Educational Grant (TPEG)
The TPEG is a campus-based grant. Priority is given to full-time students with the greatest remaining need who have met the file complete date of June 1.

Texas Educational Opportunity Grant
This grant provides money to help well-prepared eligible students attend public educational institutions in the State of Texas. Individuals with a GED Certificate and home-schooled students can qualify for assistance through this grant. To qualify to receive this award students must be Texas residents; enroll at least half time (6 semester credit hours) in the first 30 hours of a certificate or associate degree plan at a two-year institution; show financial need and have a family contribution of $2,000 or less (to demonstrate need, you must first apply for a Pell Grant); not have an associate degree or baccalaureate degree; not be eligible for an award through the original TEXAS Grant program; and not be convicted of a felony or crime involving a controlled substance.

Due to the limited amount of funds available in the FSEOG, TPEG, and TEOG programs each year, funding for students enrolling less than full-time may be limited.

Federal Work Study (FWS)
The FWS is a federally funded program in which a student works approximately 10 hours per week at minimum wage on campus or in the community service program. Job assignments are made on the basis of available funds, departmental needs, student interest skills, and the student’s course of study. Interested students should contact the Financial Aid Office.
Hazlewood Act
Veterans who are currently residents of Texas and were residents of Texas at the time they entered the armed forces, may be eligible for benefits under the Hazlewood Act. This act exempts the eligible student from the payment of tuition and fees other than property deposit fees and student services fees. **Beginning with the Fall 1995 semester, benefits are limited to 150 semester credit hours.**

First-time applicant
- Provide a certified copy of the DD-214 that shows Texas residency status when you entered the military services and received an honorable discharge or were discharged under honorable circumstances.
- Provide written verification of ineligibility for VA educational benefits.
- Complete the “Application for Hazlewood Act Benefit” form.
- Complete the Free Application for Federal Student Aid (FAFSA).

Returning applicant (every semester)
- Contact the Financial Aid Office.
- Complete the FAFSA for each new school year.

Required forms must be presented to the Financial Aid Office **PRIOR** to registration each semester.

Transferability of Benefits (Legacy Program)
Senate Bill 297 authorized a new exemption from the payment of tuition (fees not included) for a child, or stepchild, of a member of the Armed Forces who is deployed to active duty in a combat zone outside the United States. To learn more about this program, please go to [http://www.collegeforalltexans.com](http://www.collegeforalltexans.com).

Return to Title IV Refund Policy (R2T4)
This policy applies only to eligible U.S. and eligible non-U.S. citizens receiving Title IV funds.

Title IV funds are awarded to a student under the assumption that he/she will attend school for the entire period for which the assistance is awarded. When a student withdraws from all courses, for any reason including medical withdrawals, the student may no longer be eligible for the full amount of Title IV funds originally scheduled to receive. If the student withdraws from all courses prior to completing over 60% of a semester, a R2T4 is required to repay a portion of the federal financial aid received for that term. A pro rata schedule is used to determine the amount of federal student aid funds earned at the time of the withdrawal. Federal aid includes Federal Pell Grant, Federal Supplemental Opportunity Grant, and ACG Grant. The return of funds is based upon the concept that students earn their financial aid in proportion to the amount of time in which they are enrolled. Under this reasoning, a student who withdraws in the second week of classes has earned less than a student who withdraws in the seventh week. Once 60% of the semester is completed, a student is considered to have earned all their financial aid and will not be required to return any funds.

A student’s withdrawal date is:
- The date officially withdrawn with the Admissions/Records Office during the Registrar’s withdrawal period. (The student must contact the Admissions/Records Office directly.)
- The date the student submitted his petition to withdraw to the Admissions/Records Office, if the Admissions/Records Office withdrawal period has ended and the student successfully petitioned to withdraw.
- The date the student was expelled/dismissed from the College.
- The date of death, if the student passed away during the semester.
The Financial Aid Office (FAO) determines the Return to Title IV funds percentage. Institutions are required to determine the percentage of Title IV aid “earned” by the student and to return the unearned portion to the appropriate aid program. Regulations require schools to perform calculations within 30 days from the date the school determines a student’s withdrawal complete. The school must return the funds within 45 days of the calculation.

**The Return to Title IV funds policy follows these steps:**

**Step 1: Student’s Title IV Information**

The FAO will determine:

- The total amount of Title IV aid disbursed (not aid that could have been disbursed) for the semester in which the student withdrew. A student’s Title IV aid is counted as aid disbursed in the calculation if it has been applied to the student’s account on or before the date the student withdrew.
- The total amount of Title IV aid disbursed plus the Title IV aid that could have been disbursed for the semester in which the student withdrew.

**Step 2: Percentage of Title IV Aid Earned:**

The FAO will calculate the percentage of Title IV aid earned as follows:

- The number of calendar days completed by the student divided by the total number of calendar days in the semester in which the student withdrew.
- The total number of calendar days in a semester shall exclude any scheduled breaks of more than five days.

\[
\text{Days Attended} \div \text{Days in Enrollment Period} = \text{Percentage Completed}
\]

If the calculated percentage exceeds 60%, then the student has “earned” all the Title IV aid for the enrollment period.

**Step 3: Amount of Title IV Earned by the Student:**

The FAO will calculate the amount of Title IV earned as follows:

- The percentage of Title IV aid earned (Step 2) multiplied by the total amount of Title IV aid disbursed or that could have been disbursed for the term in which the student withdrew.

\[
\text{Total Aid Disbursed} \times \text{Percentage Completed} = \text{Earned Aid}
\]

**Step 4: Amount of Title IV Aid to be Disbursed or Returned:**

- If the aid already disbursed equals the earned aid, then no further action is required.
- If the aid already disbursed is greater than the earned aid, the difference must be returned to the appropriate Title IV aid program.

\[
\text{Total Disbursed Aid} - \text{Earned Aid} = \text{Unearned Aid to be Returned}
\]

- If the aid already disbursed is less than the earned aid, the FAO will calculate a Post-Withdrawal disbursement.

**Return of the Title IV Aid, based on the type of aid disbursed, in the following order:**

1. Unsubsidized Direct Loans
2. Subsidized Direct Loans
3. Pell Grant

Institutional and student responsibility in regard to the Federal Return to Title IV Funds policy:

**The FAO’s responsibilities in regard to the Return to Title IV funds policy include:**

- Providing each student with the information given in this policy;
- Identifying students affected by this policy and completing the Return to Title IV Funds calculation;
- Informing the student of the result of the Return to Title IV Funds calculation and any balance owed to the College as a result of a required return of funds;
Returning any unearned Title IV aid that is due to the Title IV programs;
Notifying student of eligibility for a Post- Withdraw Disbursement, if applicable.

The student’s responsibilities in regard to the Return to Title IV Funds policy include:
- Becoming familiar with the Return to Title IV Funds policy and how withdrawing from all courses effects eligibility for Title IV aid;
- Resolving any outstanding balance owed resulting from a required return of unearned Title IV aid.

Veterans Administration Benefits

Panola College is fully approved for training of veterans under the provision of the GI Bill® (Public Laws 346, 550, 16 and 890-358), Chapter 33 Post 9/11 GI Bill® and other Education Benefit Programs. Veterans and dependents of veterans should apply to the veterans’ affairs office (Student Success Center) six weeks prior to registration. The veteran must submit a Certificate of Eligibility (COE), military transcripts, all official college transcripts, and their DD-214 (Member 4 copy). Photocopies of dependency documents (marriage and/or birth certificates) will be accepted, if applicable, to establish the veteran’s dependents. A veteran entitled to benefits under these laws will receive a monthly check varying in amount depending on credit hour load from the VA. A child of a veteran may receive benefits in the same way under certain conditions. Any student enrolling under the above provisions should bring with him/her sufficient funds to defray initial costs of tuition, fees, books, personal expenses, etc., since there is usually a period from six to eight weeks before the veteran or other eligible person receives his or her initial payment from the Veterans Administration. A program of study must be selected. The VA will only pay for courses required in that selected program. The courses in which a veteran enrolls must count toward attainment of the specific degree or certificate objective. Courses taken at other institutions may satisfy Panola College’s requirements in a selected program of study. Accepted courses for credit may not be repeated for VA pay. Veterans must make satisfactory progress. Veterans who are receiving monthly payments for their entitlement based on their enrollment at Panola College must abide by Panola College’s academic probation and suspension policy. The Veterans Administration will be notified of unsatisfactory progress the semester a student is placed on scholastic suspension. Veterans should contact the VA Certifying Official for additional information. Benefits may be interrupted by poor attendance. Changes in enrollment status may result in partial repayment to the VA by the student. Complete withdrawal from classes may require repayment for the entire enrollment period.

GI Bill is a registered trademark of the United States Department of Veteran Affairs (VA).
SCHOLARSHIPS

Panola College has various types of scholarships available, including endowed scholarships, organizational scholarships and departmental scholarships. Students who feel that they need or are eligible for a scholarship should contact the person indicated within the scholarship description given in this section of the catalog.

Endowed Scholarships

More than 140 endowed scholarships have been created through the generosity of alumni and friends of Panola College. They are awarded annually to students for various reasons that include financial needs, academic standing and participation in intercollegiate athletics or a fine arts or performing arts group. Applications for endowed scholarships will be available online in February. Please refer to the Endowed Scholarship Application Guidelines for information pertaining to when the endowed scholarship application must be submitted. http://www.panola.edu/financial-aid/endowed-application-guidelines.html

E. M. Adams - Alpha Kappa Gamma Memorial Scholarship
This scholarship was endowed in 2002 by the Dr. James L. Sturrock family in memory of Mr. Adams. Mr. Adams served as Registrar and Librarian at Panola College. He also served students as an instructor and organization sponsor. The scholarship is awarded annually to a Panola College rodeo student.

AEP Southwestern Electric Power Scholarship
This scholarship was endowed in 2002 by AEP - Southwestern Electric Power Company to benefit those living in the community it serves. The Company is committed to the education and training of their regional workforce. It is awarded to a Panola College student in the spring each year.

Adam Allison Baseball Memorial Scholarship
This scholarship was established in 2002 in memory of Adam Allison. It will be awarded annually to a male freshman or sophomore nursing or occupational therapy assisting student, but not limited to these majors. Preference will be given but not limited to Panola County student.

Bob and Ramona Allums Endowed Scholarship
This scholarship was endowed in 2008 by Bob and Ramona Allums. It will be awarded annually to a sophomore student based on financial need.

Irene Allums Memorial Scholarship
This scholarship was established in memory of Irene Allums in 2007 by Bobby and Ramona Allums. Ms. Allums was a longtime employee of Beckville ISD and a supporter of Panola College. It will be awarded annually to a sophomore student based on financial need.

The Altrusa Club Louise Osborne Memorial Scholarship
The Carthage Altrusa Club endowed a scholarship to honor Louise Osborne in 1993. The scholarship is awarded annually to a worthy Panola County student with financial need enrolled in the Associate Degree Nursing Program or the Vocational Nursing Program at Panola College.

C. Applegate Memorial Scholarship
This scholarship was established in memory of Mr. C. Applegate by his son and daughter-in-law, Bill and Dorothy Applegate. Mr. C. Applegate was an educator and newspaper editor. This scholarship, established in 1996, is to be awarded annually to a deserving journalism student planning to attend Panola College.
William C. Applegate Honorary Scholarship
This honorary scholarship was established in 2000 by friends of William C. Applegate. Mr. Applegate played a major part in the growth of Carthage, which included helping to bring Panola College to Carthage. This scholarship is awarded annually to a deserving Panola College student.

Dr. and Mrs. C. D. Baker Endowed Scholarship
This scholarship was established in 2012 in memory of Dr. and Mrs. Baker by their granddaughter, Ann Beaudette. It will be awarded annually to a deserving sophomore student enrolled in the Petroleum Technology program.

Maurine Baker and Mary Louise Baker Endowed Scholarship
This scholarship was endowed in 2012 in memory of Maurine and Mary Louise Baker by their niece, Ann Beaudette. It will be awarded each year to a sophomore student majoring in education.

Baushke and Roark Scholarship
This scholarship was established in 2014 by Duane and Judy Baushke and Terry and Nancy Roark in memory of Charles Ross and Fay Giles. It will be awarded annually to a Panola College freshman or sophomore student.

John Bayne Scholarship
A generous sum was given by Mr. Bayne upon his retirement from the faculty. Income from this trust is used for scholarships in accordance with regulations established by the Board of Trustees.

Blair/Brumley Fine Arts Scholarship
This scholarship was endowed by Mr. and Mrs. Lang Scott and daughter Hillary in 1997. The scholarship honors the late Mrs. Bernice Blair and Mr. Larry Brumley for their contributions to the Fine Arts of Panola County. The endowment provides an annual scholarship to a student majoring in one of the fine arts.

Mary M. Brown Memorial Scholarship
This scholarship, established by Mrs. Mary M. Brown, is awarded annually to a deserving sophomore student. The scholarship was established in memory of Mrs. Brown's brother and sister-in-law, Otis and Sue Middlebrooks.

Jake and Mary Lee Browning Memorial Scholarship
This scholarship, established in 1996, is in memory of Jake Browning and his wife Mary Lee Browning. This endowment was established through a joint effort of the family and the matching gift program of Union Pacific Resources. Mr. Browning served as the first business manager of Panola College. He also held numerous positions in education and the oil and gas industry in Panola County. The Brownings have two sons, Robert and Mickey Browning. This scholarship is awarded annually to a student in the Associate Degree Nursing Program or to another worthy sophomore student.

Buchanan Memorial Scholarship
This scholarship is awarded annually to graduates of Beckville High School. This fund was established in memory of Doc Buchanan, Sr. and Doc Buchanan, Jr. by their wives, Mrs. Carrie Buchanan and Mrs. Louise Buchanan. Doc Buchanan, Sr. was a member of the original Panola College Board of Trustees and served a total of 30 years before his retirement. Doc Buchanan, Jr. replaced his father on the Board in 1977 and served until his death in May of 1984. He was also a member of the first Panola College graduating class.
John and Billie Jean Burton/Oryx Scholarship
This scholarship, established by John and Billie Jean Burton, is awarded annually to a deserving, returning Panola College student who exhibits scholarly achievement and good citizenship during his or her freshman year at Panola College. This scholarship was established with the aid of the Oryx Energy Company Matching Gift for Higher Education Program.

John K. and Janice B. Cain Endowment Scholarship
This scholarship was endowed by John K. and Janice B. Cain in 1999. The scholarship is awarded annually to a deserving single mother. The Cains are parents of five children, as well as having grandchildren and great grandchildren.

Kenneth and Suzy Cantwell Endowed Scholarship
This scholarship was endowed in 2008 by Suzy Cantwell, family and friends in honor of her late husband, Kenneth. Both Mr. and Mrs. Cantwell were lifelong educators. The scholarship will be awarded annually to a deserving student with financial need.

Huelitt Biggs Cariker Scholarship
This scholarship was endowed by Mrs. Huelitt Biggs Cariker in 1999. This is the second scholarship established by Mrs. Cariker. The scholarship is awarded annually to a deserving sophomore student at Panola College.

Paul Carter Memorial Scholarship
This scholarship was established in memory of Paul Carter by his family and friends in 1993. Mr. Carter was a member of the College’s Board of Trustees from 1973 until his death in 1993. This scholarship is awarded annually to a deserving student planning to attend Panola College.

Kyle Cassity Memorial Scholarship
This scholarship was endowed in memory of Kyle Cassity by family and friends in 2013. It will be awarded each year to a sophomore student in the Petroleum Technology program or a program in the Health Sciences Division. The student must have been active in 4-H or FFA while attending high school.

Center Music Study Club - Mrs. Willie Clifford Scholarship
In 1988, the Center Music Study Club endowed a scholarship to honor one of its long-time members, Mrs. Willie Clifford. The scholarship is awarded annually to a student in fine arts who is a graduate of Center High School. If that criteria is not met, then fine arts majors from any Shelby County School may apply.

This scholarship was established by Dorothy Witcher in 2001. Mrs. Witcher, who was a Registered Nurse in the U. S. Army Nurse Corp, has a love of nursing and helping others. The scholarship is awarded in the spring each year to a Panola College student who has been accepted into the Associate Degree Nursing program.

**Charlie Woods Memorial Scholarship**
This scholarship was endowed by friends and family in 2013. It will be awarded to a sophomore student with financial need, preference to a Petroleum Technology student.

**Winston and Joyce Worley Memorial Scholarship**
This scholarship was endowed in 2014 by Bud and John Worley in memory of their parents, Winston and Joyce Worley. It will be awarded annually to a Panola College freshman or sophomore student.

**Del and Lamar Yarborough Endowed Scholarship**
This scholarship was endowed in 2000 by the Panola County Community Foundation. The scholarship honors long-time Beckville and Panola County residents, Del and Lamar Yarborough. The scholarship is awarded annually to a deserving Panola College student.

**Rudy and Billie Youngblood Scholarship**
This scholarship was established by Rudy and Billie Youngblood in 2000. Mr. Youngblood has lived his entire life in Panola County, and Mrs. Youngblood attended nursing school at Panola College. The scholarship will be used each year to provide a scholarship to a deserving sophomore who is majoring in one of the health career fields.
Departmental Scholarships

Art
Limited Art scholarships are available to students who major or minor in the Visual Arts. Course participation is mandatory along with an exhibition of work.

Contact: Art Department

Athletic
Panola College awards scholarships in five intercollegiate athletic programs: baseball, women’s/men’s basketball, volleyball, and women’s/men’s rodeo. Awards are on a competitive basis and may vary.

Contact: Coach of the appropriate program

Drama
Scholarships are available to students who are interested in participating in campus theatre productions. Course participation is mandatory. Applications are available on our website at http://www.panola.edu/programs/fine-arts/drama/scholarship.html.

Contact: Drama Department

Journalism
A limited number of journalism scholarships are available for high school graduates who meet the criteria established by the journalism department. Course participation is mandatory as well as work on the newspaper staff.

Contact: Journalism Department

Music
Music scholarships are available to those individuals who will perform in campus musical organizations. Course participation is required as well as participation in performances. Scholarships are available for students who perform in the band, the stage band, the Chorale, the Chamber Singers and the Pipers.

Contact: Director of Bands or Choir

Presidential Scholarship
Presidential Scholarships are awarded to recognize academic excellence and provide for all tuition, fees and book expenses incurred for the fall semester immediately following the recipient’s high school graduation. To be eligible, a candidate must score 27 or above on the ACT, or 1800 or above on the SAT, or be a National Merit Finalist and be TSI exempt by testing. The candidate must file the Free Application for Federal Student Aid (FAFSA). The scholarship is renewable for the spring semester and for the second year if the recipient completes a minimum of 12 semester hours with a minimum 3.00 GPA each semester.

Contact: High School Counselor

Dean’s Scholarship
Dean’s Scholarships are awarded to students who rank in the top five percent of their graduating class. The scholarship provides tuition and fees for the fall semester and is for the award year immediately following the recipients’ high school graduation and is for one year only. The candidate must file the Free Application for Federal Student Aid (FAFSA). The scholarship is renewable for the spring semester by completing at least 12 semester hours with a minimum 2.50 GPA. A minimum of two students are eligible from each accredited public high school.

Contact: High School Counselor
Panola College Leadership/Achievement Scholarship
A number of scholarships are awarded to each accredited public high school served by Panola College. The number of scholarships awarded to each high school is based on the school's UIL classification. The candidate must demonstrate leadership and/or achievement based on participation in school or community activities, have a high school GPA of 2.00 or above and file the Free Application for Federal Student Aid (FAFSA). The scholarship provides tuition only for the fall semester, is for the award year immediately following the recipients' high school graduation and is for one year only. The scholarship is renewable for the spring semester by completing at least 12 semester hours with a minimum 2.50 GPA.

STUDENT SERVICES

Academic advising and other student services
STUDENT SERVICES

Vice President of Student Services
Don Clinton
Charles C. Matthews Foundation Student Center
Carthage, Texas 75633
(903) 693-2048

Administrative Staff
- Katy Chance - Residence Life Coordinator/Head Resident Supervisor
- Jeremy Dorman - Director, Admissions/Registrar
- Stacy Gee - Academic Advisor/Testing Coordinator
- Leslie Edelen - Academic Advisor/Veteran Affairs Certifying Official
- Jody Harris - Student Activities Coordinator/Advisor
- Reanna Hart - Recruiter/Advisor
- Sarah Kite - Academic Advisor/Testing Assistant

Mission Statement
The Student Success Center is located in the Charles C. Matthews Foundation Student Center on the main Panola College campus in Carthage. The mission of the Student Success Center personnel is: to provide outstanding service to students and staff with an easily-accessible, one-stop center for student services; to assist students with setting and reaching academic and career goals; and ultimately to assist students in reaching their full potential. Services that are offered in the Student Success Center include: Admissions, Advisement (Academic, Career and Technical), Child Care Assistance, Disability Services, GED Testing, International Student Services, Job Placement, Assessment Testing, Records, Recruiting, Residence Life, Student Life, Tutoring and Veterans Services. Please let us know how we may serve you. We are committed to YOUR success.

Academic Advising
For academic advising and registration, students must make an appointment with the assigned faculty or an advisor in the Student Success Center. Advisors also provide information about courses of study, transfer school options and referral information, when requested.

First-time students must sign up and attend a “New Student Advisement/Registration” session and must see an advisor prior to being allowed to register.

Career & Technical Academic Advising
Panola College career and technical programs have a formal advising process designed to keep students on track in the curriculum and help them resolve any problems they encounter. Once a student formerly enters a technical program such as Nursing, Business, Office Professional, Petroleum Technology, Cosmetology, or Welding they are assigned a faculty advisor. They will need to meet with their advisor each semester prior to registration (a registration block is placed making advising mandatory).

First-time students must sign up and attend a “New Student Advisement/Registration” session and must see an advisor prior to being allowed to register.
Bulletin Boards
Students are responsible for reading the campus bulletin boards, flat-panel television screens, outdoor marquee, and student email on a regular basis for announcements. Prior to its being posted, advertising not associated with college business must be approved by the Student Activities Coordinator.

Campus Police/Security
The campus police force is composed of certified law enforcement officers who have the power to enforce all Texas laws and College regulations on the property owned or operated under the direction of Panola College. An officer and/or additional staff members are on duty on a 24-hour basis. The force serves the staff and students by helping to maintain the safety and security of each person and their possessions while on campus.

Email
Each student is given a campus email address when admitted to Panola College. All correspondence after admission will be through email. It is the student’s responsibility to activate and monitor their email.

Health Services
Health care facilities are not offered on the main campus or on off-campus sites. If an accident or emergency occurs on campus, first aid will be administered, and additional assistance, if needed, will be requested from the local hospital’s emergency service. The cost of any professional service is the responsibility of the student. Students are encouraged to have medical insurance coverage from a company of their own choosing. Information concerning a sickness and accident insurance policy available to students and their dependents is available. Inquire in the Business Office.

HIV/AIDS and Other Communicable Diseases
Panola College recognizes that students or employees with communicable diseases, including HIV infection, may wish to engage in as many of their normal pursuits as their condition and ability to perform their duties allow. These pursuits include attending classes or work. As long as these students or employees are able to meet acceptable performance standards, and medical evidence indicates that their conditions are not a threat to themselves or others, the administrators, faculty and staff should be sensitive to their condition and ensure that these individuals are treated consistently and equally with other students and employees. At the same time, Panola College has an obligation to provide a safe environment for all students and employees. A student or employee with a communicable disease should report the condition to the Vice President of Student Services or to his/her immediate supervisor as appropriate. The educational pamphlet on HIV infection developed by the Texas Department of Health is distributed to all employees and is available to students requesting a copy. Every precaution should be taken to ensure that a student’s or employee’s condition does not present a health or safety threat to others. The fact that a student or employee has a communicable disease does not relieve that individual of the requirement to comply with performance standards as long as he/she is enrolled in classes or remains employed with the College. All efforts will be made to protect the student’s or employee’s right to confidentiality.

Identification (ID) Cards (Panola Card)
New students are issued identification (ID) cards, also known as the Panola Card, in the Student Success Center. Your Panola Card is linked to a checking account at Herring Bank. This will be the default account for all student disbursements from Panola College unless you designate a different account through Campus Connect. Some students may also be required to obtain an ID Badge from the Student Success Center. The Panola Card or ID Badge must be presented for admission to official College functions requiring an ID, the M.P. Baker Library, the Fitness Center, student activities, athletic competitions, dining hall services, etc. Replacement fees for lost or stolen cards will be accessed (see Additional Fees in Expenses section of the General Catalog).
Inclement Weather Policy
Panola College has scheduled its instructional program to comply with the Common Calendar of the Texas Higher Education Coordinating Board, as well as to meet instructional requirements for awarding credit hours earned. College instructors are obligated to meet all scheduled classes. If severe weather makes it necessary to cancel classes, the College Administration will notify students through text messaging, email and local television and radio stations. If classes are cancelled by the College President, all work is delayed until the next class meeting or until a date determined by the instructor. If a student is in an area which experiences severe weather and the College has not officially closed, it is that student’s responsibility to decide whether or not to attend class. The student must then contact the instructor for information concerning make-up of work missed.

Job Placement Services
Panola College attempts to assist students in job placement. Interest assessment, investigating career options and access to occupational information are provided on the College website. Job opportunities (on campus and off campus) are posted regularly on designated College bulletin boards, online through the career services page. Directors of career programs provide placement information to graduates of these programs. Finding employment is ultimately the student’s responsibility. For job fair information contact the career/technical counselor located in the Student Success Center.

Motor Vehicle Registration
Any student, faculty member, or employee who operates or parks one or more vehicles on campus must register each vehicle and hang a parking permit from the rearview mirror. Permits are issued in the Student Success Center office.

Services for Students with Disabilities
Reasonable accommodations and support services for students with disabilities will be provided upon request. Requests must be submitted in writing with appropriate documentation to the Disability Support Services Coordinator. Students seeking help should meet with the Disability Support Services Coordinator whose office is located in the Student Success Center.

Student Handbook
The Pathfinder is available to acquaint students with information relative to the rules and regulations of Panola College.

This handbook is located at https://www.panola.edu/student-success/documents/pathfinder.pdf.

Student Orientation
Orientation is required of all first-time, full-time students and is conducted to help entering students maximize their chances for success at Panola College. Orientation sessions provide important information about registration, academic advisement, financial aid, student activities and other educational and personal support services and programs available to students. Orientation also provides a new student with the opportunity to ask questions and to meet faculty and other students.

Student Right to Know
In compliance with the Student Right to Know and Campus Security Act of 1990, Panola College compiles specific information on campus crime statistics, campus security policies and graduation rates. Panola College’s police/security force compiles and distributes a brochure of pertinent information to students and employees on an annual basis. Federal law also requires that all institutions of higher education disclose graduation rates, on request, to students, applicants and potential students. More information can be found at http://www.panola.edu.
Substance Abuse Policy
The College has a formal policy which forbids illegal drugs and alcohol on campus. No illegal drugs or alcoholic beverages are allowed on campus. Any student possessing such chemicals may be suspended from the College.

Testing and Assessment
Panola College offers a variety of testing and assessment services. The College is a designated test center for the ACT (American College Testing Program) which may be taken on the Carthage campus in February, April, and October. The GED (General Educational Development) Test is given regularly in Carthage and Center. The TSI test is offered daily (Monday-Thursday) at the Carthage campus and periodically at the Marshall and Center campuses as well as at area high schools. Individuals wishing to enroll in any of Panola College's academic or career/technical programs must provide acceptable assessment test scores prior to enrolling. The HESI (Health Education Systems, Inc.) test and the WorkKeys test are both administered at the Carthage and Center campuses. The HESI test is the nursing admission test required for Vocational Nursing applicants and Associate Degree Nursing applicants. The WorkKeys test is required for Cosmetology applicants. Contact the Student Success office for information about the tests and for scheduling.

Tobacco Use Policy
The College District is a tobacco-free institution committed to providing its students and employees a safe and healthy environment. The use of all tobacco products and any electronic smoking or vapor emitting device shall be prohibited on all property owned or operated by the College District. This shall include buildings, grounds, sidewalks, and streets. This policy shall also apply to vehicles owned or operated by the College District. Notice of this tobacco-free policy shall be displayed at all College District locations.

Residence Halls
Panola College has five residence halls capable of housing a total of 249 students. Student housing is available during regular, mini and summer semesters. **Meal plans are provided to students living in residence halls only during the fall and spring semesters.** Meals are served in the Charles C. Matthews Foundation Student Center dining hall. Each student is responsible for making their own living arrangements when the residence halls are closed for holidays. No meals are provided when the residence halls are closed. For details on each type of housing go to http://www.panola.edu/student-success/residence-life/fall-spring-housing.html.

Room reservations are made on a first-come, first-serve basis. Before a reservation is considered complete, a $200 deposit, the Residence Hall Application, proof of medical insurance/medical coverage waiver and proof of the bacterial meningitis vaccination must be received by the Residence Life Coordinator. The application can be accessed at http://www.panola.edu/student-success/residence-life/application-for-housing.html.

**NOTE:** If students choose to cancel the housing contract, this deposit is refundable only if requested at least 30 days prior to the first class day.

Students who do not check-in by 2 p.m. on the first class day will forfeit their deposits and room reservations. In case of an unavoidable delay, a student should contact the Residence Life Coordinator prior to move-in for permission for a late arrival. Payment for room and meals will be made in full at the time of registration. The amounts are subject to change. Contact the Business Office to make payment arrangements for room and meals.

If, for any reason, a student moves out of a residence hall before the end of the semester, **no refund of room charges will be made.** Meal plan charges will be refunded as shown in the Expenses/Financial Aid section of this catalog on page 36.
Only the College may grant residence hall space. Transfer of deposits or reservations to another student is not permitted. All residents must enroll in fifteen (15) semester hours and maintain a student-hour load of at least twelve (12) semester hours. If a student falls below this load, he/she may be requested to vacate the room.

Room deposit refunds will be made only after the Residence Life Coordinator has completed the proper check-out procedure. All requests for refunds of room deposits must be submitted in writing to the Residence Life Coordinator within 30 days from the end of the semester of residence. A refund is mailed to the student's address of record. No on-the-spot refunds will be made.

All residents will be responsible for the information outlined in the Panola College General Catalog, The Pathfinder (the student handbook) and the Residence Life Handbook.

All residence hall students are required to have the bacterial meningitis immunization at least 10 days prior to moving into the residence halls. No exceptions will be granted.

All students are encouraged to have the following immunizations or screening tests completed prior to admission: measles, mumps, rubella, tetanus, diphtheria, pertussis, polio, varicella (chicken pox), hepatitis B and tuberculosis skin test. Applicants who are accepted into the Nursing and Occupational Therapy Assistant programs are required to complete a medical form and will be required to have updated immunizations as specified by the particular department.
CLUBS AND ORGANIZATIONS

Student organizations are designed to aid in developing the social and vocational skills of individuals. Organizations are chartered by the student government association and operate with the advice of faculty and administrators.

The 418
This non-denominational Christian organization is open to all students, faculty, and staff who want to know more about the Bible. Weekly meetings are held each Thursday at 7 p.m. in the Sid B. Turner Memorial Chapel.
Director: Anthony Frost (Anthonyfrost89@yahoo.com)
Sponsor: Don Cocklin (dcoklin@panola.edu)

Baptist Student Ministries
This organization is open to all students. The BSM sponsors Bible studies, devotional programs and social events throughout the school year. Every Wednesday, during the fall and spring semesters, the BSM sponsors a free lunch, hosted by area churches and served in the Baptist Student Center across from the campus.
Director: Tim Pool (bsm@panola.edu)
Sponsor: Jody Harris (jharris@panola.edu)

The Book Club
The Book Club exists to give students the opportunity to have fun and meaningful conversations about a variety of books from various genres. The Book Club also promotes reading and socializing and participates in many campus-wide activities.
Sponsor: Shay Joines (sjoines@panola.edu)

Caddo Club
Students interested in outdoor recreation, ecology, and the historical and current impact of man on the environment will find a variety of opportunities in this organization. Guest speakers, field trips, camp outs and recycling projects are among the activities enjoyed by members of this club.
Sponsors: Becky Gullette (bgullette@panola.edu), Darrell Hudson (dhudson@panola.edu), Sheila Ritter (sritter@panola.edu)

Chamber Singers
This small performing ensemble specializes in serious choral literature from early madrigals to the 20th century. Membership is by audition only. The Chamber Singers perform in concerts and for local organizations. Selected members participate in the Texas Junior College All-State Choir.
Sponsor: Sandra Bauer (sbauer@panola.edu)

Chorale
Membership in the Chorale is open to all Panola College students upon approval of the director. The Chorale presents fall, Christmas, and spring concerts, attends choral festivals, visits area schools, and goes on tour.
Sponsor: Sandra Bauer (sbauer@panola.edu)
Collegiate FFA
Collegiate FFA enhances the collegiate experience through service and engagement to create premier leaders, enable personal growth and ensure career success. Students will have the opportunity to connect with local industry leaders, earn an American FFA degree, help recruit new ag majors to the college, volunteer to help with local ag/FFA events, and go on trips to conventions/local industry tours. You do not have to be an agriculture major or have been an FFA member in high school to join CFFA. Membership is open to everyone. The Panola College CFFA chapter is chartered with the National FFA Organization and the Texas FFA Association as a collegiate alumni chapter.
Sponsor: Jody Harris (jharris@panola.edu)

Concert Band
The main band of the college gives players an enjoyable and enlightening playing experience. It performs a wide range of music from popular selections to more advanced works for concert band, presents concerts on campus, plays for athletic events and at area functions. Membership in the Concert Band is open to all Panola College students upon approval of the director.
Sponsor: Dwaine Hubbard (dhubbard@panola.edu)

Delta Psi Omega
This organization is devoted to an interest in drama, and is open to all students who are active in drama or dramatic productions.
Sponsor: Karen King (kking@panola.edu)

Gaming Club
The Gaming Club exists to provide a community where the gamers of Panola College can congregate. The club owns and utilizes a wide range of gaming consoles and games.
Sponsor: TBA

Green Jackets
This group is the oldest organization on campus and has a long history of service to the College and community. Membership comes through nomination by faculty and through a rigid selection process. The outstanding men and women of this student organization serve as goodwill ambassadors for the College, providing both leadership and service.
Sponsor: Jody Harris (jharris@panola.edu)

History Club
The History Club promotes interest in the study of history and historical events, provides fellowship among students and faculty, and provides a forum for discussion and presentation of innovative ideas with respect to the subject of history.
Sponsor: Bill Offer (boffer@panola.edu)

The National Society of Leadership and Success (Sigma Alpha Pi)
The National Society of Leadership and Success, Sigma Alpha Pi, is the largest collegiate leadership honor society in the United States with over 500 chapters and more than half a million members nationwide.
Sponsor: Corey Johnson (corey.johnson@panola.edu)
Panola Pipers
This small choir performs fully staged, choreographed shows. Widely acclaimed for exciting routines, they perform for service clubs, hospitals, and schools and are featured annually at the Texas State Fair. Their dinner theater production, “Christmas in Carthage,” has become an outstanding community event. Membership in the Panola Pipers is open to all Panola College students upon approval of the director.
Sponsor: Sandra Bauer (sbauer@panola.edu)

Phi Beta Lambda
The purpose of Phi Beta Lambda is to provide an organization on campus for business students that develops leadership, communication, and teamwork.
Sponsor: Dwayne Ferguson (dferguson@panola.edu)

Phi Theta Kappa
This international honor fraternity recognizes junior and community college students who have attained high scholastic achievements. Membership is by invitations to those who qualify. Learning, society and service activities are scheduled throughout the year.
Sponsor: Emily Zabcik (ezabcik@panola.edu)

Pony Express
The Pony Express is the College newspaper. It is written and edited by students enrolled in the journalism classes as well as other interested students. It is published regularly throughout the fall and spring semesters.
Sponsor: TBA

SMACC (Social Modern Asian Culture Club)
The purpose of SMACC is for students to share a better understanding and appreciation for Asian Animation, or as it is better known, anime or manga.
Sponsor: Corey Johnson (corey.johnson@panola.edu)

SOTA (Student Occupational Therapy Assistant) Club
This community service club is open to all students enrolled in the Occupational Therapy Assistant program, all students declaring OTA as their major and all OTA Program alumni. The purpose of this club is to unite the OTA students, future students and alumni and broaden their intellectual and professional skills through community service projects.
Sponsor: Cheri Lambert (clambert@panola.edu)

Stage Band
The smaller of two college bands, this band gives the student experience in popular music, jazz and modern stage band literature. Enrollment is limited.
Sponsor: Dwaine Hubbard (dhubbard@panola.edu)

Student Government Association
Composed of elected students, this organization assists in planning and presenting student activities. It serves as a link between the student body, the administration and the faculty. It is a voice for student rights and opinions on campus. The Student Government Association is a member of the Texas Junior College Student Government Association. In the past, Panola College has held responsible positions within this organization's leadership.
Sponsor: Brian Naples (bnaples@panola.edu)
PLACES AND EVENTS

Fitness Center
The Panola College Fitness Center is open to the community through memberships that may be purchased through the Fitness Center. ID’s are required for entry into the Fitness Center. The Fitness Center is available free-of-charge to all Panola College students. Interested students are invited to visit the Center during posted hours. The Fitness Center offers fully equipped weight rooms, a yoga/Pilates room, cardiovascular equipment, and a full sized gym floor.

Food Service
A commuter meal ticket is available for purchase in the Business Office or in Food Services. The dining hall and Charlie’s Bistro (located in the Charles C. Matthews Foundation Student Center), as well as catering services, are available to the public. Commuters and employees may purchase “Pony Bucks,” a discounted meal card. Contact Sodexho.

Intercollegiate Athletics
Panola College athletic teams are members of the National Junior College Athletic Association, Region XIV Athletic Conference, National Intercollegiate Rodeo Association and the NIRA Southern Region. In intercollegiate competition, Panola College participates in baseball, women’s/men’s basketball, volleyball, and women’s/men’s rodeo. The College began its athletic program in 1948 and strives to educate and develop student athletes. Panola College has earned national junior college championships in baseball, women’s basketball and rodeo.

Intramural Program
A complete program of intramural sports is organized for all students who are interested in this type of competition. Intramural sports include basketball, volleyball, dodgeball, and other special competitions. The Student Activities Coordinator plans the intramural sports activities, and those students who wish to participate should take note of announcements relative to this program each semester.

Panola College Store
The Panola College Store is designed to serve both students and faculty. In addition to textbooks and other school supplies, the Panola College Store carries office supplies and a variety of gift and other items. The Panola College Store hours are posted on-site and on the Internet Web site. Textbooks are sold throughout the school year, however, textbook “buy-back” is conducted during designated times at the end of each semester (see page 35).

Social Events
Among the yearly social events are the Fall Frolic, Spring Fling, dances, movies, homecoming and field trips. Social events are also planned by the various clubs and organizations under faculty supervision and coordinated with the Student Services.
POLICIES AND REGULATIONS

Policies that affect your academic career
POLICIES AND REGULATIONS

Informal Complaint Process
The College District encourages students to discuss their concerns through informal conferences with the appropriate instructor or other campus administrator.

Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level. If an informal conference regarding a complaint fails to reach the outcome requested by the student, the student may initiate the formal process described below by timely filing a written complaint.

This policy shall apply to all student complaints except as provided below.

Exceptions
This policy shall not apply to:

- Complaints for forced withdrawal from developmental courses in accordance with state law.
- Complaints alleging discrimination or harassment based on race, color, gender, national origin, disability or religion. [See FDE of the Board Policy Manual]
- Complaints concerning retaliation relating to discrimination and harassment. [See FDE of the Board Policy Manual]
- Complaints concerning a commissioned peace officer who is an employee of the College District. [See CHA of the Board Policy Manual]

Complaint forms and appeal notices may be filed by hand-delivery, by electronic communication, including email and fax, or by U.S. Mail. Hand-delivered filings shall be timely filed if received by the appropriate administrator or designee by the close of business on the deadline. Filings submitted by electronic communication shall be timely filed if they are received by the close of business on the deadline, as indicated by the date/time shown on the electronic communication. Mail filings shall be timely filed if they are postmarked by U.S. Mail on or before the deadline and received by the appropriate administrator or designated representative no more than three days after the deadline.

At Levels One, Two, and Three "response" shall mean a written communication to the student from the appropriate administrator. Responses may be hand-delivered or sent by U.S. Mail to the student’s mailing address of record or sent electronically. Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.

“Days” shall mean College District business days. In calculating time lines under this policy, the day a document is filed is “day zero.” The following day is “day one.”

“Representative” shall mean any person or organization designated by the student to represent the student in the complaint process.

The student may designate a representative through written notice to the College District at any level of this process. If the student designates a representative with fewer than three days’ notice to the College District before a scheduled conference or hearing, the College District may reschedule the conference or hearing to a later date, if desired, in order to include the College District’s counsel. The College District may be represented by counsel at any level of the process.

Complaints arising out of an event or a series of related events shall be addressed in one complaint. A student shall not bring separate or serial complaints arising from any event or series of events that have been or could have been addressed in a previous complaint.

All time limits shall be strictly followed unless modified by mutual written consent.
If a complaint form is not timely filed, the complaint may be dismissed, on written notice to the student, at any point during the process. The student may appeal the dismissal by seeking review in writing within three business days from the date of the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Each party shall pay its own costs incurred in the course of the complaint.

Complaints under this policy shall be submitted in writing on a form provided by the College District.

Copies of any documents that support the complaint should be attached to the complaint form. If the student does not have copies of these documents, copies may be presented at the LEVEL ONE conference. After the LEVEL ONE conference, no new documents may be submitted by the student unless the student did not know the documents existed before the LEVEL ONE conference.

A complaint form that is incomplete in any material aspect may be dismissed, but may be re-filed with all the required information if the re-filing is within the designated time for filing a complaint.

**Formal Complaint/Appeals Process**

**Level 1: File a Formal Complaint or Appeal with the Employee/Instructor**

A student wishing to file a formal academic or disciplinary complaint or appeal must use the form provided by the College District (Student Complaint/Appeal form; see the Pathfinder). The form shall be filed with the instructor or employee involved no later than five days after the complaint or receipt of the disputed grade or discipline.

If the complaint is not filed with the appropriate administrator/employee, the receiving administrator/employee must note the date and time the complaint form was received, and immediately forward the complaint form to the appropriate administrator.

The appropriate administrator shall investigate as necessary and hold a conference with the student within three business days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

The administrator shall provide the student a written response within three business days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the LEVEL ONE conference and any relevant documents or information the administrator believes will help resolve the complaint.

**Level 2: Appeal to Dean or Vice-President of Student Services**

If the student did not receive the relief requested at LEVEL ONE or if the time for a response has expired, the student may request a conference with the appropriate Dean or Vice President to appeal the LEVEL ONE decision.

The appeal notice must be filed in writing, on a form provided by the District, within three business days of the date of the written LEVEL ONE response or, if no response was received, within three business days of the LEVEL ONE response deadline.

After receiving notice of the appeal, the LEVEL ONE administrator shall prepare and forward a record of the LEVEL ONE appeal to the LEVEL TWO administrator. The student may request a copy of the LEVEL ONE record.

The LEVEL ONE record shall include:

- The original complaint form and any attachments.
- All other documents submitted by the student at LEVEL ONE.
- The written response issued at LEVEL ONE and any attachments.
• All other documents relied upon by the LEVEL ONE administrator in reaching the LEVEL ONE decision.

The Level Two administrator shall hold a conference within three business days after the appeal notice is filed. The conference shall be limited to the issues presented by the student at Level One and identified in the Level Two appeal notice. At the conference, the student may provide information concerning any documents or information presented at Level One. The Level Two administrator may set reasonable time limits for the conference.

The LEVEL TWO administrator shall provide the student a written response within three business days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the LEVEL TWO administrator may consider the LEVEL ONE record, information provided at the LEVEL TWO conference, and any other relevant documents or information the LEVEL TWO administrator believes will help resolve the complaint.

Recordings of the LEVEL ONE and LEVEL TWO conferences, if any, shall be maintained with the LEVEL ONE and LEVEL TWO records.

Level 3: Appeal to Appeals Committee
If the student did not receive the relief requested at LEVEL TWO or if the time for a response has expired, the student may request an appeal hearing from the appropriate vice president to appeal the LEVEL TWO decision.

The appeal notice must be filed in writing, on a form provided by the College District, within three business days of the date of the written LEVEL TWO response or, if no response was received, within three business days of the LEVEL TWO response deadline.

After receiving notice of the appeal, the LEVEL TWO administrator shall prepare and forward a record of the LEVEL TWO complaint to the LEVEL THREE administrator. The student may request a copy of the LEVEL TWO record.

The Level Two record shall include:
• The Level One record.
• The written response issued at Level Two and any attachments.
• All other documents presented at Level Two.

The LEVEL THREE administrator shall convene an appeals committee within three business days after the appeal notice is filed. The conference shall be limited to the issues presented by the student at LEVEL ONE and identified in the LEVEL THREE appeal notice. At the conference, the student may provide information concerning any documents or information relied on by the administration for the LEVEL TWO decision. The LEVEL THREE administrator may set reasonable time limits for the conference.

Recordings of the LEVEL ONE, LEVEL TWO and LEVEL THREE conferences, if any, shall be maintained with the LEVEL ONE, LEVEL TWO and LEVEL THREE records.

The Appeals Committee shall consist of three instructors, one from each division (Academic, Technical and Health Science) appointed biennially by the Vice President of Instruction, one administrator appointed by the College President and one student appointed by the Vice President of Student Services. The chair will be designated by the Vice President of Instruction. The chairperson of the appeals committee shall be given the written appeal from LEVEL ONE/LEVEL TWO and shall set the time for the committee to hear the appeal. The hearing shall be conducted on the College District campus and attended only by those persons authorized by the chair of the appeals committee.

**Notice**
The chair of the appeals committee shall notify the student of the date, time and place for the hearing. The notification shall advise the student of his/her rights:
• To have an advisor present at the hearing (the person may not present the case, question witnesses or address the committee).
• To call witnesses and request copies of evidence.
• To have the hearing tape recorded.
• To ask questions of each witness.
• In the case of Disciplinary appeal:
  a. to have the complaint described in sufficient detail to enable the student to prepare a defense.
  b. to have the disciplinary sanction restated.

Procedure
The appeals hearing shall proceed as follows:
• The chair shall inform the student of his/her rights.
• The chair shall read the student’s request for formal review, and the appeal from the form used at LEVEL 2.
• The designated official(s) shall present the College District’s case.
• The student shall present his or her appeal. No additional documents may be presented other than those used at LEVEL 1 and LEVEL 2 unless the student did not know they existed.
• Either side may offer rebuttal and any member of the committee may ask questions.
• The appeals committee will take the matter under advisement in closed session (without student and officials present).
• The committee shall decide whether an error was made in calculating a grade or whether the student is guilty or innocent of a charge (such as cheating or possession of drugs). The decision shall be determined by a majority vote of the committee and they may take the matter under advisement for 24 hours before rendering a decision.
• The chair of the academic appeals committee shall inform the student and the appropriate Vice President in writing as to the decision of the committee. The Vice President will inform the involved employees of the decision.

Evidence
Evidence shall be handled according to the following:
• Legal rules of evidence do not apply; the committee chair may admit evidence that is commonly accepted by reasonable persons in the conduct of their affairs. The chair may exclude irrelevant, immaterial and unduly repetitious evidence.
• At the hearing, the College District shall be required to prove by a preponderance of the evidence that the charges are true. This is known as the greater weight of the credible evidence, not reasonable doubt as in criminal cases.
• A student shall not be compelled to testify.
• The appeals committee shall decide the issue to uphold or deny the student request solely on the basis of the evidence presented at the hearing.
• A recording shall be made of the hearing. If needed for an appeal, transcripts will be made at the written request of the student or the College. The cost shall be borne by the one requesting the transcription.

Level 4: Appeal to the College President
Within three business days of receiving notice of the committee’s decision, either or both parties may petition in writing the College President (LEVEL FOUR) to review the decision. The petition(s) shall state with particularity why the decision is believed to be incorrect or unfair. The College President will hold a conference with the involved parties to discuss the appeal.

Within five business days of receiving the petition, the College President may act to affirm, modify, remand or reverse the decision. If no action is taken within five business days, the committee’s decision will thereby be affirmed and final.
Academic Year
The academic year consists of two long semesters, composed of sixteen weeks each. In addition, two summer sessions are offered of approximately five weeks in length. Semester starting and ending days are established by following the dates specified by the Texas Higher Education Coordinating Board.

Change of Name or Address
A student who changes his or her name, residence or mailing address should notify the Admissions/Records Office immediately. All name changes must be accompanied by official documents such as driver’s license, marriage license, divorce decree or social security card. Any official communication from the College which is mailed to the name and permanent address on record is considered to have been properly delivered; therefore, the student is responsible for any lack of communication which results in record errors.

Class Attendance
Regular and punctual attendance of classes and laboratories is required of all students. When a student has been ill or absent from class for approved extracurricular activities, he or she should be allowed, as far as possible, to make up the work missed. When an instructor feels that a student has been absent to such a degree as to invalidate the learning experience, the instructor may recommend to the Vice President of Instruction that the student be withdrawn from the course. Instructors may seek to withdraw students for non-attendance after they have accumulated the following number of absences:

Fall or Spring semesters:
- 5 absences, MWF classes
- 3 absences, TR classes
- 2 absences, one-day-per-week class

Summer Sessions:
- 2 absences, four-days-a-week classes
- 2 absences, two-evenings-a-week classes

The student is responsible for seeing that he or she has been officially withdrawn from a class. A student who stops attendance in a class without officially withdrawing from that class will be given the grade he or she has earned; consequently, the student must follow official withdrawal procedures in the Admissions/Records Office.

Religious Holy Days. In accordance with Section 51.911, Texas Education Code, Panola College shall allow a student who is absent from class for observance of a religious holy day to take an examination or complete an assignment scheduled for that day within one week after the absence if, not later than the 15th day after the first day of the semester, the student notifies the instructor of each class the student had scheduled on that date that the student would be absent for a religious holy day. Notifications of planned absences must be in writing and must be delivered by the student either personally to the instructor of each class, with receipt of the notification acknowledged and dated by the instructor or by certified mail, return receipt requested, addressed to the instructor of each class. Panola College may exclude from these policies and procedures any student absence for religious holy days which may interfere with patient care.

Class Load Information
A student enrolled in fewer than 12 semester hours will be classified as a part-time student. Individuals enrolled in 12 or more semester hours are classified as full-time students. A normal student load in a fall or spring semester for coursework is five academic or technical courses totaling from 14 to 17 hours of instruction. To this total, a student may add one-hour courses such as a physical education activity course. Students wishing to enroll in six academic courses will need to secure the written permission of the Vice
President of Instruction after providing documentation of past academic success. During a summer session, a normal load is 6 semester hours with the maximum load being 7 semester hours. During a 3-week mini-term, a load is 3 hours/1 course. During a Flex session, a normal load would be no more semester hours than the number of weeks of the flex session. Students enrolled in a full load of classes should not take more hours in a Flex session than the number of weeks in the flex session.

Class Schedule
Classes in the fall and spring semester are scheduled Monday through Friday with Monday-Wednesday-Friday classes meeting for 55 minutes and Tuesday-Thursday classes meeting for 80 minutes. Classes scheduled as exceptions to this policy are listed online in the Schedule of Classes published each semester. In summer terms, classes which meet during the day are normally scheduled for Monday through Thursday. Course offerings are available online at http://www.panola.edu. The College reserves the right to cancel any course section for any semester in which there is an inadequate number of registrants. The College may also change the instructor for a given course without prior notice.

Degree Plans
Prior to registration each semester, the student has the opportunity to be assisted in selecting his or her courses by an advisor/mentor/counselor who is familiar with the requirements of the senior college from which the student expects to graduate. The catalog of the transfer school should be studied carefully, making certain that the student takes only courses which are equivalent to those required by the senior college of his or her choice. Articulation agreements with universities which indicate the courses which are equivalent to the specific degree requirements are available in the Student Success Center. The student should be aware that a course may transfer to another college or university without being applicable to a specific field of study or degree within the school or university.

Grade Reports
Official grades are available online at the end of the semester. Grades may be received via mail by request. Official transcripts may be withheld if money is owed to any department of the College. Mid-semester deficiency grades of “D” or “F” will receive notification by mail, however, all grades are filed by the instructors in the fall and spring semesters. Mid-semester grades do not become a part of the student’s permanent record. Students may obtain information about mid-semester grades from their instructors on an individual basis.

Grading System
A student’s standing in his or her work is expressed by grades obtained from class work and examinations. College grades are important as they become a part of the student’s permanent record and may be used as the basis for many decisions related to the student during his or her lifetime. The student’s grade point average (GPA) is significant in determining eligibility for continued financial aid, for continuance in school, for acceptance at a transfer institution, for graduation and eventually for employment after completion of a formal education.

A system of point values exists to convert alphabetical grades received into a numerical system. The following grades have the indicated number of points assigned for each semester hour of credit earned:
The grade point average (GPA) is determined by dividing the total number of grade points earned by the total number of semester hours attempted. Although a “D” is considered passing at Panola College for college credit courses, some colleges will not accept a “D” for transfer credit. In the developmental studies program a grade of “C” or better indicates satisfactory progress for advancement either to the next level within the developmental program or into academic studies. A grade of “D” means the student will be retained at the same level in the developmental program, repeating the class. Developmental courses are included in the GPA calculation for each semester. These courses are not included in the cumulative GPA nor do they count on the final GPA for graduation. However, they are included in determining eligibility for financial aid and scholarships.

**Hazing**
Hazing of any kind is prohibited. Hazing is a criminal offense in the State of Texas. “Hazing” means any intentional, knowing or reckless act occurring on or off school property directed against a student, by one person alone or acting with others, that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in or maintaining membership in any organization whose members are or include other students. See http://www.panola.edu/student-success/documents/pathfinder.pdf for more details.

**Incomplete Grade**
Incomplete (“I”) is a temporary grade indicating that a student has satisfactorily completed the requirements of a course with the exception of a final examination or other work delayed by an illness, emergency, or authorized absence. The grade of “I” is neutral and is not included in any grade point calculation. The student must provide documentation to the instructor when requesting consideration for additional time. Before awarding an “I,” the instructor must secure the permission of the Dean or Vice President of Instruction. The student must complete work within six weeks after the end of the semester in which the grade was issued or receive an “F” for the course. Any exceptions must be approved by the Vice President of Instruction.

**Repeating a Course to Improve a Grade**
Grades cannot be changed. The only way a course grade may be raised is by the student repeating the course and making a higher grade. If a course is repeated, the grade of record will be the highest grade (effective Fall 2015). Taking a course at another college in an attempt to improve a grade will neither change a grade nor figure into the GPA at Panola College.

**Repetition of Courses**
If a student repeats a course, both grades will remain on the transcript but only the highest grade is counted in determining the total credit and overall GPA (effective Fall 2015). The student is cautioned, however, that other colleges may not follow this practice.

**Review of Records**
The Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, provide the student with the right to inspect and review the contents of his/her educational records (except as limited under the law). The
student is entitled to obtain copies, at his/her expense, to receive explanations or interpretations of the records and to request a hearing to challenge the content. Access to records must be requested on a form available from the official in charge of the particular record. **Informal Review**: follow the procedure requesting examination of records. An official will date and sign a summary of action form which will be maintained in the student’s file. **Formal Review**: If the question of accuracy is not resolved during the informal review, the student may request a formal review. The Academic Appeals Committee will hear challenges concerning these records. **Challenging a grade must occur before the end of the fall or spring semester immediately following awarding of the grade.**

**Scholastic Probation**

Probation occurs when the quality of a student’s work falls below the accepted standard of satisfactory progress. Scholastic probation is a conditional permission for a student to continue in college. A student must maintain a cumulative “C” (2.0 GPA) on all coursework completed and/or accepted in transfer at Panola College. A student who fails to achieve a 2.0 GPA after accumulating 12 semester hours will be notified of his/her probationary status. The student should visit with a counselor concerning recommendations for improvement. A student on probation may not register for more than four academic courses and two one-hour courses without the approval of the Vice President of Instruction. Students will have their status reviewed after the completion of each additional 12 semester hours. Should a student fail to achieve a cumulative 2.0 GPA at the end of the second consecutive evaluation, the student will receive notification that he/she must report for counseling before being allowed to register and continue on a probationary status. If a student fails to achieve a cumulative 2.0 GPA at the end of the third consecutive evaluation, he/she will be placed on academic suspension. Students on probation who achieve a “C” (2.0 GPA) for any given semester will be allowed to continue on probation for the next semester even though the cumulative average is below 2.0. Students on probation for the third consecutive semester who do not have a “C” average for the immediately preceding semester will not be allowed to attend Panola College for the next long semester.

**Scholastic Suspension**

A student on Scholastic Suspension is denied the privilege of registering for one spring or fall semester, as appropriate. Following the semester of suspension, the student may re-enroll on a probationary status. The student remains on probation until a cumulative 2.0 or better GPA is earned. Students who have been on probation from Panola College or another college, who are allowed to register, must earn a “C” average on courses attempted that semester, or they will be suspended for one year. **NOTE:** Exceptions to this policy may be made through written appeal to the Vice President of Instruction. Students may enroll in the summer sessions without restriction. Students who are on scholastic suspension or probation may attend summer school for the purpose of raising their grade point averages.

**Senate Bill 1231 (Six Drop Rule)**

SB 1231 enacted by the Texas Legislature limits the number of classes a student may drop. Under section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This statute was enacted by the State of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as a first-time freshman in fall 2007 or later. Courses affected include courses which students are enrolled in after the official reporting date for the institution with the exception of the following which are not included in the six drop limit:

- Courses taken by students while still enrolled in high school—whether for dual credit or early college credit or college credit alone.
- Courses dropped at private or out-of-state institutions.
- Other courses exempted by Panola College which include developmental courses and workforce education courses which do not lead to a degree.
• Courses dropped by the student to withdraw from the institution.

Panola College has adopted a policy under which exceptions can be made under certain circumstances. If the student can show good cause (as outlined below) for dropping a course, that drop will not be used in the drop count against the student.

• A severe illness or other debilitating condition that affects the student's ability to satisfactorily complete the course;
• The student’s responsibility for the care of a sick, injured or needy person if the provision of that care affects the student’s ability to satisfactorily complete the course;
• The death of a person who is considered to be a member of the student’s family or who is otherwise considered to have a sufficiently close relationship to the student that the person’s death is considered to be a showing of good cause;
• The active duty service as a member of the Texas National Guard or the armed forces of the United States of either the student or a person who is considered to have a sufficiently close relationship to the student that the person’s active military service is considered to be a showing of good cause;
• The change of a student’s work schedule that is beyond the control of the student, and that effects the student’s ability to satisfactorily complete the course;

Other good cause as determined by the institution of higher education.

Sexual Harassment

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student or group of employees or students because of his or her gender and that:

1. Has the purpose or effect of creating an intimidating, hostile or often offensive working or academic environment; or
2. Has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies; or
3. Otherwise adversely affects an individual’s employment or academic opportunities.

Harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on district premises or is circulated in the workplace.

Students/employees shall not engage in conduct constituting sexual harassment. College officials or their agents shall investigate all allegations of sexual harassment and officials shall take prompt and appropriate disciplinary action against employees or students found to engage in conduct constituting sexual harassment. An employee or student who believes he or she has been or is being subjected to any form of sexual harassment shall bring the matter to the attention of the Vice President of Student Services or immediate supervisor, in accordance with the procedures in the district’s complaint policy. Bad faith allegations or use of this policy for purposes unrelated to its clear intent are expressly prohibited and could result in expulsion. See http://www.panola.edu/student-success/documents/pathfinder.pdf for more details.

Student Classification

A freshman in academic studies is a student who has credit for fewer than thirty semester hours. Students with thirty or more semester hours are classified as sophomores.

Student Conduct

Students are expected to conduct themselves as responsible citizens. Faculty, staff and administrators have the authority to establish and maintain standards of conduct for students. This authority not only extends to the classroom, residence halls and all on-campus activities, but also extends to all College-sponsored off-
campus activities. Any student who fails to conduct himself/herself responsibly with respect to persons and property may be withdrawn from school. The College may drop a student from a class or from all classes for any breach of conduct. Students who are removed from class or classes can seek appeal by due process as outlined in the student handbook, The Pathfinder, located online at http://www.panola.edu/student-success/documents/pathfinder.pdf.

Student Records
PUBLIC INFORMATION POLICIES: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACTS (FERPA), TEXAS OPEN RECORDS, PUBLIC INFORMATION POLICIES: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACTS (FERPA), TEXAS OPEN RECORDS

Access to records by persons or agencies other than the student is limited by the Family Educational Rights and Privacy Act (FERPA) of 1974 and the Texas Open Records Act. FERPA affords students certain rights with respect to their education records. These rights include:

- The right to inspect and review the student’s education records within 45 days of the day the college receives a request for access.
- The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading or otherwise in violation of the student’s privacy rights under FERPA.
- The right to provide written consent before the college discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

In compliance with FERPA, the college may release to the general public the following types of directory information without the written consent of the student:

- Name, address, telephone number
- Major field of study
- Dates of attendance
- Previous educational institution attended
- Classification
- Degrees, certificates and awards received (President’s/Dean’s List)
- Date of graduation
- Panola College e-mail address, personal e-mail address
- Participation in official recognized activities and sports
- Weight and height of members of athletic teams
- Enrollment status (full-time or part-time)

This directory information is disclosed unless a request to withhold the release of the information was made in writing and received in the Admissions/Records Office prior to or at the time of a student’s initial registration. Any change in the release information status must be made in writing. Requests for directory information must be made in writing and each request will be considered individually. Each student may request that information be withheld from the public by making a written request to the Admissions/Records Office. Forms are available. Release of information to a parent requires a student’s written consent.

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. Complaints should be addressed to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520
The Dean’s List
Only full-time students (minimum of 12 semester credit hours) with a grade point average between 3.5 and 3.79 will be included on the Dean’s List. Only courses which apply toward an associate degree or a certificate are included in this computation. This calculation is made during the fall and spring semesters.

The President’s List
Only full-time students (minimum of 12 semester credit hours) with a grade point average between 3.8 and 4.0 will be included on the President’s List. Only courses which apply toward an associate degree or a certificate are included in this computation. This calculation is made during the fall and spring semesters.

Transcript Requests
A student can readily transfer to another college by having a transcript of his or her credits sent to the registrar of a junior/community college, senior college or university. The Admissions/Records Office will not honor a request for a transcript without the student’s signature or verification through the student’s Panola College email account. Transcript request forms are available in the Admission/Records Office and online at http://www.panola.edu.

The request will be honored as quickly as possible. During peak service periods, such as registration or final examinations, the student can expect delay. At other times, students can expect immediate response to transcript requests. The same procedure applies to requests for transcripts of continuing education units (CEU).

A transcript will not be released if a “hold” has been placed on a student’s records. If the “hold” involves a financial obligation, a transcript may be released after the Business Office has received payment in cash, money order or a check that has cleared the bank.

Unit of Credit
The standard unit of credit at Panola College is the semester hour. One credit hour is awarded for each hour of lecture scheduled in a week of instruction in a semester. Generally, three hours of lab instruction in a week earns one hour of semester credit.

Withdrawal from a Course
If it becomes necessary for a student to “drop” a course, the student must contact the Admissions/Records Office in the Charles C. Matthews Foundation Student Center. The grade of “W” (withdrawn) is given during the first 12 weeks of the semester. The grade of “W” has no negative effect on the student’s GPA. If the student does not contact the Admissions/Records Office and exits a class unofficially, a grade of “F” will be awarded by the instructor.

Withdrawal from College
When a student finds it necessary to leave college before the end of a semester, the student must notify the Admissions/Records Office in the Charles C. Matthews Foundation Student Center. Instructions for clearing with the library and other departments will be given at the time of withdrawal. Students who fail to officially withdraw will receive the grade of “F.” Ceasing to attend class does not constitute official withdrawal. Refer to the College calendar for the last day for withdrawal.
REQUIREMENTS FOR GRADUATION

Application for Graduation
To be considered as a candidate for a degree or certificate, the student must submit a formal application for graduation. It is the responsibility of the student to make certain that all requirements for graduation are completed.

Graduation exercises are held twice a year at the end of the fall and spring semesters. Application for graduation is made in the Admissions/Records Office in the semester prior to anticipated graduation.

Disclaimer
It is the responsibility of each student to keep apprised of current graduation requirements for a certificate or degree program in which he or she is enrolled.

Catalog Time Restriction
A student must meet the degree or certificate of completion requirements of the catalog under which he/she first entered the College provided the courses are currently being offered. Alternatively, a student may choose to complete under the course requirements in effect during any subsequent year in which he/she is registered, provided the courses are offered.

Panola College expects that a student will normally graduate under the catalog in effect at the time of the most recent admission. For nursing and other specialized programs, the semester of acceptance into the program determines the catalog year. When the elapsed time from initial enrollment to degree/certificate completion is long, individual courses may have been replaced or canceled. Students may consult the new catalog each year to confirm whether their chosen program has been revised or will be replaced or if a new program has been introduced which may be more appropriate for meeting their educational objectives. Students should be aware that the decision to graduate under a more recent catalog may require that additional courses be completed and lengthen the time required for degree completion.

These provisions are subject to the restriction that all requirements must be completed within five years from the date of the catalog chosen and that the courses are currently being offered. A student may choose to complete requirements under the current catalog.

General Requirements for Degrees and Certificates
Graduation requirements change periodically to meet the various needs of transfer universities, business and industry and/or cancellation of courses and programs.

1. Satisfactory completion of all financial and other obligations to the College.
2. Fulfillment of Texas Success Initiative (TSI) requirements.
3. A minimum grade point average of 2.0. Only courses that apply toward an Associate Degree or Certificate of Completion are included in this computation.
4. Formal application for graduation must be submitted to the Admissions/Records Office during the semester immediately preceding graduation.
5. If a student changes from a career/technical to an academic program of study while at Panola College, failing grades associated with the earlier course of study will not be computed in the grade point average required for graduation. Passing grades for courses in the previous course of study may be used, if the courses are acceptable as electives.
6. All candidates for graduation are encouraged to participate in commencement exercises. However, after completion of required coursework, the student's degree will be reflected on the diploma and official transcript, regardless of participation.
Certificate of Completion
A student who completes a prescribed career/technical education certificate program and satisfies the grade requirements of the particular program will be awarded a Certificate of Completion. In addition, 25 percent of the hours must be taken at Panola College. Requirements must have been completed within five years of the catalog under which a student first entered the College provided the courses are currently being offered.

Associate Degrees
A. To complete the 60 hours necessary for the degrees of Associate of Arts and Associate of Science, students should follow the Core Curriculum, making additional choices from the suggested programs of study. The student seeking an Associate of Arts degree must elect six to eight hours of foreign language study.
B. Prescribed requirements for the Associate of Applied Science degree in a specific Career/Technical Education program for which a student is enrolled are set forth in this catalog in the section which lists the courses that the student takes. Adjustments in course requirements for the Associate of Applied Science Degree may be approved by the Vice President of Instruction.
C. Additional Requirements:
   1) For degree completion, at least 25 percent of the credit semester hours must be earned through instruction completed at Panola College.
   2) A grade point average (GPA) of 2.0 must be earned.
   3) Substitutions may be allowed on application to the Vice President of Instruction.
   4) The student has the ultimate responsibility for selecting and registering for courses meeting the graduation requirements.
D. A second degree may be conferred. The student must successfully complete all courses required in the second degree plan and submit a formal application for graduation. A minimum of 18 semester credit hours of resident credit beyond the hours for the first degree is required.

Physical Education Requirement
Three semester hours of physical activity are required of all degree-seeking students, unless specifically exempt. Each student should enroll for physical education activity classes until this requirement is met. Those specifically exempt are veterans of the armed forces of the United States, students certified by their physicians as being physically limited, and certain students in Career/Technical programs. Veterans will be awarded two hours of physical education credit with proper documentation. Students who are not specifically exempt may petition the Vice President of Instruction for a waiver of the physical education requirement. When an exemption is granted, approved courses must be substituted to equal or exceed the total number of semester hours which would have been earned in a program by completing the physical activity requirement. Two or more physical activity courses may be scheduled per semester. Each course must be a different activity. A maximum of four physical education activity hours may be counted as credit toward graduation for majors other than kinesiology.

Graduation Honors
Students who complete an Associate degree at Panola College and demonstrate academic excellence will be recognized during commencement exercises. Honors will be noted on the commencement program based on the previous semester’s cumulative GPA. However, the final honors status and designation, which will appear on the college transcript and diploma, will be based on the cumulative GPA at the time of completion of coursework required for the degree.

• Summa cum laude (with highest praise) 3.90-4.00
• Magna cum laude (with high praise) 3.75-3.89
• Cum laude (with praise) 3.50-3.74
DIVISION OF M.P. BAKER LIBRARY

Services provided on campus and online by your library
DIVISION OF M. P. BAKER LIBRARY

Director
Cristie Ferguson
M. P. Baker Library
Carthage, Texas 75633
(903) 693-2091

Mission
The mission of the M.P. Baker Library of Panola College is to be an academic Learning Resource Center for the students and faculty of the College. The LRC staff strives to offer resources and services, when and where they are needed, to enhance the development of the whole student, and to offer opportunities for students to become lifelong learners.

About M. P. Baker Library
The Learning Resource Center (LRC), named for M.P. Baker, president of Panola College from 1951-1967, supports the entire instructional program of Panola College. An expansion and renovation project completed in 2009 increased the size of the library by almost three-fold. The additional space houses a growing and evolving collection of books, media, and electronic materials to support academic transfer, technical and vocational programs as well as to satisfy the educational, informational and recreational needs of the students and faculty. The LRC subscribes to local and regional newspapers, a wide variety of periodicals, and other electronic databases for the convenience of all students whether on or off-campus.

Computers are available for student use as well as wireless access for laptop users. Group or individualized orientation and information literacy instruction are provided for faculty and students in person and online. Students are invited to enjoy the many study rooms or quiet reading areas throughout the LRC. The Library hosts various programs and events (lunchbox lectures, art displays and professional development sessions) as outreach services to provide enrichment opportunities to the College community.
DIVISION OF DISTANCE LEARNING

Services provided for online and remote site students
DIVISION OF DISTANCE LEARNING

The Office of Distance Learning includes the Distance Learning Department, Instructional Technology, and the Panola College website. To accommodate varied student schedules and learning styles, Panola College provides distance learning courses in online and hybrid formats.

About the Division of Distance Learning

The Division of Distance Learning provides instruction and support for faculty and students through the departments of Distance Learning and Instructional Technology and through the Panola College website.

Distance Education

To accommodate varied student schedules and learning styles, distance education courses are presented in a variety of course formats including online, hybrid, and web-enhanced courses.

Panola College offers these degrees online:
- AAS - Associate Degree Nursing
- AAS - Computer Information Technology
- AAS - General Business
- AAS - Health Information Technology
- AAS - Medical Laboratory Technician
- AAS - Office Professional
- AAS - Office Professional (Medical Option)
- AAT - Teacher Education
- AS - Core Curriculum

In addition, several certificate programs are offered online.

Online courses offer students flexibility in coursework that can be accessed from home, work or other locations, including in open computer labs available at Panola College. All instruction in online classes is provided through the Canvas Learning Management System (LMS), and testing services are available at Panola College facilities in Carthage, Marshall and Center, Texas, and on several area high school campuses. Hybrid courses combine elements of both face-to-face and online formats, and many instructors use the Canvas LMS to provide resources to enhance traditional face-to-face classes.

Virtual College of Texas

The Virtual College of Texas (VCT) is a collaboration of community colleges instituted to enhance access to higher education by sharing distance education resources among colleges. These resources include instruction, student and administrative services, and technology. VCT serves students who need distance education courses that are not available at their home institutions at the point that they need them. Panola College provides courses for students across the state through VCT, and Panola College students benefit from the service by having access to courses from other institutions as well.
Instructional Technology

Making the transition between the traditional classroom and the Interactive Television or online classroom is made easier with specialized training facilitated by the Distance Learning department’s Coordinator of Educational Technology. Instructors are trained and supported with individual and small group instruction and online resources. Professional Development opportunities are offered throughout the academic year and training sessions are based on the needs and interests of faculty and staff members.

Distance Learning support for students is provided face-to-face, by telephone, and online. Orientation for online learning is provided on campus and through the Canvas LMS, and technical support is available upon request. Students wishing to know how they may fare in online courses can access the SmarterMeasure assessment, which assesses reading comprehension, computer skills, learning styles, and much more. A link to the SmarterMeasure assessment is located on the Panola College website.

Panola College Website

The Panola College website at http://www.panola.edu is maintained through the Division of Distance Learning. The website provides access to all Panola College departments and resources.

Mission of the Division of Distance Learning

The mission of the Division of Distance Learning is to provide training and resources to support faculty and students in designing and participating in all types of instruction at Panola College, and to provide equitable access to College courses and resources through instructional technology and the Panola College website.

Admissions, Counseling, Testing, Registration

Admissions, counseling, and registration for Panola College distance learning courses is the same as for other courses. Students should contact the Student Success Center for more information. For online courses, some instructors require face-to-face orientation, while others provide orientation online. A schedule of courses is available online at http://www.panola.edu.

Testing services for online courses are available at Panola College facilities in Carthage, Marshall and Center, Texas, and on some area high school campuses. Testing information can be found on the Distance Learning page of the Panola College website.

Dual Credit Orientation

Orientation for students enrolled for dual credit is the same as for other students, and is available through the Panola College Student Success Center and the Distance Learning face-to-face and online orientation sessions.

Continuing Education

The Distance Learning staff works with the Division of Workforce and Continuing Education to provide online instruction and resources in various areas of continuing education. Offerings include courses for Continuing Education Unit credits and classes for personal enrichment.

Professional Development

Professional Development opportunities are offered throughout the academic year through the Division of Distance Learning. Training ranges from the use of instructional technology to pedagogy focusing on needs and interests identified through faculty surveys. Sessions are offered face-to-face or online in the Canvas Learning Management System and through synchronous collaboration tools, and are taught by Distance Learning staff members and faculty members with expertise in selected subjects. Guest lecturers are also invited to present instruction in relevant topics.
Faculty/Staff Resources Course
The Faculty Resources course in the Canvas LMS is available to all faculty members and provides resources related to instruction, technology, and Panola College policies and procedures. Faculty and staff members are encouraged to access the course for information and tools that can enhance instruction and productivity.

Distance Learning Handbook
Through the Distance Learning Faculty Handbook, the Distance Learning Division provides information and resources for faculty members who deliver instruction using online tools. The Handbook is available on the Distance Learning webpage.

Adjunct Orientation
Face-to-face Adjunct Orientation is provided at the beginning of each semester for adjunct instructors at Panola College. Instructors receive information about College policies and procedures and about resources available for instructional and technical support.

Adjunct Academy
Instructional and technical training for adjunct instructors is available in the Adjunct Academy course offered by the Distance Learning Division through the Canvas LMS. Adjunct instructors are required to complete the training prior to teaching classes at Panola College. In addition, adjunct instructors must complete the Certification in Instructional Technology training, offered in both face-to-face and online sessions.
DIVISION OF INFORMATION TECHNOLOGY

Computing and technical services for students
DIVISION OF INFORMATION TECHNOLOGY

Director
Allen West
W. H. Gullette Technology Building
Carthage, Texas 75633
(903) 693-1171

The Information Technology Services (ITS) office supports both academic and administrative areas with a wide range of hardware and software resources and technical personnel. The College is continually upgrading its technology infrastructure and campus servers.

Panola College has a high-speed fiber optic network connecting all major campus buildings, including the residence halls. The College’s main administrative information system is Jenzabar’s PX/POISE software. Students can access a number of web-based services through the PX/POISE CampusConnect system, including online registration, grades, transcripts and class schedules. Students have access to over 900 Internet-connected computers in various labs around campus. Wifi is available in all college buildings, campus apartments, and many outside areas of the campus.

The College is a member of the Northeast Texas Network Consortium (NETnet), a group of 12 colleges and universities in northeast Texas. NETnet provides the College with Internet service at 350 megabits per second, providing students, faculty and staff the bandwidth necessary to accomplish their goals.

Panola College participates in The Center for Digital Education (CDE) Survey. The CDE, in conjunction with the American Association of Community Colleges, conducts the Digital Community Colleges Survey, which examines and documents how community colleges have progressed in using information technology to deliver services to their students, faculty and staff. Presidents at nearly 1,000 community colleges across the United States are invited to participate in the survey. Panola College has placed in the TOP TEN small college category in 11 of the 12 times the survey has been conducted. In the most recent survey (2017-2018), the College placed seventh in the nation.
PANOLA COLLEGE
OFF-CAMPUS CENTERS

Off-campus locations where you can attend classes
PANOLA COLLEGE OFF-CAMPUS CENTERS

Panola College offers educational programs at off-campus centers in Harrison, Marion, and Shelby Counties in East Texas. Panola College offers a wide range of academic and technical programs, services, and facilities right in your neighborhood. Noncredit continuing education opportunities, including business and industry training, are available as well. Panola College offers the following services at all off-campus centers:

- **Admissions, Counseling, Testing, Registration**
  Apply for admission, receive academic counseling and guidance, test, and register for Panola College classes offered in Marshall or Center, Texas.

- **Continuing Education**
  Improve your job skills, obtain computer skills, or just take a class for fun. Make your life more meaningful with a Continuing Education Class at Panola College.

- **TxCHSE Testing**
  Achieve TxCHSE credentials by testing at Panola College. Come by to schedule a testing appointment.

- **University Transfer Classes**
  Prepare for four-year college transfer through classes offered at Panola College.

**Panola College - Marshall, Texas**

**Director**
Laura Wood
Marshall College Center
Marshall, TX 75670
(903) 935-5039

**About Panola College – Marshall, Texas**
Panola College at Marshall Texas was established in 2000 to enroll, enrich and educate students locally in the Harrison/Marion County part of Panola’s service area. Since opening its doors and starting with only grant funded classes (TxCHSE, ESL and Hospitality), the Marshall Center now offers 50+ academic classes, Adult Education & Literacy (TxCHSE & ESL), Citizenship preparation, Certified Nurse Aide and Continuing Education classes along with a Testing Center.

Center, Texas
(936) 591-9075

**About Panola College – Center, Texas**
The Shelby College Center began in 1984 as a joint vision between Panola College and Shelby County to provide educational programs to citizens of the area. The Cosmetology program was the first program offered and has enjoyed continuous success. This center also provides ESL, TxCHSE, academic, and continuing education courses along with the Vocational Nursing (VN) program.

The Shelby Regional Training Center began in 2002 with the vision of providing technical training, encompassing new programming and industry training support. The center continues to thrive offering numerous academic courses and technical courses in programs such as Welding and Petroleum Technology.

DEGREES AND CERTIFICATES

Guide to earning an academic or technical degree or certificate
DEGREES AND CERTIFICATES

Associate of Arts Degree (AA)
The Associate of Arts (AA) program is an academic transfer degree designed for students who will ultimately be pursuing a Bachelor's degree at a four-year college/university that is not math or science oriented. Examples of this type of four-year degree are: Business, Liberal Arts, History, Speech, Music, Education, Criminal Justice, etc.

Panola College AA is a generalized degree that will not list a specific major. While certain courses are recommended, the requirements are essentially the basic first and second year equivalent of many bachelor's degrees.

Associate of Science Degree (AS)
The Associate of Science (AS) program is an academic transfer degree designed for students who will ultimately be pursuing a Bachelor of Science degree at a four-year college/university. At Panola College, the AS degree is a generalized degree that will not list a specific major but will be called Associate of Science. Some examples are, but not limited to: Engineering, Biology, Chemistry, etc.

Panola College AS is a generalized degree that will not list a specific major. While certain courses are recommended, the requirements are essentially the basic first and second year equivalent of many bachelor's degrees.

Associate of Arts in Teaching (AAT)
Leading to Initial Texas Teacher Certification

- **EC-6 Generalist**
  An academic transfer degree leading to a bachelor's degree for individuals seeking Texas teacher certification.

- **Grades 4-8 Generalist**
  An academic transfer degree leading to a bachelor's degree for individuals seeking Texas teacher certification.

- **Grades 6-12, 7-12, 8-12, EC-12 Other Than Special Education**
  An academic transfer degree leading to a bachelor's degree for individuals seeking Texas teacher certification.

Academic Fields of Study
In accordance with Texas Education Code, §61.823, the Board approves field of study curricula for certain fields of study/academic disciplines. Field of study curricula shall be developed with the assistance of advisory committees whose membership includes at least a majority of members who are teaching faculty (as defined by §4.23(8) of this title, relating to Definitions for Core Curriculum and Field of Study Curricula) within the field of study under consideration.

a) If a student successfully completes a field of study curriculum developed by the Board, that block of courses may be transferred to a general academic teaching institution and must be substituted for that institution’s lower-division requirements for the degree program for the field of study into which the student transfers, and the student shall receive full academic credit toward the degree program for the block of courses transferred.

b) A student who transfers from one institution of higher education to another without completing the field of study curriculum of the sending institution shall receive academic credit in the field of study curriculum of the receiving institution for each of the courses that the student has successfully
completed in the field of study curriculum of the sending institution. Following receipt of credit for these courses, the student may be required to satisfy the remaining course requirements in the field of study curriculum of the receiving institution, or to complete additional requirements in the receiving institution's program, as long as those requirements do not duplicate course content already completed through the field of study curriculum.

c) A student concurrently enrolled at more than one institution of higher education shall follow the field of study curriculum requirements of the institution at which the student is classified as a degree-seeking student.

The Field of Study curriculum is designed to satisfy the lower division requirements for a bachelor's degree in a specific area at four-year colleges in the state of Texas.* Fields of Study offered by Panola College include

- Business Administration & Management (FOS adds 3 hours to degree completion)
- Criminal Justice
- English Language & Literature
- Health Science - Nursing
- Kinesiology & Exercise Science (pending approval)
- Music (modified for degree completion)
- Political Science & Government

*Field of Study completion does not guarantee admission to a four-year institution in the state of Texas.

Texas Core Curriculum Law

The Core Curriculum is the curriculum in liberal arts, humanities, sciences, political, social and cultural history that all undergraduate students of an institution of higher education are required to complete before receiving an academic undergraduate degree. Each institution of higher education shall adopt a core curriculum of no fewer than 42 semester hours, including specific courses comprising the curriculum.

If a student completes the core curriculum at a Texas public institution of higher education, that block of courses may be transferred to any other Texas public institution of higher education and must be substituted for the receiving institution's core curriculum. A student shall receive academic credit for each of the courses transferred and may not be required to take additional core curriculum courses at the receiving institution unless the Coordinating Board has approved a larger core curriculum at that institution.

A student who transfers from one institution of higher education to another without completing the core curriculum of the sending institution shall receive academic credit from the receiving institution for each of the courses that the student has successfully completed in the core curriculum of the sending institution. Following receipt of credit for these courses, the student may be required to satisfy further course requirements in the core curriculum of the receiving institution.

Panola College Academic Core Curriculum

The Panola College Core Curriculum was approved in 2014 and follows the matrix developed by the Texas Higher Education Coordinating Board. It was developed by the Panola College Core Curriculum Committee, approved by the College’s Curriculum Committee and then by the Board of Trustees of the College. Changes may be submitted periodically to and approved by the Texas Higher Education Coordinating Board. Students planning to transfer to public institutions of higher education in Texas should follow the Core carefully. For those students planning to attend private or out-of-state institutions, the Core provides an excellent model.

Associate of Applied Science Degree (AAS)

The AAS program is a two-year degree plan designed for students who want to pursue training so they can quickly enter the workforce.
Career and Technology Certificates

Certificates (CERT) are programs of study that vary in length and are designed to prepare the student for occupational employment. The certificate is awarded upon completion of specific courses that have been industry validated and sequenced for the purpose of developing and upgrading skills in an occupation. Some examples are: Cosmetology, General Business, Medical Assisting, Petroleum Technology, Vocational Nursing, and Welding. The career and technology program of study has a competency-based curriculum organized to teach industry-driven educational outcomes in terms of appropriate skills, knowledge and perspectives needed by students to enter and succeed within a designated occupational field or fields.

The Associate of Applied Science degree and the Certificate of Completion meet the Guarantee of Job Competency. Transfer options may exist at many colleges/universities through the Bachelor of Applied Arts and Sciences degree (BAAS).

For proper course selection, students should contact the person designated as program advisor or a Panola College counselor. Special services may be available for students enrolled in career/technical education programs. Contact the career/technical counselor in the Student Success Center for information.

It is the responsibility of each student to keep apprised of current graduation requirements for a certificate or degree program in which he or she is enrolled.

Guarantee of Job Competency

If a recipient of an Associate of Applied Science Degree or Certificate of Completion is judged by his/her employer to be lacking in technical job skills identified as exit competencies for his/her specific degree program, the graduate will be provided with up to twelve (12) tuition-free credit hours of additional skill training by Panola College under the conditions of the guarantee policy. Special conditions which apply to the guarantee include the following:

The graduate must have earned the Associate of Applied Science degree or Certificate beginning May 1993 or thereafter in a technical or occupational program identified in the College’s general catalog.

The graduate must have completed requirements for the Associate of Applied Science degree or Certificate of Completion with Panola College, with a minimum of 75 percent of credits earned at Panola College and must have completed the degree or certificate within a five-year span.

Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the Vice President of Instruction.

1. Employment must have commenced within 12 months of graduation.
2. The employer must verify in writing that the employee is lacking entry-level skills identified by Panola College as program exit competencies and must specify the areas of deficiency within 90 days of the graduate’s initial employment.
3. The employer, Vice President of Instruction, career/technical counselor and an appropriate faculty member will develop a written educational plan for retraining.
4. Retraining will be limited to 12 credit hours related to the identified skill deficiency and those classes regularly scheduled during the period covered by the retraining period.
5. All retraining must be completed within a calendar year from the time the educational plan is agreed upon.
6. The graduate and/or employer will be responsible for the cost of books, insurance, uniforms, fees and other course-related expenses.
7. The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career. A student’s sole remedy against Panola College and its employees for skill deficiencies shall be limited to 12 credit hours of tuition-free education under the conditions described above. Activation of the “Graduate Guarantee Program” may be initiated by the graduate by contacting the Vice President of Instruction within 90 days of the graduate’s initial employment.
TSI Waived Programs
The following students shall be exempt from the requirements of this title, whereby exempt students shall not be required to provide any additional demonstration of college readiness and shall be allowed to enroll in any entry-level freshman course as defined in §4.53(12) of the Texas Administrative Code:

- A student who is enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent) at a public junior college, a public technical institute, or a public state college.
- A student who is serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment.
- A student who on or after August 1, 1990, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States.

VICE PRESIDENT OF INSTRUCTION

It is my sincere pleasure to welcome you to Panola College. The College faculty and staff are committed to creating an academically challenging, dynamic, and hospitable environment for all students.

Panola College is dedicated to cultivating responsible citizen scholars who will flourish during their careers and beyond. The College strives to inspire in each student an understanding of the important contributions an individual can make in society. Since 1947, Panola College has been providing academic and career focused education to a diverse student population. At Panola we are committed to help you achieve your personal, professional and academic goals by providing you with an unparalleled level of student support.

From the time you apply through the time you graduate, and beyond, you'll belong to a community of dedicated faculty, staff, administrators, advisors, mentors, classmates and alumni. Our co-curricular activities promote the development of the "whole student." Panola offers both resident and commuter students from all academic disciplines a wide array of engaging social, athletic, and cultural events and programs that will aid them in achieving that all-important balance.

Vice President of Instruction
Dr. Billy Adams
Miller Administration Building
Carthage, Texas 75633
(903) 693-2028

About the Vice President of Instruction
The chief instructional officer is responsible for the administrative leadership and management of the academic programs; updating of the academic plan and strategies, allocating of instructional resources in support of the strategic goals, and developing/sustaining articulation agreements and community-based partnerships that enhance the institutional mission and the students’ success. The Vice President of Instruction coordinates responsibilities to work with the faculty, staff, and other College administrators including the financial and student services leadership to advance the institutional mission and to enhance shared governance.

The Vice President of Instruction supervises the Academic Schools, Accreditation and Compliance Services, Learning Resources, Grants and Sponsored Research, Teaching and Learning Center, E-Learning Services, and Early College Programs as well as Assessment of Student Learning, Institutional Effectiveness, Preparatory Studies, and Supplemental Instruction. Other responsibilities include hiring of credentialed faculty and the evaluation of faculty. The Vice President of Instruction is the regional accreditation liaison.

Mission Statement
The Mission of Instruction is to ensure high quality courses and outstanding programs in various delivery modes to all individuals who desire to pursue higher education. The Vice President of Instruction is authorized and directed to further the interests of the College;

- provide primary leadership for the instructional programs of the College;
- convene and chair the Dean’s Council;
- consult with and advise Academic Deans in the employment, retention, and termination of faculty members and prepare and submit to the President appropriate recommendations;
- work with other appropriate personnel in, and be responsible for, the preparation and coordination of such publications as the College catalog, class schedules, final examination schedules, and book lists;
• develop and maintain familiarity with the policies and programs of state, regional and federal agencies and accrediting bodies related to the educational work of the College and utilize this knowledge in carrying out the duties of the office;
• work to resolve the any problems arising among members of the faculty, between students and faculty, and with both students and faculty in their relationships with various segments of the College;
• serve on the Executive Council;
• implement and monitor the Instructional Program Review Policy;
• coordinate and oversee the instructional elements of the budget;
• and supervise faculty and staff involved in teaching and provide learning resources, and conduct recruitment and employment of personnel for such positions with final approval of the President.

THE SCHOOL OF LIBERAL ARTS AND SCIENCES

Welcome to the School of Liberal Arts and Sciences at Panola College. The faculty in the School of Liberal Arts and Sciences are known for their contributions in teaching and community service activities. Our students develop the skills of communication, reasoning, and analysis necessary to succeed in a rapidly changing technological and global environment.

In addition to being the academic home of more than 2,700 students, the School of Liberal Arts and Sciences provides the liberal arts and sciences coursework for most students in other schools on the Panola College campus. As an academic community, the School of Liberal Arts and Sciences is committed to the belief that expanding our knowledge of the liberal arts and sciences will enable us to live better lives and to contribute more to society.

Dean
Natalie Oswalt
Merle Glass Building
Carthage, Texas 75633
(903) 693-2095

Mission Statement
The School of Liberal Arts and Sciences is a professional organization of five departments and programs spanning the arts and humanities, social sciences, and sciences. The members of the College are:

- Dedicated to the liberal arts that teach our students to question critically, think logically, communicate clearly, act creatively, and live ethically. These skills serve as the foundation for living the examined life and succeeding in an increasingly global, ever-changing workplace.
- Engaged in creative activity, basic and advanced scholarship that promotes disciplinary and interdisciplinary knowledge.

About the School of Liberal Arts and Sciences
The School of Liberal Arts and Sciences is organized into five academic departments:

- Department of Education
- Department of Humanities, Communications, and Fine Arts
- Department of Kinesiology
- Department of Preparatory Studies
- Department of Science and Mathematics
- Department of Social and Behavioral Sciences
DEPARTMENT OF EDUCATION

Chair
Dr. Kathy Watlington
Gullette Technology Building
Carthage, Texas 75633
(903) 693-2076

The Associate of Arts in Teaching (AAT) degree is a Texas Higher Education Coordinating Board-approved (THECB) collegiate degree program. It consists of lower-division (community college) courses intended for transfer to baccalaureate programs that lead to initial Texas teacher certification.

It is the responsibility of each student to know the specific requirements of the college or university to which he or she plans to transfer. This responsibility includes knowing course requirements, assessments, number of credit hours accepted, and required grade point average for admission. Each AAT candidate is strongly encouraged to contact the teacher preparation advisor prior to enrolling in courses required for the AAT.

Should students decide to complete the AAT degree and not transfer to a baccalaureate program, this degree meets the "No Child Left Behind" requirements for paraprofessionals. In addition, completion of the AAT degree is much like that of an Associate of Arts or Associate of Science degree in that it may qualify candidates for work that requires a minimum of an associate degree.

Field Experience
Some courses required for completion of the AAT degree include a field experience component. Field experience is state-mandated; therefore, neither Panola College nor the instructors have the power to grant an exemption. Information regarding the required documentation for field experience is included in course materials. Field experience is an invaluable component of the AAT degree as well as the overall learning experience. It gives the AAT candidate the opportunity to learn in a public school setting or in an early childcare facility.

In accordance with the Texas Education Code and/or rules published by the Texas Department of Family and Protective Services, a Criminal History Check (CHC) will be conducted on each student enrolled in a course at Panola College that requires field experience at a public school or early childcare facility. If criminal history check requirements are not met, the AAT candidate will not be allowed to complete the required field experience component. Any additional requirements with regard to field experience must be satisfied as required by the public school or early childcare facility. Fees are the responsibility of the AAT candidate.

AAT Curricula
Students who fully complete this course of study will be eligible to apply for the Associate of Arts in Teaching degree at Panola College. Three AAT curricula, which include a maximum of 60 semester credit hours (SCH) of coursework, are available.

- EC-6
- 4-8, EC-12 Special Education
- 6-12, 7-12, 8-12, EC-12 Other than Special Education

Texas Higher Education Coordinating Board
The information below is provided by the Texas Higher Education Coordinating Board (http://www.thecb.state.tx.us/).

Note: Completion of an AAT does not necessarily guarantee admission to a university teacher education program. Any additional requirements with regard to grade point average and assessments (i.e., Texas Higher Education Assessment or its equivalents) must be satisfied as required by the receiving university.

DEPARTMENT OF HUMANITIES, COMMUNICATIONS, AND FINE ARTS

Chair
- Daron McDaniel

Professors
- Amison, Haylie – English/Humanities
- Bauer, Sandra - Vocal Music
- Brooks, Jeff – English
- Clements, Amanda – Art
- Collins, Chris – English/Preparatory Studies
- Hall, Dr. Sherlynn - Humanities
- Hooten, Patricia - Speech
- Hubbard, Dwaine - Instrumental Music
- King, Karen - Theater
- McDaniel, Daron - Speech
- Mothershed, Tamra - English
- Watlington, Kathryn – Spanish
- Wylie, Jaynellen - English/Preparatory Studies

Areas of Study
- Art
- Communications
- English Language & Literature Field of Study
- Foreign Language
- Instructional Music
- Speech
- Theater
- Vocal Music

Mission Statement
The Department of Humanities, Communications, and Fine Arts provides a comprehensive education in which we are dedicated to enlightening students about the world and inculcating in them the ability to think critically and communicate effectively in their professional and personal lives, and to apply their skills and knowledge to support their communities’ cultural, civic, and economic growth.

Suggested Plans
A student who plans to obtain a degree from Panola College should arrange his or her program at the College to meet the requirements of the particular senior college to which the student plans to transfer. An academic advisor will work with a student to develop a degree plan which agrees with the requirements of the student’s field of study and declared transfer institution. Academic programs at Panola College that lead to the Associate of Arts or Associate of Science degrees require a minimum of 60 hours, but a student can plan to transfer additional hours to a senior institution. The College’s academic core contains 42 hours and is the basis for all academic degrees available at the College.

Notification to Students of Transfer Limitations: Be aware that limits exist on the number of lower-division (freshman and sophomore) courses that Texas public universities accept in transfer. In many cases, the maximum number of lower-division semester credit hours accepted in transfer is 66, although some universities may accept
slightly more in special cases. It is the responsibility of each student to keep apprised of graduation requirements for a certificate or degree program in which he or she is enrolled. Students planning a program of study should do so in conjunction with a College mentor, following a suggested program of study printed in this catalog.

**Degree Audit:** Each returning student should be certain to print a degree audit from his/her on-line student file prior to registration. This degree audit will indicate to the student those courses completed, those courses in progress and those courses yet to be taken. The audit will also indicate the student’s grade point average.
DEPARTMENT OF KINESIOLOGY

Chair

- Dr. Sherlynn Hall

Professors

- Andreatta, Jacky – Head Athletic Trainer/Kinesiology
- Collins, Jeff – Rodeo Coach/Kinesiology
- Nicole Thorn – Head Coach, Women’s Volleyball/Kinesiology
- Kite, Eddie – Head Coach, Women’s Basketball/Kinesiology
- Smith, Aaron – Head Coach, Men’s Basketball/Kinesiology
- Shelton, Todd - Head Coach, Men’s Baseball/Kinesiology

Areas of Study

- Kinesiology & Exercise Science Field of Study (pending approval)

Mission Statement

The department of Kinesiology provides one-hour, transferable physical activity classes that promote lifetime fitness skills. Three-hour academic classes are offered for students pursuing a degree in kinesiology and coaching. Being physically active means strengthening one's cognitive processes and sharpening one's skills as a result of activity. Activity is also a great way to keep the body in shape and help it fend off illness while keeping a healthy weight and maintaining a healthy lifestyle.

Suggested Plans

A student who plans to obtain a degree from Panola College should arrange his or her program at the College to meet the requirements of the particular senior college to which the student plans to transfer. An academic advisor will work with a student to develop a degree plan which agrees with the requirements of the student’s field of study and declared transfer institution. Academic programs at Panola College that lead to the Associate of Arts or Associate of Science degrees require a minimum of 60 hours, but a student can plan to transfer additional hours to a senior institution. The College's academic core contains 42 hours and is the basis for all academic degrees available at the College.

Notification to Students of Transfer Limitations: Be aware that limits exist on the number of lower-division (freshman and sophomore) courses that Texas public universities accept in transfer. In many cases, the maximum number of lower-division semester credit hours accepted in transfer is 66, although some universities may accept slightly more in special cases. It is the responsibility of each student to keep apprised of graduation requirements for a certificate or degree program in which he or she is enrolled. Students planning a program of study should do so in conjunction with a College mentor, following a suggested program of study printed in this catalog.

Degree Audit: Each returning student should be certain to print a degree audit from his/her on-line student file prior to registration. This degree audit will indicate to the student those courses completed, those courses in progress and those courses yet to be taken. The audit will also indicate the student’s grade point average.
DEPARTMENT OF PREPARATORY STUDIES

The Department of Preparatory Studies provides opportunities to improve proficiency in mathematics, reading, and writing. Upon completion of the sequence of courses, students will be better prepared to succeed in college-level classes. Students in the Department of Preparatory Studies learn more than just content; they learn study skills, test taking skills, time management skills, and note-taking skills that will support them throughout their academic tenure. While all students can take advantage of the services provided by the Department of Preparatory Studies, students who do not meet Texas Success Initiative standards must enroll in requisite Preparatory Studies courses as determined by an advisor. Preparatory Studies learning objectives are determined by Texas College and Career Readiness Standards.

Chair
Teresa Brooks
Gullette Technology Building
Carthage, Texas
(903) 693-2060

Professors
- Sarah Bush – Mathematics/Preparatory Studies
- Chris Collins – English/Preparatory Studies
- Roberta Collinsonworth - Mathematics/Preparatory Studies
- Janet Healy – Preparatory Studies
- Chasity Klingler – Mathematics/Preparatory Studies
- Tamra Mothershed – English/Preparatory Studies
- Emily Zabcik – Mathematics/Preparatory Studies
- Jaynellen Wylie - English/Preparatory Studies

Mission Statement
The purpose of the Department of College Preparatory Studies is to meet the needs of underprepared students at Panola College by providing opportunities to improve proficiency in mathematics, reading, and writing, and to develop skills necessary for success in postsecondary education.

Department Goals
- Provide an appropriate environment for learning.
- Improve student persistence and academic proficiency.
- Provide students with instruction in developmental coursework that is aligned with the Texas College and Career Readiness Standards.
- Support student participation and engagement in the learning process.
DEPARTMENT OF SCIENCE AND MATHEMATICS

Chair
- Dr. Sherlynn Hall

Professors
- Sarah Bush – Mathematics
- Chasity Klingler – Mathematics
- Roberta Collinsonworth – Mathematics
- Edwards, Anthony – Biology
- Kevin Frizzell – Biology
- Darrell Hudson – Biology
- Corey Johnson – Biology
- Brian Jones – Biology
- Kevin Rutherford – Biology
- Emily Zabcik – Mathematics

Areas of Study
- Biology
- Chemistry
- STEM
- Geology
- Math
- Physics
- Pre-Professional

Mission Statement
The mission of the Department of Science and Mathematics is to prepare future science, technology, and engineering and mathematics professionals for tomorrow’s workforce, to support the preparation of allied health professionals, and to provide quality academic transfer courses.

Suggested Plans
A student who plans to obtain a degree from Panola College should arrange his or her program at the College to meet the requirements of the particular senior college to which the student plans to transfer. An academic advisor will work with a student to develop a degree plan which agrees with the requirements of the student’s field of study and declared transfer institution. Academic programs at Panola College that lead to the Associate of Arts or Associate of Science degrees require a minimum of 60 hours, but a student can plan to transfer additional hours to a senior institution. The College’s academic core contains 42 hours and is the basis for all academic degrees available at the College.

Notification to Students of Transfer Limitations: Be aware that limits exist on the number of lower-division (freshman and sophomore) courses that Texas public universities accept in transfer. In many cases, the maximum number of lower-division semester credit hours accepted in transfer is 66, although some universities may accept slightly more in special cases. It is the responsibility of each student to keep apprised of graduation requirements for a certificate or degree program in which he or she is enrolled. Students planning a program of study should do so in conjunction with a College mentor, following a suggested program of study printed in this catalog.

Degree Audit: Each returning student should be certain to print a degree audit from his/her on-line student file prior to registration. This degree audit will indicate to the student those courses completed, those courses in progress and those courses yet to be taken. The audit will also indicate the student’s grade point average.
DEPARTMENT OF SOCIAL AND BEHAVIORAL SCIENCES

Chair
- Dr. Sherlynn Hall

Professors
- Don Cocklin – Psychology
- Mark Dickerson – Criminal Justice/Sociology
- Brian Naples – Government
- Bill Offer – History
- Larry Wade – History/Government/Geography

Areas of Study
- Criminal Justice
- Geography
- Government
- History
- Philosophy
- Psychology
- Sociology

Mission Statement
The Social and Behavioral Sciences Department seeks to explore the full depth of human behavior and social consciousness by surveying human history, understanding cultural heritage, and examining the geographic, political, legal, and economic institutions that support human development.

Suggested Plans
A student who plans to obtain a degree from Panola College should arrange his or her program at the College to meet the requirements of the particular senior college to which the student plans to transfer. An academic advisor will work with a student to develop a degree plan which agrees with the requirements of the student’s field of study and declared transfer institution. Academic programs at Panola College that lead to the Associate of Arts or Associate of Science degrees require a minimum of 60 hours, but a student can plan to transfer additional hours to a senior institution. The College's academic core contains 42 hours and is the basis for all academic degrees available at the College.

CORE CURRICULUM COMPLETER

ASSOCIATE OF ARTS or SCIENCE

The Texas Core Curriculum is a core curriculum for all undergraduate students in Texas. Every institution of higher education in Texas is required by law to adopt a core curriculum of no less than 42 semester credit hours which is consistent with the Texas Common Course Numbering System and rules issued by The Texas Higher Education Coordinating Board. If a student successfully completes the core at an institution of higher education, that block of courses must be substituted for a receiving institution's core curriculum if the student enrolls at another college in Texas. Students have flexibility to choose courses from an institution's core curriculum. However, to receive a degree from Panola College, students must complete not only the core curriculum below but also courses listed in the appropriate degree plan.

Panola College Catalog 2019-2020 Revised July 15, 2019
MULTIDISCIPLINARY STUDIES

SUGGESTED DEGREE PLAN

The following suggested degree plan in Multidisciplinary Studies is designed for students desiring to pursue a flexible plan for transfer to a four-year college or university. Students planning to transfer to a four-year college or university are encouraged to meet with an academic advisor at their intended transfer university.

Core Curriculum Requirements
For curriculum options, see the Associate of Arts/Science Core Curriculum on page 115.
ADVISING GUIDE

The following pages consist of advising plans that will begin each student's focused route of academics to maximize education and employment. The advising plans are divided into three instructional categories: Liberal Arts & Sciences, Professional & Technical Programs, and Health Sciences.

Panola College is part of the Texas Pathways initiative and has designed its Pathways project around high school endorsement areas. Each advising guide is color coded according to the high school endorsement that it coincides with (see diagram below) facilitating a seamless transition from eighth grade through completion of high school, certificate or associate degree, continued educational endeavors, or employment.

The Pathways project supports Panola College's Quality Enhancement Plan (Focused Route of Academics to Maximize Education & Employment – FRAME²) that will be part of the Panola College reaffirmation effort pending approval by the SACSCOC.
AGRICULTURE

SUGGESTED DEGREE PLAN
(Animal Science, Horticulture, Agri-Business, Ag Education)

Employment in the agricultural industry is varied. Opportunities exist in production, sales/marketing, education and outreach and technology. This degree is designed primarily for students planning on transferring to a senior college or university to receive a baccalaureate degree.

COMMUNICATIONS

SUGGESTED DEGREE PLAN
The Communications area of emphasis is designed to provide students with the first two years of higher education with the intent of transferring to a 4-year institution pursuing a major in Communications.

**SEMESTER I**
- EDUC 1100/PSYC 1100: Learning Framework
- ENGL 1301: Composition I
- KINE: Activity elective
- MATH: College-Level Math
- COMM elective
- Life & Physical Science

**SEMESTER II**
- KINE: Activity elective
- SPCH: SPCH 1315 or 1318
- Component Area Option
  - ENGL 2311 or ENGL 1302
- COMM elective
- Life & Physical Science

**SEMESTER III**
- GOVT 2305: Federal Government
- HIST 1301: United States History I
- KINE: Activity elective
- Creative Arts elective
  - ARTS 1301, DRAM 1310, DRAM 2366, or MUSI 1306
- COMM elective
- Language, Philosophy, & Culture
  - ENGL 2322, ENGL 2323, HUMA 1301, HUMA 1302, HUMA 2323, SPAN 2311, or SPAN 2312

**SEMESTER IV**
- COSC 1301: Introduction to Computing
- GOVT 2306: Texas Government
- HIST 1302: United States History II or HIST 2301 – Texas History
- COMM elective
- Social/Behavioral Science
  - CRIJ 1301, ECON 2301, ECON 2302, PSYC 2301, or SOCI 1301

**Advising Notes for COMM Electives**
- COMM elective equals one 3-hour COMM elective REQUIRED per semester.

**Core Curriculum Requirements**
For curriculum options, see the Associate of Arts/Science Core Curriculum on page 115.
CRIMINAL JUSTICE
FIELD OF STUDY

SUGGESTED DEGREE PLAN
The Field of Study (FOS) curriculum for Criminal Justice is the set of lower-division courses that must be applied to any undergraduate Criminal Justice program, regardless of degree designation. The FOS also applies to Criminology, Victim's Studies, Law Enforcement, Public Safety, and related undergraduate programs. Following this advising guide ensures both completion of the Core Curriculum and the FOS.

SEMESTER I

<table>
<thead>
<tr>
<th></th>
<th>CRIJ 1301 Intro to Criminal Justice</th>

<th></th>
</tr>
</thead>
</table>

Core Curriculum Requirements
Courses in bold are required in the Criminal Justice Field of Study. Other courses listed in the program are required to complete the core curriculum—see the Associate of Arts/Science Core Curriculum on page 115.
SUGGESTED DEGREE PLAN
The Drama area of emphasis is designed to provide students with the first two years of higher education with the intent of transferring to a 4-year institution pursuing a major in Drama.

SEMESTER I
- EDUC 1100/PSYC 1100 Learning Framework
- ENGL 1301 Composition I
- KINE ______ Activity elective
- MATH ______ College-Level Math
- DRAM elective
- Life & Physical Science

SEMESTER II
- KINE ______ Activity elective
- SPCH ______ SPCH 1315 or 1318
- ______ ______ Component Area Option
- ENGL 2311 or ENGL 1302
- DRAM elective
- Life & Physical Science

SEMESTER III
- GOVT 2305 Federal Government
- HIST 1301 United States History I
- KINE ______ Activity elective
- Creative Arts elective ARTS 1301, DRAM 1310, DRAM 2366, or MUSI 1306
- DRAM elective
- Language, Philosophy, & Culture ENGL 2322, ENGL 2323, HUMA 1301, HUMA 1302, HUMA 2323, SPAN 2311, or SPAN 2312

SEMESTER IV
- COSC 1301 Introduction to Computing
- GOVT 2306 Texas Government
- HIST 1302 United States History II or HIST 2301 – Texas History
- DRAM elective
- Social/Behavioral Science CRIJ 1301, ECON 2301, ECON 2302, PSYC 2301, or SOCI 1301

Advising Notes for Drama Electives
- Drama elective equals at least one additional DRAM course required per semester (DRAM 1310*, 1330/2330, 1332, 1341, 1342, 1350/1351, 2336, 2366*, 2289, or 2389; * = core requirement class).
- As well as DRAM 1120, 1121, 2120, or 2121 – REQUIRED EACH SEMESTER.

Core Curriculum Requirements
For curriculum options, see the Associate of Arts/Science Core Curriculum on page 115.
ASSOCIATE OF ARTS IN TEACHING (AAT)

This program is designed to provide students with the first two years of a four-year degree leading to teacher certification at the EC-6, grades 4-8, or EC-12 Special Education. The Associate of Arts in Teaching (AAT) is a specialized academic associate degree program designed to transfer in its entirety to a baccalaureate program that leads to initial Texas teacher certification.

Advising Notes (see EDU advisor for specific transfer requirements)

- Students who are planning to teach EC-6, grades 4-8, or Special Education should be enrolled in the Associate of Arts in Teaching program, EC-6, 4-8, Special Education EC-12.
- Students who are planning to teach a specific subject in grades 6-12, 7-12, or 8-12 should be enrolled in the Associate of Arts in Teaching program, Grades 6-12, 7-12, 8-12, Other EC-12. See EDU advisor for certification area hours.
- Students should work closely with advisors at transfer universities to review transfer plans BEFORE completing the AAT at Panola College.
- In selecting specific core curriculum classes, refer to the Core Curriculum page for Associate of Arts in Teaching. Recommended courses vary based on requirements at specific transfer universities - see EDU advisor for specific MATH courses.
ASSOCIATE OF ARTS IN TEACHING (AAT)

This program is designed to provide students with the first two years of a four-year degree leading to teacher certification in a specific subject in grades 6-12, 7-12, 8-12, or EC-12 other than special education. The Associates of Arts in Teaching (AAT) degree is a specialized academic associate degree designed to transfer in its entirety to a baccalaureate program that leads to initial Texas teacher certification.

Advising Notes
* Concentration must be a two-credit lesson and may be in any Brass, Woodwind, String or Percussion instrument, Piano, Guitar, or Voice.
** Secondary must be piano if it was not chosen as an emphasis. Music majors must take a piano placement test.

Core Curriculum Requirements
Courses in bold are required in the Music Field of Study. The other courses listed are part of the core curriculum; for other core courses required to complete the core curriculum see page 115.
# POLITICAL SCIENCE & GOVERNMENT

## FIELD OF STUDY

### SUGGESTED DEGREE PLAN

The curriculum for Political Science & Government is the set of lower division courses that must be applied to any undergraduate Political Science & Government degree plan when a student transfers to or from any Texas public college or four-year institution. Following this advising guide ensures both completion of the Core Curriculum and the Field of Study.

Core Curriculum Requirements
For curriculum options, see the Associate of Arts/Science Core Curriculum on page 115.
THE SCHOOL OF PROFESSIONAL & TECHNICAL PROGRAMS

The School of Professional & Technical Programs will prepare students with the ability to think critically and develop skills in a technical field through high-quality education and collaborative project-based learning. Students will also reflect the mission of lifelong learning through continuing their education formally at other colleges or universities or by making use of our many courses which embed industrial certifications. Graduates will serve their industry and community by applying their knowledge to respond to future advances and changes in technology, with an appreciation of the diverse and global society in which they live.

Dean
Natalie Oswalt
Merle Glass Building
Carthage, Texas 75633

Mission Statement
The mission of the School of Professional & Technical Program is to provide a broad education for those seeking transfer to a university, employment, advancement, and/or training in technical occupations by offering courses, professional certificates, technical certificates, associate of science and associate of applied science degrees.

Professional & Technical Programs

Department of Business
- Administrative Assistant (Certificate)
- Business Administration Field of Study (AS)
- General Business (AAS, Certificate)
- General Office (Certificate)
- Marketable Skills (Certificate)
- Office Professional – Medical option (AAS)
- Office Professional (AAS)

Department of Computer Information Technology
- Computer Information Technology (AAS)
- Digital Media Designer & Development (Certificate)
- Microsoft Operator (Certificate)
- Microsoft Support Specialists (Certificate)
- Personal Computer Tech Support (Certificate)

Department of Cosmetology
- Operator (Certificate)
- Instructor Training (Certificate)
- Nail Technology (Certificate)
ASSOCIATE OF APPLIED SCIENCE
ACADEMIC EDUCATION COURSES

Students desiring the Associate of Applied Science (AAS) degree must complete a prescribed program of study as outlined in this catalog. The student must complete fifteen semester hours of academic education courses that are indicated by bold print in each curriculum. The academic education hours must include at least one course in each of the following areas: Communications; Mathematics/Life and Physical Sciences; Language, Philosophy and Culture, Humanities/Fine Arts; Social/Behavioral Sciences; and general education electives.

DEPARTMENT OF BUSINESS

Business Administration Field of Study, General Business, Office Professional

The business program at Panola College is designed for students who will transfer to a four-year institution to major in a business-related field such as accounting, business administration, finance, human resources, international business, management, or marketing. The Business Administration field of study provides a background in basic academic areas such as the humanities, the arts, mathematics, social and behavioral sciences, speech, and composition. In addition, students complete introductory coursework in accounting, economics, and computer science. Completion of an associate of science degree in Business at Panola College allows for a smooth transition to a university for completion of a bachelor degree in Business in the student’s choice of major.

Students not wanting to transfer to a university should consider the General Business program. Students can earn both a certificate and an associate of applied science degree by taking a combination of transfer and non-transfer college courses that provide a strong business foundation. The degree includes coursework in accounting, business law, management, economics, computer science, finance, and marketing. All courses taken in the certificate can be applied to the degree and all courses in the program are available online.

The Office Professional program prepares students for employment as general office support personnel, administrative assistants, legal and medical secretaries, and executive secretaries. Students can earn certificates and an associate of applied science degree while studying word processing, spreadsheets, database, desktop publishing, business communications, accounting, and office procedures. All courses taken in the certificates can be applied to the degree and all courses in the program are available online.

Chair
Dwayne Ferguson
Gullette Technology Building
Carthage, Texas 75633
(903) 693-2066

Professors
- Dwayne Ferguson – Business/General Business/Office Professional
- Jessica Pace – General Business/Office Professional (adjunct)
- Jared Reynolds – Economics (adjunct)
- Whitney Sienko – General Business, Office Professional, Accounting (adjunct)

Areas of Study
- Business Administration: Field of Study
- Associate of Applied Science
  - General Business
  - Office Professional
  - Office Professional (Medical Option)
- Certificates
  - General Business
  - General Office
  - Administrative Assistant
  - Marketable Skills (Microsoft Office)

Mission Statement
The mission of the Department of Business at Panola College is to provide students with business-related skills necessary for transfer to a university, for successful entrance into the workforce, or for continued education as an enhancement of existing knowledge and skills.
**Department Objectives**
The objective of the Business program is to produce students who demonstrate proficiency in writing and composition, speech, mathematics, human relations, and computer skills with respect to various business functions.

**Job Outlook**
A student who pursues an Associate of Science Degree with a Business Administration Field of Study will be able to continue his or her education by enrolling in a bachelor’s degree program at a university. Depending on the student’s specific degree path, he or she may pursue a career in accounting, finance, human resources, international business, management, marketing, operations management. Graduates with a bachelor’s in business may find employment as a CPA, auditor, marketing or promotion director, financial advisor, human resource specialist, operations analyst, or sales manager.

Students who finish a General Business Associate of Applied Science degree will be able to find employment in sales, accounting or tax offices, insurance or travel agencies, appraisal offices, purchasing and quality control departments, and various supervisory positions.

Students who finish an Office Professional Associates of Applied Science degree will be able to find employment as general office clerks, administrative assistants, executive secretaries, bookkeepers, and various other areas of office support.
SUGGESTED DEGREE PLAN
The following suggested degree plan with an emphasis in Business prepares students for transfer to colleges and universities that offer bachelor degrees in various areas of business. Students interested in careers in business that are planning to major in accounting, business administration, finance, international business, management, or marketing should follow this curriculum. Introductory coursework in accounting and economics will provide the foundation for specialized business study later in a BBA degree. Completion of the Field of Study adds 3 additional hours to the core curriculum requirements.

*Capstone course
OFFICE PROFESSIONAL (MEDICAL)

ASSOCIATE OF APPLIED SCIENCE

The Office Professional - Medical Associate of Applied Science degree is designed for students wanting to pursue a secretarial career in a medical office. Courses in the degree focus on improving basic math, English, computer and communication skills. In addition, students will become skilled at medical terminology, office procedures, and medical documentation processing.

ADMINISTRATIVE ASSISTANT

CERTIFICATE
(TSI-Waived Program)

Individuals who are already in the workforce or who need to gain workplace skills may want to consider the Administrative Assistant certificate. This certificate focuses more narrowly on job training and can be completed in two semesters. Hours earned on this certificate may be applied toward the Office Professional Associate of Applied Science degree.

**Academic advisor:** Dwayne Ferguson, (903) 693-2066, dferguson@panola.edu

MARKETABLE SKILLS
MICROSOFT OFFICE

(TSI-Waived Program)

Coursework includes software training that addresses the heart of the Microsoft Office suite: Word, Excel, and Access. The student has the option to take these courses over the Internet or in a traditional classroom setting. These courses target individuals already in the workforce, but any student may participate. The student wanting semester hour credit must complete procedures required by the Admissions/Records Office. Semester hour credit courses may be used to complete occupational certificates or AAS degrees. Completion of these courses prepares students for employment in accordance with guidelines for the Workforce Investment Act.

DEPARTMENT OF COMPUTER INFORMATION TECHNOLOGY

The computer industry is one of the largest and fastest-growing in the world. The rapid spread of computer-based technologies requires skilled technicians wherever there are computers:

- Businesses of all kinds and sizes
- Government agencies
- Nonprofit organizations
- Schools and universities
- Hospitals and health care facilities
- Homes and home-based businesses

The Computer Information Technology (CIT) program prepares you for today’s constantly changing workplace with four separate career paths, each offering skill-specific awards. Based on the skill sets you build, you’ll have a wide variety of options in a competitive job market.

Chair
Charlene Johnson
Gullette Technology Building
Carthage, Texas 75633
(903) 693-2024

- Charlene Johnson

Areas of Study
- Computer Information Technology, Associate of Applied Science Degree
- Microcomputer Software Operator, Certificate
- Microcomputer Support Specialist, Certificate
- Personal Computer Technical Support, Certificate
- Digital Media Design and Development, Certificate

Mission Statement
Department of Computer Information Technology Panola College is dedicated to providing excellent education in the areas of computer science and information technology. This mission is accomplished by offering an Associate of Applied Science degree in Computer Information Technology as well as the following certificates: Microcomputer Software Operator, Microcomputer Support Specialist, Personal Computer Technical Support, and Digital Media Design and Development.

Job Outlook
The Department of Computer Information Technology provides students with both entry and advanced computer skills and a continued path of education to meet current and future job responsibilities. Computer information systems offer high-quality instruction in current networking technology, current generation hardware, and state-of-the-art software in several specialization options.
COMPUTER INFORMATION TECHNOLOGY

ASSOCIATE OF APPLIED SCIENCE DEGREE

Panola College’s Computer Information Technology curriculum is designed to meet the needs of individuals who need a generalized degree that will enable them to enter a highly technical workforce. Upon completion of the two-year Computer Information Technology program, the student will obtain an Associate of Applied Science degree. The degree provides the student with an understanding of computer concepts and competence in the functional application of computer information technology.

DEPARTMENT OF COSMETOLOGY

The Cosmetology program at Panola College is an “open” program; however, the program requires additional application and requirements. Admission to Panola College does not guarantee admission to specific courses or programs of study.

The Cosmetology program is licensed by the Texas Department of Licensing and Regulation Commission to provide students with both theory and practical skills in all phases of hairstyling, manicures, pedicures, make up application, and salon management. The program provides instruction designed to prepare students to attain licenses in three areas of training: operator, nail technology, and instructor training.

Our student’s practical skills are developed through experience in an on-site salon which is equipped and managed, according to industry standards, by the students with instructor supervision. Students completing the necessary clock hours in the chosen area of training are certified to take the state examination administered by the Texas Department of Licensing and Regulation. After passing the examination, the individual is licensed to work in the area of training in the beauty-care industry.

Chair
Paula Fults
Shelby College Center
Center, Texas 75935
(936) 598-6135

Professors
• Paula Fults – Cosmetology, Center
• Patti Redmon – Cosmetology, Center and Carthage
• Bobbie Smith – Cosmetology, Carthage

Areas of Study
• Cosmetology - Operator
• Cosmetology - Instructor Training
• Nail Technology

How to Apply to the Cosmetology Program
1. You must apply and be admitted to Panola College.
2. Call the Carthage campus at (903) 693-2056 or the Center campus at (936) 598-6135 and speak with a Cosmetology instructor to receive advisement/mentoring.
3. Complete approved assessment test. Contact the Testing Center at (903) 693-2036 to schedule, if needed.
4. Complete the application packet found on the Cosmetology webpage at https://www.panola.edu/programs/cosmetology/.
5. Submit the completed application packet to the Cosmetology Department.

Requirements of the Cosmetology Program
• Be 17 years of age before the State Board Examination.
• Must submit to a criminal background check (to be completed at the time of application). If affected by background check results, the student will be advised of their ineligibility before the start of the program.
• Student permit and examination fee (currently $25, paid to the Texas Department of Licensing and Regulation by certified check or money order prior to enrollment).
• Three 1.5 inch by ½ inch headshot color photos.

For program-specific information and FAQs, please visit the Associate Degree Nursing link: https://www.panola.edu/programs/cosmetology/.
Expenses
- Textbooks, student equipment kit and any additional supplies as needed.
- Suitable uniforms and accessories.
- Provide transportation and expenses for state examination site.
- Expenses for field trips.

System of Grading
The cosmetology program operates on a departmental grade scale which differs from college-wide practice. The cosmetology grade scale is as follows:

- A = 90 - 100
- B = 80 - 89
- C = 70 - 79
- F = Below 70

Mission Statement
The mission of the cosmetology program is to prepare students to care for hair, nails, and skin with emphasis in hygiene, sanitation, customer relations, and salon management.

Department Objective
To provide skills in cosmetology that prepares the student to receive state licensure and successfully enter the job market.

Job Outlook
According to the *Occupational Outlook Handbook* (accessed 3/11/19), employment of barbers, hairdressers, and cosmetologists is projected to grow 13 percent from 2016 to 2026.
COSMETOLOGY – OPERATOR

CERTIFICATE

*(TSI-Waived Program)*

The Operator curriculum requires 1500 clock hours of instruction in hair cutting, chemical reformation, manicuring, facial/skin care, hair color and hairstyling. Approximately 40 hours of training a week for three semesters will provide the necessary clock hours to be certified to take the state examination administered by the Texas Department of Licensing and Regulation. The Operator program is offered at both the Center and Carthage campuses.

COSMETOLOGY – INSTRUCTOR TRAINING

CERTIFICATE
(TSI-Waived Program)

The Instructor Training Curriculum requires 750 clock hours of instruction in preparation skills in classroom management, teaching methodologies, design and lesson plan preparation and presentation and assessment toll techniques. Approximately 20 hours of instruction a week for three semesters will provide the necessary clock hours to be certified to take the state examination. Applicants must be 21 years old or older, have valid Cosmetology licenses, and furnish proof of high school graduation and three years of verified work experience as an operator. In addition, the applicant must be interviewed and approved by the instructors of the cosmetology program. The instructor program is taught ONLY on the Center campus, and enrollment is limited.

THE SCHOOL OF ENERGY

Panola College was approved to offer the Associate of Applied Science Degree in Petroleum Technology beginning Fall 2007. This has allowed Panola College to be in the forefront of training students in the oil and gas industry. As technology continues to shape and influence the growth of the energy sector, companies are constantly in need of educated workers who can step in on day one. Graduates from the School of Energy have a clear understanding of today’s skill set in the industry and are able to be competitive in today’s workforce. The School of Energy prepares students for careers in high-value industries with a robust job demand. Degrees and certificates in the School of Energy feature a rigorous, Common Core-aligned academic curriculum developed in collaboration with various industry-leading employers. Through each partnership, students gain real-world work experience through internships in areas connected to their classroom studies.

Within two years, students graduate with a Panola College associate degree in Petroleum Technology, Electrical & Instrumentation, or Natural Gas Compression and a set of employer-identified, industry-valued credentials indicating skills mastery. College and career ready, students who complete the program are equipped either to enter their chosen field with a higher education degree or to continue toward a bachelor’s degree.

The educational transformation taking place at Panola College in the School of Energy is inspirational; it’s this type of dedication and innovation that will help groom tomorrow’s successful innovators, employees, and leaders. There’s a real need in the United States to graduate more students who are effectively skilled and prepared to succeed in a globally competitive workforce. The fact that these students will gain skills unmatched by their competitors by the time they graduate is remarkable.

Chair
Daniel Hall
Shelby Regional Training Center
Center, Texas 75935
(936) 591-9075

Professors
- Brad Adkins – Welding Technology
- Clint Cassell – Welding Technology
- Daniel Hall – Petroleum/Electrical/Mechanical
- Michael Pace – Electrical/Mechanical/HVAC
- Jim Permenter – Petroleum/Electrical
- Laura Vance – Petroleum/Safety
- Earnest Spencer – Petroleum/Electrical

Areas of Study
- Department of Agriculture & Natural Resources
  - Agriculture
  - Ranch & Land Management
- Department of Energy
  - Construction Technology
  - Electrical & Instrumentation
  - Heating, Ventilation, & Air Conditioning
  - Maintenance Technician
  - Natural Gas Compression
  - Petroleum Technology
  - Residential/Commercial Electrician
  - Welding Technology
Mission

The energy revolution has revealed a shortage of skilled young workers that could last for years. Yet significant challenges remain. A study issued in May 2014 by the employment agency Manpower found that 58% of energy employers report facing difficulties in finding the right talent, and 74% believe the problem will get worse over the next five years. Jobs in the oil-and-gas sector alone are expected to almost double by 2020.

Jobs in the greatest demand are field workers such as plant operators, natural gas compression, electrical & instrumentation, linemen and technicians; skilled trades such as iron workers, welders, pipe fitters and electronic machinists; and highly educated professionals such as environmental safety, information technology, and office professionals.

An aging workforce, changing skill requirements as a result of rapid advances in technology and educational shortcomings are the three major factors for the shortage, employers say.

The pay is certainly eye catching, especially with so many college students graduating under a mountain of debt and facing a tough job market outside the energy field. "As global demand for energy increases, particularly in Asia and India, the U.S. and Canada are poised to supply it - if they can find the workforce to support the industry's growth," the Manpower report said. "If they can't, the lost opportunity is high." The report mirrors a finding last year by the National Research Council that said the U.S. isn't producing enough qualified younger workers to replace baby boomers retiring. That study warned educators that traditional four-year degrees weren't adequately aligning with the industry's needs.

The U.S. shale oil and gas industry currently employs 1.7 million people, the Manpower study states. By 2015, that number is expected to rise to 2.5 million, before hitting 3 million jobs by 2020. The 2007-09 recession delayed retirement for some of these workers due to battered 401(k) investments, but as the economy has slowly healed, they are indeed retiring.

"We have the resources and we have the technology; we just need the people," said Jorge Perez, senior vice president at Manpower, North America.

School of Energy Objectives

- To offer a selective, competitive admissions process
- To provide a curriculum built on core curriculum and hands on training needed by industry
- To produce graduates the skills to enter the job market
- To create a strong and aggressive internship and job placement program
- To employ faculty with the highest degrees or skills set to teach students
- To offer high-quality and extensive lab facilities and equipment that enhance the learning experience and provide students the hands on practice.
- To prepare graduates to be effective employees from day one.
- To prepare student if they prepare to transfer to a university to complete an advanced degree
DEPARTMENT OF AGRICULTURE & NATURAL RESOURCES

The two-year transfer program in Department of Agriculture is designed to provide the basic courses in general education and agriculture to students who plan to complete a bachelor's degree at a university. Students who plan to major in the Agriculture Education, Animal Sciences, Agri-Business, Horticulture, and Veterinary Medicine should contact an academic advisor.

**Professors**
Laura Vance

**Areas of Study**
- Agriculture
- Ranch & Land Management

**Mission Statement**
The mission of the Department of Business at Panola College is to provide students with general core curriculum and skills necessary for transfer to a university.

**Department Objectives**
The objective of the Business program is to produce students who demonstrate proficiency in writing and composition, speech, mathematics, human relations, and computer skills with respect to various business functions.

**Job Outlook**
According to the *Occupational Outlook Handbook* (accessed 3/11/19), employment of agricultural and food scientists is projected to grow 7 percent from 2016 to 2026, about as fast as the average for all occupations. Advances in technology and scientific knowledge related to food production will require greater control of production and processing activities, increasing demand for these workers.
ASSOCIATE OF APPLIED SCIENCE
The following is a suggested degree plan with a concentration in Ranch & Land Management.

About the Department of Energy
The Department of Energy includes the following programs:
• Construction Technology
• Electrical & Instrumentation
• Heating, Ventilation & Air Conditioning
• Maintenance Technician
• Natural Gas Compression
• Petroleum Technology
• Residential & Commercial Electrician
• Welding Technology

Mission Statement
The Department of Energy mission is to provide individuals opportunities to learn skills that will support them in entry level positions in the oil and gas, power generation, construction and general workforce industries.
**CONSTRUCTION TECHNOLOGY**

**ASSOCIATE OF APPLIED SCIENCE**

The Construction Technology Specialization degree prepares qualified people to enhance their technical skills for career advancement. The program is designed to allow individuals in areas such as Air Conditioning and Refrigeration, Carpentry, Industrial Electricity, Welding, or other related disciplines to assume supervisory, project leader, or management positions.

### ELECTRICAL & INSTRUMENTATION

#### ASSOCIATE OF APPLIED SCIENCE

The Electrical & Instrumentation program is designed to prepare students for a career in instrumentation and process control. Instrumentation technicians are employed in a large variety of industries to maintain equipment that controls temperature, pressure, and flow of material or speed and position of objects. Manufacturers such as Toyota, General Motors, Motorola, HEB, and Temple Inland use process control to manufacture automobiles, electronic devices, cardboard containers, and food products. Other industries use process control technicians to refine petroleum products and process chemicals and other materials. Just about everything you use or consume owes its existence to an instrumentation technician.

*Capstone course*
Mission Statement
Electrical & Instrumentation graduates will:
- Inspect, calibrate, troubleshoot, and repair the types of instruments used in the instrumentation field.
- Describe instrument control loops.
- Effectively communicate with customers and colleagues in a professional manner.
- Perform their functions in an ethical and safe manner that is consistent with standards and regulations.

Job Outlook
According to the Occupational Outlook Handbook (accessed 3/11/19), employment of residential and commercial electricians is projected to grow 10 percent from 2016 to 2026, faster than the average for all occupations. As homes and businesses require more wiring, electricians will be needed to install the necessary components.
RESIDENTIAL/COMMERCIAL ELECTRICIAN

CERTIFICATE
(TSI-Waived Program)
The Residential/Commercial Electrician Certificate is offered at Panola College – Shelby Regional Training Center. For more information, please contact the (936) 591-9075.

If you have been fascinated by electricity, then you might want to look at a career as an electrician. Electricians enjoy one of the higher paid specialty-industry fields with a solid future as America becomes more dependent on consistent and well-maintained supplies of electricity.

There are two general types of electrical work:
- Construction work – includes reading blueprints, wiring, installing, and testing electrical systems
- Maintenance work – involves troubleshooting, testing, fixing and upgrading already installed, improperly functioning, electrical systems

MAINTENANCE TECHNICIAN

CERTIFICATES
(TSI-Waived Program)

The Maintenance Technician Certificate program is designed for a student to complete both level I and II within one year. This program is designed for a student to be proficient in the installation, troubleshooting, repair, and maintenance of equipment commonly used in the industrial fields. An emphasis is placed on electric motors, transformers, and basic circuits as well as basic mechanical knowledge including alignment and the proper use of hand tools. Students will also have an introduction to welding, HVAC, and blueprint reading while being required to practice industry regulated safety practices and following all OSHA requirements.

NATURAL GAS COMPRESSION

CERTIFICATES
(TSI-Waived Program)

The Natural Gas Compression Certificate program is designed to provide technically oriented entry-level employees with basic knowledge and skills of gas compression equipment and maintenance required to efficiently and safely maintain, problem shoot, and operate compression packages in their area of responsibility. They are responsible for the safe, efficient, and reliability of their compressor sites. The compression technician skills and abilities have a direct impact on production levels and profits.

Job Outlook

According to the Occupational Outlook Handbook (accessed 3/11/19), employment of petroleum technicians is projected to grow 16 percent from 2016 to 2026, faster than the average for all occupations. Higher prices for oil and strong demand for natural gas is expected to increase demand for geological exploration and extraction in the future. Panola College’s Compression Technology Program is designed to train technicians for the rapidly growing compression component of the Haynesville Shale development in Texas and Louisiana.
PETROLEUM TECHNOLOGY

ASSOCIATE OF APPLIED SCIENCE

New students must meet the following entrance requirements to this program:

- Students must apply to Panola College.
- Students must contact the Dean of Professional & Technical Programs or College Advisor.
- In order to be registered for the Petroleum Technology AAS degree, students must pass ALL parts of the TSI Assessment.

Program Demand and Occupational Need
Employers in the oil and gas industry report considerable difficulty recruiting qualified individuals to fill open positions (lease operators). The oil and gas boom has resulted in increased demand for workers in this and related positions.

Job Outlook
According to the *Occupational Outlook Handbook* (accessed 3/11/19), employment of geological and petroleum technicians is projected to grow 16 percent from 2016 to 2026, faster than the average for all occupations. This degree can open opportunities in jobs such as a lease operator, facility operator, engineering assistants, technical sales professionals, instrument technician, motor control technician, and mechanics.
WELDING TECHNOLOGY

Welding is the process of joining pieces of metal by fusing them together. It is the most common and efficient method of permanently connecting metal parts in the construction of automobiles, spacecraft, ships, appliances, construction equipment and thousands of other products. Welding processes differ in the manner in which heat is applied to the parts being joined as well as in the techniques dictated by the nature of the metals involved and the configuration of the pieces.

Gas welding uses a flame fueled by a mixture of oxygen and acetylene gases to supply heat, while arc welding uses the heat of a low-voltage electric arc. The nature of the metals being joined often makes it necessary to protect the heated area from the air, and different ways of providing inert gas-shielding (GTAW and GMAW welding processes) of the weld zone have been devised.

Professors
- Brad Adkins
- Clint Cassell

Areas of Study
Certificates of Proficiency
- Welding Technology, Associate of Applied Science Degree
- Basic Welding, Certificate
- Intermediate Welding, Certificate

Mission Statement
Students at Panola College learn oxy/fuel, shielded metal, gas tungsten, gas metal, and pipe welding. These skills qualify them for a wide variety of welding jobs in manufacturing, construction and maintenance industries. Job opportunities for trained welders are expected to increase in the years ahead. The U.S. Department of Labor publication Occupational Outlook Quarterly states that “…employment of skilled welders will grow, and job prospects will be good.”

Job Outlook
According to the Occupational Outlook Handbook (accessed 3/11/19), employment of welders, cutters, solderers, and brazers is projected to grow 6 percent from 2016 to 2026 with 22,500 new jobs available. Graduates in the welding program find jobs in industries such as aerospace, ship building, power generation, construction, manufacturing, custom fabrication, defense, mining, industrial maintenance and oil and gas.
The Associate of Applied Science Degree in Welding Technology is designed to prepare the student for a career as a welding technician in the fabrication, construction and manufacturing industries. The program includes hands-on application of SMAW, GTAW, GMAW, and FCAW processes.

THE SCHOOL OF NURSING & HEALTH SCIENCES

One of the goals of Panola College of School of Nursing and Health Sciences is to promote community engagement. Activities directed toward accomplishing this goal involve mutually beneficial collaboration with our partners in health care. Through these projects, faculty members and students engage in education to enable learning beyond the campus walls while providing direct benefit and service to the community.

Our Simulation Labs provide state-of-the-art learning opportunities for students. Preprogrammed scenarios allow students to practice providing realistic care without risk of harm to the patient. Scenarios also allow all students the opportunity to care for patients with high-acuity, low-frequency conditions for which they may not experience during clinicals. Scenarios enhance critical thinking skills and clinical judgment with facilitators to guide the learning experience and ensure students achieve learning objectives.

Clinical and fieldwork experiences are provided for students in partner facilities to ensure graduates are as prepared as possible for real-world practice in their chosen profession.

Mission
The mission of the School Nursing and Health Sciences is to prepare graduates for health professions who will be competent, safe practitioners of their chosen field. Emphasis is placed on clinical problem solving, lifelong learning, competence, and practice within a legal/ethical framework.

School of Nursing & Health Sciences Objectives

- To employ selective, competitive admissions processes
- To provide curricula built on legal and ethical practices in healthcare
- To prepare graduates for their respective careers and licensing exams

About the School of Nursing & Health Sciences
The School of Nursing and Health Sciences provides quality education and training for technicians and professionals across the healthcare spectrum. We develop programs to specifically meet the demands of the workforce in our area for skilled labor in healthcare jobs. We provide professional education for the Associate Degree in Nursing leading to the RN as well as vocational training with a certificate leading to the LVN. Associate degrees are offered for Occupational Therapy Assistants, Medical Assistants, Medical Laboratory Technicians and Health Information Technicians. Certificates are available in Emergency Medical Technology/Paramedic, Medical
Assisting, and Health Information Technology. Additional programs and courses are taught through the Continuing Education Division preparing students for the Certified Nurse Aide license, massage therapy license, and other healthcare jobs.

The School of Nursing and Health Sciences tailors education to meet the needs of the students for flexible scheduling by offering many courses online. For example, the ADN program has a flexible, hybrid track for LVNs with all classes online and face-to-face clinicals on weekends and evenings. The Medical Laboratory Technician degree is offered online with labs on occasional Saturdays throughout the program.

We invite you to a challenging and rewarding career in a Health Science field!
DEPARTMENT OF NURSING

Registered Nurse (RN)

Registered nurses (RNs) provide patient-centered care while functioning as a patient safety advocate, a member of the health care team and a member of the profession within the nurses’ legal/ethical scope of practice. Professional nursing (RN) requires a large base of knowledge used to assess, plan and intervene to promote health, prevent disease, recover from illness, or help patients and families cope with impending death. When providing direct patient care, nurses observe, assess and record objective and subjective data, patient reactions and progress, as they plan and evaluate nursing care and interventions. They are health educators and advocates for patients and families.

RNs have a unique scope of practice and can practice independently, although they also collaborate with all members of the health care team to provide the care needed by each patient as an individual or member of a family.

Roles range from direct patient care and case management to establishing nursing practice standards, developing quality assurance procedures, directing complex nursing care systems, conducting clinical research and teaching in nursing programs, as well as practicing in many other settings. While state laws govern the scope of nursing practice, patient needs typically determine a nurse’s daily job activities.

Professional nursing responsibilities have changed considerably over time. Nurses today are highly respected and valued members of the health care team who bring their own body of knowledge to the process of health care.

Chair/Academic Advisor
Annissa Jackson, (903) 694-4522, ajackson@panola.edu

Professors
- Santana Anderson
- Ashley Brewster
- Amber Clark
- Annissa Jackson
- Kimberly Jones
- Mary Koller
- Julie Leming
- Steve Stewart
- Joslyn Sullen
- Laura Witherspoon

Department Mission
To facilitate an educational environment to foster the development of caring, ethical, competent, novice professional nurses. As such, we contribute to the progression of the nursing profession.

Department Objectives
- To prepare novice professional nurses ready to take NCLEX-RN exam for licensure into basic nursing practice
- To provide an online learning format with clinical flexed to evenings and weekends: LVN-RN hybrid Transition track

Job Outlook
According to the Occupational Outlook Handbook (accessed 3/3/19), employment of registered nurses is projected to grow 15 percent from 2016 to 2026, faster than the average for all occupations. Growth will occur for a number of reasons, including an increased emphasis on preventive care; growing rates of chronic conditions, such as diabetes and obesity; and demand for healthcare services from the baby boomer population, as they live longer
and more active lives. Registered nurses work in hospitals, physicians’ offices, home healthcare services, and nursing care facilities. Others work in correctional facilities, schools, or serve in the military.

**Areas of Specialization**
- Staff Nurse
- Labor and Delivery Nurse
- Neonatal Nurse
- Pediatric Nurse
- Critical Care Nurse
- Emergency Room Nurse
- Nurse Educator
- Oncology Nurse
- Orthopedic Nurse
- Nephrology Nurse
- Hospice/Palliative Care Nurse
- Mental Health Nurse
- Public Health Nurse/Home Health Nurse
- School Nurse
- Advance Practice Nurse (Nurse Practitioner, Nurse Anesthetist, etc.) – requires additional education

**Accreditation**
The ADN program is fully approved by the

Texas Board of Nursing (BON)
333 Guadalupe, Suite 3-460
Austin, TX 78701
(512) 305-7400

and is accredited on conditions by the

Accreditation Commission for Education in Nursing (ACEN)
3343 Peachtree Road, Suite 850
Atlanta, GA 30326
(404) 975-5000
www.acenursing.org
DEPARTMENT OF NURSING
Pre-Bachelor of Science in Nursing

Academic Advisor
Annissa Jackson, (903) 694-4522, ajackson@panola.edu

Department Mission
To assist students to achieve higher levels of education and training through an improved education system that promotes seamless academic progression. Whether nursing students take the pre-BSN track or the ADN to BSN track to earn their Registered Nursing license, all professional nursing students should be prepared to earn the BSN.

Department Objectives
• To promote the Institute of Medicine’s (IOM’s) goal of increasing the number of BSN prepared nurses to meet the growing demand for professional nurses needed by 2020 by preparing students to enter basic BSN programs or
• To prepare students to enter the ADN program with core completion so they are ready to complete the BSN with one additional year of school after completing the ADN (1+2+1)

Job Outlook
According to the Occupational Outlook Handbook (accessed 3/3/19), employment of registered nurses is projected to grow 15 percent from 2016 to 2026, faster than the average for all occupations. Growth will occur for a number of reasons, including an increased emphasis on preventive care; growing rates of chronic conditions, such as diabetes and obesity; and demand for healthcare services from the baby boomer population, as they live longer and more active lives. With the pre-BSN track, students will only be ready for gainful employment if they complete the ADN or BSN degree and earn the Registered Nursing (RN) license.

Advising Notes
Enrolling in RNSG courses requires admission to the program.
Non-prerequisite academic courses required for this curriculum such as ENGL 1301 may be taken during any level.

*Capstone experience: Clinical IV performance measures ensure graduates are prepared to function as a novice professional nurse.
Applying to the Associate Degree Nursing Program

The Associate Degree in Nursing (ADN) is a “closed” program and requires additional application and acceptance into the program. Admission to Panola College does not guarantee admission to specific courses or programs of study.

The ADN face-to-face program can be completed in four semesters after prerequisite courses are completed. This program is taught over 24 months with summers off. A new cohort starts each fall and each spring. It is face to face, mainly weekdays. Clinicals are within a 70-mile radius of Carthage, Texas. You will be required to be on campus and/or attend clinicals 3-4 days per week.

Licensed Vocational Nurses (LVN) may earn an ADN by applying to the LVN-RN Transition program which can be completed in three consecutive semesters after prerequisite courses are completed. This hybrid program requires a student to complete online course work and be on-campus for simulation and/or lab each week plus assigned clinicals. For more information about the Transition program, see page 186 of this catalog.

BEFORE Applying to the ADN Program

1. You must apply and be admitted to Panola College.
2. Fulfill all Texas Success Initiative (TSI) requirements.
3. Complete four prerequisite courses (per the degree plan) with a 2.5 or higher grade point average AND a minimum grade of “C” in each course. All lab courses must have been taken in the same semester and at the same school as the lecture portion of the course. No more than 2 courses may be in progress when applying. RNSG courses transferred in must have been completed within the last two years.
4. Pass the HESI A2 with minimum score of 80 on Reading Comprehension and Math sections and a minimum of 75 on Grammar section. This is a $60 non-refundable fee and may only be taken twice. Call (903) 693-2036 for an appointment. https://www.panola.edu/student-success/placement-testing/hesi.html.

How to Apply to the ADN Program

1. Call (903) 694-4019 to make an appointment to receive advisement/mentoring and an application. Bring with you:
   a. HESI A2 scores
   b. Transcript evaluation completed by Student Success office
   c. Proof of required Hepatitis B immunization series or positive antibody titers by the deadline.
   d. Unofficial transcript from Panola College, if applicable.
2. Verify official transcripts from each college or university attended were received. Send official transcripts from all other colleges and universities attended to: Admissions/ Records Office, 1109 W. Panola St., Carthage, TX 75633

Requirements of the ADN Program

- Must have a clear criminal background check (to be completed at time of application)
- Must have a clear drug screen (to be completed after admission to program)
- Must have all required immunizations or antibody titers.

Deadline to Apply

- March 1st for fall admission
- October 1st for spring admission

Important Information

- ADN graduates are eligible to take the National Council Licensure Examination (NCLEX-RN). This licensure is required to work as a Registered Nurse.
- Approximate expenses of the nursing program = $11,000. See page 188 for itemized list.

For program-specific information and FAQs, please visit the Associate Degree Nursing link: https://www.panola.edu/programs/health-sciences/.

Enrolling in RNSG courses requires admission to the program.

*Capstone experience: Final Clinical performance measures ensure graduates are prepared to function as a novice professional nurse.*
ASSOCIATE DEGREE NURSING
LVN-RN Transition
Hybrid Track

Applying to the LVN-RN Transition Program

The LVN-RN Transition program is a “closed” program and requires additional application and acceptance into the program. Admission to Panola College does not guarantee admission to specific courses or programs of study.

The LVN-RN Transition program allows LVNs to earn an Associate Degree in Nursing (ADN) through a non-traditional format with online didactic classes and flexible face-to-face simulation, lab, and clinical experiences. This program is taught over 12 months, starting each fall. It is offered in a flexible format with classes online and clinicals provided in the evenings and weekends within a 70-mile radius of Carthage, Texas. Clinicals may be scheduled evenings (3pm-11pm) and weekends (anytime between 6am on Friday to 11pm Sunday) scheduled by the instructors and the clinical site. You will be required to be on campus 1 day per week for simulation and lab, and 1-2 days per week for clinicals. Applicants must have these times available until the schedule is finalized.

Because the Transition program track requires students to be very self-directed and highly self-motivated, the admission criteria differ from those for the traditional ADN student.

BEFORE Applying to the LVN-RN Transition Program

1. You must apply and be admitted to Panola College.
2. Fulfill all Texas Success Initiative (TSI) requirements.
3. Complete seven prerequisite courses (see degree plan on previous page). You must have a minimum GPA of 2.5 in BIOL 2401, BIOL 2402, BIOL 2420, PSYC 2301 and earn a minimum of “C” in each course. RNSG courses transferred in must have been completed within last two years. All lab courses must have been taken in the same semester and at the same school as the lecture portion of the course.
4. Pass the HESI A2 with minimum score of 80 on Reading Comprehension and Math sections and a minimum of 75 on Grammar section. This is a $60 non-refundable fee and may only be taken twice. Call (903) 693-2036 for an appointment. https://www.panola.edu/student-success/placement-testing/hesi.html.

How to Apply to the LVN-RN Transition Program

1. Call (903) 694-4019 to make an appointment to receive advisement/mentoring and an application. Bring with you:
   a. HESI A2 scores
   b. Transcript evaluation completed by Student Success office
   c. Proof of required Hepatitis B immunization series or positive antibody titers by the deadline.
   d. Unofficial transcript from Panola College, if applicable.
2. Verify official transcripts from each college or university attended were received by deadlines. Send official transcripts from all other colleges and universities attended to: Admissions/ Records Office, 1109 W. Panola St., Carthage, TX 75633.

Requirements of the LVN-RN Transition Program

- Must have a clear criminal background check (to be completed at time of application)
- Must have a clear drug screen (to be completed after admission to program)
- Must have all required immunizations or antibody titers.

Deadline to Apply

- March 1st for fall admission
Important Information

- LVN-RN Transition program graduates are eligible to take the National Council Licensure Examination (NCLEX-RN). This licensure is required to work as a Registered Nurse.
- Approximate expenses of the LVN-RN Transition program = $9,000. See page 188 for itemized list.

Accreditation

- The ADN program is fully approved by the Texas Board of Nursing, 333 Guadalupe, Suite 3-460, Austin, TX 78701, (512)305-7400, and is accredited on conditions by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Rd NE, Suite 850, Atlanta, GA 30323. (404) 975-5000.

For program-specific information and FAQs, please visit the Associate Degree Nursing link: https://www.panola.edu/programs/health-sciences/.

Expenses of the Nursing Program (All Tracks)

In addition to tuition, fees & books (fees for RNSG labs and clinicals range from $150-$300)

- a) Current immunization records: MMR and rubella titer, TDaP, varicella titer, hepatitis B vaccines and titer, flu shot, and TB screening. Smallpox vaccine may be required.
- b) Admission Criminal Background Check ($45-$70).
- c) A recent (within the last 6 months) physical examination record.
- d) Uniforms, shoes, a watch with a second hand, stethoscope, scissors, uniform logo, and an ID badge.
- e) Transportation to health care agencies. Driving distances will vary and may be as far as 70 miles OR GREATER from the main campus to clinical sites. Clinical rotations are assigned by nursing faculty.
- f) BON Licensure Application and Criminal Background Check fees.
- g) Graduation expenses such as school pin, photo, cap and gown, etc.
- h) Fee for the NCLEX-RN exam after graduation ($200).

Note: Students are encouraged (required for LVN-RN Transition students) to have access to a computer with high speed Internet connectivity and Microsoft Word. Expenses may change without notice.

System of Grading

A student may not progress to the next level of RNSG classes without successfully completing all RNSG courses at the previous level.

The nursing program requires a grade of 75 to earn a “C” in any nursing course. A “C” must be maintained in each nursing course to continue in the program. If a student earns a grade of “F” (below 75 in a nursing course) or withdraws from classes, the student will be dropped from the program and must submit a letter and a form to the Chair to be considered for reentry. Readmission is considered on an individual basis. A student may be readmitted once, on a space available basis.

Achievement Examinations

Achievement examinations will be administered throughout the nursing program. In addition to fulfilling the academic requirements of Panola College, all students must successfully pass a comprehensive achievement examination in the final semester of the nursing program or complete remediation in order to be eligible to receive authorization to take the NCLEX-RN. A three-day review for the state board exam will be provided.
DEPARTMENT OF VOCATIONAL NURSING

Panola College’s vocational nursing curriculum places emphasis on practical nursing skills, providing classroom lectures, nursing skills training and clinical experience in hospitals and nursing homes.

The vision of the Vocational Nursing Program is to promote safety and caring in nursing. Graduates should be able to care for patients within standard legal, ethical and regulatory parameters. The Vocational Nursing Program is committed to the preparation of individuals who will assume the role of vocational nurse and collaborate with the registered professional nurse and other health care professionals in the delivery of quality health care. Licensed practical nurses (LPNs) and licensed vocational nurses (LVNs) provide basic nursing care. They work under the direction of registered nurses and doctors.

Most licensed practical and licensed vocational nurses work in long-term care facilities, home health, or clinics. Many work nights, weekends, and holidays, because medical care takes place at all hours. They may be required to work shifts of longer than 8 hours.

Chair
Annissa Jackson, (903) 694-4522, ajackson@panola.edu

Instructors
- Lisa Miller
- Sharon Peace
- Pam Pike
- Charde Salone
- Ron Singleton

Department Mission
To prepare competent vocational nurses who are knowledgeable, safe, and demonstrate a positive and caring behavior.

Department Objectives
- To prepare graduates who will assume the role of vocational nurse to care for patients within standard legal, ethical, and regulatory parameters.
- To prepare life-long learners who will continue their nursing education through continuing education and career advancement toward registered nursing.

Job Outlook
According to the Occupational Outlook Handbook (accessed 3/3/19), employment of licensed practical and licensed vocational nurses is projected to grow 12 percent from 2016 to 2026, much faster than the average for all occupations. As the baby-boom population ages, the overall need for healthcare services is expected to increase. LPNs and LVNs will be needed in residential care facilities and in home health environments to care for geriatric patients. Vocational nurses can find employment in nursing homes, home health/hospice, urgent care clinics, doctors’ offices, dialysis, public schools, and occupational health.

Licensed Vocational Nurse: Areas of Specialization
- Geriatrics/Extended Care
- Home Health
- Pediatrics
- Dialysis
- School Nursing
- Occupational Health
Applying to the Vocational Nursing Program

The VN program is a “closed” program and requires additional application and acceptance into the program. Admission to Panola College does not guarantee admission to specific courses or programs of study. Upon successful completion of the program, the student will receive a Certificate of Completion and may take the National Council Licensure Examination (NCLEX-PN). Those who pass this examination are granted a license to practice as a Licensed Vocational Nurse in Texas.

The VN program is offered on the Carthage (summer start) and Center (spring start) campuses. This face-to-face program is taught over three semesters.

Clinicals will be scheduled during days, evenings, nights, and/or weekends within a 70-mile radius of Carthage, Texas. Clinicals are scheduled by the instructors and the clinical site. Applicants must have these times available until the schedule is finalized.

BEFORE Applying to the VN Program

1. You must apply and be admitted to Panola College.
2. Complete prerequisite BIOL 2404 with a "C" or higher or BIOL 2401 and BIOL 2402 with a "C" or higher in both courses. Lab must have been taken in the same semester and at the same school as the lecture portion of the course.
3. Pass the HESI A2 with minimum score of 75 on Reading Comprehension, Math, and Grammar sections. This is a $60 non-refundable fee and may only be taken twice. Call (903) 693-2036 for an appointment. https://www.panola.edu/student-success/placement-testing/hesi.html.

How to Apply to the VN Program

1. Call (903) 694-4026 or (936) 598-9543 for questions regarding the VN Program. Students can apply to the program at the Health and Natural Sciences Building in Carthage or at the Shelby College Center in Center, Texas. Applications are given to students September 1 through October 1 and February 1 through March 1. To receive an application, bring with you:
   a. HESI A2 scores
   b. Transcript evaluation completed by Student Success office
   c. Proof of required Hepatitis B immunization series or positive antibody titers by the deadline.
   d. Unofficial transcript from Panola College, if applicable.
2. Verify official transcripts from each college or university attended were received. Send official transcripts from all other colleges and universities attended to: Admissions/ Records Office, 1109 W. Panola St., Carthage, TX 75633.
3. Applicants not accepted for admission at one campus may reapply at the next enrollment period.

Requirements of the VN Program

- Must have a clear criminal background check (to be completed at time of application)
- Must have a clear drug screen (to be completed after admission to program)
- Must have all required immunizations or antibody titers.

Deadline to Apply

- Carthage program - March 1st for summer admission
- Center program - October 1st for spring admission

Important Information

- Approximate expenses of the VN program = $9,800.
- The nursing program requires a grade of 75 to earn a “C” in any nursing course. A “C” or higher must be maintained to continue in the program.
Accreditation

- VN program is fully approved by the Texas Board of Nursing, 333 Guadalupe, Suite 3-460, Austin, TX 78701, (512)305-7400.

For program-specific information and FAQs, please visit the Vocational Nursing link: https://www.panola.edu/programs/health-sciences/.

Expenses of the Nursing Program

In addition to tuition, fees, and books, the student who is accepted into the program will complete the following requirements upon admission (fees for lab and clinical range $150-$300):

a. Uniforms, shoes, a watch with a second hand, stethoscope, scissors, and uniform logo.
b. Remaining required immunizations.
c. Transportation to health care agencies. Driving distances will vary and may be as far as 70 miles OR GREATER from the main campus to clinical sites. Clinical rotations are assigned by nursing faculty.
d. Graduation expenses such as school pin, sash photo, etc.
e. NCLEX-PN course (if needed) and/or NCSBN Review (15 wk course).
f. Fees for NCLEX-PN exam and Board of Nursing Application.

Note: Students are encouraged to have access to a computer with Internet connectivity.

Students are required to participate in clinical training at multiple sites which may include hospitals, day care centers, physicians' offices, health clinics and other health care facilities in Carthage, Center, Henderson, Marshall, Jefferson, Nacogdoches, Longview, and San Augustine. Transportation to and from the clinical sites is the responsibility of the student.

System of Grading

A student may not progress to the next level of VNSG classes without successfully completing all VNSG courses at the previous level.

The nursing program requires a grade of 75 to earn a "C" in any nursing course. A "C" must be maintained in each nursing course to continue in the program. If a student earns a grade of "F" (below 75 in a nursing course) or withdraws from classes, the student will be dropped from the program and must submit a letter and a form to the Director to be considered for reentry. Readmission is considered on an individual basis. A student may be readmitted once, on a space available basis.

Achievement Examinations

Achievement examinations will be administered throughout the nursing program. In addition to fulfilling the academic requirements of Panola College, all students must successfully pass a comprehensive achievement examination in the final semester of the nursing program or complete remediation in order to be eligible to receive authorization to take the NCLEX-PN. A two-day review for the state board exam will be provided.
VOCATIONAL NURSE (VN)

CERTIFICATE
This program is approved by the Texas Board of Nursing. Upon successful completion of the program, the student may take the National Council Licensure Examination (NCLEX-PN). Those who pass this examination are granted a license to practice as Licensed Vocational Nurses in Texas.

Advising Notes
* Capstone experience: Graduate Assessment Plan (GAP)

Gainful employment data: http://www.panola.edu/programs/gainful_employment/lvn/gedt.html
CERTIFIED NURSE AIDE

The Nurse Aide program at Panola College is an “open” program; however, the program requires additional requirements. Admission to Panola College does not guarantee admission to specific courses or programs of study.

Certified Nurse Aides (CNAs) work in nursing homes, assisted living, Hospice, hospitals, community based long-term care, home health, correctional institutions, and other long-term care settings. Nurse Aides work under a nurse’s supervision and help patients of all ages perform the most basic daily tasks.

The Nurse Aide program provides students with the knowledge, skills, and abilities essential for the provision of basic care to patients in hospitals or at home and residents in long term care facilities. The program offers information necessary for nurse aides to provide nursing related activities in a compassionate, competent, caring manner as a valuable member of the healthcare team.

Upon completion of the program, a student is prepared to take the National Nurse Aide Assessment Program Examination (NNAAP) to become a Certified Nurse Aide.

Chair/Advisor
Betty Gruber, (903) 693-1197, bgruber@panola.edu

Department Mission
To protect the dignity, worth, and rights of all people and to promote communities and the society they form by helping people throughout their lifespan.

Job Outlook
Employment of nursing assistants and orderlies is projected to grow 17 percent from 2014 to 2024, faster than the average for all occupations. Because of the growing elderly population, many nursing assistants and orderlies will be needed in long-term care facilities. CNAs work in nursing and residential care facilities and in hospitals and home health. Nurse aides who pass the state certification examination will be able to work in all health care related areas of employment.

Gainful employment data: http://www.panola.edu/programs/gainful_employment/cna/gedt.html

Certified Nurse Aide
Areas of Specialization
- Home health aide
- Hospitals
- Long term care/geriatrics
- Physicians’ offices
- Sub-acute care facilities

How to Apply to the Certified Nurse Aide Program
1. You must apply and be admitted to Panola College.
2. Contact the Admissions Office at (903) 693-2038 for advisement.

Requirements of the Certified Nurse Aide Program
- Must be at least 17 years of age.
- Must submit to a criminal background check and an employability check by the Texas Department of Aging and Disability Services (to be completed at the time of application to program). If affected by background or employability check results, students will be advised before the start of the program of their ineligibility.
- Students must be physically and mentally capable of performing the necessary tasks and skills required of a nurse aide. A student will be expected to transfer, move, ambulate, or lift patients on a regular basis; therefore, must be able to lift at least 40 pounds.
- Must have all required immunizations or antibody titers.
DEPARTMENT OF EMERGENCY MEDICAL TECHNOLOGY

The Emergency Medical Technology (EMT) Program will challenge students to learn the crucial skills needed to perform in emergency medicine. We take students with minimal to no medical knowledge and train them to assist people in their most critical time of need. EMT’s and Paramedics are trained to handle events such as heart attacks, strokes, internal bleeding, diabetic problems, and traumatic injuries.

EMT’s and Paramedics help people in critical situations that are often life-threatening and stressful. It is a fast-paced, exciting and rewarding environment, but can be intensely emotional. Quality training and the ability to focus on the human aspects are essential.

Chair
Ronold Morton
Health and Natural Sciences Building
Carthage, Texas
(903) 693-1153

Instructor
Ronold Morton

Mission Statement
EMS Programs provides quality initial and continuing education in Emergency Care to the citizens and industries in our service delivery area, by evaluating quality of instruction through employer surveys, student feedback, student examinations, and advisory board input.

Emergency Medical Technician-Paramedic: “To prepare competent entry-level Emergency Medical Technician-Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains,” with or without exit points at the Emergency Medical Technician-Intermediate, and/or Emergency Medical Technician-Basic, and/or First Responder levels.

Job Outlook
According to the Occupational Outlook Handbook (accessed 3/4/19), employment of emergency medical technicians (EMTs) and paramedics is projected to grow 15 percent from 2016 to 2026, much faster than the average for all occupations. Emergencies, such as car crashes, natural disasters, or acts of violence, will continue to create demand for EMTs and paramedics. Demand for part-time, volunteer EMTs and paramedics in rural areas and smaller metropolitan areas will also continue.

Growth in the middle-aged and elderly population will lead to an increase in the number of age-related health emergencies, such as heart attacks or strokes. This, in turn, will create greater demand for EMTs and paramedic services. An increase in the number of specialized medical facilities will require more EMTs and paramedics to transfer patients with specific conditions to these facilities for treatment.

EMT’s are used in a variety of employment settings such as fire departments, ambulance services, EMS agencies, hospital emergency departments, and law enforcement agencies. Additionally, EMT’s play a role in clinics, summer camps, wilderness adventure organizations, lifeguarding and ski patrol. Whether you train to be an EMT as your primary employment or as a supplement to your career, the skills and knowledge you gain as an EMT will serve you for a lifetime.
EMERGENCY MEDICAL TECHNOLOGY

CERTIFICATE
(TSI-Waived Program)

The Emergency Medical Technology Program prepares students for a career in the diverse medical field of pre-hospital care as a certified/licensed paramedic. At the different levels of the program, the student will be prepared to test for the appropriate certification through the National Registry of Emergency Medical Technician. Upon successful completion, he/she will then be allowed to apply for state certification. This program is approved by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), 25400 U.S. Highway 19 North, Suite 158, Clearwater, FL 33763, (727) 210-2350.

About the Health Information Technology Program
Courses in Health Information Technology prepare students to become health information specialists. The health information technician (HITT) is a professional with a diverse blend of clinical knowledge and information management skills. Most HIT graduates work in hospitals, clinics or nursing homes, but many are finding employment in home health agencies, rehabilitation facilities, county health departments, insurance companies, managed care institutions, software companies, legal firms, and consulting firms.

Students are trained in assembling, analyzing, coding, abstracting and maintaining medical records. Students are also taught basic skills in supervision and management; are introduced to legal and ethical issues affecting health care; learn to compile healthcare statistics; and learn to utilize computer software related to the healthcare field. Second year students are required to complete clinical practice assignments in area healthcare facilities.

A grade of "C" or higher is required for satisfactory completion of all HITT/HPRS courses. A student receiving a grade lower than "C" in an HITT/HPRS course will be required to repeat that course. A student will not be allowed more than a TOTAL of three (3) final grades of "D" or "F" in any HITT/HPRS course or courses. When a student receives a THIRD semester grade of "D" or lower in any HITT/HPRS course or combination of courses, the student will be permanently dismissed from the program.

Students will participate in two practicum/clinical experiences during their second year. Students must have a minimum of a "C" in all previous HITT/HPRS courses to be assigned to a clinical experience. These experiences will take place in a hospital, nursing home, and/or doctor's office setting (placement will be determined by instructor).

- Clinical I: 40 hours on site plus online component
- Clinical II: virtual simulations, job preparation, exam preparation

Student will be responsible for physical exam, drug screen, immunizations, and any other pre-clinical requirements (including costs) of the clinical site. Student will be responsible for transportation to and from clinical site. Students that are otherwise employed by the site WILL NOT receive clinical hour credit for paid employment. Students must be "off the clock" in order to complete their clinical hours. No exceptions will be made.

Additionally, students will be subject to a criminal background check prior to beginning clinicals (cost is included in clinical course fees). Any prior criminal offenses may disqualify the student from proceeding into clinicals. Decisions on previous offenses are made on a case by case basis and the final decision will lie with the program director and Dean of Health Sciences.

More information on the above policies, as well as further information on the HIT program can be found in the Medical Technologies Student Handbook.

The Panola College Health Information Technology Program is accredited by the Commission on Accreditation for Health Information Management Education (CAHIM).
Any graduate of the program will be eligible to apply to write the national qualifying examination for certification as a Registered Health Information Technician (RHIT).

**Job Outlook**

According to the *Occupational Outlook Handbook* (accessed 3/11/19), employment of health information technicians is projected to grow 13 percent from 2016 to 2026, much faster than the average for all occupations. HIT professionals should see a large number of new jobs: 27,800 over this period. The demand for health services is expected to increase as the population ages. An aging population will need more medical tests, treatments, and procedures. This will mean more claims for reimbursement from insurance companies.

Additional records, coupled with widespread use of electronic health records (EHRs) by all types of healthcare providers, could lead to an increased need for technicians to organize and manage the associated information in all areas of the healthcare industry. Job opportunities should be best for applicants with strong computer software skills.

Health information technicians work in hospitals, doctors’ offices, clinics, and may be self-employed and work from home.

**Areas of Study**

- Health Information Technology Associate of Applied Science
- Medical Coding Certificate

Semester I – BIOL 2404 is a pre- or co-requisite for HITT 1441. A student may not drop BIOL 2404 without dropping HITT 1441.

*Capstone course*
MEDICAL CODING TECHNICIAN

CERTIFICATE
(TSI-Waived Program)

Medical coding is the transformation of verbal description of diseases, injuries and procedures into alphanumeric codes. A coding technician is an individual who reviews and analyzes health records to identify relevant diagnoses and procedures for reimbursement purposes, in the assessment of clinical care and for support of medical research activity. Students must earn a "C" or higher in HITT coding courses in order to register for advanced coding courses.

Gainful employment data: http://www.panola.edu/programs/gainful_employment/medical_coding_technician/gedt.html
CLINICAL/MEDICAL LABORATORY TECHNICIAN

Advisor
Jo Ellen Russell, (903) 693-1164, jrussell@panola.edu

Instructors
Kimberly Bishop
Jo Ellen Russell

Courses in Medical Laboratory Technology, also known as Clinical Laboratory Science, prepare the student to work in the laboratory to analyze blood, body fluids and tissues using high-tech equipment. This two-year program prepares the student to perform laboratory procedures to aid the physician in the diagnosis and treatment of patients. Medical Laboratory Technicians work in hospitals, clinics and research laboratories.

The MLT program is a “closed” program and requires additional application and acceptance into the program. Admission to Panola College does not guarantee admission to specific courses or programs of study. Graduates of this program will earn an Associate of Applied Science degree in Medical Laboratory Technology.

The MLT program can be completed in two years. This hybrid program requires a student to complete all MLAB classes online with face-to-face labs, on the Carthage campus, on three designated Saturdays a semester. Attendance at labs is required. Additionally, attendance is required at clinical rotations which may be scheduled weekdays or weekends, days or nights. Students will complete four, unpaid clinical experiences (320 hours) during their second year.

BEFORE Applying to the MLT Program
1. You must apply and be admitted to Panola College.
2. Fulfill all Texas Success Initiative (TSI) requirements.

How to Apply to the MLT Program
1. Obtain application on the MLT link https://www.panola.edu/programs/health-sciences.
2. Verify official transcripts from each college or university attended were sent to: Admissions/Records Office, 1109 W. Panola St., Carthage, TX 75633.
3. Submit completed application to MLT program Director, JoEllen Russell, jrussell@panola.edu, on or before the deadline.

Requirements of the MLT Program
• Must be at least seventeen (17) years old at time of application.
• Must complete a criminal background check (prior to beginning clinicals). A criminal history may affect clinical placement.
• Must have a clear drug screen (prior to beginning clinicals).
• All required immunizations must be kept current (proof required prior to clinical).
• Must complete CPR prior to beginning clinical rotations.
• Must maintain a grade of “C” or higher for all MLAB, PLAB, and HITT coursework.

Deadline to Apply
• New students are admitted into MLT program only in the fall semester. Completed applications are due by May 1st.

Important Information
• MLT students may become certified phlebotomists during first year of study.
• MLT graduates are eligible to sit for the national examination for certification and/or registration as a Medical Laboratory Technician from ASCP or AMT.
Admission Point System
The MLT Program uses a mathematical formula to compute an applicant’s ranking score. The ranking score is based on five criteria. This ranking score is used to select qualified applicants for admission.

- **1 to 10 points** for two Application Essay Questions - based on desire, knowledge, grammar, and ability to clearly convey ideas.
- **4 points** for being a certified/licensed phlebotomist (must supply proof).
- **0.5 to 2 points (16 possible)** each for any successfully completed non-MLT requirement (9 courses - see degree plan - max of 18 points possible). 2 points per “A,” 1 point per “B,” 0.5 points per “C.”
- **0.5 to 2 points** for successful completion of MLAB 1201- Introduction to Clinical Lab Science. 2 points for an “A,” 1 point for a “B,” 0.5 points for a “C.”
- **2 points (6 possible)** for each TSI requirement complete (Math, Reading, Writing) - 6 total points possible

Total points possible \(10 + 4 + 16 + 2 + 6\) = **38 points**. Students will be ranked and ELIGIBLE STUDENTS will be offered the chance to interview with the director and instructors.

Interview score and initial score will be tallied and open positions in the MLT program will be offered according to total points earned (number of students selected will vary each semester dependent on available positions). **All documentation must be submitted on or before application deadline.**

Department Mission
The MLT Program, like Panola College, shapes its mission around the needs of the people of the service area. Currently our community calls for more medical personnel, particularly in the laboratory field and this program seeks to fulfill that need. This program serves the needs of our students by providing flexibility in online lectures and Saturday labs, allowing students to work and/or tend to their family commitments.

Job Outlook
According to the *Occupational Outlook Handbook* (accessed 3/4/19), employment of medical and clinical laboratory technologists and technicians is projected to grow 13% from 2016-2026 with 42,700 new jobs available. Medical Laboratory Technicians are employed mostly in hospitals (44%) and other diagnostic laboratories (19%).

Accreditation
- The MLT program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 500 N. River Rd. Suite 720, Rosemont, IL 60018-5119. (847) 939-3597

For program-specific information and FAQs, please visit the Medical Laboratory Technician program link: https://www.panola.edu/programs/health-sciences/.

DEPARTMENT OF MEDICAL ASSISTING

Advisors
Lynn Hanson, Chair, (903) 693-1116, lhanson@panola.edu
Kimberly Bishop, (903) 693-1126, kbishop@panola.edu
Kristy Parker, (903) 694-4018, kparker@panola.edu

Instructors
Kim Bishop
Lynn Hanson
Kristy Parker
Jo Ellen Russell

Courses in Medical Assisting prepare the student to work in many different settings such as physicians’ offices, clinics, and group practices. Because Medical Assistants are multi-skilled, they can perform both administrative and clinical procedures making them valuable in health care. As managed care compels physicians to contain costs and manage human resources more efficiently, the demand for medical assistants is rising.

Courses should be taken in the order prescribed in the curriculum. A grade of “C” or higher is required for satisfactory completion of all MDCA/HITT/RNSG courses. Students receiving a grade lower than “C” in an MDCA/HITT/RNSG course will be required to repeat that course. A student will not be allowed more than a TOTAL of three (3) final grades of “D” or “F” in any MDCA/HITT/RNSG course or courses. When a student receives a THIRD semester grade of “D” or lower in any MDCA/HITT/RNSG course or combination of courses, the student will be permanently dismissed from the program.

Student will complete practicum rotations (MDCA 1360, 2264) at local hospitals and clinics as assigned by instructors. Students must maintain a 2.0 GPA AND have a grade of “C” or better in all previously attempted MDCA/HITT/RNSG courses to be assigned to clinical rotations. Transportation to and from the clinical site is the responsibility of the student. An updated immunization record, physical, and drug screen will be required prior to participation in clinical rotations. Cost of these requirements is the responsibility of the student.

Additionally, students will be required to complete CPR training and be subject to a criminal background check prior to beginning clinical/practicums (CPR and background cost are included in Clinical Course fees). Any prior criminal offenses may disqualify the student from proceeding into practicums. Decisions on previous offenses are made by case by case basis and the final decision will lie with the program director and Dean of Health Sciences.

More information on the above policies, as well as further information on the MA program can be found in the Medical Technologies Handbook.

Job Outlook
According to the Occupational Outlook Handbook (accessed 2/19/19), employment of medical assistants is projected to grow 29 percent from 2016 to 2026, much faster than the average for all occupations. This occupation is projected to produce 183,900 new jobs over the period. The growth of the aging baby-boom population will continue to increase demand for preventive medical services, which are often provided by physicians. As a result, physicians will hire more assistants to perform routine administrative and clinical duties, allowing the physicians to see more patients.
**MEDICAL ASSISTING**

**ASSOCIATE OF APPLIED SCIENCE**

Courses in Medical Assisting prepare the student to work in many different settings such as physicians’ offices, clinics, and group practices. Because Medical Assistants are multi-skilled, they can perform both administrative and clinical procedures making them valuable in health care. As managed care compels physicians to contain costs and manage human resources more efficiently, the demand for medical assistants is rising.

Any graduate of the AAS Medical Assisting program will be eligible to apply to sit for the national qualifying examination from the National Healthcare Association (NHA) for certification as a Certified Clinical Medical Assistant (CCMA). Students who take PLAB 1160 will be eligible to apply to sit for Registered Phlebotomy Technician (RPT) examination from American Medical Technologists (AMT).

DEPARTMENT OF OCCUPATIONAL THERAPY
ASSISTANT (OTA)

Occupational Therapy uses meaningful and purposeful activities and occupations to promote health and independence. Under the supervision of a licensed occupational therapist (OT), the occupation therapy assistant (OTA) works directly with individuals, families, groups, and communities to facilitate health and well-being through engagement in meaningful activities and occupations. In addition to direct patient care, occupational therapy practitioners are involved in addressing the impact of social, political, and environmental factors that contribute to occupational deprivation.

The OTA program is located in the Health and Natural Science building on the main Panola College campus and is operated under the guidance of the American Occupational Therapy Association. The OTA curriculum is taught by seasoned occupational therapy practitioners who are experienced in a variety of settings. OTA faculty specialize in adult education techniques that emphasize hands-on learning, mentorship, meaningful and job-related assignments, and the use of technology to enhance instruction.

Chair
Cheri Lambert, (903) 694-4025, clambert@panola.edu

Instructors
• Terrie King
• Cheri Lambert

Adjunct Instructors
• Julie Green
• John Jaskiewicz

Part-Time Instructor
• Joy Moreland

Department Mission
The Panola College OTA Program offers a specialized health care curriculum designed to meet the needs of the people within its service area. The goal of the program is to graduate competent professionals who use clinical reasoning to provide occupational therapy services that are client centered, occupation based and evidence based. Graduates from this program are skilled at establishing therapeutic relationships and understand the importance of patient advocacy through a variety of community service initiatives.

Department Objectives
• The program will prepare students to make ethical decisions and perform at the highest level of professionalism within the classroom and clinical settings.
• The program will prepare students to cultivate effective relationships with their peers, faculty and clients.
• The program prepares students to become proactive patient advocates through service learning experiences that emphasize therapeutic relationships, patient safety, and social justice.
• The program will prepare students to passionately advocate for clients.
• The program will prepare students to use clinical reasoning to provide OT interventions which are occupation based, evidence based and client centered.
Employment Opportunities
Certified Occupational Therapy Assistant (COTA) – many settings
- Skilled nursing facilities
- Assisted living centers
- Hospitals (acute care, long term acute care, rehab)
- Rehabilitation centers (inpatient and outpatient)
- Pediatric therapy clinics
- School system therapy services
- Private business ownership

Other Related Occupations
- Activities Director
- Director of Therapy Services (skilled nursing facilities, etc.)
- Job Coach
- Life Skills Trainer
- Durable Medical Equipment Sales and Service
- Adult Day Care Coordinator

Job Outlook
According to the Occupational Outlook Handbook (accessed 2/10/19), employment of occupational therapy assistants is projected to grow 28% from 2016 to 2026, much faster than the average for all occupations. This occupation is projected to produce 13,200 new jobs over the next decade. Demand for occupational therapy services is expected to rise significantly in response to the health needs of baby-boomers and a growing elderly population.

Program Accreditation
The Occupational Therapy Assistant Program at Panola College is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. AOTA’s phone number is (301) 652-AOTA.

Applying to the OTA Program
The Occupational Therapy Assistant (OTA) program is a “closed” program and requires additional application and acceptance into the program. Admission to Panola College does not guarantee admission to specific courses or programs of study. Graduates of this program will earn an Associate of Applied Science degree. Additionally, graduates are eligible to take the national certification examination, which upon successful completion, the graduate will be a Certified Occupational Therapy Assistant (COTA).

After prerequisite courses are completed, the OTA program can be completed in five academic semesters including two, eight-week Level II fieldwork experiences. Level II fieldwork experiences must be completed within 18 months following the completion of academic courses.

Please review the Admission Point System (below) to learn how your application to the program will be scored.

BEFORE Applying to the OTA Program
1. You must apply and be admitted to Panola College.
2. Fulfill all Texas Success Initiative (TSI) requirements.
3. Complete prerequisite courses (per the degree plan) with a minimum grade of “C” in each course.
4. Have a minimum 2.5 overall GPA (all grades calculated except remedial courses).
How to Apply to the OTA Program

1. Download the application on the OTA program link at https://www.panola.edu/programs/health-sciences/.
2. Submit application, along with official transcripts from each college or university attended, by deadlines. Send official transcripts from all other colleges and universities attended (send to: Records Office, 1109 W. Panola St., Carthage, TX 75633)
3. Submit a Letter of Good Standing from Director/Dean of previous health science programs attended (if applicable).
4. If in the top 50 students selected, participate in an interview process.

Requirements of the OTA Program

- Must have a clear drug screen (to be completed after admission to program)
- Must have all required immunizations (to be completed after admission to program).
- A background check will be completed on all students accepted into the program. A charge or conviction of a felony offense may prevent you from being eligible for OTA licensure in Texas and/or certification by the National Board for Certification in Occupational Therapy. A criminal history may affect fieldwork placement.

Deadline to Apply

- First Monday in June.

Admission Point System

- Overall GPA - 15%: The applicant’s overall grade point average is calculated based upon grades for every college course that has been completed, including repeat coursework. For applicants who have completed fewer than 15 hours of college coursework, the high school GPA will be considered. The GPA is divided by 4.0 and multiplied by .15.
- Residency - 5%: The applicant earns 1 point for residency outside of Texas, 2 points for residency within Texas and 3 points for residency with the College’s service area (Panola, Harrison, Shelby and Marion counties).
- TSI Status - 5%: TSI completion is a requirement for graduation from Panola College. Students entering the OTA program TSI-incomplete have one calendar year from the date of admission to meet TSI requirements.
- Application Narrative - 15%: OTA faculty score application narratives using a 20-point rubric which equally considers the writer’s mechanics, vocabulary, content, organization and knowledge of the OT profession.
- Core Points - 30%: Applicants earn core points by completing core courses as outlined in the degree plan. Points accrue based on the number of core courses completed AND the letter grade earned in each course. The points associated with each course are multiplied by the value of the letter grade earned in the course. For example, an “A” in BIOL2401 earns 20 points, a “B” earns 15 points and a “C” earns 10 points. Two additional points are earned if the applicant has completed an Associate’s degree. Four additional points are earned if the applicant has completed a bachelor’s degree or higher. The applicant’s total score is then multiplied by .30.

- Interview - 30%: The importance of the therapist-patient relationship is an essential element of the mission and philosophy of the OTA program. A well-established therapeutic connection between the OTA and the patient is the key to establishing and reaching successful patient outcomes. Face-to-face interviews provide insight into the applicant’s ability to relate to and communicate effectively with others. The interview raw score is divided by the maximum possible score and multiplied by .30.
Selection Process Summary
Each completed application is considered and applicants are ranked according to his or her overall score. The top 50 applicants are selected and scheduled for an interview. Once the interviews are completed, the top 24 students are offered a position in the program.

For program-specific information and FAQs, please visit the Occupational Therapy Assistant program link: https://www.panola.edu/programs/health-sciences/.

Expenses of the OTA Program
Upon acceptance into the program, students should expect to incur expenses in addition to tuition, fees and textbook expenses for the following:

a. Current immunization records: MMR and Rubella titer, T-dap, varicella titer, hepatitis B vaccine and titer, TB screening and influenza (seasonal flu) vaccine
b. Criminal history background check ($75)
c. A recent (within the last 12 months) physical examination record
d. Liability insurance (assessed during registration)
e. CPR certification ($60)
f. Fieldwork items including uniforms, rubber soled shoes and a digital watch or timer
g. NBCOT practice Certification Exam Fees (assessed during registration)
h. Clinical and lab fees (assessed during registration)
i. Drug screens ($40 depending on fieldwork placement sites)
j. Travel to and from clinical and practicum fieldwork sites. Distances may be as far as 60 miles or more from the main campus to fieldwork sites
k. Graduation expenses (cap, gown, stole, pin, etc.)
l. National certification expenses, including the NBCOT exam ($565+)
m. State licensure fees ($93)

Note: All OTA courses are enhanced by the use of Canvas. Students are required to have access to a computer with high speed internet connectivity and Microsoft Word. Program expenses may change without notice.

System of Grading
A student may not progress to the next level of OTHA classes without successfully completing all OTHA courses at the previous level. Students are responsible for completing required coursework as listed in the OTA curriculum.

The OTA program requires a grade of 75 to earn a “C” in any OTA course. If a student earns a grade of “D”, “W” or “F” in any required curriculum course, the student will be dropped from the program and must reapply for admittance. A student may be readmitted once, on a space available basis. If readmitted, the student will be required to repeat the course in which the unsatisfactory grade was earned and pass that course with a “C” or better in order to continue. The student will be required to repeat co-requisite OTA courses as identified in this catalog.

Skills Examinations
Critical skills that must be mastered will be tested throughout the program. Students must achieve a score of 75% or better in order to successfully complete the course in which the skills are tested. Detailed grading rubrics for skills exams are provided prior to testing. Students are given three opportunities to pass each skills exam.

DEPARTMENT OF WORKFORCE AND CONTINUING EDUCATION

Classes for the community and non-degree students
DEPARTMENT OF WORKFORCE AND CONTINUING EDUCATION

The college staff recognizes that learning continues throughout the life of an individual. Opportunities are provided for individuals to pursue or resume intellectual interests, to increase job skills, to keep pace with rapidly changing technology in the workplace, and to enrich and improve lives with creative interests.

Division of Workforce and Continuing Education goals are increasingly focused on meeting the career needs of individuals by giving them the means to cope with the technological revolution of the workplace and by giving them both the opportunity to earn a new career in a volatile job market or to increase skills in order to secure job advancement.

Additionally, this division focuses on the growth and development of local business and industry through economic development activities.

The Division of Workforce and Continuing Education reaches out to the community to draw the general public into the life of the college community by offering services to improve the social, physical and economic well-being of individuals in the community. This division also provides job-specific, customized training for use by business and industry with programs which meet the needs of the businesses in Panola College’s service area.

**Director**
Whitney McBee
W. C. Smith Building
Carthage, Texas 75633
(903) 693-2067

**Workforce Development**
Assessing workplace skills and providing training to close gaps for the incumbent workforce is provided by the Workforce and Continuing Education Department. Through foundational and technical skills testing and training, workers are equipped with the skills needed to succeed in today’s workforce.

For more information on these programs or other business/industry training needs, call (903) 693-2067 to arrange a free consultation.

**Community Education**
Panola College offers a wide variety of educational opportunities through Workforce and Continuing Education. These non-credit programs offer occupational and career training, job readiness skills, professional education, senior adult courses and activities, youth programs, certification programs, as well as basic skills, language improvement classes, courses for pleasure and recreation, and arts and crafts. Classes are open to anyone 17 years of age who has been awarded a high school diploma or its equivalent, anyone 18 years of age or older regardless of the person’s previous educational experience, and students eligible for concurrent/dual credit who have completed their sophomore year of high school.

Teen program classes provide opportunities to learn everyday skills like cooking, as well as fun art classes. Teens can also learn to decorate on a budget or they can take introductory courses in the technical skills field to sample career choices they may not have considered.

Community education provides opportunities in a variety of areas, including hobbies, personal health, physical fitness, and even to learn a new language. Courses are tailored to meet community needs and interests. Courses may also be organized to provide customized training for industry or groups. For more information, call (903) 693-2067.
Non-credit courses in the following areas are scheduled at various times during the academic year. Interested persons should check the schedule available online at http://www.panola.edu/wkfc-cont-ed/ to determine the particular courses offered each term.

**Community Education Classes**

**Art and Music**
- Ceramics
- Drawing
- Music Theater
- Painting
- Watercolor

**Business**
- Customer Service
- Financial/Investments
- Intro to Accounting
- Leadership
- Starting Your Own Business
- Supervision

**Special Interests**
- Archery
- Cake Decorating
- Concealed Handgun
- Craft Classes
- Crochet
- Dog Obedience
- Genealogy
- Guitar
- Heritage Cookbooks
- Hunter Education
- Jewelry Making
- Learning Dominoes: 42
- Mineral Right Laws
- Painting
- Photography
- Pottery
- Private Voice Lessons
- Quilting
- Sewing

**Safety and First Aid**
- Adult and Pediatric First Aid*
- Adult/Child/Infant CPR*
- Advanced Cardiac Life Support*
- Basic Life Support*
- Blood-borne Pathogens
- Emergency Medical Responder
- Emergency Medical Services
- Intro to Safety and Health

**Languages**
- Command Spanish
- English as a Second Language
- Sign Language
- Spanish Skills

**On-Line Classes**
- CCI eLearning
- Education to Go
- Gatlin Education Services
- Pro Train

**Professional Development**
- Basic Electrical
- Carpentry
- Computer Skills
- Creative Arts for Early Childhood
- Electrician License Renewal CEU
- EPA 608 Certification*
- Food Service Manager Certification*
- Food Service Safety*
- Forklift*
- Intro to Criminal Justice
- Motor Control
- Paraprofessional Teacher Assistant

Volleyball Skills Camp  

**Adult Education and Literacy**  
Citizenship and the Community  
English as a Second Language  
Pre-TxCHSE  
TxCHSE Test Preparation  
U.S. Citizenship  

*Certification  
**State exam required to practice  

Registration for Community Education courses is continuous throughout the year. Course schedules are available online for the fall, spring, and summer terms. Schedules and online registration are also available on the Panola College website or through Workforce and Continuing Education.  

**Adult Education & Literacy (AEL)**  
Adult Education & Literacy (AEL) is the fundamental instruction and study of materials and subject matter equivalent of grades 1 through 8. This course is for the adult in need of skills in reading, writing, and arithmetic up to the eighth grade level. Upon successful completion of this program students will be able to read newspapers and popular magazines, handle finances (checkbook), and improve job skills. For more information, call (903) 693-2067.  

**Texas Certificate of High School Equivalency (TxCHSE)**  
Texas Certificate of High School Equivalency (TxCHSE) is preparation for the High School Equivalency Diploma, which may be acquired by passing the TxCHSE exams. A pre-test is required to determine if a student is eligible to take the official test or if he or she needs additional preparation. Students must be at least 17 years old and officially withdrawn from a public school. This course is for the adult whose high school education was interrupted. These classes allow students to progress from the 9th to 12th grade at their own pace in five areas: writing, social studies, science, reading, and math.  

**English as a Second Language (ESL)**  
English as a Second Language (ESL) is for adults who want to speak and write practical, everyday English. In keeping with the philosophy of making educational opportunities available to the community at large, Panola College provides a wide range of services both to individuals and organizations through its Workforce and Continuing Education (CE) division.
COURSE DESCRIPTIONS

Inventory of courses offered at Panola College
Most of the courses listed in this section are taught at Panola College at some time during the academic year. Some of these courses are taught during the fall semester only, while others are taught in the spring semester only. The student should consult the Schedule of Classes online at http://www.panola.edu prior to each semester or summer session to determine specific course offerings for a given enrollment period. The College reserves the right to withdraw any course from the schedule if enrollment figures do not make the presentation of the class economically or educationally feasible.

This catalog features the courses numbered in the Texas Common Course Numbering System (TCCN) and Workforce Education Course Manual (WECM). By using the TCCN and WECM, Panola College simplified the transfer process for students by making transfer evaluation at the receiving school more standardized. Individuals who took courses prior to the initiation of this system, may, if needed, consult the Admissions/Records Office for the number of the equivalent course.

| Panola College uses the Texas Common Course Numbering System (TCCN) and Workforce Education Course Manual (WECM) |
|---|---|---|
| Course prefix | TCCN | WECM* |
| Four-letter course prefix | ENGL | POFT |
| Four-digit number | 1301 | 2312 |
| Level | 1xx | 2xxx |
| 1=freshman |
| 2=sophomore |
| Number of course | x3xx | x3xx |
| Sequence of course | xx01 | xx12 |

*WECM courses are underlined in the course descriptions.

The course descriptions which follow may indicate prerequisites and co-requisites. A prerequisite is a course that must be satisfactorily completed before enrollment in a course. A co-requisite for a course should be taken before, but may be taken at the same time as another course. Students who fail to meet these department requirements may find themselves unable to perform successfully in a course for which they have not met the prerequisites. Prerequisites tell the student what skills and/or knowledge he or she must have to succeed in the course. If the student feels that he or she is qualified and wants to avoid a prerequisite, the student or high school counselor (in the case of dual credit students) must obtain an exception from the Vice President of Instruction.
**ACCT 2301**
Principles of Accounting I (Financial)
This course is an introduction to the fundamental concepts of financial accounting as prescribed by U.S. generally accepted accounting principles (GAAP) as applied to transactions and events that affect business organizations. Students will examine the procedures and systems to accumulate, analyze, measure, and record financial transactions. Students will use recorded financial information to prepare a balance sheet, income statement, statement of cash flows, and statement of shareholders' equity to communicate the business entity's results of operations and financial position to users of financial information who are external to the company. Students will study the nature of assets, liabilities, and owners' equity while learning to use reported financial information for purposes of making decisions about the company. Students will be exposed to International Financial Reporting Standards (IFRS).
Lecture hrs = 2, lab hrs = 4
Lab fee

**ACCT 2302**
Principles of Accounting II (Managerial)
This course is an introduction to the fundamental concepts of managerial accounting appropriate for all organizations. Students will study information from the entity's accounting system relevant to decisions made by internal managers, as distinguished from information 16 relevant to users who are external to the company. The emphasis is on the identification and assignment of product costs, operational budgeting and planning, cost control, and management decision making. Topics include product costing methodologies, cost behavior, operational and capital budgeting, and performance evaluation.
Prerequisite: ACCT 2301
Lecture hrs = 2, lab hrs = 4
Lab fee

**ACNT 1303**
Intro to Accounting I
A study of analyzing, classifying and recording business transactions in a manual and in a computerized environment. Emphasis is placed on understanding the complete accounting cycle and preparing financial statements, bank reconciliations and payroll. The student will define accounting terminology, analyze and record business transactions in a manual and in a computerized environment; complete the accounting cycle; prepare financial statements; and apply accounting concepts related to cash and payroll.
Lecture hrs = 2, lab hrs = 4
Lab fee

**ACNT 1304**
Intro to Accounting II
A study of accounting for merchandising, notes payable, notes receivable, valuation of receivables and equipment and valuation of inventories in a manual and in a computerized environment. The student will define related accounting terminology; analyze and record business transactions for a merchandising operation in a manual and computerized environment; calculate interest and apply valuation methods for receivables and payables; and utilize various inventory and depreciation valuation methods.
Prerequisite: ACNT 1303
Lecture hrs = 2, lab hrs = 4
Lab fee

**AGAH 2313**
Principles of Feeds and Feeding
Study of the role and application of feed nutrients and additives. Topics include comparative aspects of digestion, absorption, and metabolism of nutrients. Emphasis on identification of nutrient requirements and formulation of dietary feeding regimens.
Lecture hrs = 2, lab hrs = 2

**AGCR 2305**
Entomology
Study of the morphology, physiology, and classification of the common insect orders and related arthropods with emphasis on species of economic or biological importance. Emphasis on integrated pest management concepts and proper use of pesticides.
Lecture hrs = 3; lab hrs = 0

**AGMG 2301**
Livestock Business Management
Instruction in contracts, leases, laws and regulations, estate planning, and applications of personnel and management principles.
Lecture hrs = 3; lab hrs = 2

**AGRI 1307**
Agronomy
Principles and practices in the development, production, and management of field crops including growth and development, climate, plant requirements, pest management, and production methods.
Lecture hrs = 2; lab hrs = 2

**AGRI 1325**
Marketing of Agricultural Products
Essential marketing functions in the movement of agricultural commodities and products from producer to consumer.
Lecture hrs = 3; lab hrs = 0
AGRI 1329
Principles of Food Science
Biological and scientific aspects of modern industrial food supply systems. Food classification, modern processing, and quality control.
Lecture hrs = 3; lab hrs = 2

AGRI 1419
Introductory Animal Science
Scientific animal production and the importance of livestock and meat industries. Selection, reproduction, nutrition, management, and marketing of livestock.
Lecture hrs = 3; lab hrs = 1

AGRI 2301
Agricultural Power Units
Fundamentals of internal combustion engines: gasoline, diesel, and liquefied petroleum. Maintenance and adjustments of the electrical, ignition, fuel, lubricating, and cooling systems of agricultural power machinery.
Lecture hrs = 3; lab hrs = 1

AGRI 2346
Ceramics I
An introduction to ceramic processes and their basic materials and techniques. Hand building, glazing and firing procedures are covered.
Lecture hrs = 3; lab hrs = 3
Lab fee

ARTS 2317
Painting II
Exploration of ideas using painting media and techniques.
Prerequisite: ARTS 2316
Lecture hrs = 3; lab hrs = 3
Lab fee

ARTS 2347
Ceramics II
Exploration of ideas using basic ceramic processes.
Lecture hrs = 3; lab hrs = 3
Lab fee

ARTS 2356
Photography I
Introduction to the basics of photography. Includes camera operation, techniques, knowledge of chemistry and presentation skills. Emphasis on design, history and contemporary trends as a means of developing an understanding of photographic aesthetics.
Cross-listed with journalism emphasis as COMM 1318
Lecture hrs = 3; lab hrs = 3

ARTS 2366
Watercolor I
Exploration of ideas using water-based painting media and techniques.
Lecture hrs = 3; lab hrs = 3
Lab fee

BCIS 1305
Business Computer Applications
Introduces and develops foundational skills in applying essential and emerging business productivity information technology tools. The focus of this course is on business productivity software applications, including word processing, spreadsheets, databases, presentation graphics, data analytics, and business-oriented utilization of the internet. (BCIS 1305 is included in the Business Field of Study.)
Lecture hrs = 3; lab hrs = 0
Lab fee

BIOL 1322
Nutrition & Diet Therapy
This course introduces general nutritional concepts in health and disease and includes practical applications of that knowledge. Special emphasis is given to nutrients and nutritional processes including functions, food sources, digestion, absorption, and metabolism. Food safety, availability, and nutritional information including food labels, advertising, and nationally established guidelines are addressed.
Lecture hrs = 3; lab hrs = 0

COURSES
BIOL 1406
Biology for Science Majors I
May be taken by non-science majors as well as science majors. May be taken out of sequence. Fundamental principles of living organisms will be studied including physical and chemical properties of life, organization, function, evolutionary adaptation and classification. Concepts of cytology, reproduction, genetics, ecology and scientific reasoning are included. Laboratory activities will reinforce the above concepts.
Must register for both lecture and lab
Lecture hrs = 3; lab hrs = 3
Lab fee

BIOL 1407
Biology for Science Majors II
May be taken by non-science majors as well as science majors. May be taken out of sequence. The diversity and classification of life will be studied, including animals, plants, protists, fungi and prokaryotes. Special emphasis will be given to anatomy, physiology, ecology and evolution of plants and animals. Laboratory activities will reinforce the above concepts.
Must register for both lecture and lab
Lecture hrs = 3; lab hrs = 3
Lab fee

BIOL 1408
Biology for Non-Science Majors I
Provides a survey of biological principles with an emphasis on humans, including chemistry of life, cells, structure, function and reproduction. Laboratory activities will reinforce the above concepts. BIOL 1408 and BIOL 1409 may be taken out of sequence. Recommended for non-science majors.
Must register for both lecture and lab
Lecture hrs = 3; lab hrs = 3
Lab fee

BIOL 1409
Biology for Non-Science Majors II
This course will provide a survey of biological principles with an emphasis on humans, including evolution, ecology, plant and animal diversity and physiology. Laboratory activities will reinforce the above concepts. BIOL 1408 and BIOL 1409 may be taken out of sequence. Recommended for non-science majors.
Must register for both lecture and lab
Lecture hrs = 3; lab hrs = 3
Lab fee

BIOL 2401
Anatomy and Physiology I
Anatomy and Physiology I is the first part of a two course sequence. It is a study of the structure and function of the human body including cells, tissues, and organs of the following systems: integumentary, skeletal, muscular, nervous and special senses. Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis.
One semester from the following is recommended: CHEM 1405, CHEM 2411, BIOL 1406, BIOL 1407, BIOL 1408, BIOL 1409, BIOL 1411, BIOL 1413, or BIOL 2404.
Prerequisite: TSI Reading complete
Lecture hrs = 3; lab hrs = 3
Lab fee

BIOL 2402
Anatomy and Physiology II
Anatomy and Physiology II is the second part of a two course sequence. It is a study of the structure and function of the human body including cells, tissues, and organs of the following systems: endocrine, cardiovascular, immune, lymphatic, respiratory, digestive (including nutrition), urinary (including fluid and electrolyte balance), and reproductive (including human development and genetics). Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis.
Prerequisite: TSI Reading complete and must have passed BIOL 2401 with at least a grade of “C”
Lecture hrs = 3; lab hrs = 3
Lab fee

BIOL 2404
Anatomy and Physiology
A single-semester course. This course is not acceptable in the ADN, HIT, or OTA programs. Study of the structure and function of human anatomy, including the neuroendocrine, integumentary, musculoskeletal, digestive, urinary, reproductive and circulatory systems. Recommended for non-science majors.
Lecture hrs = 3; lab hrs = 3
Lab fee

BIOL 2406
Environmental Biology
This lecture and lab course should combine all of the elements of BIOL 2306 (lecture) and BIOL 2106 (lab), including the learning outcomes listed for both courses.
Must register for both lecture and lab
Lecture hrs = 3; lab hrs = 3
Lab fee

BIOL 2420
Microbiology for Non-Science Majors
This course covers basic microbiology and immunology and is primarily directed at pre-nursing, pre-allied health, and non-science majors. It provides an introduction to historical concepts of the nature of microorganisms, microbial diversity, the importance of microorganisms and acellular agents in the biosphere, and their roles in human and animal diseases. Major topics include bacterial structure as well as growth, physiology, genetics, and biochemistry of microorganisms. Emphasis is on medical microbiology, infectious diseases, and public health. The lab covers basics of culture and identification of bacteria and microbial ecology and covers basics of microbiology.
Recommended: A four-hour chemistry or biology course; TSI Reading complete
Must register for both lecture and lab
Lecture hrs = 3; lab hrs = 3
Lab fee

BMAT 0101
BASE Mathematics Skills
The BASE NCBO supports students in developing skills, strategies, and reasoning needed to succeed in mathematics, including communication and appropriate use of technology. Topics include the study of numeracy and the real number system; algebraic concepts, notation, and reasoning; quantitative relationships; mathematical models; and problem solving.
Will not meet graduation requirements.
Co-enrollment in MATH 0300 – This intervention provides additional support and is required for students with prescribed TSI scores.
Lecture hrs = 0; lab hrs = 1

BMGT 1301
Supervision
The role of the supervisor. Includes managerial functions as applied to leadership, counseling, motivation and human relations skills.
Lecture hrs = 3; lab hrs = 0
BREA 0101
BASE Reading Skills
Development of reading and higher order thinking skills necessary for college readiness. This intervention is designed specifically for students assessed at BASE levels 3-4 and must be part of a student’s co-enrollment (co-requisite) enrollment as a mainstreamed intensifier providing contact hours for additional, just-in-time instructional support for the student’s success in the developmental reading course. Will not meet graduation requirements.
Co-enrollment in INRW 0302 required
Lecture hrs = 0; lab hrs = 1

BUSI 1301
Business Principles
This course provides a survey of economic systems, forms of business ownership, and considerations for running a business. Students will learn various aspects of business, management, and leadership functions; organizational considerations; and decision-making processes. Financial topics are introduced, including accounting, money and banking, and securities markets. Also included are discussions of business challenges in the legal and regulatory environment, business ethics, social responsibility, and international business. Emphasized is the dynamic role of business in everyday life.
Lecture hrs = 3; lab hrs = 0

BUSI 1307
Personal Finance
Personal and family accounts, budgets and budgetary control, bank accounts, charge accounts, borrowing, investing, insurance, standards of living, renting or home ownership and wills and trust plans.
Lecture hrs = 3; lab hrs = 0

BUSI 2301
Business Law
The course provides the student with foundational information about the U.S. legal system and dispute resolution, and their impact on business. The major content areas will include general principles of law, the relationship of business and the U.S. Constitution, state and federal legal systems, the relationship between law and ethics, contracts, sales, torts, agency law, intellectual property, and business law in the global context.
Lecture hrs = 3; lab hrs = 0

BUSI 2305
Business Statistics
Descriptive and inferential statistical techniques for business and economic decision-making. Topics include the collection, description, analysis, and summarization of data; probability; discrete and continuous random variables; the binomial and normal distributions; sampling distributions; tests of hypotheses; estimation and confidence intervals; linear regression; and correlation analysis. Statistical software is used to analyze data throughout the course. (BUSI 2305 is included in the Business Field of Study.)
Prerequisites: BCIS 1305 and MATH 1324 or MATH 1314
Lecture hrs = 3; lab hrs = 0

BWRI 0101
BASE Writing Skills
Development of college-level writing focusing on idea generation, drafting, organization, revision, and utilization of Standard English. This intervention is designed specifically for students assessed at BASE levels 3-4 and must be part of a student’s co-enrollment (co-requisite) enrollment as a mainstreamed intensifier providing contact hours for additional, just-in-time instructional support for the student’s success in the developmental writing course. Will not meet graduation requirements.
Co-enrollment in INRW 0302 required.
Lecture hrs = 0; lab hrs = 1

CHEM 1405
Introductory Chemistry I
Survey course introducing chemistry. Topics may include inorganic, organic, biochemistry, food/physiological chemistry, and environmental/consumer chemistry. Designed for allied health students and for students who are not science majors.
Lecture hrs = 3; lab hrs = 3
Lab fee

CHEM 1407
Introductory Chemistry II
A continuation of Chemistry 1405 that focuses on organic chemistry and biochemistry.
Prerequisite: CHEM 1405
Lecture hrs = 3; lab hrs = 3
Lab fee

CHEM 1411
General Chemistry I
This lecture and lab course should combine all of the elements of 1311 General Chemistry I Lecture and 1111 General Chemistry I Lab, including the learning outcomes listed for both courses.
Prerequisite: TSI Math and Reading complete, MATH 1314 or concurrent enrollment
Lecture hrs = 3; lab hrs = 3; extended hrs = 1
Lab fee

CHEM 1412
General Chemistry II
This lecture and lab course should combine all of the elements of 1312 General Chemistry II Lecture and 1112 General Chemistry II Lab, including the learning outcomes listed for both courses.
Prerequisite: CHEM 1411
Lecture hrs = 3; lab hrs = 3; extended hrs = 1
Lab fee

CNBT 1270
Concrete I
Various techniques for concrete utilization in residential and light commercial construction.
Lecture hrs = 3; lab hrs = 3
Lab fee

CNBT 1302
Mechanical, Plumbing & Electrical Systems in Construction I
A presentation of the basic mechanical, plumbing, and electrical components in construction and their relationship to residential and light commercial buildings.
Lecture hrs = 2; lab hrs = 3

CNBT 1311
Construction Methods and Materials I
Introduction to construction materials and methods and their application.
Lecture hrs = 2; lab hrs = 3

CNBT 2340
Mechanical, Plumbing & Electrical Systems in Construction II
Processes and methods used in design, selection of equipment, and installation of mechanical, plumbing, and electrical systems in commercial buildings. Includes heating and cooling systems, duct work, mechanical and electrical control systems, lighting requirements, and design of water supply and sanitary sewer systems.
Lecture hrs = 2; lab hrs = 3
COMM 1307
Introduction to Mass Communication
Survey of basic content and structural elements of mass media and their functions and influences on society.
Lecture hrs = 3; lab hrs = 0

COMM 1318
Photography I
Introductions to the basics of photography, including techniques and equipment operation.
Cross-listed with fine arts emphasis as ARTS 2356
Lecture hrs = 3; lab hrs = 3
Lab fee

COMM 1319
Photography II
Extends the students' knowledge of technique and guides them in developing personal outlooks toward specific applications of the photographic process.
Cross-listed with fine arts emphasis as ARTS 2357
Prerequisite: COMM 1318 Photography I or course equivalent
Lecture hrs = 3; lab hrs = 3
Lab fee

COMM 1335
Introduction to Electronic Media
An overview of the development, regulation, economics, social impact, and industry practices in electronic media.
Lecture hrs = 3; lab hrs = 0

COMM 2305
Editing and Layout
Editing and layout processes, with emphasis on accuracy and fairness, including the principles and techniques of design.
Lecture hrs = 3; lab hrs = 3
Lab fee

COMM 2311
Media Writing
Fundamentals of writing for the mass media. Includes instruction in professional methods and techniques for gathering, processing, and delivering content.
Lecture hrs = 3; lab hrs = 3
Lab fee

COMM 2315
News Reporting
This course focuses on advanced news-gathering and writing skills. It concentrates on the three-part process of producing news stories: discovering the news, reporting the news, and writing the news in different formats.
Prerequisite: COMM 2311
Lecture hrs = 3; lab hrs = 3
Lab fee

COMM 2339
Writing for Radio, Television & Film
Introduction to basic script formats, terminology, and writing techniques, including the writing of commercials, public service announcements, promotions, news, documentary, and fictional materials.
Lecture hrs = 3; lab hrs = 0

COMM 2366
Introduction to Cinema
Survey and analyze cinema including history, film techniques, production procedures, selected motion pictures, and cinema's impact on and reflection of society.
Cross-listed as DRAM 2366
Lecture hrs = 3; lab hrs = 3

COMM 2389
Academic Cooperative
An instructional program designed to integrate on-campus study with practical hands-on work experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of communication.
Lecture hrs = 0; lab hrs = 9

COSC 1301
Introduction to Computing
Overview of computer systems—hardware, operating systems, the Internet, and application software including word processing, spreadsheets, presentation graphics, and databases. Current topics such as the effect of computers on society, and the history and use of computers in business, educational, and other interdisciplinary settings are also studied. This course is not intended to count toward a student's major field of study in business or computer science.
Lecture hrs = 3; lab hrs = 0
Lab fee

COSC 1346
Programming Fundamentals I
This course introduces the fundamental concepts of structured programming, and provides a comprehensive introduction to programming for computer science and technology majors. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. This course assumes computer literacy. (This course is included in the Field of Study Curriculum for Computer Science.)
Lecture hrs = 3; lab hrs = 3
Lab fee

COSC 1347
Programming Fundamentals II
This course focuses on the object-oriented programming paradigm, emphasizing the definition and use of classes along with fundamentals of object-oriented design. The course includes basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering processes. Students will apply techniques for testing and debugging software. (This course is included in the Field of Study Curriculum for Computer Science.)
Prerequisite: COSC 1346
Lecture hrs = 3; lab hrs = 3
Lab fee

CRIJ 1301
Introduction to Criminal Justice
This course provides a historical and philosophical overview of the American criminal justice system, including the nature, extent, and impact of crime; criminal law; and justice agencies and processes.
Lecture hrs = 3; lab hrs = 0

CRIJ 1306
Court Systems & Practices
This course is a study of the court system as it applies to the structures, procedures, practices and sources of law in American courts, using federal and Texas statutes and case law.
Lecture hrs = 3; lab hrs = 0

CRIJ 1307
Crime in America
American crime problems in historical perspective, social and public policy factors affecting crime, impact and crime trends, social characteristics of specific crimes, and prevention of crime.
Lecture hrs = 3; lab hrs = 0
CRIJ 1310
Fundamentals of Criminal Law
This course is the study of criminal law including application of definitions, statutory elements, defenses and penalties using Texas statutes, the Model Penal Code, and case law. The course also analyzes the philosophical and historical development of criminal law and criminal culpability.
Lecture hrs = 3; lab hrs = 0

CRIJ 2313
Correctional Systems & Practices
This course is a survey of institutional and non-institutional corrections. Emphasis will be placed on the organization and operation of correctional systems; treatment and rehabilitation; populations served; Constitutional issues; and current and future issues.
Lecture hrs = 3; lab hrs = 0

CRIJ 2314
Criminal Investigation
Investigative theory; collection and preservation of evidence; sources of information; interview and interrogation; uses of forensic sciences; case and trial preparation.
Lecture hrs = 3; lab hrs = 0

CRIJ 2328
Police Systems & Practice
This course examines the establishment, role and function of police in a democratic society. It will focus on types of police agencies and their organizational structure, police-community interaction, police ethics, and use of authority.
Lecture hrs = 3; lab hrs = 0

CSME 1401
Orientation
An overview of the skills and the knowledge necessary for the field of cosmetology.
Lecture hrs = 2; lab hrs = 6
Lab fee

CSME 1405
Fundamentals of Cosmetology
A course in the basic fundamentals of cosmetology. Topics include safety and sanitation, service preparation, manicure, facial, chemical services, shampoo, haircut, wet styling, and comb out.
Lecture hrs = 2; lab hrs = 8
Lab fee

CSME 1443
Principles of Nail Technology II
A continuation of the concepts and principles of nail technology. Topics include professional ethics, salon management, client relations, and related skills of nail technology.
Prerequisite: CSME 1431
Lecture hrs = 2; lab hrs = 8
Lab fee

CSME 1444
Manicuring and Related Theory
Presentation of the theory and practice of nail services. Topics include terminology, application and workplace competencies related to nail services.
Lecture hrs = 2; lab hrs = 6
Lab fee

CSME 1447
Skin Care/Facials/Related Theory
In-depth coverage of the theory and practice of skin care, facials and cosmetics.
Lecture hrs = 2; lab hrs = 6
Lab fee

CSME 1451
Artistry of Hair: Theory and Practice
Instruction in the artistry of hair design. Topics include theory, techniques and application of hair design.
Lecture hrs = 2; lab hrs = 6
Lab fee

CSME 1453
Chemical Reformation
Presentation of the theory and practice of chemical reformation including terminology, application and workplace competencies.
Lecture hrs = 2; lab hrs = 8
Lab fee

CSME 2237
Advanced Cosmetology Techniques
Mastery of advanced cosmetology techniques including hair designs, professional cosmetology services, and workplace competencies.
Lecture hrs = 0; lab hrs = 8
Lab fee

CSME 2343
Salon Development
Procedures necessary for salon development. Topics include professional ethics and goals, salon operation and record keeping.
Lecture hrs = 2; lab hrs = 4
Lab fee

CSME 2404
The Principles of Hair Coloring and Related Theory
Presentation of the theory, practice, and chemistry of hair color. Topics include terminology, application, and workplace competencies related to hair color.
Lecture hrs = 2; lab hrs = 8
Lab fee
CSME 2414
Cosmetology Instructor II
A continuation of the fundamentals of instructing cosmetology students.
Lecture hrs = 2; lab hrs = 8
Lab fee

CSME 2430
Nail Enhancement
A course in the theory, application, and related technology of nail enhancements.
Prerequisite: CSME 2444
Lecture hrs = 2; lab hrs = 8
Lab fee

CSME 2439
Advanced Hair Design
Advanced concepts in the theory and practice of hair design.
Lecture hrs = 2; lab hrs = 6
Lab fee

CSME 2443
Preparation for State Exam
Preparation for the state licensing examination.
Lecture hrs = 2; lab hrs = 8
Lab fee

CSME 2444
Cosmetology Instructor IV
Advanced concepts of instruction in a cosmetology program. Topics include demonstration, development, and implementation of advanced evaluation techniques.
Prerequisite: Valid Texas Department of Licensing and Regulation license and high school diploma or GED & CSME 2449
Lecture hrs = 2; lab hrs = 8
Lab fee

CSME 2449
Cosmetology Instructor III
Presentation of lesson plan assignments and evaluation techniques.
Prerequisite: Valid Texas Department of Licensing and Regulation license and high school diploma or GED & CSME 2444
Lecture hrs = 2; lab hrs = 8
Lab fee

DEMR 1316
Basic Hydraulics
Fundamentals of hydraulics including components and related systems.
Lecture hrs = 2; lab hrs = 3
Lab fee

DFTG 1325
Blueprint Reading and Sketching
An introduction to reading and interpreting working drawings for fabrication processes and associated trades. Use of sketching techniques to create pictorial and multiple-view drawings.
Lecture hrs = 2; lab hrs = 3
Lab fee

DRAM 1120, 1121, 2120, 2121
Theatre Practicum I, II, III, IV
Practicum in theater open to all students with emphasis on technique and procedures with experience gained in play productions. Practical experience in a minimum of two productions each semester.
Lecture hrs = 0; lab hrs = 4

DRAM 1310
Introduction to Theater
Survey of theater including its history, dramatic works, stage techniques, production procedures, and relation to other art forms. Participation in productions may be required. Fulfills the fine arts requirement for many degree plans.
Lecture hrs = 3; lab hrs = 3

DRAM 1322
Stage Movement
Principles, practices, and exercises in body techniques and stage movement; emphasis on character movement and body control.
Lecture hrs = 3; lab hrs = 3

DRAM 1330
Stagecraft I
Study and application of the methods and components of theatrical production that may include one or more of the following: theater facilities, scenery construction and painting, properties, lighting, costume, makeup, sound, and theatrical management. Practical experience on technical crews.
Lecture hrs = 3; lab hrs = 0

DRAM 1341
Make-Up
Principles and techniques of costume design and construction for theatrical productions. Practical application and experience in stage productions are provided to the students.
Lecture hrs = 3; lab hrs = 3

DRAM 1342
Intro to Costume
Principles and techniques of costume design and construction for theatrical productions.
Lecture hrs = 3; lab hrs = 3

DRAM 1351
Acting I
An introduction to the fundamental principles and tools of acting as used in auditions, rehearsals, and performances. This may include ensemble performing, character and script analysis, and basic theater terminology. This exploration will emphasize the development of the actor’s instrument: voice, body and imagination.
Lecture hrs = 3; lab hrs = 3

DRAM 1352
Acting II
Exploration and further training within the basic principles and tools of acting, including an emphasis on critical analysis of oneself and others. The tools include ensemble performing, character and script analysis, and basic theater terminology. This will continue the exploration of the development of the actor’s instrument: voice, body and imagination.
Lecture hrs = 3; lab hrs = 3

DRAM 228g/238g
Academic Cooperative
An instructional program designed to integrate on-campus study with practical hands-on work experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of drama.
Lecture hrs for DRAM 228g = 0; lab hrs = 9
Lecture hrs for DRAM 238g = 0; lab hrs = 9

DRAM 2331
Stagecraft II
Continued study and application of the methods and components of theatrical production which may include one or more of the following: theater facilities, scenery construction and painting, properties, lighting, costume, makeup, sound and theatrical management.
Lecture hrs = 3; lab hrs = 0
DRAM 2336
Voice for the Theater
Application of the performer’s use of the voice as a creative instrument of effective communication. Encourages an awareness of the need for vocal proficiency and employs techniques designed to improve the performer’s speaking abilities.
Lecture hrs = 3; lab hrs = 0

DRAM 2351
Acting III
Development of basic skills and techniques of acting including increased sensory awareness, ensemble performing, character analysis, and script analysis. Emphasis on the mechanics of voice, body, emotion, and analysis as tools for the actor.
Lecture hrs = 3; lab hrs = 0

DRAM 2366
Intro to Cinema
Survey and analyze cinema including history, film techniques, production, procedures, selected motion pictures, and cinema’s impact on and reflection of society.
Cross listed as COMM 2366
Lecture hrs = 3; lab hrs = 3

ECON 2301
Principles of Macroeconomics
An analysis of the economy as a whole including measurement and determination of Aggregate Demand and Aggregate Supply, national income, inflation and unemployment. Other topics include international trade, economic growth, business cycles and fiscal policy and monetary policy.
Lecture hrs = 3; lab hrs = 0

ECON 2302
Principles of Microeconomics
Analysis of the behavior of individual economic agents, including consumer behavior and demand, producer behavior and supply, price and output decisions by firms under various market structures, factor markets, market failures and international trade.
Lecture hrs = 3; lab hrs = 0

EDUC 1301
Introduction to Special Populations
An enriched, integrated pre-service course and content experience that provides an overview of schooling and classrooms from the perspectives of language, gender, socioeconomic status, ethnic and academic diversity, and equity with an emphasis on factors that facilitate learning. The course provides students with opportunities to participate in early field observations of P-12 special populations and should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Must include a minimum of 16 contact hours of field experience in P-12 classrooms with special populations.
Prerequisite: EDUC 1301
Lecture hrs = 3; lab hrs = 0; field experience hrs = 1

EDUC 2301
Introduction to the Teaching Profession
An enriched, integrated pre-service course and content experience that provides active recruitment and institutional support of students interested in a teaching career, especially in high need fields. The course provides students with opportunities to participate in early field observations at all levels of P-12 schools with varied and diverse student populations and provides students with support from college and school faculty, preferably in small cohort groups, for the purpose of introduction to and analysis of the culture of schooling and classrooms. Course content should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Course must include a minimum of 16 contact hours of field experience in P-12 classrooms.
Lecture hrs = 3; lab hrs = 0; field experience hrs = 1

EDUC 2302
Voice for the Theater
Application of the performer’s use of the voice as a creative instrument of effective communication. Encourages an awareness of the need for vocal proficiency and employs techniques designed to improve the performer’s speaking abilities.
Lecture hrs = 3; lab hrs = 0

EDMT 1301
Basic Electrical Theory
Basic theory and practice of electrical circuits. Includes calculations as applied to alternating and direct current.
Lecture hrs = 2; lab hrs = 3
Lab fee

EDMT 1325
National Electrical Code I
An introductory study of the National Electric Code (NEC) for those employed in fields requiring knowledge of the Code. Emphasis on wiring design, protection, methods, and materials; equipment for general use; and basic calculations.
Lecture hrs = 3; lab hrs = 0

ELPT 1321
Basic Electrical Theory
Basic theory and practice of electrical circuits. Includes calculations as applied to alternating and direct current.
Lecture hrs = 2; lab hrs = 3
Lab fee

ELPT 1325
National Electrical Code I
An introductory study of the National Electric Code (NEC) for those employed in fields requiring knowledge of the Code. Emphasis on wiring design, protection, methods, and materials; equipment for general use; and basic calculations.
Lecture hrs = 3; lab hrs = 0

ELPT 1345
Commercial Wiring
Commercial wiring methods. Includes overcurrent protection, raceway panel board installation, proper grounding techniques, and associated safety procedures.
Lecture hrs = 2; lab hrs = 3
Lab fee

<td>Introduction to the major sectors of the energy industry. Includes a comparison of energy industry careers. Lecture hrs = 2; lab hrs = 3</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
**ENER 1370**
Employment Success Energy Industry

A study of successful employee characteristics and employer expectations in the energy industry. The course will provide the student with basic communication skills required to be a productive employee. The students will be instructed on the proper behavior to become an effective member of a team and how to become a leader of their peers. Students will learn to create an effective resume and proper interview skills along with how to deal with cultural diversity and conflict resolution.

Lecture hrs = 3; lab hrs = 1

**ENGL 0300**
Foundations of Composition

The course provides instruction in the integration and development of critical reading and academic writing skills. Successful completion of this intervention fulfills TSI requirements for reading and/or writing. Will not meet graduation requirements.

Co-enrollment in ENGL 1301 — This intervention provides additional support and is required for students with prescribed TSI Reading/Writing scores

Lecture hrs = 2; lab hrs = 3

**Lab fee**

**ENGL 1301**
Composition I

Intensive study of and practice in writing processes, from invention and researching to drafting, revising and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement and style. Focus on writing the academic essay as a vehicle for learning, communicating and critical analysis.

Prerequisite: TSI Reading and Writing complete  
Lecture hrs = 3; lab hrs = 0

**ENGL 1302**
Composition II

Intensive study of and practice in the strategies and techniques for developing research-based expository and persuasive texts. Emphasis on effective and ethical rhetorical inquiry, including primary and secondary research methods; critical reading of verbal, visual and multimedia texts; systematic evaluation, synthesis and documentation of information sources; and critical thinking about evidence and conclusions.

Prerequisite: TSI Reading and Writing complete and ENGL 1301  
Lecture hrs = 3; lab hrs = 0

**ENGL 2311**
Technical & Business Writing

Intensive study of and practice in professional settings. Focus on the types of documents necessary to make decisions and take action on the job, such as proposals, reports, instructions, policies and procedures, email messages, letters and descriptions of products and services. Practice individual and collaborative processes involved in the creation of ethical and efficient documents.

Lecture hrs = 3; lab hrs = 0

**ENGL 2322**
British Literature I

A survey of the development of British literature from the Anglo-Saxon period to the Eighteenth Century. Students will study works of prose, poetry, drama and fiction in relation to their historical, linguistic and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

Prerequisite: TSI Reading Complete and ENGL 1301 and 1302  
Lecture hrs = 3; lab hrs = 0

**ENGL 2323**
British Literature II

A survey of the development of British literature from the Romantic period to the present. Students will study works of prose, poetry, drama and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

Prerequisite: TSI Reading complete and ENGL 1301 and 1302  
Lecture hrs = 3; lab hrs = 0

**ENGL 2332**
World Literature I

A survey of world literature from the ancient world through the sixteenth century. Students will study works of prose, poetry, drama and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

Lecture hrs = 3; lab hrs = 0

**ENGL 2333**
World Literature II

A survey of world literature from the seventeenth century to the present. Students will study works of prose, poetry, drama and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

Lecture hrs = 3; lab hrs = 0

**GISC 1370**
Introduction to Geographic Information Systems (GIS)

Introduction to basic concepts of vector GIS using several industry specific software programs including nomenclature of cartography and geography.

Lecture hrs = 1; lab hrs = 4

**Lab fee**

**GOVT 2304**
Introduction to Political Science

Introductory survey of the discipline of political science focusing on the scope, and methods of the field, and the substantive topics in the discipline including the theoretical foundations of politics, political interaction, political institutions and how political systems function.

Lecture hrs = 3; lab hrs = 0
GOVT 2305
Federal Government
Origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive and judicial branches, federalism, political participation, the national election process, public policy, civil liberties and civil rights.
Prerequisite: TSI Reading complete
Lecture hrs = 3; lab hrs = 0

GOVT 2306
Texas Government
Origin and development of the Texas constitution, structure and powers of state and local government, federalism and inter-governmental relations, political participation, the election process, public policy and the political culture of Texas.
Prerequisite: TSI Reading complete
Lecture hrs = 3; lab hrs = 0

GOVT 2311
Mexican American and Latinx Politics
The study of Mexican American and Latinx politics within the American political experience. Topics include historical, cultural, socioeconomic, and constitutional issues that pertain to the study of Mexican Americans and other Latinx populations in the United States. Other topics such as political participation, governmental institutions, electoral politics, political representation, demographic trends, and other contemporary public policy debates will also be addressed.
Lecture hrs = 3; lab hrs = 0

HART 1307
Refrigeration Principles
An introduction to the refrigeration cycle, heat transfer theory, temperature/pressure relationship, refrigerant handling, refrigeration components, and safety.
Lecture hrs = 2; lab hrs = 3
Lab fee

HART 2336
Air Conditioning Troubleshooting
An advanced course in application of troubleshooting principles and use of test instruments to diagnose air conditioning and refrigeration components and system problems including conducting performance tests.
Lecture hrs = 2; lab hrs = 3
Lab fee

HEMR 1304
Natural Gas Compression
An introductory course in the principles of operation of gas compressors and natural gas engines.
Lecture hrs = 2; lab hrs = 4

HEMR 1370
Natural Gas Compression II
Continuation of HEMR 1304: Natural Gas Compression; includes principles of operation for natural gas compressors and natural gas engines. Startup and shutdown of a natural gas compressor skid. Troubleshooting procedures and the required tools used.
Lecture hrs = 3; lab hrs = 2
Lab fee

HEMR 1371
Natural Gas Maintenance and Troubleshooting
Introduction into CNG compression and pumps, valves, snap controllers, compressor maintenance and repair. Including the diagnostics and troubleshooting of natural gas compressors, and engines.
Lecture hrs = 2; lab hrs = 3
Lab fee

HIST 1301
U.S. History I
A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.
Prerequisite: TSI Reading complete
Lecture hrs = 3; lab hrs = 0

HIST 1302
U.S. History II
A survey of the social, political, economic, cultural and intellectual history of the United States from the Civil War/Reconstruction era to the present. United States History II examines industrialization, immigration, world wars, the Great Depression, Cold War and post-Cold War eras. Themes that may be addressed in United States History II include: American culture, religion, civil and human rights, technological change, economic change, immigration and migration, urbanization and suburbanization, the expansion of the federal government and the study of U.S. foreign policy.
Prerequisite: TSI Reading complete
Lecture hrs = 3; lab hrs = 0

HIST 2301
Texas History
A survey of the political, social, economic, cultural and intellectual history of Texas from the pre-Columbian era to the present. Themes that may be addressed in Texas History include: Spanish colonization and Spanish Texas; Mexican Texas; the Republic of Texas; statehood and secession; oil, industrialization and urbanization; civil rights and modern Texas. May be substituted for HIST 1301 or 1302.
Lecture hrs = 3; lab hrs = 0

HIST 2311
Western Civilization I
A survey of the social, political, economic, cultural, religious and intellectual history of Europe and the Mediterranean world from human origins to the 17th century. Themes that should be addressed in Western Civilization I include the cultural legacies of Mesopotamia, Egypt, Greece, Rome, Byzantium, Islamic civilizations and Europe through the Middle Ages, Renaissance and Reformation.
Lecture hrs = 3; lab hrs = 0

HIST 2312
Western Civilization II
A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from the 17th century to the modern era. Themes that should be addressed in Western Civilization II include absolutism and constitutionalism, growth of nation states, the Enlightenment, revolutions, classical liberalism, industrialization, imperialism, global conflict, the Cold War and globalization.
Lecture hrs = 3; lab hrs = 0

HITT 1311
Health Information Systems
Introduction to health IT standards, health-related data structures, software applications, and enterprise architecture in health care and public health.
Lecture hrs = 1; lab hrs = 3

HITT 1303
Health Data Content and Structure
Introduction to systems and processes for collecting, maintaining, and disseminating primary and secondary health related information including content of health record, documentation requirements, registries, indices, licensing, regulatory agencies, forms, and screens.
Lecture hrs = 3; lab hrs = 3
Fall semester only
HITT 1303
Medical Terminology II
A continuation of the study of medical terms through word origin and structure, abbreviations and symbols, surgical and diagnostic procedures, and medical specialties.
Prerequisite: HITT 1305
Lecture hrs = 3; lab hrs = 0

HITT 1305
Medical Terminology I
Study of medical terms through word origin and structure. Introduction to abbreviations and symbols, surgical and diagnostic procedures, and medical specialties.
Lecture hrs = 3; lab hrs = 0

HITT 2242
Ambulatory Coding
Fundamentals of ambulatory coding rules, conventions, and guidelines.
Co-requisites: HITT 1305, BIOL 2404
Lecture hrs = 3; lab hrs = 0
Spring semester only

HITT 2245
Health Care Delivery Systems
Examination of delivery systems including organization, financing, accreditation, licensure, and regulatory agencies.
Lecture hrs = 3; lab hrs = 0
Fall semester only

HITT 1353
Legal and Ethical Aspects of Health Information
Concepts of privacy, security, confidentiality, ethics, health care legislation, and regulations relating to the maintenance and use of health information.
Lecture hrs = 3; lab hrs = 0

HITT 1361
Clinical-Health Information Technology/Technician
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisites or co-requisites: HITT 1305, 1341, 1353
Lecture hrs = 0; lab hrs = 0; clinical hrs = 160

HITT 1344
Coding and Classification Systems
Fundamentals of coding rules, conventions, and guidelines using clinical classification systems.
Prerequisite or co-requisite: BIOL 2404
Lecture hrs = 3; lab hrs = 3
Fall semester only

HITT 2340
Advanced Medical Billing and Reimbursement
Skill development in coding to prepare reimbursement forms in various health care settings for submission to payors.
Prerequisites: HITT 1345, 1342
Prerequisite or co-requisite: HITT 2346
Lecture hrs = 2; lab hrs = 1
Spring semester only

HITT 2261
Clinical-Health Information/Medical Records Technology/Technician
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: HITT 1361
Prerequisites or co-requisites: HITT 2240, 2343, 2346
Lecture hrs = 0; lab hrs = 6

HITT 2343
Quality Assessment and Performance Improvement
Study of quality standards and methodologies in the health information management environment. Topics include licensing, accreditation, compilation and presentation of data in statistical formats, quality management and performance improvement functions, utilization management, risk management, and medical staff data quality issues. Approaches to assessing patient safety issues and implementation of quality management and reporting through electronic systems and approaches to assessing patient safety issues and implementation of quality management and reporting through electronic systems.
Prerequisites: HITT 2345, 2342
Lecture hrs = 3; lab hrs = 0
Spring semester only

HITT 2246
Advanced Medical Coding
Advanced concepts of ICD and CPT coding rules, conventions, and guidelines in complex case studies. Investigation of government regulations and changes in health care reporting.
Prerequisites: HITT 1305, 1341
Co-requisite: HITT 1342
Lecture hrs = 1; lab hrs = 4
Lab fee
Spring semester only

HPRS 1209
Interpretation of Laboratory Results
An introduction to interpretation of commonly ordered laboratory results.
Lecture hrs = 2; lab hrs = 0

HPRS 2301
Pathophysiology
Study of the pathology and general health management of diseases and injuries across the life span. Topics include etiology, symptoms, and the physical and psychological reactions to diseases and injuries.
Prerequisites or co-requisites: HITT 2305, BIOL 2404
Lecture hrs = 3; lab hrs = 0

HUMA 1301
Introduction to the Humanities I
This stand-alone course is an interdisciplinary survey of cultures focusing on the philosophical and aesthetic factors in human values with an emphasis on the historical development of the individual and society and the need to create.
Lecture hrs = 3; lab hrs = 0

HUMA 1302
Introduction to the Humanities II
This stand-alone course is an interdisciplinary survey of cultures focusing on the philosophical and aesthetic factors in human values with an emphasis on the historical development of the individual and society and the need to create.
Spring semester only
Lecture hrs = 3; lab hrs = 0
HUMA 2323
World Cultures
This course is a general study of diverse world cultures. Topics include cultural practices, social structures, religions, arts, and languages.
Lecture hrs = 3; lab hrs = 0

IMED 1401
Introduction to Digital Media
This course is a survey of the theories, elements, and hardware/software components of digital media. Emphasis is on conceptualizing and producing digital media presentations.
Lecture hrs = 3; lab hrs = 3

IMED 1416
Web Design I
Instruction in web design and related graphic design issues including mark-up languages, websites, and browsers.
Lecture hrs = 3; lab hrs = 3

INMT 2303
Pumps, Compressors & Mechanical Drives
A study of the theory and operations of various types of pumps and compressors. Topics include mechanical power transmission systems including gears, v-belts and chain drives.
Lecture hrs = 2; lab hrs = 3
Lab fee

INMT 2388
Internship - Manufacturing Tech
A work-based learning experience that enables the student to apply specialized occupations theory, skills and concepts. A learning plan is developed by the college and the employer.
Lecture hrs = 0; lab hrs = 9
Lab fee

INRW 0302
Integrated Reading and Writing
Integration of critical reading and academic writing skills. The course fulfills TSI requirements for reading and/or writing. Will not meet graduation requirements.
Co-enrollment in BREA 0101, BWRI 0101, or both - This intervention provides additional support and is required for students with prescribed TSI Reading/Writing scores
Lecture hrs = 3; lab hrs = 0

ITSC 1405
Introduction to PC Operating Systems
Introduction to personal computer operating systems including installation, configuration, file management, memory and storage management, control of peripheral devices, and use of utilities.
Lecture hrs = 3; lab hrs = 3

ITSC 1425
Personal Computer Hardware
Current personal computer hardware including assembly, upgrading, setup, configuration, and troubleshooting.
Lecture hrs = 3; lab hrs = 3
Lab fee

ITSC 2435
Application Software Problem Solving
Utilization of appropriate application software to solve advanced problems and generate customized solutions.
Prerequisites: ITSW 1401, ITSW 1404, ITSW 1407, ITSW 1410, and IMED 1416 and instructor approval
Lecture hrs = 3; lab hrs = 3
Lab fee

KINE 1100
Varsity Basketball I (Activity)
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 1101
Varsity Baseball I (Activity)
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 1103
Weight Training I (Activity)
Three hours per week.
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 1107
Athletic Training Practicum I
This course consists of directed practical experiences for working with athletes and the physically active population. First semester students will work toward mastery of specific competencies and proficiencies in the areas of Athletic Training: Game Preparation and Management, Taping/Wrapping and Bandaging, Athletic Training Clinic Operations, Acute Care of Injuries and Illnesses and Risk Management. Skills will be instructed under the supervision of a Licensed Athletic Trainer. Students will be required to work all home athletic events and required practices.
Lecture hrs = 0; lab hrs = 3

COURSES
KINE 1108  
**Varsity Volleyball I (Activity)**  
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1111  
**Body Conditioning I (Activity)**  
Three hours per week.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1113  
**Weight Training II (Activity)**  
Three hours per week.  
Prerequisite: KINE 1103  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1116  
**Zumba Fitness I (Activity)**  
Three hours per week.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1119  
**Fitness Through Walking I (Activity)**  
Three hours per week.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1125  
**Horsemanship I (Activity)**  
Three hours per week.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1128  
**Running & Jogging I (Activity)**  
This course focuses on the mechanics and development of proper running/jogging technique. Will emphasis a variety of minimal and maximum CO2 activities.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1129  
**Physical Education Boot Camp I (Activity)**  
A course emphasizing MAXIMUM calorie burn in the shortest amount of time through a combination of strength, cardio, muscle endurance, flexibility, core, and functional movement patterns.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1130  
**Varsity Basketball II (Activity)**  
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.  
Prerequisite: KINE 1100  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1131  
**Varsity Baseball II (Activity)**  
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.  
Prerequisite: KINE 1101  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1132  
**Kickboxing I (Activity)**  
Kickboxing is a fitness program designed to improve muscle tone and cardiovascular endurance through constant motion and repetition using martial arts techniques. A variety of techniques and some martial arts applications are taught.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1133  
**Pilates I (Activity)**  
This course will prepare the student to practice yoga with harmony of the three aspects of body, mind, and spirit, through breath control, yoga postures, and relaxation exercises. You will learn how to use hatha yoga poses to increase flexibility and balance, have more core strength and energy, and feel more relaxed.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 1135  
**Spin I (Activity)**  
See consistent results while burning a high amount of calories and improving cardiovascular endurance in this non-impact class. Whether you are a beginner or avid cyclist this class is for you because it is modified to include all levels. A certified instructor focuses on fun and challenging rides with steady progressions towards the end of each format. Different rides include but are not limited to: intervals, strength, split rides, race day, combo and variety.  
Lecture hrs = 0; lab hrs = 3; Lab fee

KINE 1136  
**Bungee Fitness I (Activity)**  
An innovative workout for people of all ages. Resistance provides a unique experience along with cardio and muscle toning at the same time. Class is limited to 8 students, and each student gets their own hip harness for the duration of the lesson. The bungee cord is attached to the back of the harness so students can move and bounce freely. The bungees will assist students in dance and exercise movements, but provide resistance for strengthening and sculpting the muscles.  
Lecture hrs = 0; lab hrs = 3; Lab fee: $75

KINE 1137  
**Athletic Training Practicum II**  
This course consists of directed practical experiences for working with athletes and the physically active population. Second semester students will work toward mastery of specific competencies and proficiencies in the areas of Athletic Care and Prevention of Injuries, Acute Care of Injuries and Illnesses, Risk Management, Specific Injury Management and Game Preparation and Management. Students will be required to work all home athletic events and required practices.  
Lecture hrs = 0; lab hrs = 3

KINE 1138  
**Varsity Volleyball II (Activity)**  
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.  
Prerequisite: KINE 1108  
Lecture hrs = 0; lab hrs = 3  
Lab fee
KINE 1139
Barre Above I (Activity)
Barre Above is a fitness program that blends the latest exercise science with the principles of the Lotte Burke method (the genesis of the Barre movement) delivering a fusion of ballet, pilates, yoga and strength training to the workouts.
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 1141
Indoor Soccer I (Activity)
Instruction and participation in physical and recreational activities, specifically indoor soccer for this course.
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 1146
Western Activities I
Physical education for students in rodeo-related activities including steer wrestling, calf roping, barrel racing and bareback riding. Enrollment may be limited by facilities and availability of stock.
Lecture hrs = 0; lab hrs = 3

KINE 1147
Western Activities II
Physical education for students in rodeo-related activities including steer wrestling, calf roping, barrel racing and bareback riding. Enrollment may be limited by facilities and availability of stock.
Prerequisite: KINE 1146
Lecture hrs = 0; lab hrs = 3

KINE 1148
Yoga/Pilates I (Activity)
This course will prepare the student to practice yoga with harmony of the three aspects of body, mind, and spirit, through breath control, yoga postures, and relaxation exercises. You will learn how to use hatha yoga poses to increase flexibility and balance, have more core strength and energy, and feel more relaxed.
Three hours per week.
Lecture hrs = 0; lab hrs = 3

KINE 1150
Aerial Yoga I
This course will assist you in bringing into harmony the three aspects of body, mind, and spirit, through breath control, yoga postures, and visualization. Learn to relieve tension, have more core strength and energy, and feel more relaxed.
Three hours per week.
Lecture hrs = 0; lab hrs = 3

KINE 1164
Introduction to Physical Fitness & Wellness
This course will provide an overview of the lifestyle necessary for fitness and health. Students will participate in physical activities and assess their fitness status. Students will be introduced to proper nutrition, weight management, cardiovascular health, flexibility, and strength training.
Cross-listed as KINE 1238 and KINE 2302
Lecture hrs = 0; lab hrs = 3

KINE 1301
Foundations of Kinesiology
The purpose of this course is to provide students with an introduction to human movement that includes the historical development of physical education, exercise science, and sport. This course offers the student both an introduction to the knowledge base, as well as, information on expanding career opportunities.
Cross-listed as KINE 1164 and KINE 1238
Lecture hrs = 3; lab hrs = 0

KINE 1304
Personal/Community Health
This course provides and introduction to the fundamentals, concepts, strategies, applications, and contemporary trends related to understanding personal and/or community health issues. This course also focuses on empowering various populations with the ability to practice healthy living, promote healthy lifestyles, and enhance individual well-being.
Lecture hrs = 3; lab hrs = 0

KINE 1306
First Aid
Instruction and practice for emergency care. Designed to enable students to recognize and avoid hazards within their environment, to render intelligent assistance in case of accident or sudden illness, and to develop skills necessary for the immediate and temporary care of the victim. Successful completion of the course may enable the student to receive a certificate from a nationally recognized agency.
Lecture hrs = 3; lab hrs = 0

KINE 1308
Sports Officiating
The purpose of the course is to study officiating requirements for sports and games with an emphasis on mechanics, rule interpretation, and enforcement. The major sports covered in this course are basketball, volleyball, baseball, softball and football.
Lecture hrs = 3; lab hrs = 0

KINE 1321
Coaching/Sports/Athletics I
Study of the history, theories, philosophies, rules, and terminology of competitive sports. Includes coaching techniques.
Lecture hrs = 3; lab hrs = 0

KINE 2100
Varsity Basketball III (Activity)
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.
Prerequisites: KINE 1100, 1130
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 2101
Varsity Baseball III (Activity)
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.
Prerequisites: KINE 1101, 1132
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 2103
Weight Training III (Activity)
Three hours per week.
Prerequisites: KINE 1103, 1123
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 2107
Athletic Training Practicum III
This course consists of directed practical experiences for working with athletes and the physically active population. Third semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Assessment and Evaluation, Nutrition, Specific Injury Management/Rehabilitation and Game Preparation and Management. Students will be required to work all home athletic events and required practices.
Lecture hrs = 0; lab hrs = 3
KINE 2108  
Varsity Volleyball III (Activity)  
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.  
Prerequisites: KINE 1108, 1138  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2111  
Body Conditioning II (Activity)  
Three hours per week.  
Prerequisite: KINE 1111  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2116  
Zumba Fitness II (Activity)  
Three hours per week.  
Prerequisite: KINE 1116  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2119  
Fitness Through Walking II (Activity)  
Three hours per week.  
Prerequisite: KINE 1119  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2125  
Horsemanship II (Activity)  
Three hours per week.  
Prerequisite: KINE 1125  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2128  
Running & Jogging II (Activity)  
This course focuses on the mechanics and development of proper running/jogging technique. Will emphasize a variety of minimal and maximum CO2 activities.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2129  
Physical Education Boot Camp II (Activity)  
A course emphasizing MAXIMUM calorie burn in the shortest amount of time through a combination of strength, cardio, muscle endurance, flexibility, core, and functional movement patterns.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2130  
Varsity Basketball IV (Activity)  
Participation as a member of an intercollegiate athletic team. Approval for enrollment must be obtained from coach prior to registration.  
Prerequisites: KINE 1100, 1130, 2100  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2132  
Kickboxing II (Activity)  
Kickboxing is a fitness program designed to improve muscle tone and cardiovascular endurance through constant motion and repetition using martial arts techniques. A variety of techniques and some martial arts applications are taught.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2133  
Weight Training IV (Activity)  
Three hours per week.  
Prerequisites: KINE 1103, 1123, 2103  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2134  
Pilates II (Activity)  
This course will prepare the student to practice yoga with harmony of the three aspects of body, mind, and spirit, through breath control, yoga postures, and relaxation exercises. You will learn how to use hatha yoga poses to increase flexibility and balance, have more core strength and energy, and feel more relaxed.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2135  
Spin II (Activity)  
See consistent results while burning a high amount of calories and improving cardiovascular endurance in this non-impact class. Whether you are a beginner or avid cyclist this class is for you because it is modified to include all levels. A certified instructor focuses on fun and challenging rides with steady progressions towards the end of each format. Different rides include but are not limited to: intervals, strength, split rides, race day, combo and variety.  
Lecture hrs = 0; lab hrs = 3  
Lab fee

KINE 2136  
Bungee Fitness II (Activity)  
An innovative workout for people of all ages. Resistance provides a unique experience along with cardio and muscle toning at the same time. Class is limited to 8 students, and each student gets their own hip harness for the duration of the lesson. The bungee cord is attached to the back of the harness so students can move and bounce freely. The bungees will assist students in dance and exercise movements, but provide resistance for strengthening and sculpting the muscles.  
Lecture hrs = 0; lab hrs = 3; Lab fee: $75

KINE 2137  
Athletic Training Practicum IV  
This course consists of directed practical experiences for working with athletes and the physically active population. Fourth semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Assessment and Evaluation, Specific Injury Management/Rehabilitation, and Game Preparation and management. Students will be required to work all home athletic events and required practices.  
Lecture hrs = 0; lab hrs = 3

KINE 2139  
Barre Above II (Activity)  
Barre Above is a fitness program that blends the latest exercise science with the principles of the Lotte Burke method (the genesis of the Barre movement) delivering a fusion of ballet, pilates, yoga and strength training to the workouts.  
Lecture hrs = 0; lab hrs = 3  
Lab fee
KINE 2141
Indoor Soccer II (Activity)
Instruction and participation in physical and recreational activities, specifically indoor soccer for this course.
Lecture hrs = 0; lab hrs = 3
Lab fee

KINE 2146
Western Activities III
Physical education for students in rodeo-related activities including steer wrestling, calf roping, barrel racing and bareback riding. Enrollment may be limited by facilities and availability of stock.
Prerequisites: KINE 2146, 2147
Lecture hrs = 0; lab hrs = 3

KINE 2147
Western Activities IV
Physical education for students in rodeo-related activities including steer wrestling, calf roping, barrel racing and bareback riding. Enrollment may be limited by facilities and availability of stock.
Prerequisites: KINE 2146, 2147, 2146
Lecture hrs = 0; lab hrs = 3

KINE 2148
Yoga/Pilates II (Activity)
This course will prepare the student to practice yoga with harmony of the three aspects of body, mind, and spirit, through breath control, yoga postures, and relaxation exercises. You will learn how to use hatha yoga poses to increase flexibility and balance, have more core strength and energy, and feel more relaxed.
Three hours per week.
Prerequisite: KINE 2148
Lecture hrs = 0; lab hrs = 3

KINE 2150
Aerial Yoga II
This course will assist you in bringing into harmony the three aspects of body, mind, and spirit, through breath control, yoga postures, and visualization. Learn to relieve tension, have more core strength and energy, and feel more relaxed.
Three hours per week.
Prerequisite: KINE 2148
Lecture hrs = 0; lab hrs = 3

KINE 2356
Care and Prevention of Athletic Injuries
Prevention and care of athletic injuries with emphasis on qualities of a good athletic trainer: avoiding accidents and injuries, recognizing signs and symptoms of specific sports injuries and conditions, immediate and long-term care of injuries and administration procedures in athletic training.
Lecture hrs = 3; lab hrs = 0

MATH 0314
Algebraic Foundations
The course supports students in developing skills, strategies, and reasoning needed to succeed in mathematics, including communication and appropriate use of technology. Topics include the study of numeracy and the real number system; algebraic concepts, notation, and reasoning; quantitative relationships; mathematical models; and problem solving. Will not meet graduation requirements.
Co-enrollment in MATH 2314 – This intervention provides additional support and is required for students with prescribed TSI scores
Lecture hrs = 0; lab hrs = 3

MATH 0332
Quantitative Reasoning Foundations
The course supports students in developing skills, strategies, and reasoning needed to succeed in mathematics, including communication and appropriate use of technology. Topics include the study of numeracy and the real number system; algebraic concepts, notation, and reasoning; quantitative relationships; mathematical models; and problem solving. Will not meet graduation requirements.
Co-enrollment in MATH 1332 – This intervention provides additional support and is required for students with prescribed TSI scores
Lecture hrs = 0; lab hrs = 3

MATH 0342
Statistical Foundations
The course supports students in developing skills, strategies, and reasoning needed to succeed in mathematics, including communication and appropriate use of technology. Topics include the study of numeracy and the real number system; algebraic concepts, notation, and reasoning; quantitative relationships; mathematical models; and problem solving. Will not meet graduation requirements.
Co-enrollment in MATH 1342 – This intervention provides additional support and is required for students with prescribed TSI scores
Lecture hrs = 0; lab hrs = 3

MATH 1314
College Algebra
In-depth study and applications of polynomial, rational, radical, exponential and logarithmic functions and systems of equations using matrices. Additional topics such as sequences, series, probability and conics may be included.
Prerequisites: TSI Math complete and high school Algebra II and geometry
Lecture hrs = 3; lab hrs = 0

MATH 1316
Plane Trigonometry
In-depth study and applications of trigonometry including definitions, identities, inverse functions, solutions of equations, graphing and solving triangles. Additional topics such as vectors, polar coordinates and parametric equations may be included.
Prerequisites: TSI Math complete and high school Algebra II and geometry or MATH 1314
Lecture hrs = 3; lab hrs = 0

MATH 1324
Mathematics for Business & Social Sciences | (Finite Math)
The application of common algebraic functions, including polynomial, exponential, logarithmic, and rational, to problems in business, economics, and the social sciences are addressed. The applications include mathematics of finance, including simple and compound interest and annuities; systems of linear equations; matrices; linear programming; and probability, including expected value. (The content level of MATH 1324 is expected to be at or above the level of college algebra, MATH 1314.)
Lecture hrs = 3; lab hrs = 0
Lab fee
MATH 1325
Mathematics for Business & Social Sciences II (Business Calculus)
This course is the basic study of limits and continuity, differentiation, optimization and graphing, and integration of elementary functions, with emphasis on applications in business, economics, and social sciences. This course is not a substitute for MATH 2413 - Calculus I. (The content level of MATH 1325 is expected to be below the content level of Calculus I, MATH 2413.)
Prerequisite: MATH 1314 - College Algebra or MATH 1324 - Mathematics for Business and Social Sciences.
Lecture hrs = 3; lab hrs = 0

MATH 1332
Contemporary Mathematics (Quantitative Reasoning)
Intended for Non STEM (Science, Technology, Engineering, and Mathematics) majors. Topics include introductory treatments of sets and logic, financial mathematics, probability and statistics with appropriate applications. Number sense, proportional reasoning, estimation, technology, and communication should be embedded throughout the course. Additional topics may be covered.
Prerequisite: TSI Math complete
Lecture hrs = 3; lab hrs = 0

MATH 1342
Elementary Statistical Methods
Collection, analysis, presentation and interpretation of data, and probability. Analysis includes descriptive statistics, correlation and regression, confidence intervals and hypothesis testing. Use of appropriate technology is recommended.
Prerequisite: TSI Math complete
Lecture hrs = 3; lab hrs = 0

MATH 1350
Mathematics for Teachers I
This course is intended to build or reinforce a foundation in fundamental mathematics concepts and skills. It includes the conceptual development of the following: sets, functions, numeration systems, number theory, and properties of the various number systems with an emphasis on problem solving and critical thinking.
Recommended for Elementary Education majors
Prerequisite: Math 1314 - College Algebra or equivalent
Lecture hrs = 3; lab hrs = 0; extended hrs = 2

MATH 1351
Mathematics for Teachers II
This course is intended to build or reinforce a foundation in fundamental mathematics concepts and skills. It includes the concepts of geometry, measurement, probability, and statistics with an emphasis on problem solving and critical thinking.
Prerequisite: Math 1314 - College Algebra or equivalent
Lecture hrs = 3; lab hrs = 0; extended hrs = 2

MATH 2320
Differential Equations
Ordinary differential equations, including linear equations, systems of equations, equations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, and boundary value problems; application of differential equations to real-world problems.
Prerequisite: MATH 2414
Co-requisite: MATH 2415
Lecture hrs = 3; lab hrs = 0

MATH 2412
Pre-Calculus Math
In-depth combined study of algebra, trigonometry and other topics for calculus readiness.
Prerequisites: MATH 1314 or equivalent preparation
Lecture hrs = 3; lab hrs = 2

MATH 2413
Calculus I
Limits and continuity; the Fundamental Theorem of Calculus; definition of the derivative of a function and techniques of differentiation; applications of the derivative to maximizing or minimizing a function; the chain rule, mean value theorem and rate of change problems; curve sketching, definite and indefinite integration of algebraic, trigonometric and transcendental functions, with an application to calculation of areas.
Prerequisites: TSI Math complete and high school Pre-Calculus or MATH 2412 or permission of instructor
Lecture hrs = 3; lab hrs = 3
Lab fee

MATH 2414
Calculus II
Differentiation and integration of transcendental functions; parametric equations and polar coordinates; techniques of integration; sequences and series; improper integrals.
Prerequisites: TSI Math complete and high school calculus or MATH 2413
Lecture hrs = 3; lab hrs = 3
Lab fee

MATH 2415
Calculus III
Advanced topics in calculus, including vectors and vector-valued functions, partial differentiation, Lagrange multipliers, multiple integrals and Jacobians; application of the line integral, including Green’s Theorem, Divergence Theorem and Stokes’ Theorem.
Prerequisite: MATH 2414
Lecture hrs = 3; lab hrs = 3; Lab fee

MDCA 1254
Medical Assisting Credentialing Exam Review
A preparation for one of the National Commission for Certifying Agencies (NCCA) recognized credentialing exams.
Co-requisite: MDCA 2264
Lecture hrs = 2; lab hrs = 0

MDCA 1302
Human Disease & Pathophysiology
A study of anatomy and physiology with emphasis on human pathophysiology, including etiology, prognosis, medical treatment, signs and symptoms of common diseases of all body systems.
Prerequisite: Co-requisite: HITT 2305, BIOL 2404
Lecture hrs = 3; lab hrs = 0

MDCA 1305
Medical Law and Ethics
Instruction in principles, procedures, and regulations involving legal and ethical relationships among physicians, patients, and medical assistants in ambulatory care settings.
Offered spring and summer only
Lecture hrs = 3; lab hrs = 0

MDCA 1330
Medical Assistant Interpersonal & Communication Skills
Emphasis on the application of basic psychological principles and the study of behavior as they apply to special populations. Topics include procedures for self-understanding and social adaptability in interpersonal communication with patients and co-workers in an ambulatory care setting.
Lecture hrs = 3; lab hrs = 0

MDCA 1437
Procedures in a Clinical Setting
Emphasis on patient assessment, examination, and treatment as directed by physician. Includes vital signs, collection and documentation of patient information, asepsis, office clinical procedures, and other treatments as appropriate for ambulatory care settings.
Lecture hrs = 3; lab hrs = 2
MDCA 1343
Medical Insurance
Emphasizes medical office coding for payment and reimbursement by patient or third party payers for ambulatory care settings.
Lecture hrs = 3; lab hrs = 0

MDCA 1352
Medical Assistant Laboratory Procedures
Application of governmental health care guidelines. Includes specimen collection and handling, quality assurance and quality control in performance of Clinical Laboratory Improvement Amendments (CLIA)-waived laboratory testing.
Offered spring only
Lecture hrs = 2; lab hrs = 4

MDCA 1360
Clinical-Medical/Clinical Assistant
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisites: MDCA 1210, MDCA 1221
Lecture hrs = 1; lab hrs = 8
Clinical hrs = 144

MDCA 1321
Administrative Procedures
Medical office procedures including appointment scheduling, medical records creation and maintenance, interpersonal communications, bookkeeping tasks, coding, billing, collecting, third party reimbursement, credit arrangements, and computer use in the medical office.
Lecture hrs = 3; lab hrs = 0

MDCA 1448
Pharmacology & Administration of Medications
Instruction in concepts and application of pharmacological principles. Focuses on drug classifications, principles and procedures of medication administration, mathematical systems and conversions, calculation of drug problems, and medico-legal responsibilities of the medical assistant.
Lecture hrs = 4; lab hrs = 1

MDCA 2264
Practicum – Medical & Clinical Assistant
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.
Prerequisites: PLAB 1223, PLAB 1160, MDCA 1417, MDCA 1448
Co-requisite: MDCA 1254
Lecture hrs = 4; lab hrs = 8
Clinical hrs = 240

MLAB 1127
Coagulation
A course in coagulation theory, procedures and practical applications. Includes quality control, quality assurance, safety and laboratory procedures which rely on commonly performed manual and/or semi-automated methods.
Offered spring only
Lecture hrs = 3; lab hrs = 1

MLAB 1201
Introduction to Clinical Laboratory Science
An introduction to medical laboratory science, structure, equipment and philosophy.
Lecture hrs = 2; lab hrs = 0

MLAB 1211
Urinalysis and Body Fluids
An introduction to the study of urine and body fluid analysis. Includes the anatomy and physiology of the kidney, physical, chemical and microscopic examination of urine, cerebrospinal fluid and other body fluids as well as quality control, quality assurance and safety.
Offered spring only
Lecture hrs = 1; lab hrs = 4

MLAB 1231
Parasitology/Mycology
A study of the taxonomy, morphology and pathogenesis of human parasites and fungi, including the practical application of laboratory procedures, quality control, quality assurance and safety.
Offered spring only
Lecture hrs = 1; lab hrs = 4

MLAB 1235
Immunology/Serology
An introduction to the theory and application of basic immunology, including the immune response, principles of antigen-antibody reactions and the principles of serological procedures as well as quality control, quality assurance and safety.
Offered spring only
Lecture hrs = 1; lab hrs = 4

MLAB 1415
Hematology
The study of blood cells in normal and abnormal conditions. Instruction in the theory and practical application of hematology procedures, including quality control, quality assurance, safety, manual and/or automated methods as well as blood cell maturation sequences, and normal and abnormal morphology with associated diseases.
Offered fall only
Lecture hrs = 2; lab hrs = 6

MLAB 2160
Clinical – Clinical/Medical Lab Technician
Hematology/Coagulation/Urinalysis
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisites: MLAB 1127, MLAB 2212, MLAB 1415
Lecture hrs = 0; lab hrs = 0; Practicum hrs = 80

MLAB 2161
Clinical – Clinical/Medical Lab Technician
Clinical Chemistry
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Pre-requisites: CHEM 1405 or 1411, MLAB 2401
Lecture hrs = 0; lab hrs = 0; Practicum hrs = 80

MLAB 2162
Clinical – Clinical/Medical Lab Technician
Transfusion/Blood Bank
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Pre-requisites: MLAB 1355, MLAB 2433
Lecture hrs = 0; lab hrs = 0; Practicum hrs = 80
MLAB 2163
Clinical – Clinical/Medical Lab Technician
Clinical Microbiology
A health-related work-based learning experience that enables the student to
apply specialized occupational theory, skills, and concepts. Direct
supervision is provided by the clinical professional.
Pre-requisites: BIOL 2420, MLAB 2434
Lecture hrs = 0; lab hrs = 0; Practicum hrs = 80

MLAB 2238
Advanced Topics in Medical Laboratory Technician/Assistant
This course examines the integration of all areas of the clinical laboratory
and correlates laboratory test data with diagnostic applications and
pathophysiology using critical thinking skills.
Lecture hrs = 2; lab hrs = 4

MLAB 2401
Clinical Chemistry
An introduction to the principles, procedures, physiological basis, and
significance of testing performed in Clinical Chemistry. Includes quality
control, reference values and safety.
Offered fall only
Prerequisite: CHEM 1405 or CHEM 1411
Lecture hrs = 2; lab hrs = 6

MLAB 2434
Clinical Microbiology
Instruction in the theory, practical application and pathogenesis of clinical
microbiology, including collection, quality control, quality assurance, safety,
setup, identification, susceptibility testing and reporting results.
Prerequisite/Co-requisite: BIOL 2420
Lecture hrs = 2; lab hrs = 6

MRKG 1311
Principles of Marketing
Introduction to the marketing mix functions and process. Includes the principles, procedures, and
clinical significance of test results in genetics, blood group systems, pre-
transfusion testing, adverse effects of transfusions, donor selection, and
components and hemolytic disease of the newborn.
Offered fall and summer only
Prerequisites: MLAB 1415, MLAB 1255
Lecture hrs = 2; lab hrs = 6

MUEN 1121, 1122, 2121, 2122
Concert Band
Audition required. Designed to give players an enjoyable and enlightening
playing experience. Performs a wide range of music from popular selections
to more advanced works for concert band. Presents concerts on campus, plays
for athletic events and at various functions in the area. Inquire about college-
owned instruments.
Lecture hrs = 0; lab hrs = 6

MUEN 1131, 1132, 2131, 2132
Stage Band
Open to instrumentalists with permission of the band director. Designed to give
experience in "pop", "jazz" and "modern" stage band literature. Travels
in the East Texas area performing at high schools, civic functions, etc.
Lecture hrs = 0; lab hrs = 6

MUEN 1141, 1142, 2141, 2142
Chorale
The Chorale performs a wide variety of choral music while emphasizing
balanced tonal blend, musical style, vocal techniques and musicianship.
Membership is by approval only. The Chorale performs with area symphony
orchestras and participates in community events and activities.
Lecture hrs = 0; lab hrs = 5

MUEN 1151, 1152, 2151, 2152
Chamber Singers
A small, auditioned choir specializing in serious choral literature from early
Madrigals to 20th century Chamber Music. Emphasis is placed on a cappella
singing and performing in languages as well as choral and vocal techniques and
musicanship.
Lecture hrs = 0; lab hrs = 3

MUEN 1153, 1154, 2153, 2154
Panola Pipers
A small singing and dancing show choir specializing in entertainment. The
Pipers frequently perform for service clubs, schools, hospitals, banquets and
other occasions. They tour and travel extensively and are featured annually at
the Texas State Fair. Membership is by audition only.
Lecture hrs = 0; lab hrs = 6
MUSI 1116  
Sight Singing & Ear Training I (Freshman)  
This course covers sight singing, rhythmic, melodic and harmonic dictation within diatonic harmony. This course is required for all music majors.  
Co-requisite: MUSI 1112  
Lecture hrs = 0; lab hrs = 3  

MUSI 1117  
Sight Singing & Ear Training II (Freshman)  
Singing tonal music in various clefs, continued aural study of the elements of music, and dictation of intermediate rhythm, melody and diatonic harmony.  
Prerequisite: MUSI 1116  
Co-requisite: MUSI 1112  
Lecture hrs = 0; lab hrs = 3  

MUSI 1181  
Piano Class I  
Beginning class instruction in the fundamentals of keyboard technique.  
Lecture hrs = 0; lab hrs = 3  
Lab fee  

MUSI 1182  
Piano Class II  
Advanced beginning class instruction in the fundamentals of keyboard technique.  
Prerequisite: MUSI 1181 or demonstrated competence approved by instructor  
Lecture hrs = 0; lab hrs = 3  
Lab fee  

MUSI 1306  
Music Appreciation  
Understanding music through the study of cultural periods, major composers and musical elements. Illustrated with audio recordings, videotapes and live performances. This course is designed for the non-music major and is accepted as a "fine arts" requirement for students.  
Lecture hrs = 3; lab hrs = 0  

MUSI 1307  
Music Literature  
A survey of the styles and forms of music as it developed from the middle ages to the present. This course will familiarize the student with cultural context, terminology, genres, and notation.  
Lecture hrs = 3; lab hrs = 0  

MUSI 1311  
Music Theory I (Freshman)  
The study of analysis and writing of tonal melody and diatonic harmony, including fundamental music concepts, scales, intervals, chords, 7th chords, and early four-part writing. Analysis of small compositional forms. Optional correlated study at the keyboard.  
Prerequisite: MUSI 1311  
Co-requisite: MUSI 1117  
Lecture hrs = 3; lab hrs = 0  

MUSI 1312  
Music Theory II (Freshman)  
The study of analysis and writing of tonal melody and diatonic harmony, including all diatonic chords and seventh chords in root position and inversions, non-chord tones, and functional harmony. Introduction to more complex topics, such as modulation, may occur. Optional correlated study at the keyboard.  
Prerequisite: MUSI 1311  
Co-requisite: MUSI 1117  
Lecture hrs = 3; lab hrs = 0  

MUSI 2116  
Sight Singing & Ear Training III (Sophomore)  
Singing more difficult tonal music in various clefs, aural study including dictation of more complex rhythm, melody, chromatic harmony, and extended tertian structures.  
Prerequisite: MUSI 1117  
Co-requisite: MUSI 2311  
Lecture hrs = 0; lab hrs = 3  

MUSI 2117  
Sight Singing & Ear Training IV (Sophomore)  
Singing advanced tonal music and introduction of modal and post-tonal melodies. Aural study including dictation of advanced rhythm, melody, and harmony.  
Prerequisite: MUSI 2116  
Co-requisite: MUSI 2312  
Lecture hrs = 0; lab hrs = 3  

MUSI 2181  
Piano Class III  
Intermediate class instruction of keyboard technique.  
Prerequisite: MUSI 1182 or evidence of intermediate piano skills  
Lecture hrs = 0; lab hrs = 3  
Lab fee  

MUSI 2182  
Piano Class IV  
Advanced class instruction of keyboard technique.  
Prerequisite: MUSI 2181 or evidence of intermediate piano skills  
Lecture hrs = 0; lab hrs = 3  
Lab fee  

MUSI 2311  
Music Theory III (Sophomore)  
Advanced harmony voice leading, score analysis and writing of more advanced tonal harmony including chromaticism and extended-tertian structures. Optional correlated study at the keyboard.  
Prerequisite: MUSI 1311 & MUSI 1312  
Lecture hrs = 3; lab hrs = 0  
Lab fee  

MUSI 2312  
Music Theory IV (Sophomore)  
Continuation of advanced chromaticism and survey of analytical and compositional procedures in post-tonal music. Optional correlated study at the keyboard.  
Lecture hrs = 3; lab hrs = 0  
Lab fee  

NCBI 0101  
Non-Course Based Integrated Reading and Writing  
Integration of critical reading and academic writing skills. Successful completion of this intervention fulfills TSI requirements for reading and/or writing.  
Prerequisite: Placement examination or permission of instructor  
Lecture hrs = 0; lab hrs = 1  

NCBM 0101  
Non-Course Based Intermediate Algebra  
A study of relations and functions, inequalities, algebraic expressions and equations (absolute value, polynomial, radical, rational), with a special emphasis on linear and quadratic expressions and equations.  
Prerequisite: Placement examination or permission of instructor  
Lecture hrs = 0; lab hrs = 1
NCBM 0102
Non-Course Based Mathematics
The NCBO supports students in developing skills, strategies, and reasoning needed to succeed in mathematics, including communication and appropriate use of technology. Topics include the study of numeracy and the real number system; algebraic concepts, notation, and reasoning; quantitative relationships; mathematical models; and problem solving.
Prerequisite: Placement examination or permission of instructor.
Lecture hrs = 0; lab hrs = 2

NURA 1301
Nurse Aide for Health Care
Knowledge, skills, and abilities essential to provide basic care to residents of long-term care facilities. Topics include resident’s rights, communication, safety, observation, reporting and assisting residents in maintaining basic comfort and safety. Emphasis on effective interaction with members of the health care team, restorative services, mental health, and social services needs.
Contact hrs = 112

OSHT 1220
Energy Industrial Safety
An overview for industrial workers of state/federal regulations and guidelines which require industrial safety training. Topics include the 29 CFR 1910, 1926 and National Fire Protection Association (NFPA) 70E standards such as confined space entry, emergency action, lock out/tag out, arc flash, and other work related subjects.
Lecture hrs = 1; lab hrs = 3
Lab fee

OTHA 1349
Occupational Performance from Birth through Adolescence
Study of the occupational performance of newborns through adolescents. Includes frames of reference, assessment/evaluation tools and techniques and intervention strategies specific to this population.
Prerequisities: OTHA 1260, 1405, 1415
Co-requisites: OTHA 1260, 2301
Lecture hrs = 2; lab hrs = 3

OTHA 1349
Occupational Performance of Adulthood
Study of occupational performance of adults. Includes frames of reference, assessment/evaluation tools and techniques and intervention strategies specific to this population.
Prerequisities: OTHA 1260, 1341, 1405, 1415, 2260, 2301, 2335
Co-requisites: OTHA 2262, 2402
Lecture hrs = 2; lab hrs = 2

OTHA 1405
Principles of Occupational Therapy
Introduction to occupational therapy including the historical development and philosophy. Emphasis on the roles of the occupational therapy assistant. Topics include occupation in daily life; education and functions; occupational therapy personnel; current health care environment; and moral, legal and ethical issues.
Co-requisites: OTHA 1260, 1425
Lecture hrs = 2; lab hrs = 5

OTHA 1409
Human Structure and Function in Occupational Therapy
Study of the biomechanics of human motion. Emphasis on the musculoskeletal system including skeletal structure, muscles and nerves and biomechanical assessment procedures.
Prerequisities: OTHA 1260, 1343, 1405, 1415, 2260, 2301
Lecture hrs = 2; lab hrs = 4

OTHA 1445
Therapeutic Use of Occupations or Activities I
Explores various occupations or activities used as therapeutic interventions in Occupational Therapy. Emphasizes awareness of activity demands, contexts, adapting, grading and safe implementation of occupations or activities.
Co-requisites: OTHA 1260, 1405
Lecture hrs = 3; lab hrs = 2

OTHA 2230
Workplace Skills for the Occupational Therapy Assistant
Seminar-based course designed to complement Level II fieldwork by creating a discussion forum addressing events, skills, knowledge, and/or behaviors related to the practice environment. Application of didactic coursework to the clinic and test-taking strategies for certification exams.
Prerequisities: OTHA 1260, 1341, 1405, 1415, 2260, 2262, 2301, 2335, 2402
Co-requisites: OTHA 2266, 2267
Lecture hrs = 2; lab hrs = 0

OTHA 2260
Clinical I
A health-related work-based learning experience that enables the student to apply specialized occupational therapy, skills and concepts. Direct supervision is provided by the clinical professional.
Prerequisities: OTHA 1260, 1405, 1415
Co-requisites: OTHA 1341, 2301
Lecture hrs = 0; lab hrs = 6

OTHA 2262
Clinical III
A health-related work-based learning experience that enables the student to apply specialized occupational therapy, skills and concepts. Direct supervision is provided by the clinical professional.
Prerequisities: OTHA 1260, 1341, 1405, 1415, 2260, 2301, 2335
Co-requisites: OTHA 1343, 2402
Lecture hrs = 0; lab hrs = 0; extended hrs = 6

OTHA 2266
Practicum I (8 weeks)
Practical, general, workplace training supported by an individualized learning plan developed by the employer, college and student.
Prerequisities: OTHA 1260, 1341, 1349, 1405, 1415, 2260, 2262, 2301, 2335, 2402
Lecture hrs = 0; lab hrs = 0; extended hrs = 21

OTHA 2267
Practicum II (8 weeks)
Practical, general, workplace training supported by an individualized learning plan developed by the employer, college and student.
Prerequisities: OTHA 1260, 1341, 1349, 1405, 1415, 2260, 2262, 2301, 2335, 2266, 2402
Lecture hrs = 0; lab hrs = 0; extended hrs = 21

**PHYS 1401 College Physics I**

This lecture and lab course should combine all of the elements of PHYS 1301 (lecture) and PHYS 1101 (lab), including the learning outcomes listed for both courses.

Not offered every semester

Prerequisites: MATH 2314 & 2315 or MATH 2412

<table>

**PHYS 2425 University Physics I**

Fundamental principles of physics, using calculus, for science, computer science, and engineering majors; the principles and applications of classical mechanics, including harmonic motion, physical systems and thermodynamics; and emphasis on problem solving. Includes basic laboratory experiments supporting theoretical principles presented in lecture involving the principles and applications of classical mechanics, including harmonic motion and physical systems; experimental design, data collection and analysis, and preparation of laboratory reports.

(for MA students only)

**PLAB 1223 Phlebotomy**

Skill development in the performance of a variety of blood collection methods using proper techniques and standard precautions. Includes vacuum collection devices, syringes, capillary skin puncture, butterfly needles and blood culture, and specimen collection on adults, children, and infants. Emphasis on infection prevention, patient identification, specimen labeling, quality assurance, specimen handling, processing, accessioning, professionalism, ethics, and medical terminology.

Prerequisites: PLAB 1160

**POFI 2433 Desktop Publishing**

In-depth coverage of desktop publishing terminology, text editing, and use of design principles. Emphasis on layout techniques, graphics, multiple page displays, and business applications. This course is designed to be repeated multiple times to improve student proficiency.

Prerequisite: POFI 1429 or POFI 2401 or approval of instructor

Panola College Catalog 2019-2020
Revised July 15, 2019
POFT 1301
Business English
Introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business.
Lecture hrs = 3; lab hrs = 0

POFT 1309
Administrative Office Procedures I
Study of current office procedures, duties, and responsibilities applicable to an office environment.
Lecture hrs = 3; lab hrs = 0

POFT 1321
Business Math
Fundamentals of business mathematics including analytical and critical thinking skills.
Lecture hrs = 2; lab hrs = 4

POFT 1329
Beginning Keyboarding
Skill development in keyboarding techniques. Emphasis on development of acceptable speed and accuracy levels and formatting basic documents.
Lecture hrs = 2; lab hrs = 4
Lab fee

POFT 2301
Intermediate Keyboarding
A continuation of keyboarding skills emphasizing acceptable speed and accuracy levels and formatting documents.
Prerequisite: POFT 1429 or approval of instructor
Lecture hrs = 2; lab hrs = 4
Lab fee

POFT 2312
Business Correspondence and Communication
Development of writing and presentation skills to produce effective business communications. Students create effective business documents, evaluate business documents, and apply ethical communication practices.
Prerequisite: ENGL 1301 or POFT 1301 and POFT 1429 or POFT 2401
Lecture hrs = 3; lab hrs = 0

PSYC 1100
Learning Framework (cross-listed as EDUC 1100)
A study of the 1) research and theory in the psychology of learning, cognition, and motivation; 2) factors that impact learning; and 3) application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned.
Lecture hrs = 3; lab hrs = 0

PSYC 2301
General Psychology
General Psychology is a survey of the major psychological topics, theories and approaches to the scientific study of behavior and mental processes.
Prerequisite: TSI Reading complete
Lecture hrs = 3; lab hrs = 0

PSYC 2314
Lifespan Growth & Development
Life-Span Growth and Development is a study of social, emotional, cognitive and physical factors and influences of a developing human from conception to death.
Prerequisite: TSI Reading complete and PSYC 2301
Lecture hrs = 3; lab hrs = 0

PTRT 1170
Natural Gas Processing
An overview of natural gas processing operations. Topics include fundamentals of gas processing, the scientific principles and how they apply to the process, processing equipment, and procedures.
Lecture hrs = 0; lab hrs = 3
Lab fee

PTRT 1270
Energy Sector Math and Computer Skills
Computer and math applications that are used in the petroleum industry will be discussed.
Lecture hrs = 2; lab hrs = 3
Lab fee

PTRT 1275
Petroleum Regulations
Regulatory requirements and structures associated with the petroleum industry.
Lecture hrs = 1; lab hrs = 3
Lab fee

PTRT 1324
Petroleum Instrumentation
Study of instruments, instrument systems, terminology, process variables, and control loops as used in a petroleum environment.
Lecture hrs = 2; lab hrs = 4
Lab fee

PTRT 2170
Natural Gas Production
An overview of the aspects of natural gas and oil production including various aspects of hydrocarbon production, processing equipment, and gas compression/transportation systems.
Lecture hrs = 0; lab hrs = 3
Lab fee

RNSG 1108
Dosage Calculations for Nursing
Read, interpret, and solve dosage calculation problems. This course lends itself to either a blocked or integrated approach.
Lecture hrs = 1; lab hrs = 0

RNSG 1118
Transition to Professional Nursing Competencies
Transition to professional nursing competencies in the care of patients throughout the lifespan. Validates proficiency in psychomotor skills and clinical reasoning in the performance of nursing procedures related to the concepts of: clinical judgment, comfort, elimination, fluid and electrolytes, nutrition, gas exchange, safety, functional ability, immunity, metabolism, mobility, and tissue integrity. Includes health assessment and medication administration. This course lends itself to a concept-based approach.
Prerequisite: Acceptance into the LVN-RN Hybrid Transition Program
Co-requisites: RNSG 1128, 1163, 1324
Lecture hrs = 0; lab hrs = 4
Lab fee

RNSG 1125
Professional Nursing Concepts I
Introduction to professional nursing concepts and exemplars within the professional nursing roles: member of profession, provider of patient-centered care, patient safety advocate, and member of the health care team. Content includes clinical judgment, communication, ethical-legal, evidenced-based practice, health promotion, health information technology, patient-centered care, patient education, professionalism, safety, and team/collaboration. Emphasizes role development of the professional nurse. This course lends itself to a concept-based approach.
Prerequisite: Acceptance into the ADN Program
Co-requisites: RNSG 1400, 1128, 1163, 1160
Lecture hrs = 1; lab hrs = 0
RNSG 1126
Professional Nursing Concepts II
Expanding professional nursing concepts and exemplars within the professional nursing roles. Applying concepts of clinical judgment, ethical-legal, evidence-based practice, patient-centered care, professionalism, safety, and teamwork/collaboration to the exemplars presented in the Health Care Concepts II course. Introduces concepts of leadership and management. Emphasizes role development of the professional nurse. This course lends itself to a concept-based approach.
Prerequisites: Level II ADN
Co-requisites: RNSG 2261, 1533
Lecture hrs = 4; lab hrs = 0

RNSG 1128
Introduction to Health Care Concepts
An introduction to concept-based learning with emphasis on selected pathophysiological concepts with nursing applications. Concepts include acid-base balance, fluid and electrolytes, immunity, gas exchange, perfusion, metabolism, coping, and tissue integrity. This course lends itself to a concept-based approach.
Prerequisite: Acceptance into the ADN Program
Co-requisites: RNSG 1430, 1216, 1125, 1160 or 1128, 1163, 1324
Lecture hrs = 5; lab hrs = 0

RNSG 1137
Professional Nursing Concepts III
Application of professional nursing concepts and exemplars within the professional nursing roles. Utilizes concepts of clinical judgment, ethical-legal, evidence-based practice, patient-centered care, professionalism, safety, teamwork and collaboration. Introduces the concepts of quality improvement, health information technology, and health care organizations. Incorporates concepts into role development of the professional nurse. This course lends itself to a concept-based approach.
Prerequisites: ADN Level II or Semester I of LVN-RN Hybrid
Co-requisites: RNSG 1538, 1126
Lecture hrs = 1; lab hrs = 0

RNSG 1160
Clinical – Registered Nursing/Registered Nurse
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts for ADN Level I. Direct supervision is provided by the clinical professional.
Prerequisite: Acceptance into the ADN Program
Co-requisites: RNSG 1430, 1128, 1216, 1125
Lecture hrs = 0; lab hrs = 0; extended hrs = 4
Lab fee

RNSG 1163
Clinical – Registered Nursing/Registered Nurse
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: Acceptance into the LVN-RN Hybrid Transition Program
Co-requisites: RNSG 2261, 1128, 1216, 1224
Lecture hrs = 0; lab hrs = 0; extended hrs = 4
Lab fee

RNSG 1193
Special Topics in Nursing (Prescribed Elective)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student.
Prerequisite: Good standing in ADN program and/or approval of instructor
Lecture hrs = 1; lab hrs = 0

RNSG 1216
Professional Nursing Competencies
Development of professional nursing competencies in the care of patients throughout the lifespan. Emphasizes psychomotor skills and clinical reasoning in the performance of nursing procedures related to the concepts of: clinical judgment, comfort, elimination, fluid and electrolytes, nutrition, gas exchange, safety, functional ability, immunity, metabolism, mobility, and tissue integrity. Includes health assessment and medication administration. This course lends itself to a concept-based approach.
Prerequisite: Acceptance into the LVN-RN Hybrid Transition Program
Co-requisites: RNSG 1430, 1128, 1125, 1160
Lecture hrs = 0; lab hrs = 8
Lab fee

RNSG 1234
Concept-Based Transition to Professional Nursing Practice
Integration of previous health care knowledge and skills into the role development of the professional nurse as a provider of patient-centered care, patient safety advocate, member of health care team, and member of the profession. Emphasis is on clinical decision-making for patients and their families. Review of selected health care and professional nursing concepts with application through exemplars. Health care concepts include comfort, diversity, elimination, functional ability, human development, mobility, nutrition, sensory perception, sleep, coping, thermoregulation, tissue integrity, acid-base balance, clotting, cognition, fluid and electrolyte balance, gas exchange, immunity, metabolism, nutrition, grief, and perfusion. Professional nursing concepts include clinical judgment, communication, ethical-legal, evidence-based practice, health promotion, health information technology, patient-centered care, patient education, professionalism, safety, teamwork and collaboration. Introduces concepts of leadership and management. This course lends itself to a concept-based approach.
Prerequisite: Acceptance into the LVN-RN Hybrid Transition Program
Co-requisites: RNSG 1118, 1128, 1216
Lecture hrs = 2; lab hrs = 4
Lab fee

RNSG 1340
Health Care Concepts I
In-depth coverage of foundational health care concepts with application through selected exemplars. Concepts include comfort, diversity, elimination, functional ability, human development, mobility, nutrition, sensory perception, sleep, thermoregulation, grief, and tissue integrity. Emphasizes development of clinical judgment skills in the beginning nurse. This course lends itself to a concept-based approach.
Prerequisite: Acceptance into the LVN-RN Hybrid Transition Program
Co-requisites: RNSG 1126, 1128, 1163
Lecture hrs = 3; lab hrs = 4
Lab fee

RNSG 1533
Health Care Concepts II
In-depth coverage of health care concepts with application through selected exemplars. Concepts include acid-base balance, clotting, cognition, fluid and electrolytes, gas exchange, immunity, metabolism, nutrition, comfort, and perfusion. Provides continuing opportunities for development of clinical judgment skills. This course lends itself to a concept-based approach.
Prerequisites: ADN Level I
Co-requisites: RNSG 1118, 1216
Lecture hrs = 4; lab hrs = 4
Lab fee
RNSG 1538
Health Care Concepts III
In-depth coverage of health care concepts with nursing application through selected exemplars. Concepts include cellular regulation, end of life, immunity, interpersonal relationships, grief, human development, intracranial regulation, mood/affect, comfort, sexuality, mobility, and reproduction. Provides continuing opportunities for development of clinical judgment skills. This course lends itself to a concept-based approach.
Prerequisites: ADN Level II or Semester I of LVN-RN Hybrid
Co-requisites: RNSG 1137, 2262
Lecture hrs = 4; lab hrs = 4
Lab fee

RNSG 2138
Professional Nursing Concepts IV
Integration of professional nursing concepts and exemplars within the professional nursing roles. Synthesizes concepts of clinical judgment, ethical-legal, evidence-based practice, leadership and management, patient-centered care, professionalism, teamwork, and collaboration through exemplars presented in the Health Care Concepts courses. Emphasizes concept of quality improvement and introduces health policy. Incorporates concepts into role development of the professional nurse. This course lends itself to a concept-based approach.
Prerequisites: ADN Level III or Semester II of LVN-RN Hybrid
Co-requisites: RNSG 2230, 2363, 2539
Lecture hrs = 4; lab hrs = 0
Lab fee

RNSG 2230
Professional Nursing: Review and Licensure Preparation
Review of concepts required for licensure examination and entry into the practice of professional nursing. Includes application of National Council Licensure Examination for Registered Nurses (NCLEX-RN) test plan, assessment of knowledge deficits and remediation. This course lends itself to either a blocked or integrated approach.
Prerequisites: ADN Level I
Co-requisites: RNSG 2261, 2533
Lecture hrs = 5; lab hrs = 3

RNSG 2261
Clinical – Registered Nursing/Registered Nurse
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts for ADN Level II. Direct supervision is provided by the clinical professional.
Prerequisites: ADN Level I
Co-requisites: RNSG 2262, 1533
Lecture hrs = 0; lab hrs = 12
Lab fee

RNSG 2262
Clinical – Registered Nursing/Registered Nurse
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts for ADN Level III. Direct supervision is provided by the clinical professional.
Prerequisites: ADN Level II or Semester I of LVN-RN Hybrid
Co-requisites: RNSG 2137, 1538
Lecture hrs = 0; lab hrs = 12
Lab fee

RNSG 2363
Clinical – Registered Nursing/Registered Nurse
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts for ADN Level IV. Direct supervision is provided by the clinical professional. This course is the capstone experience for the ADN program. The final clinical performance measure ensures graduates are prepared to function as a novice professional nurse.
Prerequisites: ADN Level III or Semester II of LVN-RN Hybrid
Co-requisites: RNSG 2136, 2230, 2539
Lecture hrs = 0; lab hrs = 12
Lab fee

RNSG 2539
Health Care Concepts IV
In-depth coverage of advanced health care concepts with nursing application through selected exemplars. Concepts include cognition, immunity, clotting, fluid and electrolyte balance, gas exchange, metabolism, nutrition, perfusion, tissue integrity, and interpersonal relationships. Continuing development of clinical judgment with integration of all health care concepts. This course lends itself to a concept-based approach.
Prerequisites: ADN Level III or Semester II of LVN-RN Hybrid
Co-requisites: RNSG 2138, 2230, 2539
Lecture hrs = 4; lab hrs = 4
Lab fee

SCIT 1270
Petroleum Chemistry
The overall purpose of this course is to provide students with an understanding of Petroleum Chemistry and the skills needed for successful employment. The course is primarily focused on the oil and gas sector of the petroleum industry. The skills include knowledge of chemical composition, properties of petroleum (oil and gas), petroleum products and alternative fuels. Hands on skills, behaviors and attitudes are demonstrated in the laboratory and/or in the oil-gas field (work site), as testing techniques are taught, developed and mastered. The team oriented learning environment in the laboratory provides further professional development for the student. The course will also review the chemical basis for the most important production processes.
Lecture hrs = 1; lab hrs = 4

SOCL 1301
Introductory Sociology
The scientific study of human society, including ways in which groups, social institutions, and individuals affect each other. Causes of social stability and social change are explored through the application of various theoretical perspectives, key concepts, and related research methods of sociology. Analysis of social issues in their institutional context may include topics such as social stratification, gender, race/ethnicity, and deviance.
Lecture hrs = 3; lab hrs = 0

SPAN 1411
Beginning Spanish I
Basic Spanish language skills in listening, speaking, reading and writing within a cultural framework. Students will acquire the vocabulary and grammatical structures necessary to communicate and comprehend at the beginner level.
Lecture hrs = 3; lab hrs = 3
Lab fee

SPAN 1412
Beginning Spanish II
Continued development of basic Spanish language skills in listening, speaking, reading and writing within a cultural framework. Students acquire the vocabulary and grammatical structures necessary to communicate and comprehend at the high beginner to low intermediate level.
Prerequisite: SPAN 1411 or high school Spanish
Lecture hrs = 3; lab hrs = 3
Lab fee

SPAN 2311
Intermediate Spanish I
The consolidation of skills acquired at the introductory level. Further development of proficiency in listening, speaking, reading and writing. Emphasis on comprehension, appreciation and interpretation of the cultures of the Spanish-speaking world.
Prerequisites: SPAN 1411-1412 and/or two years of high school Spanish
Lecture hrs = 3; lab hrs = 0
SPAN 2312
Intermediate Spanish II
The consolidation of skills acquired at the introductory level. Further development of proficiency in listening, speaking, reading and writing. Emphasis on comprehension, appreciation and interpretation of the cultures of the Spanish-speaking world.
Prerequisite: SPAN 2311 or the equivalent
Lecture hrs = 3; lab hrs = 0

SPCH 1315
Public Speaking
Application of communication theory and practice to the public speaking context, with emphasis on audience analysis, speaker delivery, ethics of communication, cultural diversity, and speech organizational techniques to develop students’ speaking abilities, as well as ability to effectively evaluate oral presentations.
Lecture hrs = 3; lab hrs = 0

SPCH 1318
Interpersonal Communication
Application of communication theory to interpersonal relationship development, maintenance, and termination in relationship contexts including friendships, romantic partners, families, and relationships with coworkers and supervisors.
Lecture hrs = 3; lab hrs = 0

SPNL 1101
Health Care Spanish (ADN Majors)
Development of practical Spanish communication skills for the healthcare employee including medical terminology, greetings, common expressions, commands and phrases normally used within a hospital or a physician’s office.
Lecture hrs = 2; lab hrs = 0

SPNL 1201
Health Care Spanish (OTA Majors)
Development of practical Spanish communication skills for the healthcare employee including medical terminology, greetings, common expressions, commands and phrases normally used within a hospital or a physician’s office.
Lecture hrs = 2; lab hrs = 0

VNSG 1191
Special Topics in Nursing (Prescribed Elective)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student.
Prerequisite: Good standing in the VN program and/or approval of instructor
Lecture hrs = 2; lab hrs = 0

VNSG 1219
Leadership and Professional Development
Study of the importance of professional growth. Topics include the role of the licensed vocational nurse in the multi-disciplinary healthcare team, professional organizations, and continuing education.
Prerequisite: Successful completion of Semester II VN program
Co-requisites: VNSG 2410, 1301, 1302, 1261
Lecture hrs = 2; lab hrs = 0

VNSG 1225
Gerontology
Overview of the physical, psychosocial and cultural aspects of the aging process. Addresses disease processes of aging. Exploration of perceptions toward care of the older adult.
Prerequisite: Admission to VN program
Co-requisites: VNSG 1223, 1304, 1409, 1261
Lecture hrs = 2; lab hrs = 0

VNSG 1230
Maternal-Neonatal Nursing
A study of the biological, psychological and sociological concepts applicable to basic needs of the family including childbearing and neonatal care. Utilization of the nursing process in the assessment and management of the childbearing family. Topics include physiological changes related to pregnancy, fetal development and nursing care of the family during labor and delivery and the puerperium.
Prerequisites: Successful completion of Semester II VN program
Co-requisites: VNSG 2410, 1303, 1260, 2360
Lecture hrs = 2; lab hrs = 0

VNSG 1231
Pharmacology
Fundamentals of medications and their diagnostic, therapeutic, and curative effects. Includes nursing interventions utilizing the nursing process.
Prerequisites: Successful completion of Semester I VN program
Co-requisites: VNSG 1409, 1234, 1360
Lecture hrs = 2; lab hrs = 1

VNSG 1234
Pediatrics
Study of the care of the pediatric patient and family during health and disease. Emphasis on growth and development needs utilizing the nursing process.
Prerequisites: Successful completion of Semester I VN program
Co-requisites: VNSG 1409, 1231, 1360
Lecture hrs = 2; lab hrs = 0

VNSG 1261
Clinical I – Licensed Practical/Vocational Nurse Training
A health-related work-based learning experience that enables the student to apply specialized occupational theory skills and concepts. Direct supervision is provided by the clinical professional.
Prerequisites: Admission to VN program
Co-requisites: VNSG 1304, 1409, 1226
Lecture hrs = 2; lab hrs = 0; extended hrs = 10
Lab fee

VNSG 1304
Foundations in Nursing
Introduction to the nursing profession including history, standards of practice, legal and ethical issues, and role of the vocational nurse. Topics include mental health, therapeutic communication, cultural and spiritual diversity, nursing process and holistic awareness.
Prerequisites: Admission to VN program
Co-requisites: VNSG 1304, 1409, 1226
Lecture hrs = 0; lab hrs = 0; extended hrs = 10
Lab fee

VNSG 1323
Basic Nursing Skills
Mastery of basic nursing skills and competencies for a variety of health care settings using the nursing process as the foundation for all nursing interventions.
Prerequisites: Admission to VN program
Co-requisites: VNSG 1304, 1409, 1226
Lecture hrs = 2; lab hrs = 4
Lab fee

VNSG 1360
Clinical II – Licensed Practical/Vocational Nurse Training
A health-related work-based learning experience that enables the student to apply specialized occupational theory skills and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: Successful completion of Semester I VN program
Co-requisites: VNSG 1234, 1409, 1234
Lecture hrs = 0; lab hrs = 0; extended hrs = 13
Lab fee
VNSG 1400
Nursing in Health and Illness I
Introduction to general principles of growth and development, primary health care needs of the patient across the life span, and therapeutic nursing interventions.
Prerequisite: Admission to VN program
Co-requisites: VNSG 2304, 1232, 1262, 1226
Lecture hrs = 4; lab hrs = 1

VNSG 1409
Nursing in Health and Illness II
Introduction to health problems requiring medical and surgical interventions.
Prerequisite: Successful completion of Semester I VN program
Co-requisites: VNSG 2233, 2234, 2360
Lecture hrs = 2; lab hrs = 6

VNSG 2410
Nursing in Health and Illness III
Continuation of Nursing in Health and Illness II. Further study of medical-surgical health problems of the patient including concepts such as mental illness. Incorporates knowledge necessary to make the transition from student to graduate vocational nurse.
Prerequisite: Successful completion of Semester II VN program
Co-requisites: VNSG 2260, 1230, 1229, 2360
Lecture hrs = 4; lab hrs = 1

VNSG 2260
Clinical III – Licensed Practical/Vocational Nurse Training
A health-related work-based learning experience that enables the student to apply specialized occupational theory skills and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: Successful completion of Semester II VN program
Co-requisites: VNSG 2260, 1230, 1229, 2360
Lecture hrs = 0; lab hrs = 0; extended hrs = 10

VNSG 2360
Clinical IV – Licensed Practical/Vocational Nurse Training
A health-related work-based learning experience that enables the student to apply specialized occupational theory skills and concepts. Direct supervision is provided by the clinical professional. This course is the capstone course for the VN program. The final clinical performance measure ensures graduates are prepared to function as a novice vocational nurse.
Prerequisite: Successful completion of Semester II VN program
Co-requisites: VNSG 2360, 1230, 2410, 1230
Lecture hrs = 0; lab hrs = 0; extended hrs = 24

WLDG 1200
Introduction to Welding
Equipment used in oxy-fuel and arc welding. Includes cutting of ferrous metals. Emphasizes welding and cutting safety and basic welding processes.
Lecture hrs = 3; lab hrs = 2

WLDG 1270
Basic Layout and Fabrication
A fundamental course in layout and fabrication related to the welding industry. Major emphasis on structural shapes and use in construction.
Lecture hrs = 3; lab hrs = 2

WLDG 1417
Layout & Fabrication
A fundamental course in layout and fabrication related to the welding industry. Major emphasis on structural shapes and use in construction.
Lecture hrs = 3; lab hrs = 2

WLDG 1428
Introduction to Shielded Metal Arc Welding (SMAW)
An introduction to the shielded metal arc welding process. Emphasis placed on power sources, electrode selection, and various joint designs.
Lecture hrs = 3; lab hrs = 2

WLDG 1430
Introduction to Gas Metal Arc Welding (GMAW)
A study of the principles of gas metal arc welding, setup and use of Gas Metal Arc Welding (GMAW) equipment and safe use of tools and equipment. Instruction in various joint designs.
Lecture hrs = 3; lab hrs = 2

WLDG 1434
Introduction to Gas Tungsten Arc Welding (GTAW)
An introduction to the principles of gas tungsten arc welding (GTAW), setup/use of GTAW equipment, and safe use of tools and equipment. Welding instruction in various positions on joint designs.
Lecture hrs = 3; lab hrs = 2

WLDG 1435
Introduction to Pipe Welding
An introduction to welding of pipe using the shielded metal arc welding process (SMAW), including electrode selection, equipment setup, and safe shop practices. Emphasis on weld positions and electrodes.
Lecture hrs = 3; lab hrs = 2

WLDG 1453
Intermediate Layout and Fabrication
An intermediate course in layout and fabrication. Includes design and production of shop layout and fabrication. Emphasis placed on symbols, blueprints, and written specifications.
Lecture hrs = 3; lab hrs = 2

WLDG 1457
Intermediate Shielded Metal Arc Welding (SMAW)
A study of the production of various fillets and groove welds. Preparation of specimens for testing in various positions.
Lecture hrs = 3; lab hrs = 2

WLDG 2370
Intermediate Pipe Welding
A comprehensive course on the welding of pipe using the shielded metal arc welding (SMAW) and/or other processes. Welds will be done using various positions. Topics covered include electrode selection, equipment setup, and safe shop practices.
Lecture hrs = 2; lab hrs = 3

WLDG 2443
Advanced Shielded Metal Arc Welding (SMAW)
Advanced topics based on accepted welding codes. Training provided with various electrodes in shielded metal arc processes with open V-groove joints in various positions.
Lecture hrs = 3; lab hrs = 2

WLDG 2451
Advanced Gas Tungsten Arc Welding (GTAW)
Advanced topics in GTAW welding, including welding in various positions and directions.
Lecture hrs = 3; lab hrs = 2

WLDG 2453
Advanced Pipe Welding
Advanced topics involving welding of pipe using the shielded metal arc welding (SMAW) process. Topics include electrode selection, equipment setup and safe shop practices. Emphasis on weld positions 5G and 6G using various electrodes.
Lecture hrs = 3; lab hrs = 2

WMGT 1170
Wild Pig Management & Control
This course deals with wild pig management for landowners, land managers, and others seeking information in order to abate damage caused by wild pigs.
Lecture hrs = 0; lab hrs = 4
**WMGT 1271**  
Management & Biology of Whitetail Deer  
This course provides an overview of the basic principles of white-tailed deer management, including nutrition, age, genetics, and proper harvest. You also will learn how there are critical aspects of managing deer herds: populations, habitat, and people.  
*Lecture hrs = 3; lab hrs = 4*
